## Whistler Entertains At Recent Assembly

"World Champion Finger Whistler" Diana Dixon entertained the faculty and students at an assembly on September 26.

Proclaimed this title by Robert Ripley in his article "Believe it or Not" Miss Dixon has appeared over every major radio network in the United States.

She opened the program with "Whispering". Then she dedicated "Rygross Band" to the students. She then took the student body on an imaginary tour of the United States with her bird imitations. She told stories of the birds as she went along, giving their states and calls.

"Chuck" Cook, 9th grade student, was then called by Miss Dixon to whistle his version of "Bewitched", after which the audience joined in with "The Indian Love Call".

To end the program Miss Dixon whistled "The World is Waiting for the Sunrise."

At the age of nine Miss Dixon was inspired by her first boyfriend "Potato Face" to begin her career as a finger whistler.

She has taken lessons for four years and practices two hours a day when she is not on the road.

She grew up in Los Angeles and graduated from Los Angeles High School.

Although Miss Dixon is known as the "Bird Girl" she raises and breeds cats. Besides cats, her other interests are drawing, photography and producing movie films on a small scale.

"Beautiful Lady" won her an audition with Horace Heidt and she has traveled all over the United States with his group. Her most interesting experience while traveling throughout the nation was seeing the country.

## SYMPATHY

The faculty and students of Johnny Appleseed express their deepest sympathy to Miss Mary Ella Neer, Math teacher, upon the sudden death of her brother.

## APPLESEED HAS NEW TEACHERS, SECRETARY; THREE RETURN TO THEIR ALMA MATER

Back row: left to right—Donald Wolf, Charles Sauder

Front row: left to right—Bernice Kevey, Lois Blocher, Alta Weir

Three of the five new Appleseed teachers this year have returned to their Alma Mater as teachers.

Mr. Charles Sauder, Miss Mary Alice Berger and Miss Bernice

Kevey were among the first two classes that attended Appleseed.

Mrs. Alta Weir, whose home is also in Mansfield, is the other new

## Federation Features Hamburg Fry for Guests

The Mansfield Federation of Teachers held a hamburger fry at Prospect Park as one special feature of the first regular meeting of the year on September 14. Preparations for the event were in charge of Miss Margaret Wheeler, program chairman, Miss Ila Cooperrider, membership chairman, and Miss Edith Stuckey, social chairman.

At a short business meeting following the repast, fifteen new teachers, guests of the Federation, were introduced by Mr. Ensil McNabb, president, who presided at the meeting. Federation members will hear a report from the organization's annual conventions, which was held in Detroit the third week of August at their regular meeting, October 12.

## NEOTA to Give Students Holiday

Future Teachers have been invited to serve as ushers at the morning session of the annual Northeast Ohio Teachers' Association meeting to be held October 27 in Cleveland, Ohio.

The main convention will get underway at 9:45 a. m. preceded by an organ prelude by Vincent H. Percy. Mr. Caro Caropetyan will then conduct the Kent State University choir for several numbers.

Mr. Alexander J. Stoddard, Superintendent of Schools, Los Angeles, California, will deliver the address — "Four Dilemmas Confronting the Schools".

Schools will be dismissed for Friday's convention, however, the convention begins October 26 at 6:30 p. m.

## Henkel, Schaefer To Head Press Staff

Oliver Henkel will head the editorial staff of the Appleseed Press as editor in chief for the new school year, while Barbara Schaefer will direct the business staff as business manager.

Those who will assist on the editorial staff are Paula Weir, assistant editor; Judy Bruce, news editor; Evangeline Wittmer, feature editor; Jean French, society editor; Mildred Cook, girls' sports editor; James Thompson and Dave Miller, boys' sports editors.

Officers of the business staff assisting Barbara will be Diane Funston, assistant manager; Delmar Miller, circulation manager; Janet Gray, assistant circulation; Barbara McClary, exchange manager; Nancy Bush, advertising manager; and Clifford Phillips, attendance secretary.

The editor-in-chief, assistant editor, news editor and the business manager were elected by last year's staff, while the other officials were elected this year.

J. J. Thoms is the adviser of the business staff while Miss Bernice Henry is adviser to the editorial staff assisted by Mrs. Elaine McClellan, Miss Alice Kirkwood, Miss Leonora Fehr, and Mr. Frank Pival.

Miss Muriel Voll is in charge of the typing staff, while R. Y. Davis will direct the photography.

## VILD REIGNS WITH SIX ATTENDANTS FOR GAME

Back row: left to right—Judie Bruce, Carol Schwan. Middle row: left to right—Carol Linton, Margie Vild, queen; Mary Langacher. Front row: Paula Ackerman, Judy Smith.

Margie Vild was elected Appleseed's 1950 football queen and she and her attendants will reign at the Appleseed-Simpson football game.

Margie hails from room 102 and claims gym and English to be her favorite subjects. She states her favorite color to be royal blue and she likes best to wear skirts and sweaters. Basketball heads Margie's list of sports, while her favorite pastime is talking to "Pudge." Her hobby is sports and when it comes to eating hamburgers rate first. When asked what she thinks about being chosen as queen. Margie says, "It's an honor

to be chosen. I feel thrilled, excited and any other words that can express my insides being turned upside down. It's really loads of fun and something girls often dream about. There was a lot of competition and I didn't think I could make it."

Judie Bruce, who is one of the

ninth grade attendants reports to room 106. Her favorite sport is swimming while her pastime is ening to records. Judie lists sports as her hobby and steak as her favorite food. She states green as her favorite color and skirts and sweaters are her preferred clothes. Judie's favorite subject is leaders. To Judie, being queen's attendant means fun and honor.

Carol Schwan, the other ninth grade attendant reports to room 214. Her favorite sport is horseback riding and her hobby is horses. Carol's favorite pastime is eating and talking to "Bud" on the telephone. Her favorite food is steak and mushrooms. Carol's color is red and skirts and sweaters are what she likes best to wear. Carol's favorite subject is gym. When asked how she felt about being elected a queen's attendant, Carol said, "I am so happy and excited, I just think it is wonderful."

Mary Langacher, who is one of the eighth grade attendants reports to home room 114. Her favorite sport is basketball and her color is blue. When it comes to eating, chicken tops her list, and she likes to wear skirts and sweaters best. Mary's favorite pastime is playing with her dog and her hobby is reading. History serves as her favorite subject. When asked how she felt about being elected queen's attendant, Mary said "I can't believe it."

Carol Linton hails from home room 103 and is the other attendant from the eighth grade. Her favorite color is blue while she prefers jeans to all other clothes. Carol claims her favorite sports

## Miss Lybarger Gives Cafeteria Hints

This might sound like a lecture similar to one you may have received at home, however, that would show once again the close relationship between school and home. No doubt, you were taught to say, "no thank you," "please," etc. at home, and chances are your parents believe you are carrying their teachings with you continually. How would they feel if they could hear some of you, as we do in school, saying, "naw," "gimme," and many other animal-like sounds? As an old saying goes, "Actions speak louder than words." The courtesy you extend to your fellow student, teacher and family, shall reflect the true character of a young lady or gentleman.

Many of you have done very well getting acclimated to the school schedule. The seventh graders, for the most part, have done exceedingly well in the cafeteria. Some of them have been more alert than the two grades preceding them. If you would all remember to make up your mind as to what you want before you get into line, have your money ready for the cashier, and be courteous in every way possible, our school cafeteria would indeed be a pleasant place to spend the noon period each day.

## Strange Phenomenon Startles Many Here

Dense, yellow clouds of smoke, wind-borne over the Great Lakes area from forest fires sweeping hundreds of acres in Alberta, Canada blotted out the sun in northern Ohio September 24.

The high soaring smoke clouds brought almost midnight blackness throughout the entire state. Skies swept with weird shades of copper, sandy pinks, brown, blues and gray wrought a fearsome touch to the spectacle, sent thousands to their telephones to see whether the end of the world was coming, whether the Russians had dropped an atomic bomb or whether it was sand being dropped from the heavens.

### *Birds Roost at 2 P. M.*

The sun took on such a night-like appearance that even the birds went to roost. For the first time in American League history the lights were turned on for the beginning of an afternoon baseball game with the Cleveland Indians playing the Detroit Tigers in Cleveland.

Landing lights went on at Cleveland airport about 2 p. m., while street lights, store window lights, neon signs and autos assumed their night-like glow about 1 p. m.

### *Smoke Comes from Canada*

A special advisory board announcement said the smoke "originated in smoldering forest fires in northern Alberta and the district of Mackenzie in Canada" where more than 30 forest fires, which destroyed valuable timber tracts, homes, cattle, crops and ma-

## Enrollment Up Again

The total enrollment at Johnny Appleseed this year is 886 pupils. This is an increase of 7 pupils since last year, the total enrollment at the close of last year being 879.

Last year there were 324 pupils in the seventh grade. This year there are 311 pupils in the seventh grade which is 13 less than last year.

Two hundred seventy-eight pupils reported to the eighth grade last year against the 304 pupils in the eighth grade this year which is an increase of 26 pupils.

Last year there were 277 pupils in the ninth grade and this year there are 271 pupils in the ninth grade which is 6 less than last year.

## Miss Wheeler Attends Sorority Convention

Miss Margaret Wheeler, president of Delta Chapter, attended the Delta Kappa Gamma Sorority state convention in Columbus, October 6-8.

Eleven other teachers from Richland County attended the convention highlighted by the initiation held at the Governor's Mansion.

Saturday, a luncheon for all presidents was held followed by a banquet at the Deshler-Wallick Hotel with national speakers.

## "Safe" School Looks At Fire Prevention

Fire Prevention is very important to everyone! Since Johnny Appleseed is a "fire safe" building, what are they doing about it?

For one thing, timed fire drills are being planned and teachers are going to be given instructions on how to dismiss classes during the fire drill. There were new fire extinguishers put in the fire hose stations. When this building was built cement blocks about twelve inches thick were put between the floors so that in case of fire it will be tough to spread to another floor. This is called a "fire safe" building because the only things that will burn are the wooden and paper articles in the building.

Mr. G. W. Harmony, principal, stated that there is a possibility that fire prevention questionnaires will be distributed among the students.

Plans for Appleseed's participation in Fire Prevention Week program are very indefinite as it is a long way off.

The building was cleaned during a fire drill, last week in 1'50".

## Stamps Provide Worthwhile Activities

Do you want to attend the varsity basketball games, football games, field and track meets, the assembly programs, and get the *Appleseed Press*? This can be made possible to each individual by the purchase of an activity stamp each week.

This year, as in previous years, stamps will be sold each Tuesday morning in the homerooms at the same price of 10c per week.

This sale of stamps began on September 12 with G. W. Harmony, principal, and all the teachers urging everyone to keep their stamps up to date.

Locks are issued to students for a period of three years and at the close of the 9th grade each one who has paid for all stamps is given a new lock.

Full length movies for enjoyment of those with paid up activity stamps is another one of the many features of this plan, which also furnish students with towels for showers after gym classes.

This year the books are yellow with pink stamps.

## YOUR SCHOOL SPIRIT IS SHOWING

By Mary Elizabeth Glessner

Without school spirit, no school can be successful. The word "spirit" means energy, enthusiasm and courage. If this kind of a spirit is present, school will not be monotonous for the students and they will take an interest in their studies. If really sincere, they will be loyal and true to themselves as well as to their teachers and to the school as a whole. Where the real object of a school is the educating of the body, soul and mind, there is certain to be a good school spirit.

Athletics play a very important part in the activities of the school. The members of the football and the basketball teams should be so interested in their work that they be present at every practice session and every game. Those who are not members of the team should show their loyalty by attending the games and by showing the team they are interested in the game. Even though it looks like our team may not win, we should not give up.

The same amount of enthusiasm and loyalty that is present in the class room should be present in the study hall, gymnasium, or in a contest or game between two teams. Not only in the class room, but in study hall, gymnasium, or practice for games, the teacher's part is readily seen as the leader, who guides the students in their development.

The conduct of the child in school and his spirit for the school is often seen in the grown-up individual. One might say that school is the play-ground which trains the child for life.

Many students think sometimes that school is rather unpleasant but later in life, as the student looks back to those school days he then sees that those days which seemed so unpleasant, now seem the happiest in his life.

## Principal's Greeting

### Pupils of Johnny Appleseed Junior High School—

Each year it is my privilege as principal of Johnny Appleseed to welcome you back to another year of association and work together. The new seventh grade has already made a good start on their way to a successful year and I want to assure them that we are happy to have them with our.

Our enrollment at the opening of school this year is the largest we have ever had. Almost nine hundred pupils passed through the entrance doors on September 6th—on their way to another happy school year. You pupils have shown by your cooperation and enthusiasm already this year that are willing to put forth all you have to achieve your goals.

Here we have, for our use, one of the finest school buildings in the state of Ohio. The public has provided this building for your use and your educational advancement. Let us make the most of our opportunity and take full advantage of the facilities offered.

For the first time in the history of the school, some of our alumni have returned to teach in this school. Three former students of Appleseed who graduated from Mansfield High School and then went on to college to complete their preparation for teaching, are now instructing at our school. It is with great pride that the teachers, who were here when these people were students, welcome them to our midst. They are splendid examples of the desirability of securing an education and are representative of the many students who have attended this school and have gone on to successful careers in the fields of their choice. I share in the satisfaction of their achievement.

I cannot refrain from sounding a word of warning to those whose start this year has been dilatory. Do not put off your daily preparation of each assignment. Keep up your work and do not lag in your effort each day as tasks to be performed present themselves. Education — your education — is moving forward. Do not allow it to go on without you.

May I wish each of you a successful year in all of your activities at school or wherever you may be.

G. W. Harmony.

## Supt. Greets Students

There was a time in Mansfield when the school system was so small that the superintendent of schools knew most of the pupils in the few buildings. Today the system has grown so large that it is difficult to learn to know very many of you. However, I do—you might say—"know you" by what you do and by what Johnny Appleseed Junior High School accomplishes this year.

In the profession of education one learns to look forward to each beginning of a year of school because it is always interesting to speculate what new achievements the pupils will bring forth before that year is finished. At Appleseed, as with all the schools in Mansfield, that interest lies mainly in discovering the new levels of achievement pupils will reach; there is never any doubt that there will be progress.

Therefore, please accept my best wish for the new school year, since I already know that you will accomplish much; and I am going to find it extremely interesting to watch your progress in school this coming year.

W. L. MILLER, SUPT.

## MY WISH

By JEANNE FAY

I wish I had a little dog,  
A real pal he would be;  
I'd tell him all my joys and cares  
And he'd confide in me.

If he were grave and stately,  
One that I'd surely name King,  
Then without a doubt a collie  
Would be the very thing.

But, again, a cocker spaniel  
I'm sure would be very nice,  
Even a small chihuahua  
Would probably suffice.

I wish I had a little dog,  
But whatever his breed or name,  
I know that if he were really mine  
I'd love him just the same.

## THOUGHTS FOR TODAY

Those who never do more than they get paid for, never get paid for more than they do.

The most important construction project is the building of character.

It is impossible to blow your own horn and run a good race at the same time.

## FALLING LEAVES WONDER

Who will win the Appleseed vs. Simpson football game (we of course)—

How Ernie got his black eye (from the football game or Lois)—

Why the majorettes have such cute legs—

How Miss Henry likes instructing Mr. Pival for the press next year—

How the seventh graders like Appleseed (they have to get used to it)—

Why Linda W. likes to go past 204 the fourth period (Could it be Chuck)?

Why everyone was so dumb on a certain algebra test (was it hard!)

How Margie and Pudge get along so well (sometimes)—

Why Bev likes Toledo so well (Could it be an old flame)—

Why the Editorial Staff is so crowded—

Why Charlene Appleman has "CA" on her eraser. (Could it be Chester Adams?)—

Why Myrna Stern and Judy Goler are so attracted to Senior High—

Where all the sweaters and skirts are coming from (we wonder).

How the band likes Mr. Wolfe (well now—)

Why some seventh grade girls don't want to join G.A.A. (could it be initiation?)

Why Rodger hates girls—

Why Miss Solt nearly dies laughing at George, Bill, and Randy (Can she stop!)

If everyone kept warm at a certain football game—

## HARD TIMES

—when the boys sock the girls and pull their hair.

—to some of the study hall teachers.

—when Molly Gore got burrs in her hair. (How was it?)

—to the 9th grade girls when boys take their shoes off. (Well boys)

—when students can't find their seats in study halls.

—to the 8th grade boy that got his shoes taken off. (Was it fun?)

—to Mr. Harmony while changing schedules for the students.

—when students talk in the noon shows.

—when Vagie Wittmer got chased with a snake before the Cleveland East game.

—to Mr. Huber's and Mr. Lautz's tests.

—to the janitors.

—when students can't get their lockers open.

—to pupils when they lose their books.

—for Billy Schaaf when he ran into a steel post.

—for Myrna Stern who is always worrying about Jack.

—for the last 7th graders.

—for Miss Henry who is always working.

—for the new reporters on staff.

—for Bud Chamberlain when Carolyn Herring socked him in the face.

—for Judy Maxwell when Ned Diemer finds bugs.

## DID I BLUSH?

Ruthie Kinkle when Buzz Bushnell kissed her for buying a program.

Chuck Cook—when he had to whistle.

"Curly" when she came into the room with her skirt on backwards. (Gee did the pockets look funny in back.

Myrna Stern when Mr. LaRue said to the seventh grade, "See, kids, she wears lipstick."

Paula Ackerman—when Mr. LaRue accused her of holding hands with Bobby Ackerman.

Douglas Freehafer when Nancy Smaltz asked him for his schedule.

Jack Neal everytime he sees Janice Swank. (Then he swoons himself crazy.)

Karen Baker after she fainted in English class.

Joan Garbor when Eddie Evans held her hand at the football game.

Rosie Neifer when Walter sat beside her in the show.

Judy Whiteleather when her books fell out of the restroom window onto a certain boy's head. (Could it be Johnny?!)

Karen Mehook when she slipped on some spinach in the cafeteria.

## Superstitious Persons Beware of October

Goodness! It looks as though fall is really on its way with the heralding of October. The month starts off with a bang for Friday the 13 is not long in appearing. It is on this day that superstitious persons beware of black cats, walking under ladders, and broken mirrors.

The two historical events in this month are Columbus Day, celebrating the memorable voyage of Christopher Columbus in 1492, and the birthday of the equally famous Theodore Roosevelt. This able president once said, "Speak softly, but carry a big stick."

This saying applies nicely to the most glorious day of all, Halloween. On this last day of October, goblins and witches are seen scuttling here and there, Halloween parties are in full force, and the day is an exciting climax to a wonderful month.

# "MY FIRST DAY AT APPLESEED" IS THEME FOR SEVENTH GRADERS

*Editor's Note: The first topic for writing assigned to the seventh grade English classes by Mr. Frank Pival, Mrs. Alta Weir and Miss Bernice Henry was entitled "My First Day at Appleseed."*

I awakened bright and early Wednesday, Sept. 6. Thereason, it was the first day of school at Johnny Appleseed Jr. High. I really wasn't sure whether I would like it or not. It was four times the size of the school I had previously attended. I walked through the halls trying to find my new classes. Walking to my home room I thought I was going to be smothered. When they passed out the locks for the lockers I had trouble getting mine open. Its nice meeting new people and I think I am going to like Appleseed very well.

*Terry Sue Ross—7B10*

My first day at Appleseed I thought was lots of fun. We went around to all the rooms Without our chewing gum. Mrs. Dent for geography, Miss Widders for math, And if you get right down to it They're pretty nice at that. All the kids are nice to us, Billy, Tom, and Joe. And as you can easily see We wouldn't want to go. So if you ever come out here I'm sure you will enjoy it. As much as all the rest did, too, I like Appleseed, don't you?

*Sally Smaltz—7B5*

When I got to school the bell had not rung. The halls were jammed. I had never seen so many boys and girls I did not know before.

To me it was strange to change classes so many times. Although it was very much different, I liked it. Every time the bell would ring, it seemed, it was either up or down the stairs. No matter where I would go I would almost always end up in the wrong part.

I had quite a time with my locker. When I did get it open I got my books out, locked the locker, then discovered that I still had my jacket on. I didn't have time to open my locker so I was a bit warm all morning.

My first day at junior high was a little mixed up.

*Anita Fatkin—7B-4*

We went to school on Wednesday To see what it was about, Everyone was excited, And the kids can really shout. The school has been re-finished, And everything's just dandy, But I like Appleseed most because everything's so handy.

*Ann Slabaugh—7B-5*

I started out from my house fidgety and scared. I thought the ninth graders would pick on me, but they didn't.

Two of the seventh grade boys were coming down Bartley Avenue and a couple of ninth graders come up and put mustaches and some lines on their faces with lipstick. When the two boys came to school, about five other ninth graders just smeared them up. They also met the children getting off the bus.

Then the bell rang! Everybody poured into the school. I got pushed and bumped around, but I finally got to my home room. Then

we went to our classes. I didn't know what teachers I was going to get. I had a map, but some of the children came in late for class. After classes were over the bell rang to go home. It was a lot of fun. I think I am going to like Appleseed.

*Anne Naas—7B-9*

My first day here turned out to be quite successful. The school itself proved to be a much larger one than what I had been accustomed to.

Our first class was in the gym and I was quite surprised at the six basketball nets.

The confusion and noise in the hall was terrific, but of course I had a part in it, too. I was poked in the ribs with other people's books, but at the end of the day I felt fine. In the school rooms the noise was very low (I thought) although the teachers thought it was quite noisy.

I had a very nice time figuring the combination to our lock, and I never could get it opened until I found I was using the wrong numbers.

I enjoyed and still enjoy the

noise and confusion very much. I saw people I knew when I went through the halls, so I liked that, too.

Best of all I like the radio (or whatever it is) with the plinking sound that sounds something like a piano.

I think the teachers are very nice. They are something like the ones I used to have in grade school.

On the whole, I think Appleseed is the nicest school I ever attended.

## Mrs. Lockshin Plans P. T. A. Theme

The general program this year for the Appleseed P.T.A. is "This is for You" has Mrs. Sam Lockshin as program chairman.

P.T.A. is for all parents who have children in school.

The first meeting, Thursday, October 19 will be an open house. The parents will attend classes which their children attend during a school day. This is not only fun but also gives the parent an idea of the rush from class to class. Teachers will be in their classrooms to answer questions. Following this Supt. W. L. Miller will give a short talk.

A membership drive will be made at an early date. It is hoped that both fathers and mothers will join.

Officers are: Louis T. Schaefer, president; Mrs. Sam Lockshin, vice-president; Mrs. Dean Rex, vice-president; Mrs. George French, treasurer; Mr. Frank Pival, secretary.

Meetings are also scheduled for December, February, April, and May.

## GLEE CLUB ELECTS

8th and 9th grade glee clubs have elected officers for the year 1950-51. They are as follows: 8th grade Choral—Monday and Tuesday—1st period—President, Jane Nail; Vice President, Lolita Heichel; Librarian, Mary Lanacher; Asst. Librarian, Maribel Hawk. 8th grade Choral—Monday and Tuesday, 7th period—President, Evelyn Rucker; Vice President, Sandra Doerr; Librarian, Janet Gerhart; Asst. Librarian, Carol Linton. 8th grade Glee Club—Wednesday and Thursday—2nd period—President, Myrna Sorgen; Vice President, Bettie Harrington; Librarian, Kay Alexander; Asst. Librarian, Judy Whiteleather. 9th grade Glee Club—Every day 6th period, President, Linda Wilson; Vice President, Nancy Harbaugh; Librarian, Carolyn Jackson; Asst. Librarian, Barbara Schaefer.

The duties of the president and vice president are to direct and play the piano when Miss Percy is absent. The librarian and asst. librarian are to pass out the books and collect them, they also are to keep them repaired. There will be no officers in the seventh grade this year.

## Varied Programs Set For Noon Activities

Movies, dances and games will provide noon activity entertainment for Appleseed students during the 1950-51 school year.

Movies will be shown in the school auditorium and dances and games will be in the gymnasium. An outline of the activities was given by the principal, G. W. Harmony.

One full length moving picture, requiring a full week to show, will be presented each month, and the schedule probably will include three or four dances each month.

One of the highlights of the noon activities will be the annual amateur show contest, which will be produced and staged by the Student Council.

Mr. Harmony said that the movies had proved most popular with students in past years. Music for the dances will be from recordings.

## TEEN TOGS

By Jean French

The old school bell is ringing again and it's time to start worrying about what you're going to wear to school. Well corduroy skirts and sweaters are still very popular and those sharp wool jersey blouses look just as good as your sweaters. Bright plaid as well as plain wool pleated skirts are swell with your sweaters or blouses.

Good old saddles and loafers are still voted the most popular shoes.

Those bright scarves or pretty necklaces look very nice with your sweaters or blouses. Of course identification bracelets are very nice especially if you have someone elses.

Plaid wool or corduroy slacks with a warm jacket are just right for the football games.

Pretty wool jersey or corduroy dresses will be swell for those dances or just to wear to school. Of course your new short hair cut will be the finishing touch at all times.

The coats that are most popular this year are about every kind. Shorties and three quarter length are about the most popular but those long coats are still well liked. Three quarter length chinchillas, and shorties with fur collars are nice for school as for good. Those windbreakers or jackets like the boys wear with the fur collars are swell for football games and also for hayrides.

## Meaning of Hallowe'en

Hallowe'en, which brings to most everyone visions of fun and jollity is an old, old festival. The old Romans held it about the first of November in honor of Pomona, the goddess of fruit trees. In Britain the Druids celebrated a festival at the same time in honor of the sun god, and in thanksgiving for harvest, and the two festivals seem to have become one in the minds of the Britons. When the people became Christians the early Church Fathers wisely let them keep their old feast, but gave it a new association by holding it in commemoration of all departed souls. Thus the eve of the festival came to be called All Hallow E'en. The name from the old English word halwe, or as we now say, holy.

Many beliefs grew up about this feast, such as the belief that on this one night of all the year, the spirits of the departed were allowed to visit their old homes. In many parts of the old countries food was left, hearts were carefully swept, and chairs were set in order before the inhabitants of the villages went to rest.

Many of the old superstitions, some of them going back as far as pagan times, came to this country with our Puritan ancestors, and though they lost their meaning long ago, we still keep some of the quaint old customs.

## Troop 41 Plans Sale

Troop 41 held its first meeting of the fall season at the assistant leader's home with seven members and the leader, Mrs. Kenneth Hague attending.

Plans were made for a sale of Christmas gifts, to be held at the Third Street Market. The money gained from this sale is to be applied on a trip to Cleveland.

The troop is looking for a place in which to hold its meetings.

The seven members attending were Ann Hanrahan, Peggy Roadpouch, Marilyn Duff, Sondra Noble, Sondra Roubnolte, Sandra Derr, and Kay Alexander.

## Students Travel

Larry Wise, a ninth grader, went to Canada this summer. He spent two weeks on Lake Baptist fishing. Then he went to a Regatta at the town of Bapiste. Larry said he saw speed boat and sail boat races, and surf board and swimming races.

Carol and John Linton went to Washington, D. C. for their vacation this summer. They saw the Capitol Building, the Blair House, Arlington Cemetery, Potomac River, and Mt. Vernon. They stayed for three days.

Linda Wilson went to Virginia Beach this summer with Sammy Kaye's wife. She spent one week with her father, who plays in Sammy Kaye's band. Linda went deep-sea fishing also. Before coming home she went to the Surf Club. On her way home she stopped at Washington and Pittsburgh. She took a T.W.A. plane home.

This summer "Pudge" Henkel went to the Canadian Rockies. He stayed for two weeks. He went swimming, played golf, and went mountain climbing. "Pudge" went with his family.

## School Remembers Birthday of Johnny

September 26 marked the one hundred and seventy-fifth birthday of the man for whom school "Johnny Applesseed" was named.

John Chapman, or as we know him best, Johnny Applesseed, was born in Boston, Massachusetts, 1775 and died 72 years later in Fort Wayne, Indiana.

For more than fifty years, he traveled through Ohio, Indiana, and Illinois, planting, distributing and caring for apple trees. He was largely responsible for the development of the orchards of Ohio, and in 1912, helped to save Mansfield from an Indian attack by running to Mt. Vernon to get a garrison of soldiers stationed there.

Farmers, even today, enjoy the apple trees that settlers brought westward from Johnny.

## Pioneers Trounce Loudonville Eleven

Appleseed scored in all quarters to rout the Loudonville Reserves 34-0 October 4, 1950, on the Pioneers' field.

Truman Jackson of Appleseed recovered a Loudonville fumble on Loudonville's 35-yard line. The Pioneers marched 30 yards and Rodger Myers went over.

Myers scored again in the second quarter on a 7-yard run around end. Dick Yoakum came up with the longest run of the game as he dashed 75 yards to score his fourth touchdown of the year.

In the third quarter Appleseed received the kick-off and marched to the Loudonville 25. On the next play Dick Dearth threw a bullet pass to Gary Sholaya who scored standing up. The play covered 25 yards.

The same play was repeated in the fourth quarter. This time it covered 20 yards.

Ned Diemer scored three extra points and Yoakum one. All were runs. The Pioneers made 9 first downs to the visitors' 4.

Appleseed has won 17 of 18 starts in three years. This year, so far, they have beaten Butler, Ashland, and Loudonville. The only defeat was by the Wooster reserves.

## Appleseed Smashes Ashland Reserves

On Thursday September 28, the Appleseed Pioneers coasted to their sixteenth win in seventeen starts as they rolled over the Ashland Reserves at Ashland. Dick Yoakum, the Pioneers' left half-back, raced to three touchdowns. His first came on a 10-yard jaunt around end in the first quarter. The second on a fifteen-yard run through tackle and the third and longest on a pass from Dick Dearth which covered forty yards.

Rogers Myers also played well as a sub for Truman Jackson. He scored on the longest run of the game, a forty yard run around end.

The Pioneers then drove to the Ashland fifteen yard line and Dick Dearth went over for a score.

Ned Diemer, Roger Myers, and Dearth in a pass to big George Ackincklose accounted for the extra points.

Appleseed ran up fourteen first downs to Ashland's seven. The closest Ashland got to scoring was the Pioneers' twenty yard line. Ernie Anderson, Appleseed husky right tackle, intercepted a pass and ran for a touchdown, but the play was called back by an offside penalty on Appleseed.

## Appleseed Defeated After Fourteen Wins

For the first time in two seasons the Appleseed Pioneers lost a game. On September 23, 1950 they traveled to Wooster to play the General reserves. A safety and 2 touchdowns gave the Wooster Generals the edge as they won 14 to 13.

Appleseed opened the scoring with a 55 yard pass, Diemer to Yoakum. The try for extra point was no good. Wooster then downed the Pioneers behind their goal for a 2 point safety which turned out to be the winning margin. Wooster then went ahead with an 80 yard touchdown run by Strook.

With Appleseed behind 8 to 6 in the third quarter, the Pioneers pushed to Wooster's 15 yard line. On the next play big Ned Diemer went over and Appleseed took the lead again. The Pioneers held the lead until, with Wooster on the Pioneers 20 yard line and about 4 minutes to go, Shriner threw a dump pass to Lindsay who scored standing up, winning the game and breaking Appleseed's skein of 14 wins and no defeats. Appleseed had 6 first downs to 6 for the Generals.

## Simpson - Applesseed Rivalry Continues

On Thursday October 26, Simpson will meet Applesseed at Arlin Field. The following boys will start for Simpson.

Ends: McDonald, Tinkey.  
Tackles: Deeds, Rimblert.  
Guards: Eccles, Parsons.  
Center: Armstrong.

Backs: Jaynes, Todd, Jones, Witherspoon.

The Bulldogs have two lettermen back, Paul Jaynes and W. B. Jones, and will be plenty tough. In their first two games Jones scored all their points. They also have a good passer and quarterback in Paul Jaynes.

## Miss Berger Outlines Plans for Year

Plans for this year in the girl's physical education department are perhaps a little different than before. The major sports will be the same — volleyball, basketball, softball. The new curriculum will include modern dance, folk dance, ballroom dance, and individual sports such as archery.

Gym classes are now working on volleyball, the techniques under study are place serving and set-ups. The tentative plans in each class are to keep individual records of each seasonal sport so she can see her own improvement. Secretaries or leaders will be appointed to keep the records.

Health classes are selecting their own topics for study and discussion. Several select units will be introduced and studied by each particular age group.

Extra-curricular activities in the department have undergone little or no change. Leaders Club is made up of 9th grade girls who maintain a "B" average in all subjects. These girls are learning how to present and direct exercises, referee, and assist in teaching skills and various techniques. Eighth graders will have a chance to join this club in the latter half of this year. These girls will then be capable to accept responsibility when they begin their ninth year.

G.A.A. has a new point system which corresponds with John Simpson's system. Girls transferring may thus have maintained the same amount of points. Initiations in the future will, no doubt, get milder. We will be trying to follow the ideals of our constitution more closely.

The new cheerleaders, with the aid of last year's competent ones will work on improving the yells and increasing the school spirit at the sports events.

## HEY, GIRLS!

Golly! Here it is, the beginning of a new school year and lots of exciting things are bound to happen.

G.A.A. invitation will be here soon. (The poor seventh graders!) Every home room has a representative, so lets turn our points in and be eligible for awards at the G.A.A. banquet and picnic.

Say, leaders, don't forget, always have whistles and wear white gym clothes. (Clean too!) Remember, you're getting grades on it. Also be sure to learn the rules Miss Berger gives you. This goes for the girls who are not leaders also.

In gym classes we have been doing exercises to get limbered up, and then playing volley ball. This is a chance kids, to show how well you cooperate with the leaders.

Isn't the football team simply wonderful? Let's try to have a big cheering section at all the games. Out of town ones, too. Keep up the school spirit!

## GYM SITES

—Miss Berger, how about letting the girls have six seconds to get dressed, instead of five?

—The leaders trying to make the girls be quiet. (Impossible, isn't it?)

—Playing basketball with a shle instead of a ball. (Whatcha say, Sally?)

—The girls running outside for the fire drill during gym. (Couldn't you get dressed first, girls?)

—The seventh graders trying to serve a volley ball.

## Duties of Leaders

Leaders' class is organized to help with the gym classes and to assist Miss Berger.

There are twenty-six girls in leaders' class: Arlene Christman, Joan Brickley, Carol Schwan, Carol Stabloff, Patty Brittain, Carol Chamberlain, Anita Sites, Marilyn Sholaya, LaDonna Brandt, Millie Cook, Judie Bruce, Judy Maxwell, Myrna Stern, Paula Weir, Shirley Dune, Linda Wilson, Lois Schaaf, Henrietta Stiles, Margie Vild, Nanette Robbins, JoAnn Balcolm, Carolyn Jackson, Judee Goler, Joan Maginniss, Marilyn Kurry, and Bertha Workman.

Right now leaders are learning the volley ball rules and how to officiate at volley ball games.

Leaders are to be dressed in all white so that you can tell the leader from the girls in the class. They are to be dressed and up on the gym floor before the class. The leader takes roll and checks to see that the girls' clothes are clean.

Exercises are the first thing the girls do in gym classes. The leader tells how to do the exercise, explains why they are doing it, and demonstrates. In the gym classes now the leaders are showing the girls how to serve.

These are just some of the duties of a leader. Leaders' class is held on Wednesday, second period.

## SIX GIRLS CHEER PIONEERS TO VICTORY

Back row: left to right—Reba McFadden, Marilyn Sholaya, Miss Berger, Bettie Harrington, Lois, Shaff.

Front rows left to right—Henrietta Stiles, Evelyn Rucker.

Reba McFadden, a cheerleader last year, hails from room 213 and is in the ninth grade. She wanted to be a cheerleader because she could go to the football games and watch the cute boys play.

Reba belongs to G.A.A. and claims her food to be steak and mashed potatoes. She likes to wear shorts and shirts and football is her sport. She came from Newman school into the seventh at Appleseed, her pastime is practicing music and her color blue.

Marilyn Sholaya, a ninth grade student, came to Appleseed in the seventh grade from Lincoln Heights school and is in 102. Marilyn wanted to be a cheerleader

in order to see all the games.

Her favorite subject is general math; her pastime, she claims, is eating, the most enjoyable being, french fries and hamburgers. Her sport is ice skating and she likes to wear sweaters and skirts. Marilyn's colors are kelly green and pink.

Evelyn Rucker, an eighth grade student, claims 203 as her home room. She likes to watch television

in her pastime and baseball is her sport.

Evelyn belongs to G.A.A. and came to Appleseed during the seventh grade from Willard. Jeans and plaid shirts she claims as her favorite costume; hamburgers for her favorite food and history as her favorite subject.

Henrietta Stiles claims 106 as her home room. She came from Woodland School and belongs to G.A.A. The clothes she likes to wear are jeans and a big shirt.

Hamburgers smothered in onions and french fries are tops in food. "Hank's" favorite pastimes are eating and boys. In subjects she likes gym best, and in sports football ranks ahead. Her favorite color is chartreuse.

Because she was a cheerleader last year she wants once again to cheer the Appleseed Pioneers onto victory.

From room 114 is a girl who claims hamburgers and french fries are her favorite food, and maroon and gold her favorite colors. Her name is Betty Harrington.

Math and English are first in

subjects and swimming and basketball first in sports with her. She belongs to G.A.A. Her elementary school was Brinkerhoff. Sports seem to be her favorite pastime. She likes skirts and sweaters best.

Betty wanted to be a cheerleader because she enjoyed it so much in grade school.

Lois Schaaf, a ninth grader, comes from room 213. Lois belongs to Girl Scout troop 35, Y-Teen, and G.A.A. She came from Woodland School. Her favorite subject is Latin, and basketball ranks at the top in sports. She states "anything good to eat" is preferable.

The color which she likes best is yellow and she can usually be seen in skirts and sweaters. To pass the time away, Lois reads.

## VACATION SAW APPLESEED FACULTY, TRAVELING, WORKING

Summer found the Appleseed teachers doing many different things to occupy their vacation.

Canada called G. W. Harmony, principal, for a ten day fishing trip up the Madawaska River.

Miss Margaret Wheeler spent some time in the Smoky Mountains and took a lake cruise into Canada.

The board walk at Atlantic City summoned Miss Esther Hopkins, who also was in Philadelphia and Canada.

Showing his love for golf was Fred La Rue, who played 2,000 holes during the summer.

Renewing old acquaintances was the pleasure of Miss Alice Kirkwood who returned to Oberlin, Ohio for a reunion of her college class. She also spent some time at Lake Chautauqua, New York.

Floating through the clouds was Mrs. Pauline Hetrick, who flew to Denver, Colorado and visited Rocky Mountain National Park.

School teachers by winter and carpenters by summer were Mr. Frank Pival, who helped build three houses; Mr. Glenn Guthrie who remodeled his home and spent a lot of time at the farm; and Mr. R. Y. Davis built a house and took a Y.M.C.A. group on a Canadian fishing trip.

Popular vacation spots along the shores of Lake Erie called Mr. W. B. Lantz for one week, Miss Mary Alice Berger for two weeks and she also worked at the Auto Club; Miss Virginia Stark for two weeks; Miss Helen Widders for three weeks and Miss Helen Herring for one week and then she went to the Smokey Mountain National park.

Home Sweet Home kept Miss Mary Solt in Lancaster, Ohio; Mr. A. H. Zimmerman near Crestline; Miss Muriel Voll in Mansfield; Miss Lenora Fehr in Mansfield; Mr. Ensil McNabb near Mansfield; Mrs. Alta Weir in Mansfield; Mrs. Elaine McClellan, who also worked in the Newman Library.

Miss Mary Ella Neer spent part of her vacation in the New England states and time in Wisconsin.

Miss Ellena Percy drove to Ver-

mont.

"Go West Young Man, Go West" was the advice taken by women, however, when Miss Bernice Kevey spent a month in California and Miss Edna Tucker took the banner tour of the west, being in seventeen states and Canada; and Mrs. Lois McGraw, who spent three weeks in California.

Mrs. Nellie Dent went to Smokey Mountain National Park and Asheville, North Carolina.

The cool north woods and beautiful Canadian lakes were the vacation spots for Mr. W. B. Huber who was on a fishing trip in Quebec, and Miss Bernice Henry, who spent several weeks at her family's lodge on Manitoulin Island.

Mr. J. J. Thoms was the safety patrolman at Charles Mill Dam and Pleasant Hill Lake all during the summer.

Mrs. Lois Blocher went to a cottage at Turkeyfoot Lake near Akron, Ohio.

Mr. Donald Wolf likes teaching so much he taught all summer in Newark, Ohio.

Mr. Charles Sauder spent his vacation in Missouri and Kansas.

Roaming along Lake Erie plus a trip through Wisconsin, Minnesota and Iowa, was the way in which Mr. Harry Hostetler spent his vacation.

## The World Looks to United Nations

*by Jeanne Fay*

In this momentous year of 1950 some very important meetings are being held in Lake Success, New York. These are the meetings of the United Nations. The United Nations are as the name signifies a group of united countries whose purpose is to maintain international peace and security.

### The Security Council

The United Nations consists of Sixty member countries, eleven of which make up a committee called, "The Security Council". In this committee there are five permanent members and six non-permanent members. The United States, the U.S.S.R., the United Kingdom of Great Britain and Northern Ireland, France, and China are the permanent members. A delegate or representative is sent to the United Nations from each of the fifty-nine countries although only the delegates of the member countries of the Security Council are allowed to speak at Security Council meetings.

Jacob Malik, the Russian delegate, was the president or conductor of these meetings for the month of August. On September 1, the representative of the United Kingdom, Sir Gladwyn Jebb, took Mr. Malik's place. The items that received somewhat heated discussion during this time were: "Complaint of Aggression against Korea", "Invasion of Formosa", "Admittance of the Central People's Republic of China to the Security Council", and "Armed Invasion of Manchuria". Warren Austin of the United States, Dr. Chang of China, Sir Gladwyn

Jebb, and Mr. Malik entered most frequently into these discussions.

### The General Assembly

Although only eleven delegates are allowed to speak at Security Council meetings there is another meeting in which all delegates can express the views of their respective governments. This is called the General Assembly. The Assembly convenes just once a year and adjourns when all business is completed. The meetings which have already begun for this year will probably continue to be held for several months as there are seventy-three items on the agenda to be discussed.

The whole world hopes that the United Nations will be successful and will attain its goal of world peace.

teacher while *Mrs. Lois Blocher*, G. W. Harmony's secretary, has only lived here six months. *Mr. Donald Wolfe*, from Van Wert, Ohio, finishes the newcomers roster.

*Mr. Sauder* has 202 as his homeroom and teaches seventh and ninth grade math.

He attended Wooster College, Wooster, Ohio and states he is extremely interested in athletics of all kinds.

Piano playing is his pastime and says he likes to travel. *Mr. Sauder* spent 1½ years in the U. S. Army and lives at 556 Harter Avenue.

*Miss Berger* is the new girls' physical education and health teacher. She has a ninth grade homeroom in 115.

June 9, 1950 was a memorable date for her as it was on this date she received her degree from Bowling Green University.

Her hobbies are dancing and reading. She lives at 835 Yale Drive and thinks Appleseed tops, since she has lived in Mansfield all her life and attended it for three years.

One of the former society editors of the *Appleseed Press*, *Miss Kevey*, graduated from Ohio State University this year.

At present she is teaching literature and dramatics and has 113 as her homeroom. She lists horseback riding, art and reading as her hobbies.

*Miss Kevey* attended Ohio University, Athens, Ohio in her freshman year and lives at 429 Parkview Boulevard. When asked how she liked Appleseed, she stated she is prejudice because it is also her

Alma Mater.

*Mrs. Weir* is the newcomer in 201 and she teaches seventh English.

She has previously taught in Wellington, Ohio and Rochester, New York.

The new English teacher attended Mt. Union College, Alliance, Ohio, and lists golf, knitting and reading as her hobbies.

She lives at 143 Parkwood Boulevard with her three children. Thomas and Betty, who were former Appleseed students and now attend Mansfield Senior High and Peggy, who is in the fifth grade at Rebecca Grubaugh School.

*Mrs. Weir* said she liked Appleseed very much.

*Mr. Wolf* is the new instrumental music teacher who directs the band and orchestra.

He received his Bachelor's Degree from Miami University and his Master's from Ohio State.

He claims music and fishing are his hobbies.

He served three years in the army and last year taught in the instrumental music department in Newark, Ohio.

*Mr. Wolf* is originally from Van Wert, Ohio, and is married and has one child.

*Mrs. Blocher*, the new secretary attended Ohio University. Reading is her hobby and she said she likes Appleseed very much.

She lives at 143 Carpenter Road.

## Sketching, Painting— Projects of Art Classes

Some leaves and weeds have recently taken on unique shapes in Miss Virginia Stark's eighth grade art classes where the students have been sketching them for their first project of the year.

Later on this same group will have a discussion on ceremonial masks and create one to paint with water colors.

Miss Stark's ninth grade art classes are sketching flowers and will create designs to paint with water colors.

Nature, again, is the theme used by Miss Helen Herring's seventh grade students. They have been putting in different values of lights and dark in order to obtain third dimension, or the thickness and roundness of an object.

Designing realistic or conventional pictures 12" x 18" as a project of a group of Miss Herring's ninth grade students. After the pictures are finished, they are to finish them either with charcoal or water color depending upon their own choice. The remaining ninth grade art students are constructing posters for fire prevention week.

## Vild to Rule as Queen

tendant reports to home room 112. Her favorite color is blue with skirts and sweaters heading the subject of clothes. Judy's favorite food is steak and her favorite sports are baseball and swimming. She is a collector of stamps and talking on the telephone is her favorite pastime. When questioned, Judy stated that she felt "really surprised" at being queen's attendant.

Paula Ackerman reports to room 212 and is a seventh grade queen's attendant. Her favorite sports are tennis and football with music and math rating as favorites in subjects. Her favorite color is red, and her favorite clothes skirts, and plaid blouses. When it comes to eating, she said cheeseburger sandwiches topped the list.

## CURE FOR SNIFFLES, HEAD FOR CLINIC

Stop that snuffle! A sure cure for a small snuffle is to look for the sign "clinic"—here, you will find Miss Marjorie Palmer ready, and able to assist you in your fight against your attack from the common cold germ.

Many students fail to realize how they endanger themselves and others by neglecting their sore throat, coughing, sneezing or unusual appearance of the skin.

The clinic is fully equipped to give first aids, at all times, for burns, cuts and minor injuries.

Miss Palmer, nurse, is in the clinic from 8 a. m. through the beginning of the first period, so if illness occurs, obtain a nurse's slip from the home room teacher and go to the clinic.

The seventh grades will have eye, ear and throat tests given some time during December, Miss Palmer said.
