## STAFF TO HOLD PARTY AT PEARSON HOME

On October 27, there will be a Hallowe'en party for the Editorial and Business staffs, at the home of Mary Pearson. It will start at 6:30 P. M. The proper dress will be jeans or slacks.

The game committee will consist of the editors, who are Mary Pearson, Pat White, Charlene McGinty, Shirley Drake, JoAnne Nichols, Nancy Peppard, and Pudge Henkel. The clean-up committee is: Jon Young, chairman, Bruce Doner, Judy Maxwell, Jean French, and Jane Keck. The refreshments will be hot dogs, cider, and doughnuts.

## FOUR TEACHERS JOIN STAFF

Left to right: Mr. Frank Pival, Miss Mary Solt, Miss Mary Ella Neer, Mr. Paul Snyder.

Mr. Frank Pival, one of the new teachers of Johnny Appleseed this year, teaches seventh grade and eighth literature and a class of seventh grade English.

He attended college at Wittenberg in Springfield, Ohio. Appleseed is his first place to teach and he thinks it is very fine.

He lists music as his hobby. He is married and resides at 263 Home Ave.

Miss Mary Solt is one of Johnny Appleseed's new teachers. She is teaching English and Latin and her home room is 101.

She was born in Wyandotte, Michigan and came to Johnny Appleseed from Lancaster, Ohio. This

is the first school in which she has taught. She thinks Johnny Appleseed is fine.

The new teacher in room 215 is Miss Mary Ella Neer. She teaches seventh and eighth grade mathematics and has a seventh grade home room.

She attended Urbana Junior College, Urbana, Ohio, Miami University, Oxford, Ohio, and Ohio State University, Columbus, Ohio. She received a Bachelor of Science degree in Education and a Master of Arts degrees.

Miss Neer previously taught in various Clark County schools, in

## Cartoonist to Entertain

Bob Wood, the brilliant young American cartoonist and entertainer will appear at Appleseed for an assembly on November 3.

Mr. Wood uses two large easels, the largest of their kind and many different colors to produce his pictures. He tells, while sketching, many interesting things as humor, drama, pathos, and romance.

Featuring the program is his exhibition of double mindedness, visualization and concentration.

## Substitute Teachers Busy Early in Year

So far this year Appleseed has had two substitute teachers. They are Mrs. Russel Davison substituting for Miss Ellena Percy, who has been in the hospital, and Mrs. W. B. Wert substituting for Mrs. Daniel Baker and Miss Lenora Fehr, Mrs. Virginia Kirby for Mrs. Shirley Bradley, Mrs. Marion McClure for Miss Esther Hopkins, Mrs. Helen McClure for Mr. Paul Snyder, Mrs. Weiler and Mrs. Price for Miss Fehr.

## Pearson, Shambaugh To Head Press

Mary Pearson will guide the editorial staff of the Appleseed Press, as editor-in-chief, this year, while the business staff will be directed by James Shambaugh, as business manager.

Assisting on the editorial staff will be Pat White, assistant editor; Charlene McGinty, news editor; Shirley Drake, society editor; Joanne Nichols, feature editor; Nancy Peppard, girls' sports editor; and Pudge Henkel, boy's sports editor.

Those holding important positions on the business staff are Barbara McClary, assistant manager; Ben Gray, circulation manager; Lois Doran, assistant circulation manager; Shirley Heilman, advertising manager; Janet Gray, exchange manager and Barbara Schaefer, attendance secretary.

The editor-in-chief, assistant editor, news editor, and business manager were elected by last year's staff while the other officers have been elected this year.

J. J. Thoms is the adviser for the business staff, while the advisers to the editorial staff is Miss Bernice Henry, assisted by Mrs. Elaine McClellan, Miss Alice Kirkwood, Miss Leonora Fehr, Miss Marianne Russell and Miss Mary Solt.

## MISS WHEELER AT CONVENTION

Miss Margaret Wheeler, president of Delta Chapter, attended the state convention of Delta Kappa Gamma Sorority held in Toledo September 30-October 2. Miss Lisa Sergio, radio commentator and journalist, addressed the meeting.

Other Mansfield teachers at the convention were: Miss Pearl Danback, Senior High School; Miss Virginia Howard, John Simpson; Miss Reba Robinson, Woodland; Miss Ann Maglott, Prospect; and Mrs. Dorothy Miller, Lucas.

## Kathleen Bolin Chosen Football Queen

Back row: Beverly Rhoads, Barbara Darling; Center row: Judie Bruce, Queen Kathleen Bolin, Arlene Christman; Front row: Ruth Kinkel, Janis Swank.

Appleseed's recently elected 1949 football queen is Kathleen (Tootsie) Bolin, who will reign at the Appleseed - Simpson game. Each ninth grade home room and the football team chose one candidate.

The two ninth graders who received the next highest votes will be the ninth grade attendants. They are Barbara Darling and Beverly Rhoads.

The queen reports to room 113 and says swimming and golf are her favorite sports. She lists steak and french fries as her "special" foods. "Tootsie" is a pretty blue-eyed girl, who says jeans and sport shirts are her favorites in clothing.

Barbara Darling comes from 211 and prefers corduroy skirts to all other clothing. Barbara is a pretty blue-eyed girl, who likes baseball as her favorite sport.

Beverly Rhoads reports to room

104 and says basketball, baseball, and horseback are her hobbies. Her pet (Prince) is her pastime at home.

The eighth grade attendants are Judie Bruce and Arlene Christman.

Judie Bruce, who reports to room 106, claims jeans and sport shirts as her favorite clothing. Steak and french fries are her favorite food, and swimming her sport.

102 claims Arlene Christman, who says hamburgers with catsup and onions as her favorite food. Her eyes are hazel and she has brown hair. Her hobby is collecting

foreign stamps. Jon Young takes up most of her pastime, although her pup "Butch" takes some of her attention.

Janice Swank hails from room 206. She is an attractive brown-eyed girl, who says basketball is her favorite sport. Her hobbies are piano, tap lessons, and Girl Scouts. Her pastime is spent with two puppies and her two hamsters.

Ruth Kinkel comes from room 215. Her favorite sports are softball and basketball. She lists steak as her favorite food. Ruth prefers suits to all other clothing.

## Magician Makes Appearance at Simpson

A vanishing pony, a canary appearing in a burning light bulb, vanishing ducks, elusive doves, and the ever present magician's rabbit made their appearance at John Simpson Jr. High School Oct. 5.

Birch, the magician, brought his show here as part of the Mansfield Co-operative Club for hard of hearing school children.

There was a matinee at 3 p. m. for school children and an evening performance at 8 p. m. Proceeds from both shows will go in the Cooperative Club's sponsorship fund.

The Birch show is said to be the largest magic show now on tour in this country.

Its equipment, scenery, and stage effects are valued at more than \$25,000.

One of the features of the performance was Princess, a 150 pound pony that disappeared at the snap of the magician's fingers.

Tickets for the evening performance were on sale at Tawse's drug store or were purchased from any member in the Cooperative Club.

## ASSEMBLY PROGRAM 1949 - 50

## "MY FIRST DAY AT APPLESEED," THEME FOR SEVENTH GRADERS

*Editor's Note: The first theme assigned to Miss Bernice Henry's seventh grade English classes was to write their impressions of "My First Day at Appleseed".*

I was happy and gay as I started from home,  
I had gotten everything except my comb.  
As I got to the front door, all I could see  
Were boys with lipstick on a mad spree.  
I started off quick and hid by the door,  
All I could hear is, "Oh no more!"  
I glanced around. Suddenly nothing I said  
Because a boy was waiting with lipstick so red,  
He opened the tube, I closed my eyes,  
When I opened them again, 'twas to my surprise,  
The boy had left and had not gotten me.  
I had a lump in my throat but I finally said woowie  
I missed initiation—That's what I said  
But when I looked in the mirror my face was so red.

*Jimmy Anderson - 7B4*

I was very scared as I came down the hill to Appleseed. As I went in the door everything was in confusion. I would probably have gotten lost, but by accident I stumbled into my classroom 103.

When the bell rang we went into the room. I sat down by Sara Hehien who I knew at Prospect school last year. The girl behind me was to be my lockerpartner.

Finally the bell rang to change classes. I like to change classes a lot. I went home thinking Appleseed was a wonderful school and am proud that I can go there.

*Charlene Appleman - 7B4*

From the time I got up in the morning of the first day, I was very excited.

My first thoughts of Appleseed, were long halls, a lot of confusion, and the meeting of friends.

What I liked most, was the friendly way the teachers helped us. They seemed to know how frightened and terribly confused we were.

It was hard leaving the sixth grade, but this is so new and different that you just can't help liking it.

I am looking forward to the games, initiations, clubs, and more friends.

I hope I can stay all three years, for I like it very much, and would hate leaving it before I finish 9th grade.

*Diane Robenstine - 7B7*

On September seventh I got up very early because it was my first day to go to Appleseed. When I got there I found only a couple boys there. One of the boys was a ninth grader and he was the first to initiate me. He smeared dark lipstick all over my face. At

first I didn't notice it but after a while it began to itch and I didn't want to scratch it and get lipstick on my hands. After I got initiated I went in to the hall to wait for the bell to ring. The hall was very noisy because everybody was talking to their friends. After the bell had rung everybody was rushing to their rooms. The class and myself then got acquainted with our home room teacher. The teacher appointed children to pass out books. Then we got our locks for our lockers and our locker partners.

Periods were cut down from 45 minutes to 20 minutes so that we could have all seven periods in half of the day. We met all our teachers and I like most of them except a couple. I don't see how you get graded on some subjects because the teacher talks most of the periods. Sometimes I hardly know which way I'm going in all the confusion in the halls. You almost have to go the right way first because three minutes goes pretty fast when you're in a hurry.

After school let out my brother,

er, who is in the eighth grade, was waiting for me and then we walked home. On my first day at Appleseed. I had fun but I sure must have looked funny.

*Merle Moore - 7B7*

As a whole I liked my first day at Appleseed very much, from the time of the initiation to the time we were let out.

Although I was a bit red in the face from the initiation, it was swell. I liked the teachers better than I did at Woodland, but in changing classes I was all mixed up. I can't say much more for the locker business as I wasn't very bright about it either.

There wasn't a subject I didn't like and I got to stretch my legs more often when we changed classes.

The loud speaker system is swell but the first time I heard it I thought there was a music class in the next room.

As for Appleseed, it's swell!

## DO YOU REMEMBER THE LITTLE RED SCHOOL HOUSE?

That was where our forefathers learned the rudiments of the Mother Tongue with the assistance of Father Time . . . that was the day of barefoot boys and stocking caps and button shoes on Sunday and stiff lacings.

Seldom was the rod spared and lest the child be spoiled and the real seat of learning was a switch applied to the seat of the erring pupil . . . that was when the three R's were something other than Rah! Rah! Rah!

The stern schoolmaster towered like a mountain of knowledge over his molehills of ignorance. All grades were mixed in one big room, including the sheep and goats. Each grade was a form—a form that tried to shape thoughts into some form kind of intelligence.

In the place of pencil and paper, there was the fragal slate and sponge, which was wiped clean after each problem was licked. Dunces caps put a frost on pumpkin heads while the tolerably bright got tokens of merit and esteem.

Spelling bees, hearic recitations, memorizing things by rote, pious mottos, homely tableaux, going whole hog for girls in pig-tails and pinafores, stuffing the pot-bellied stove with kindling and McGuffey readers . . . these things brought heartaches and heart-joys.

Commencement Day . . . that was the saddest moment of existence, when Ban and Susie, Hester and Seth, were graduated with faltering hopes directly into the rude school of experience.

P. K. Thomajan

## Supt's Greeting To Students

Russia has the Atomic Bomb! These words burst upon us in the headlines of our newspapers and over the radio casting a pall of apprehension around us, bringing fear and dread into our hearts. And well it might, since such devastating power in the hands of an unscrupulous and jealous nation can well spell disaster for the world. Time alone will bring the answer to our fears and apprehensions.

Time has a curative power for many of our ills and is the antidote for many of the diseased symptoms of the world. However, time measured in days, months or years must not be spent in idle thinking.

World affairs, as they exist today, may seem vague and remote to the junior high school pupil of today; but they are not remote when you consider that the unsolved problems of today will be yours to solve tomorrow. I have often heard the saying "What you are to be you are now becoming". How true it is then that the solution of the world's problems, which you must solve tomorrow, depends very largely on the preparation you make today.

My wish for you at the opening of another school year is that you learn, it is of more vital importance how you use your learning. If from your education, from your knowledge, you learn to live peaceably with your fellowmen, to have respect for the rights of others and have compassion for unfortunate you will have the requisites of an education and everything else will come.

Force never changed anybody's mind, but education and understanding have won a lot of victories, even though they take longer. Get the most out of your education.

W. L. Miller, Supt.  
Mansfield City Schools.

## Letter to Editor

Dear Editor,

Why can't we have a few more dances? It seems Senior and Simpson have them every few weeks, so, why can't we? —N. P.

Dear N. P.,

This might be a project for the P.T.A., as the only dances we have are sponsored by the different organizations. —Ed.

## Mr. Harmony Welcomes Pupils

Again we have the privilege of attending school in this beautiful building. During the summer months the re-decorating has been completed and now the halls, auditorium, cafeteria, and all classrooms have a new coat of paint. We want to show our appreciation to the Board of Education, Mr. Miller and Mr. Robinson by keeping the building as nice at the end of the year as it is at the beginning.

I want to welcome the incoming seventh graders as well as new pupils to our school in the eighth and ninth grades. We hope you will enjoy going to school at Appleseed and take part in the many privileges and opportunities which are afforded here for your educational advancement.

Good luck to all of you in the school year 1949-50.

G. W. Harmony, Principal

## Safety First

By Paula Weir

Have you ever been awakened by a light flashing in your bedroom window? Well, I was, on the night of September 19. I had just gone to bed when this light flashed in my bedroom window. I didn't think anything about it at the time. But about a minute later my mother ran through the room and asked if I knew a fire engine had stopped down the street. A fire engine! Well that explains the light.

So without a word I jumped out of bed and pulled my jeans over my P.J's and ran downstairs, out the front door and onto the front yard. There didn't seem to be much, if any fire. I was surprised that after a few minutes the engine left.

After it left, we began to wonder what had happened. So we asked some boys who were leaving. They told us that a neighbor had started a trash fire and another neighbor thought the fire was a little too big, so he called the fire department.

As I went back to my room I thought how wise he had been. Because there might have been a bad fire if he hadn't called the fire department. So as a moral to this story, I have chosen "Safety First". Don't you think that is a good moral?

Mr. Huber: What always results when a body is immersed in water?

Joanne Nichols: The telephone rings.

## HALLOWE'EN FIXINGS

Here's everything you need to decorate for Halloween! Or, for the center of a party table, have them stand in a ring around a bowl of autumn leaves. The goblins are ears of corn with a few kernels removed to make eyes and mouths. They have pipe-cleaner arms and pointed paper hats.

Ghosts to hang in the window are bent wire coat hangers padded with newspaper and covered with white tissue paper. Each bony hand is made with three pipe cleaners. Hang them up by thin black threads and they'll seem to float in mid-air.

To make a witch favor, use an empty shotgun shell for the body. Wrap it with a small piece of black crepe paper ruffled at the bottom. Roll up a piece of corn husk and stuff it into the open end of the shell for the head. Features may be drawn with soft pencil or crayon. Add pipe-cleaners for arms and cornsilk hair and dress the witch in a gay paper apron, black construction paper cape and hat. Cut the broom from a bit of cornhusk. Or the witch could hold a rolled up paper with a fortune written on it.

Pumpkin place cards can be cut from construction paper or they may be any stiff paper colored orange. Cut out two identical pumpkins and cut eyes, nose and mouth in one of them. Paste a flat clothespin between them, using the head of the clothespin, colored green, for the stem. The pumpkin will stand up.

You can do a lot of bluffing by simply keeping your mouth shut.

## HARD TIMES

- for kids who don't pass tests.
- for Ned and his 2 front teeth.
- for all the girls who were stiff from exercises.
- for the kids who forgot to bring their gym clothes.
- for girls who got grasshoppers down their backs at a scrimmage game ((How did it feel Betty and Marlene?))
- for girls who got burrs in their hair (well, boys).
- for our ears when those girls with the whistles blow, blow, blow.
- for kids who let homework go until Sunday and never finish it anyway.
- for kids who have to listen to some of the girls giggle.
- for kids who forget their seats in study hall.
- for Drake when she fell down the steps (she hasn't learned how to go down steps yet).
- for the girls when Johnny Perry is loose.
- for Marlene because she couldn't make up her mind.
- for girls who get hit over the head with books (ouch!)
- for Jill's grade in General Science (zero).
- for the Latin teacher when the boys walk by the room 7th Period.
- for kids who get in the way of seventh graders as they push through the crowd. (and we mean push).

## DID I BLUSH?

- 9th grade of 1949.
- The couple parties of Judy Maxwell's.
- The dances we never had.

## WE HOPE

- for more dances this year.
- for victories at all our football games (good luck, boys).
- that Pat will have her bracelet a long time.
- for a cute queen.
- Easy Latin and General Science tests (they're nothing yet).
- that Nancy and Jack had a good time at the football game Friday night (fun, wasn't it?)
- that Jerry and Bob have fun taking pencils from everybody.
- that our new teachers like Appleseed.
- that the seventh graders would grow a little taller (in the little).
- that Nancy Peppard likes her new glasses (aren't they pretty?)
- that Toots Bolin will find the "speeders" she is looking for.
- that Darce Shaskey has fun messing up the girls' hair (boy, what a mess!)

## Appleseed's Dream Girl Has:

- Marylou Day's eyes.
- Toots Bolin's hear.
- Joanne Nichols smile.
- Connie Paulson's personality.

**Beware of Ghosts!**

One erie October 31, the ancient Druids had a great Autumn festival which commenced at midnight and lasted through the following November 1.

It was believed that the great lord of death, Samon, called together the wicked souls which had been condemned the last year to haunt all animals. Thus the people lighted huge bonfires on watch for the wicked demons.

From this we derive that witches and ghosts still roam. It appears that the Druid and Roman ceremonies put together contribute to our greatly celebrated Hallowe'en.

The name Hallowe'en means hallowed or holy evening, the eve of All Saints Day.

## Wedding Bells Ring For City Teachers

July 31 at 3:30 p.m. in the South Main Evangelical Church, Miss Jeanne E. Worley, our popular and attractive band and orchestra leader, was married to Mr. Daniel H. Baker of Cleveland Heights, Ohio, in a closed double ring ceremony. Mr. Baker is the instrumental director at John Simpson Junior High.

The best man was William G. Hein from Youngstown, Ohio. The maid of honor, Miss Viola M. Salsgiver of Richmond, Virginia, a cousin of the bride, wore an aqua floor length gown and carried pink rubrum lillies on a pink lace fan.

Mrs. Baker wore a white taffeta floor length gown, finger tip veil, and carried white roses and carnations centered with a white orchid, arranged on a white lace fan.

After the wedding a reception for 125 was held at the home of the bride's father. Appointments were in pink and white.

For their honeymoon, they took a trip to Canada. Mrs. Baker's traveling suit was navy blue with white accessories and a white orchid.

The best wishes of the whole Appleseed school go to Mr. and Mrs. Baker.

## Art Classes Have Varied Activities

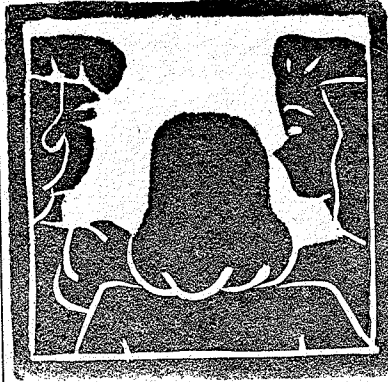

Miss Helen Herring's seventh grade art classes are bringing summer flowers to school and are learning to shade them. The ninth grade art classes are stenciling with brushes and spraying to get the different effects of the paint.

The ninth grade classes of Miss Virginia Stark are sketching flowers and are going to paint them with water colors. The eighth grade classes are drawing different weeds and sprays of leaves.

## CHICK CHATTER

By Shirley Drake

Well, girls, the time has come to check on your school styles. These fall days are really changeable and there is always a question of what to wear. On those warm fall days skirts with big pockets in pastel shades are really cute worn with plaid shirts and blouses. For those cooler days, corduroy skirts and sweaters look nice. A small silk scarf tied around the neck tops it off. Loafers or saddle shoes look very nice with your skirts.

If you are tired of wearing skirts, there are many jumpers and dresses being shown this year in brilliant colors and corduroy. You can still wear your favorite blouse with a jumper.

If you like to wear jewelry, those new bracelets shaped like hearts and four leaf clovers with scalloped edges are cute. They come in either gold or silver.

When you attend football games you want to make sure to dress warm enough. Wool slacks either plaid or plain worn with a blouse and weskit are nice and warm.

## HINTS FROM THE BOOKSHELF

The library is open now for another year. It has many new books on its shelves. Here are some which look very interesting.

### Girls—Senior Year

by Anne Emery

Sally Barnaby didn't think her senior year would be fun without Kate, her best friend, who was going to a boarding school. Things happened all the time, mostly trouble. Her brother, Ricky, got involved with the police while her sister was seriously ill. It's fun to see how the Barnaby family runs their house in this book.

### Boys—Big Shark

by Dickson Reynolds

Big Shark is an exciting sea adventure with Niels Anderson as the main character. The hunt for the gigantic shark, Ald Bulldozer, provides exciting entertainment.

### Animals—Whitepaw Goes North

by David Grew

Whitepaw and his master go up north for their new adventure in this book. Whitepaw is rescued by Dwight in the frozen waste, during a blinding snowstorm. David Grew builds a memorable story

around the deep devotion between Dwight and Whitepaw who never forgot one another in the long months that preceded their amazing reunion.

### Mystery—The Old Flag's Secret

by Margaret Simmons

Aided by Linda Carroll and Tim Everset, a friend of long standing, the preserving Diana succeeded in unraveling the secret that lay behind some mysterious event. How she discovered the clue which disclosed involved plot against their school makes an exciting and baffling story.

## Feminine Frolickers Lead Appleseed Cheers

Back row—Pauline Walters, Joy Herbert; Front row—Reba McFadden, Henrietta Stiles.

The head Cheerleader this year is Joyanne Herbert. Joyanne reports to room 105.

Her favorite food is ham; favorite clothes are skirts and sweaters. Perhaps because she has a pet dog, Vicky. Her hobby is collecting dog statues. Her favorite pastime right now is scratching her poison ivy.

Henrietta Stiles is also a Cheerleader. "Hank" reports to room 106.

Her favorite food is hamburgers with plenty of onions and french fries. Her favorite pastime is thinking of a certain someone, (S. M.) and her hobby is dancing.

She says the reason she tried out for cheerleading was because it's been her life's ambition, (and also to keep her waistline down.)

Reba McFadden hails from room 213 and is 13 years old. Her favorite pastime is reading and playing the piano. Reba's favorite food is steak and mashed potatoes and she likes to wear skirts and sweaters. She has no special hobby and no pet.

The subjects Reba likes best are math and gym. She belongs to G.A.A. The reason she wants to be a cheerleader is that she gets to attend all the games free.

Fourteen-year-old Pauline Wal-

## P.T.-A. Pres. Invites Parents, Teachers

Almost every student at Johnny Appleseed has known about the Parent-Teacher's association. At many grade schools the P.T.A. has been known mostly by the lawn fetes, which it has sponsored. Every parent can belong to P.T.A., and all students are requested to invite their parents to attend.

Nothing can be accomplished as well by individuals as by a group, and a better understanding between parents and teachers can be developed by actual acquaintance. Many problems can be solved by group discussion.

The first meeting of Johnny Appleseed P.T.A. will be held Thursday evening, October 20. Officers for the coming year are Louis T. Schaefer, president; Mrs. Carl Long, 1st vice president; Mrs. H. T. Stiles, 2nd vice president; Walter Wixon, treasurer; and Miss Marianna Russell, secretary. Some of the committee chairman are Mrs. Carl Long, program; Mrs. Andrew Stasi, membership; Mr. and Mrs. Ralph Schad, hospitality; and Mrs. Paul Hauserman, publicity.

*Louis T. Schaefer, president  
Appleseed P.T.A.*

ters hails from room 104 and belongs to G.A.A. Her favorite pastime is softball and bowling.

## GIRLS LEARN CARE OF HOUSEHOLD GOODS

The seventh grade girls under the direction of Miss Edna Tucker are learning how to use and take care of the stoves, where the equipment is kept. Their first project is preparing foods for breakfast.

In the eighth grade the girls are learning how to treadle the sewing machines and thread them. Towels and headscarfs are going to be made this year. The girls are also learning good grooming. Miss Esther Hopkins is their instructor. More girls than ever are going to get to use electric sewing machines because two new Singer Sewing Machines have been purchased.

The ninth grade girls, who are taking Home Economics, are canning peaches, tomatoes, jelly and jam. When they finish canning they will begin preparing food for dinner. First, they will cook meats and vegetables then they will make salads, cookies and cakes. For about two weeks around Christmas the girls will make candy.

## Capt. Hook Presents Alaskan Assembly

Captain Art Hook was given the spotlight for Appleseed's first assembly, September 21, 1949. Showing how to get in and out of a parka brought many laughs along with his fine sense of humor. The parka is made of many kinds of different Alaskan furs made skillfully by the Eskimo women.

After many fine stories of bears, wolves, and other animals, he then told how he obtained the large or as he said "small bear" skin. The hunting of wolverine, the most fierce and vicious animal of the North was rounded out by a display of the skin of the animal.

He then showed a colored movie of his country. A fight between a sperm whale and a killer whale is the only picture in existence of its kind. The killer whale may kill a 25 ton sperm whale by pulling out its tongue. Large and lovely icebergs showed figures and shapes in the ice. Tall and stately totem poles with queer faces made by the Indians were displayed. They told the story of their own individual life.

Vegetables, he said, grow as large as they come. Huge beets, carrots, tomatoes, and cabbage weighing 10 pounds and as large as your head.

He then told of the Alaskan flag which was designed by a 7th grade pupil of the U. S. It is a blue flag with eight white stars on it. The stars are to represent the North Star and The Dipper. A poem was written about Alaska's Flag by Marie Drake.

## Monitors Divided Into Three Groups

The Monitors are off to a good start this year with four boys and two girls as leaders. Their names are Tom Bates and Terry Gettelman for Group I; Lewis Pfister and Mark White for Group II; and Charlotte Calene and Nova Pankow for Group III.

The leaders took charge for the first week while applications from the student body were being received. At the present time the group consists of 40 members.

With the three groups organized, each monitor need only serve one week out of three. They have a special privilege of being able to eat early every day so that they can take part in the noon activities during the two weeks they are not working.

Not everyone can serve in the monitors association and many may have other activities, but it is hoped that the entire student body will assist by abiding by the rules and regulations of the school. The monitors are interested in helping the student body make Johnny Appleseed the kind of a school that everyone can be proud of.

Posterity! You will never know how much it cost the present generation to preserve your freedom. I hope you will make good use of it.

## Band Consists of 48 Members

There are 48 members in the marching band this year. There are five majorettes—Shirley Miller, Jean Craft, Joan Horseman, Nannette Griffith, Barbara Jo Frye, and two head majorettes, Sally Hassinger, and Marlene Remy.

The band and majorettes went on an all day trip to Columbus, Saturday, October 1st to attend the Ohio State-Indiana game. The first appearance of the band will be when they march down the field and play the *Star Spangled Banner* at the Appleseed - Madison game October 19. No performance at the half will be given, but all will remain in their seats and play.

The Appleseed Simpson game will be played on October 26, which is the outstanding performance of the year, for the band.

## Endeavor to Have Gym Suits Uniform

This year the Physical Education Department is endeavoring to standardize the gym suits for the students of Johnny Appleseed and John Simpson Jr. High Schools. The boys will wear a blue gabardine combination swimming and gym pants and a white "T" shirt. The girls will wear navy blue shorts and a white sleeveless blouse.

This program is especially for the boys and girls in the seventh grade. It is *not compulsory* that the boys and girls buy these suits. It is just a recommendation.

## Pioneers Eke Out Victory Over Ashland Eleven 7-6

Coach Paul Snyder's Pioneers, led by Captain Bob Diemer, edged out a 7 to 6 victory over the Ashland Reserves at Stadium Field on September 29. The try for extra point by Mosser of Ashland which was blocked by Ned Diemer proved to be the winning margin.

Appleseed's touchdown came on a 30-yard pass from Witzky to Brandt, and Darce Shasky added the extra point on a plunge from the 2-yard line. Ashland's lone touchdown was the result of a plunge from the 1 foot line by Mosser.

Appleseed looked good on offense, but showed need of more work on pass defense. Appleseed had seven firstdowns to Ashland's three.

Ashland's backfield men, Roseboro and Mosser, were the outstanding players for the visiting team. Witzky and Ned Diemer starred for the Pioneers on offense. Jim Witzky made the longest runs of the day, 34 and 25 yards on end sweeps. On defense Chamberlain, and Ned Diemer performed well to break up plays for loss of yardage. Witzky and Shasky intercepted passes to stop Ashland's offensive threats.

## Scrimmage for Practice

Coach Paul Snyder's Pioneers have traveled out of town for two practice scrimmages to get in shape for the coming season. On one Saturday they traveled to Norwalk, to scrimmage with the sophomores there. Then they traveled to Plymouth, to scrimmage their varsity high school eleven. Both proved very satisfactory. It helped the boys find their mistakes before a regular game had to be played.

## Annual Battle Looms

This year Appleseed will play Simpson Oct. 26, at Arlin Field. In the game the following boys will play on first string for the Bulldogs.

The ends are Tim Miller and Hugh Steele. Playing as tackles are Lanny and Danny Sziraki. Playing as guards are Dave Letizia and Donald Pataky and the center is Bill Means. The backs are Paul Jaynes, Harrison Kline, James Schafer, and Benny Carbetta.

Coach Bob Kennedy said the second string is quite as good as the first. They practice from 3:00 to 5:30 p. m. and will be a tough team to beat.

## Injuries Are Numerous

Last year's record for injuries has not yet been equaled, but the "49" football squad is striving hard to reach that goal. Ned Diemer chipped his front tooth about half way off during the Bellville game. Eddie Vild, a promising halfback candidate, banged his knee up twice to keep him out of action for about two days. Jack Elliot received a broken arm during blocking practice. Most every player got banged up one way or another during the Bellville game.

## Appleseed Victorious In Season Opener 27-0

Johnny Appleseed opened its football season September 17, 1949 by romping to a victory over Bellville High school reserve team 27 to 0. The Pioneers took a 14 to 0 lead in the first quarter and added touchdowns in the second and fourth quarters. The team played a swell game and deserved to win. Some fine running was shown by Ned Diemer who played fullback and Jim Witsky who played quarterback. Darce Shaskey and Butch Brandt did a good job at halfback. Bud Chamberlain and Bob Diemer led the team in some fine defensive play. More than 500 people watched the game. Johnny Appleseed is now coached by Paul Snyder.

Ladies and Gentlemen, the 1949 football season has begun for the Appleseed Pioneers. For the girls who watch the football team every night after school and for all the Pioneers' faithful followers. The Press brings you the latest data on the players' heights, weights, positions, and jersey numbers.

The ninth grade boys are going to have a different captain each game, so every player can act as captain for one game. At the end of the season, they will elect a captain who will receive an award.

So now down to business. The first "bonecrusher" is a flashy

back with a year's veteran experience. Weighing 146 pounds and standing 5 ft., 8½ inches tall, he is a lot of man when he belts a player with a smashing block. Wearing the number 24 and playing left half is the speed demon himself, Darce Shasky.

Right end duties were left to a pass-grabber, Bob Diemer, by his brother Joe. He played last year at right guard. This year he will wear the number 40 over a 5 ft., 9½ inch, 155 pound muscle frame. Johnny Mastrek, 153 pounds heavy and 5 ft., 10 inches tall, wears jersey number 99. Playing

center his name rings through the stadium as Appleseed takes to the field for the all important game of the year with Simpson at Arlin Stadium.

Ned "chip tooth" Diemer will again be pushing someone around or having a fine time carrying the ball for Coach as fullback this year. Last year's center, Ned is an eighth grader weighing 156 and wearing number 41. He stands

## Listen, Girls

Gosh! Here it is the beginning of school and that means that G.A.A. initiation will be here soon. Every homeroom has a representative so let's turn our points into them so that we can get awards at the end of the year.

Isn't the football team just wonderful? They certainly do look sharp in their new uniforms. Let's hope they do as well in all their games as they did in their first one. How about a big cheering section at all the games? It certainly does help.

Leaders, don't forget to bring your whistles and white gym clothes to school. Remember you're getting graded for it.

If you've been wondering why all the girls are talking about their aching backs and legs it's because they've been doing calisthenics in gym. The ninth grade girls have been showing each other new exercises.

## Four Girls Chosen 1949-50 Cheerleaders

The four girls who were chosen cheerleaders are Henrietta Stiles, Reba McFadden, Pauline Walters and of course, Joyanne Herbert, who is head cheerleader.

The thirty girls who tried out are: Marilyn Sholaya, Henrietta Stiles, Ruth Sweet, Reba McFadden, Lois Schaaf, Pat Ohler, Marilyn Kurry, Georgene Birmelin, Nancy Phelps, Shirley Dune, Barbara Huff, Judy Thompson, Barbara Cochran, Elinor Wilson, Rosemary Bunton, Carol Chamberlain, Linda English, Pat Kibler, Barbara Sziraki, Molly Gore, Annette DeWees, Carolyn Jackson, Bertha Workman, Margaret McAfee, Carol Cook, Mary Lou Day, Pauline Walters, Gayle Weltman, Betty Karsmiski, Phyllis McFarland.

## Girls Earn Awards In G.A.A. Activities

To join the G.A.A. a girl must have 100 points handed in to the home room representative by October. Girls receive 5 points a mile for hiking, 5 points an hour for ice skating, 5 points an hour for roller skating, 3 points a mile for bike riding, 5 points an hour for horse back riding, 5 points a game for badminton, 3 points a game for ping pong, 5 points a game for croquet, 25 points for 9 holes for golf, 5 points an hour for sleighriding, 5 points a game for bowling, 10 points an hour for swimming, 5 points a game for basketball, 5 points a game for softball and 5 points a game for volley ball.

A girl who is captain of an all-star team gets 20 points and a member of an all-star team gets 25 points. The winning team receives 30 points, the losing team receives 20 points.

When a member of G.A.A. earns 500 points she receives a numeral.

When she has earned 1,000 points she receives an emblem.

## Athletes of Month

Janet Gerhart, who hails from 114, is the seventh grade athlete of the month. Janet claims that her favorite sport is baseball and her favorite pastime is all the sports. Janet's favorite food is chicken. Janet is planning to join G.A.A.

\* \* \*

The ninth grade athlete of the month is Pauline Walters who reports to room 104. This is Pauline's first year at Appleseed and she thinks it's swell. She claims her favorite sport is baseball and her favorite pastime is reading. Pauline likes all foods. She belongs to G.A.A., Lumbermen's softball team, and is a cheerleader.

Upon earning 1500 points she receives an Appleseed A and upon completion of 2,000 points she is awarded a pin.

well above his classmates with 5 ft., 11 inches.

Weighing 147 pounds and standing 5 ft., 7 inches tall is Bud Chamberlain, a speedy eighth grader at right guard. 32 is the number he will wear in all Appleseed games.

Jack McBride, the first string center, is a large man to have on the forward wall of any team. 76 is a number opponents will see in their backfield very, very often. With 160 pounds to tackle a player and 5 ft., 9 inches to back up the line, Jack is pretty well in the fight.

Another great quarterback in the history of Appleseed is Jim Witzsky. Also halfback Butch Brandt will make things rough for opponents. Jim weighs 150 pounds and Butch has 130 pounds to hit the line with. 5 foot Butch may be the smallest man but he is the most alert and quick to go. Witzsky makes his passes start high with his 5 ft., 10 inch frame. He wears number 33 while Brandt boasts the number 22.

Jerry Howell—now there's a name with a meaning to Coach Snyder. Playing quarterback and halfback, he is a real gem to the team. Weighing 110 pounds and standing 5 ft., 5 inches tall, Jerry is the best dressed one of the players. He throws number 77 jersey

into a lot of players during a game. Because of his power he plays defense a lot.

At left end is an evenly matched scramble to see who will be the first string man. Both Bruce Bushell and Ronnie Nail are lifting their hopes high. 150 pounds apiece and a 6 foot, 1 inch build is about as close as they come. Nail wears jersey number 37 while Bushell wears number 34.

When Ernie Anderson stepped into an Appleseed uniform, Appleseed had no more worries about the right tackle hole in the line. Traffic stopped completely at that point for there stood big boy Ernie's 5 foot, 9½ inch, 180 pound body.

Johny Perry, this year as last, will play at left tackle. Johny weighs 147 pounds and is 5 feet, 1 inch tall. A maroon streak can be followed but not caught in the way we think of him.

Richard Bricker is 5 feet, 7 inches tall and wears number 63 over his square shoulders.

Richard Yoakam is also 5 feet, 4 inches tall and weighs 115 pounds and wears number 22.

Paul Birmelin, playing fullback, is a replacement for Ned Diemer

but a good one to have for the job. He is a ninth grader and a 5 foot, 8½ inch, 128 pound horizon for the great sport football. George Reece and Dick Dove push and tackle for the left guard position. Dick is the heavy weighing 150 while George weighs 137. Dick, too, has the height with 5 ft., 9 inches over Reece's 5 ft., 8 in. Reece, No. 39, and Dove, No. 35, will both see action this year.

Don Ritter is a right tackle this year. A ninth grader, he is 5 ft., 10½ inches tall and weighs 130 pounds. 37 is a large number on his back.

The managers this year are Don Shoemaker, room 212, Tom Banks, 105, and Raymond Wallace, 104. All three will take care of Appleseed's valuable players this year by wrapping ankles, watching the footballs and helping Coach Snyder.

Jim Castleberry, who reports to home room 217, is another interesting prospect on the team. Jim stands 5 ft., 10 inches and weighs 145 pounds. He is a first year letter-man and plays right end. His jersey number is 25. Although he has never played before, he can hold down the job.

She lives at 490½ Park Avenue West. Her hobbies are music and reading. She thinks Appleseed is a very interesting school, but, she hasn't had time to form many opinions yet.

Mr. Paul Snyder, former coach at Mansfield Senior High School, has taken the place of our former coach, Jimmy Lymper. He lives at 1547 Wooster Road, with his wife, two daughters, and one son.

Mr. Snyder attended Wooster College and Columbia University. He said he likes Appleseed very much. Mr. Snyder also manages Liberty Park Pool during the summer.

## Tax Payers Asked To Vote Favorably

Taxpayers in Mansfield will be asked to vote favorably on extending the three mill levy in the forthcoming election November 8.

The amount of money received annually from this levy, which has been in effect for the past twenty-five years, is \$240,000, without which the Mansfield schools could not operate adequately.

Citizens of Mansfield, when called upon in the past, have not failed to vote this levy favorably,

thus insuring an adequate school program in Mansfield.
