Lois Walker Is Appleseed Queen

Lois Walker was chosen as Appleseed's queen this year to reign at the Appleseed-Simpson football game October 21, along with her six attendants.

Attendants to the queen are Nancy Beal, Judy Long, Linda Hattman, Carol Goodman, Linda Hamblin and Pat Driscoll.

The queen and her attendants, all ninth graders, were elected at the annual student election this fall.

Lois is 5 feet 3½ inches, has brown hair and hazel eyes. She attended grade school at Prospect and no wreports to home room 102. Her hobby is talking on the telephone an dher pastime is Jack. Lois states her favorite subject as Social Science and her favorite sport is football. She prefers the color of red and likes to wear sweaters and skirts and eat steak and french fries.

Queen attendant, Nancy Beal is from home room 107 and says her pastime is talking on the telephone and her hobby is Dave. Nancy likes Gym as a subject and swimming as a sport. Her favorite color is blue and she attended Carpenter grade school.

Judy Long reports to home room 211 and states her hobby as boys. Her pastime is extended conversations via the telephone and she likes the color of green. Glee Club is her favorite subject and she enjoys swimming for a sport. Judy also attended grade school at Carpenter.

Linda Hattman reports to home room 214 and says her pastime is going to showse and her hobby is Joe. She likes swimming for a sport and her favorite subject is Glee Club. Her favorite color is blue and she attended Brinkerhoff grade school.

Carol Goodman is from homeroom 213 and states her hobby as boys and her pastime is going to shows. Carol is partial to aqua and likes to play tennis. Her favorite subjects are English and Gym and she attended Roseland during her grade school years.

Linda Hamblin reports to 212 homeroom and states her hobby is talking on the telephone and her pastime is shows. She likes Algebra as a subject and football as a sport. Her favorite color is blue and her grade school alma mater is Prospect.

Pat Driscoll reports to 106 home room and likes to talk on the telephone for passing the time. She says her hobby is boys and her favorite sport is swimming. She likes her French and English classes and is partial to light blue. Pat attended Prospect grade school.

Collect Tax Stamps By Various Methods

Sales tax stamps are to be collected in a variety of ways this year. "Instead of having all big contests," Miss Wheeler explained, "student council will have dances, some small contests, and one big contest."

A sales tax stamp dance was held in the gym, October 8. To go into the dance, the people had to bring 10 cents worth of sales tax stamps. The big contest is from November 2 to November 20. Between these activities Student Council hopes to get a large sum.

Appleseed Queen and Attendants

Left to Right—Judy Long, Linda Hamblin, Pat Driscoll, Lois Walker, Queen, Carol Goodman, Linda Hattman, and Nancy Beal.

Press Chiefs Are Eberly, Kocheiser

Jan Eberly and Charles Kocheiser will lead the editorial and business staffs, respectively, for the coming year.

Marlene Beck will assist Jan Eberly as assistant editor and Charles Edmund will assist Charles Kocheiser on the business staff.

The business staff has not chosen the rest of the staff as of now.

The editorial staff has chosen: Darlene Heston, as feature editor, Cynthia Bell, society editor, Margaret Tappan, girls sports editor, Jo Ann Berky, as boys sports editor and Cheryl Martin, art editor.

The advisor for the business staff is Mr. J. J. Thoms. Mr. Frank J. Pival is the advisor for the editorial staff. Miss Murial Voll will advise over the typists.

R. Y. Davis Is Second Man

Mr. R. Y. Davis, former home room teacher in 212, is now the assistant principal of Johnny Appleseed Junior High School.

Mr. Davis has been teaching school for twenty-seven years. He taught twenty-one years in Mansfield and a few years in Galion.

Mr. Davis has taught grades from one to eleven and is now the service crew director at Appleseed.

The main job of Mr. Davis is to keep the schedules straight, take care of the attendance records, and school discipline.

Mr. Davis resides at 219 Oakwood Drive.

Gougoutas Elected To Head Orchestra

On September 23, the Johnny Appleseed Orchestra held election of officers. The following students were elected:

President, Jack Gougoutas; Vice President, Georgia Hart; Secretary-Treasurer, Lowell Kline; Head Librarian, Carol Neal.

The orchestra is under the direction of Charles R. Sickafus. At present there are 62 members in the Orchestra. The Orchestra meets fourth period every day in room 107.

Glee Clubs Elect Officers for 53-54

The eighth and ninth grade Glee Clubs of Johnny Appleseed have chosen their officers for this year.

The officers elected in the ninth grade Girl's Glee Club are as follows: President, Carol Goodman; attendance secretaries, Pat Driscoll, Georgia Hart and Darlene Heston; librarians, Helen Bastings, Karen Devers, and Betty Coder.

Those chosen in the ninth grade Boy's Glee Club are president, Jack Ward; vice president, David Shook; secretary, Joe Wharton, librarian, Don Maxwell.

In the eighth grade Girl's Glee Club president in the first Glee Club is Margaret Pittinger; attendance secretary Judy Gregg; librarians are Anne Lusignan, Anna Jo Taylor.

In the second Girl's Glee Club the president is Sally Hout; attendance secretaries, Dianne Schiska, Marcia Spreng and Sharon Bowers; Librarians, Mary Anne Hampton and Dale Cleckler.

Those chosen in the eighth grade Boy's Glee Club are president, Dennis Williams; secretaries are David Kibler, Emil Stephen; librarian, Harry Sweet, Dave Meister. In the second Boy's Glee Club are president, Donald Phipps; secretaries, Craig Parkhill, Robert Eickhoff; librarian, Russel Freel.

Boost Price of Activity Stamps

Activity Stamps this year have been raised in price to fifteen cents. They will be sold in the homerooms every Tuesday morning.

According to Mr. E. W. Kissel, principal, there are many reasons why the Stamps have been raised. Cost of things like films, paper, assembly programs, locks, towels, gym equipment, etc., have gone up. Some of these items have even been doubled in price.

The stamps can be used in many different ways as for admission to football and basketball games, assemblies in auditorium, etc. They are five dollars per year and two dollars and fifty cents for a half year.

This year there are only thirty five stamps instead of thirty six. The book is aqua and the stamps are blue.

E. W. Kissel is New Appleseed Principal

E. W. KISSEL

Mr. Edward Kissel, veteran of 30 years in the school system, this year replaced Mr. George Harmony as principal of Johnny Appleseed Junior High.

Mr. Kissel has been a principal for 29 out of 30 years in Mansfield. After teaching one year at a country school, he became principal at Bushnell and West Fifth for two years, Newman for seven years and Prospect for five years. For 14 years prior to coming to Appleseed, Mr. Kissel was principal at Creveling elementary school.

Mr. Kissel graduated from Mansfield High School, holds a Bachelor of Education from Ashland College, a Masters Degree from Ohio State and has also done some past graduate work at State. He likes all sports especially ice skating. Mr. Kissel enjoys traveling and has been over much of central and eastern United States. Mr. and Mrs. Kissel reside at 1955 Lexington Road.

Band Marches In Sesqui Parade

More than 10,000 persons crowded Park Avenue West to witness the colorful Sesquicentennial parade on September 20. More than forty-five groups including Johnny Appleseed band, entered floats or marching units from Richland County.

There were scenes of early Ohio, with authentic costumes. The early automobiles stood in sharp contrast beside the sleek modern models.

Bands from Senior High, Madison High School, John Simpson and Johnny Appleseed High Schools provided music for the parade.

The parade moved westward to South Park, where the county's oldest resident was introduced along with Ohio's Sesquicentennial Queen, Miss Janet Bailey.

John Bell, former assistant principal at Johnny Appleseed, parade chairman, said the parade's success was due to the four and one-half month's planning, working and cooperation of many people.

This was the first public appearance of the year for the Appleseed Band.

Appleseed Teacher Wins Trophy In Ohio Muzzle Loading Rifle Matches

Mr. Ensil McNabb, Johnny Appleseed teacher, won the Ohio State Muzzle Loading and Rifle Association Contest by having the highest grand aggregate in this event. The contest took place near Grove City, Ohio on September 26-27.

The Ohio Sesquicentennial Commission sponsored this shooting match as a part of Ohio's observance of its one hundred and fiftieth anniversary.

A Sesquicentennial trophy to commemorate this event was given to Mr. McNabb.

The type of rifles that were used in this contest had been used to clear Ohio's wilderness 150 years ago.

Mr. McNabb first became interested in these rifles when he was only twelve years old. His father took him to a public sale and allowed him to buy one there for fifty cents.

Mr. McNabb now owns five of these rifles.

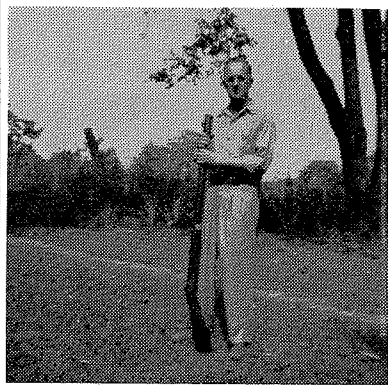

Board Again Asks Vote on Bond Issue

In November the voters of the city of Mansfield will go to the poles to vote on a \$4,400,000.00 school bond issue.

The purpose for this bond issue election is the need for more schools and additions to former schools to house the children of Mansfield.

The bond issue has been put on ballot by the Board of Education for November 3.

The plans include four new elementary schools, one in the southwest, west, north, and northwest sections. Additions will be added to Newman Street and Hedges schools. There will be a new junior high school in the north section. A warehouse and shop will be built for the repairing and storing of furniture and equipment. The total cost for the buildings is \$4,050,000.00, \$250,000.00 for real estate, and \$100,000.00 for furniture and equipment. The total is a grand sum of \$4,400,000.00. The bonds will add to property taxes 2.22 mills.

Home Room 107

Nancy Beal is a queen attendant from 107. In the class election Tinker Tappan was elected president, Nancy Beal, vice president; Kay Brund, secretary; Kay Ackerman, treasurer. Miss Loesch is home room teacher.

"MY FIRST DAY AT APPLESEED"

My first day at Applseed was frightening although very exciting. Everything seemed so big compared to the miniature grade schools. There seemed to be so many children outside and in the halls. Everybody kept jabbing and pushing me with their pencils and notebooks. Things went by with a rush and blurr. When I got to my home room (which I had a very hard time in finding) the teacher helped me very much by telling us where our many rooms were. But when it came time for getting our locks and lockers, it became a different story. I could not work our new lock. When we did get it open we were very much relieved. When I went to my next class I found that the teacher there was also very helpful. Then I found I was very lucky because all my teachers were very nice. At the end of the day I was very tired. That first day at Johnny Appleseed Junior High School will be a very memorable one throughout the rest of my years.

By Mary Lou Getz, 7B-3.

On my first day at Appleseed I walked to my buddy's house and from there we went to school. When we got half way there the ninth grade boys gave us a beauty treatment, and I got the rest of it at school which I did not like. When I got in the school I found my home room and was given a schedule by Mr. Seibert. Most of the teachers were nice.

When we got out I got nail polish in my hair and when I was half way home I got shoe polish on my legs, face, neck, and ears. When I got home my mother and I had a terrible time getting it off.

That is what happened to me on my first day at Appleseed. Part of it was good and part of it was bad, what ever it was, it was the first day.

By Richard Uhde, 7B-13.

The first thing I got at Johnny Appleseed was a new coat of cheese, lipstick, paint, shoepolish, honey, and etc.

Then we went inside to home room. The teachers told us who they were. First came English, then two study halls, Math, Geography, two more study halls. We went back to home room and then started home, some honey, more lipstick, and add some more cheese.

By Tom Siegenthaler, 7B-9.

I'll always remember my first day at Appleseed. When the bell rang there was confusion and everybody in the seventh grade was looking for his new room. My room, 202-A, is at the top of the stairs. My teacher is Mrs. Miller and she is very nice. She told us all our subjects and rooms.

I have met two girls so far and one is my locker partner, Carol.

You should have seen the seventh grade boys, all colored with everything from lipstick and shoe polish to honey and glue. They really did look terrible.

We made out our schedules and our class went to 10 minute periods to find out our teachers and rooms. It will be very much different from grade school.

By Joan Isaly, 7B-9.

A week before school started I kept wondering what Johnny Appleseed would be like. I was worried about the initiation.

Finally the day came. I could hardly wait to get to school. I got on the bus hoping their would do no ninth graders on it, luckily their weren't any. When we got to school the ninth graders were wanting to initiate me. I got off the bus and they put shoepolish in my ears and covered my face with lipstick.

The bell rang and I went into the building. I asked a teacher which way to 205-B. She said upstairs to your right. I found my room and found my seat. Then I got acquainted with my teacher, Mrs. Simpson.

The bell rang for us to change classes. I thought I'd get mived up, luckily I didn't. I was glad when the day was over because I wanted to wash the lipstick and shoepolish off me. I got on the bus and on my way home I kept thinking I sure was glad we didn't get initiated every year.

By James Basting, 7B-12.

On September 9, 1953, just before the bell rang we stood outside and watched the boys get initiated. Coming into the school I was pushed right along with the crowd. After we stopped I was standing by the stairs and two or three big boys rushed up the stairs and tore a little hole in my jacket. Then the bell rang and we got to go to our rooms. After getting seated we filled out our schedule cards.

I think I wrote my name more times the first day of school then ever before. Later I found out that our room was divided into two rooms. The girls on one side and the boys on the other.

After everything was all taken care of we went to meet our teachers. After meeting the teachers and getting to know hhe kids I hink I will like Johnny Appleseed.

By Sondra Burge, 7B-13.

I was lost! The first day of school had always been fun for me until this year. It was easy to find my teacher in my old school. Things are very different at Appleseed.

A friendly teacher had to help me find my home room for I was lost amidst so many new faces, tall ceilings, long halls and so many rooms to choose from. After finding a seat I looked around for a familiar face—there were just a few—all boys—but they surely looked good to me.

We made out our schedules, got our books, and went to each of our classes.

The highlight of the day was the seventh grade boys initiation. I expected them to be a mess but

not as messy as they were.

I hadn't found the cafeteria so I expected to be lost again the next day.

By Zoeona Shrader, 7B-6.

The day started all wrong. Some boys who lived on the same street that I did came to my door and got me. On the way to catch the bus, they put shoe polish on my face, and arms, and hands. I wonder if Appleseed thought I was an Indian in war paint.

My first day at Appleseed was disgusting. We went to math, we signed our name to a sheet of paper. We went to geography, signed our name. We went to study hall and signed our name. We went to English, literature, and spelling. Everywhere we went we signed our name.

Wednesday and Thursday I never got lost because I followed my group, but on Friday I did. We boys went to shop. We voted to see what we would like to make. Then Mr. Fry showed us some things that we would be working with this year.

I think I am going to like it here at Appleseed.

By Joel Bond, 7B-6.

The first day wasn't too bad. Even the initiation wasn't bad. The ninth graders came up to and said, "Hold still or your pants will go up the flag pole."

Suddenly the bell rang, and as

Coen Elected Service Crew Prexy

Robert Coen was elected captain of the service crew for the 1953-54 year.

The boys in the service crew are required to have a "B" average or better in their major subjects.

Mr. Robert Y. Davis, our assistant principal, is the advisor of the service crew.

The members of the service crew are: Dave Bourns, Tom Riester, Ronald Stahl, Otis Cummins, Dave Brunner, Joe Houston, Dave Kafer, Bill Barker, Steve Clemens, Jerry Miller, Warren Zediker, and Dave Black.

The duties of the seervice crew are taking care of the movies, school dances and helping with the assemblies. Members are available each period of the day to set up and operate the various pieces of equipment which teachers might want to use in connection with their instruction.

See Assembly On Fire Prevention

Mr. Edward Knoop and Mr. James Achatz held an assembly on October 8 at Johnny Appleseed Jr. High School about fire and how it starts.

They had several demonstrations as to how fires start and how to put them out.

Mr. Knoop and Mr. Achatz said they had been touring the schools for three years now. They only go to the schools in Ohio. Mr. Knoop said they have lectured to about 52,000 children and adults.

They have put on shows at Ohio Wesleyan, and the Cincinnati Safety Congress as well as in the high schools.

Their work is sponsored by Pacific National Fire Insurance Company.

Walker Heads Student Council

Lois Walker is the president of the Student Council for the 1953-54 year. Other officers are Linda Hamblin, vice president; Kay Metzger, secretary; and Joe Wharton, treasurer.

Last year the meetings were held at noon. This year the members have seventh period study hall on Monday, Tuesday, and Wednesday set aside for the meetings.

The Student Council will no longer support George Dimitriadis, a Greek orphan. He is now old enough to go to work and support himself. The Council plans to do other charity work.

There was a noon dance sponsored by the Student Council on Thursday, October 8, 1953. The price of admission was ten cents worth of tax stamps.

Repaint School During Summer

During the early spring a complete painting job of class rooms, hall, and stairway at Johnny Appleseed, was done by the Board of Education under the direction of Mr. Glen Robinson.

The woodwork in the class rooms was sanded, and refinished; the painting was done in green and brown. Mr. Dewey, Johnny Appleseed janitor, painted all the stairways.

Next year the Board of Education is planning to refinish the gym floor.

The students of Johnny Appleseed appreciate the efforts of the Board of Education for making such repairs possible.

8th Graders Take Intelligence Test

On October 6 and 7, Mr. Glenn Rohleder, former principal of Mansfield Senior High School, gave the Appleseed eighth grade the California Mental Maturity test.

This intelligence test is given once a year to the 4th, 6th, 8th, and 10th grade pupils.

Over 400 Appleseed students were given the test this year. Some 7th and 9th grade students who had either missed last year or transferred here from other schools also were given the exam.

The grading is the interesting feature of the test. It is done by machines. Special pencils are furnished to the pupils. As the cards go through a tabulating machine it scores the correct answers.

Home Room 203

John Dune has been elected president of room 203 for the 1953-54 school year. Marcia Spreng was chosen as vice-president. Joe Houston and Warren Zediker were elected secretary and treasurer. Mr. Collier is the home room teacher.

Magrum Makes Mit Magic Monkeyshine

On Oct. 1, Appleseed students and faculty were entertained by Thomas Magrum, master of magic.

Mr. Magrum did such acts as pulling beautiful colored scarfs out of an empty box, making a cane disappear, pouring over a quart of water out of a small container, and many other interesting acts.

He kept the audience roaring with his humorous situations.

Roger Bammerlin and Chuck Benson were asked up to assist in the magic. Mr. Magrum gave them scarfs to hold, but for some odd reason the scarfs must have given them shocks or bitten them, because they dropped them right away. The Master of Magic pumped milk out of Roger's arm, and every time the boys would sit down on chairs they would get shocks. He was playing tricks on them every minute.

Hallowe'en Dates Back to Ancient Celts

All over the United States on the last day of October, children celebrate Hallowe'en.

Many still don't, and probably never will, know the true meaning of Hallowe'en, so here it is:

Once upon a time many, many, years ago there lived a people named Celts in the land which is now Great Britain. The Celts are what we call pagan. As for those who do not know what pagans are they should not be allowed to celebrate Hallowe'en.

A very important Celtic festival was Samhain which meant "Summer's End." It was held on the last day of October. When the Roman people invaded Britain and introduced Christianity, this holiday became known as Hallowe'en.

On the eve of Samhain, bonfires were lit on high hills and the people solemnly rekindled the

hearth fires of their homes. Then the people would madly race down the hill for it was the belief that the devil would get the last one down.

Hallowe'en originated in ancient Rome where on the first day of November people prayed for the martyrs who had died for some noble cause of religion or country. It was a time set apart to pray for the dead. Probably that is one way the superstition arose about spirits and ghosts which are always linked with the name Hallowe'en.

In the north of England this holiday was known as Hallowe'en Nutcracker Night and in some places it is known as Snap Apple Night.

Hallowe'en today is celebrated . . . Well everyone knows about that.

Principal's Message

Another school year has started and what you do day by day finally adds up to the total of your achievement for the year. If you put forth your best efforts on the tasks at hand you will be rewarded by success.

During this brief period of time that I have been at Appleseed I have been impressed by the orderliness and politeness of our student body. Students seem anxious that Johnny Appleseed Junior High may establish a reputation of good citizenship in our community and in the city of Mansfield.

The cooperative spirit that has been shown by students, teachers and parents will greatly enhance the success of the school, as well as, make my stay at Appleseed an enjoyable experience. I sincerely trust that the days and weeks ahead will be pleasant and profitable for all.

Mr. E. W. Kissel.

Supt's Message

The opening of school each year brings to all of us the thrills and pleasures of a new adventure. A venture into another year of life with the aspiration that this is to be the best year yet, and always the hope that the impending experiences will bring the answers to many of our dreams and aspirations. Of course, the answers don't always come that easily, but there does come the strengthening of body, mind and soul through which we ourselves find the answers.

What you learn each year becomes a part of you and exerts a tremendous influence on your life. But more important than what you learn is how you learn it and the effect of this learning on your way of life. Of what use is it that you learn that two times two is four, if in your living you insist that two times two is six. Of what use is it that you learn that honesty is the best policy if you are dishonest in the use of your own time and talents as well as that of your friends and associates. In other words, many of the things you learn can be of use to you only if you devote them to their intended use.

What I am trying to tell you is that the most important thing you can develop in life is your character. A successful life is not gauged in dollars and cents but in the sterling elements which you have built into your character. Each day's work can add or subtract from these elements which constitute your character's bank account.

I can only wish for each of you that during this school year you obtain the most, retain the best and attain the heights in your own self development.

Sincerely,
W. L. Miller Superintendent

Enrollment Goes Up, Up, UP!

Another school year has begun and the enrollment has soared to a new all time record. Every nook and corner of the school is filled with pupils not only here at Appleseed but in all the schools in Mansfield as well. The building of new schools and additional classrooms to old schools is not keeping up with the ever increasing child population of Mansfield.

Appleseed has been lucky enough to be able to accomodate all the pupils who have enrolled this year, but other elementary schools that have been less fortunate have put children on half sessions.

The school bond issue which failed this spring is being placed on the ballot again this fall in hopes that more people will realize the serious condition in our schools today. Some people may feel that everything was taken care of this year, but what about next year and the years to follow:

Do You Ride A Bike?

If you ride your bike to school, be sure to have a lock on it. That doesn't mean that everybody in Johnny Appleseed is stealing bikes without locks, it is just a certain few that can't be trusted.

There are some other things that should be remembered by bike owners. For instance riding double is very dangerous. The people riding do not have very good control of the bike and many accidents happen.

It is presumed that everybody that has a bike has a liscense. It always helps to find your bike if it has been stolen. Another rule is to keep at the side of the road and not in the middle of the street, also facing traffic. Be sure to signal before you turn, as it always precautions the driver. If you ride at night be sure to have lights on the front and the back of your bike and it always helps if you wear something white. When a sign says STOP that is put there for you and not the other guy. There is also a sidewalk put there for people to walk and not for kids to ride bikes. They built the street for cars and moving vechiles so let's use it and be careful.

The Fable of the Four Fountains

If someone is dying of thirst they had better not try to get a drink of water between classes at Appleseed.

There are two drinking fountains on the first floor and two on the second, and when over one thousand people are standing in line we're afraid you just don't have a chance. Especially during the warm months you have to be a real "Flash Gordon" to get within a mile of the fountain.

Some students are brave enough to ask their teachers to get a drink, and when they go and word gets around, the line is just as bad as it was before. Appleseed either needs less thirsty people or more drinking fountains.

Becky's Best

By Becky

Well, it's back to school again, with noisy study halls, lost 7th graders, boys walking girls to classes, messy lockers, and last but not least—homework.

The 9th graders welcome all the 7th graders that are having a tough time. We also hope the new teachers, are not having too much trouble making out reports.

School brings the waiting for Friday to end a week. Then there are vacations to look forward to.

But there is also another side to look at. See the same bunch of friends you haven't seen all summer, and the meeting of new friends. The dances and parties with all their jokes and laughter. All the clubs you can join, after your homework is finished. After all, you wouldn't want to sit around the house all the time. You would get bored.

The week flies past so quickly that you are hardly able to turn around. When some warm afternoon comes and you're beating your brains out, remember you wouldn't want to be at home twiddling your thumbs. So when Monday morning arrives get up and put on a smile ready to challenge the world. Welcome school. It is and will always be here in September.

Just Plain Gossip

We wonder why "Boots" Shoemaker likes coming to school!?! (Would the boys have anything to do with it?)

Why did Judy Crum leave out a shreik in Staff when she saw in a 1942 edition of the Press, a picture of Bud, her brother? Could it be he was leading a long line of girl cheerleaders?

Would anyone know why Mr. Killel called Mr. LaRue a plutocrat? (Could it be you wanted to show you had two pairs of shoes, Mr. LaRue???)

What's the reason for all the ninth grade hayrides?

Roving Reporter

The Roving Reporter asked the students in the halls, and study halls this question: What is the name of the flag under the flag of the United States on our flag pole? Here are some of the students' intelligent answers.

Tink Tappan—I never saw any second flag.

Peg Weir—I didn't even know there was a second flag.

Joyce Crichfield—I'll be darned if I know.

Marcia Spreng—What the heck are you talking about?

Judy Long—Gee, I don't know!

Kinny Ackerman—Cripe, I don't know.

Sandra Metcalf—There is only one flag.

Diane Stickrod—I don't know.

Bob Morris—The Ohio State flag.

Jack Ward—There isn't even one flag on the flag pole.

Earl Roth—I don't know.

10 YEARS AGO

Appleseed was presented a gavel from a original Johnny Appleseed tree. It can now be seen in the showcase in the gym.

The new teachers who joined the faculty in '43 are Mrs. Raymond Dent, Miss Alice Kirkwood (Mrs. Hostetler), Miss Elaine Grahl (Mrs. McClellan), Mr. William Lantz, and Mr. Ensil McNabb.

The enrollment was 701 people in the seventh grade and 231 in the ninth grade.

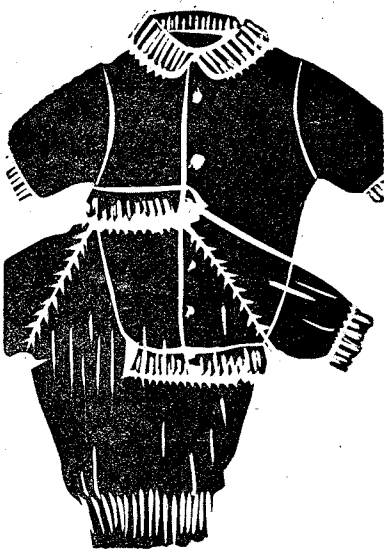

During the summer the Public Library purchased 196 books for for our library.

Miss Virginia Stark, the art teacher, who had been ill, was improving.

The cafeteria was serving an all time high of 475 to 500 lunches a day.

FASHION FORTUNE

By CYNTHIA BELL

Well, here it is fall again and everybody has new clothes. Have you noticed them? Sure you have, since they're so sharp.

The clothes have not changed too much, but some of the kids have. Most of the clothes so far have been skirts, sweaters, belts, scarves, blouses, loafers, saddles and etc. Most of the skirts are fitted, and if not, then full. The sweaters are plain slipover but a few have angora trimming. Wide belts are back in style along with saddles. A long sleeved blouse of cotton flannel, that might look like your dad's shirt, looks very sharp. Especially with French cuffs and a button down collar. That kind of a blouse looks sharp and neat for school and is perfect for a hayride.

For the football games and hayrides they are wearing side liners, (jackets), levies, or slacks. The slacks are either a plaid or a check.

The hair style is short. Ducks or the Italian Style is the most popular.

I am happy to tell you the fashions so, until next issue, Cynthia

Six Girls Lead Cheers at Games

Six cheerleaders will spur the crowd enthusiasm for all the Appleseed games this year. The cheerleaders are as follows, ninth grade, Cynthia Bell, Sandra Dunn; eighth grade, Sondra Ambaugh and Penny Milligan; seventh grade, Pat Mengert, Carol Brubaker. The cheerleaders were chosen by the new gym teachers. New uniforms will be bought this year by the cheerleaders. The uniforms will be the school colors, which are maroon and gold. The skirts are very full maroon corduroy. They will wear yellow, (since they could not find gold), four inch zipper down the front pep skirts. On the zipper they will have maroon tassels. Also loafers and bobbie socks. The cuff of the socks will be angora. The two head cheerleaders are Cynthia Bell and Sandra Dunn. Wonder how Cynthia Bell always gets to be with Dick Davis on certain Monday nights??

Art Staff Grows To Three Teachers

The art staff at Johnny Appleseed Junior High has this year been enlarged to three teachers. Mrs. Dan Haber has this year joined the faculty after nine years in the Mansfield school system. Mrs. Haber taught art at Bowman elementary school for several years and has also done substituting at John Simpson and Appleseed. She has one section of 7th grade English and six sections of 7th grade art. Miss Helen Herring and Miss Virginia Stark are both teaching all three grades of art. The seventh grades, as in previous years, are drawing characters derived from fruits or vegetables with colored chalk. They are striving to improve the proportions, lights, and shadows. The eighth grades are bringing in different kinds of leaves, and are drawing them with art pencils. They are concentrating mostly on shadows. The ninth grades are, at the request of Mr. Sickafus, band and orchestra director, drawing posters illustrating proper and improper methods of dress, posture, etc. Some of the ninth graders are also drawing with colored pencil different types of flowers.

Gym Sites

New teachers trying to teach girls to play basketball. Miss Hill getting her definitions of a yellow bib mixed up. (it's called a pinney, Miss Hill). Girls praising themselves when they get baskets. Boys peeking around the corners laughing at the girls. (just because you're pro's) Gym teachers telling the freshmen girls to "Keep their mouths shut." (Grum and Heston). Ninth grade boys missing nice quiet (?) study halls to be leaders in the gym.

Tink's Topics

Hi kids,
Let's have a look at what has been going on in the girls' gym classes these first few weeks of school. Basketball seems to be the only activity, although we haven't proceeded much farther than just practicing the fundamentals of the game. During the first few classes the girls learned a type of volley ball which was new to most of them. The object of the game is to hit the ball back over the net on the first bounce instead of directly back as in regular volley ball. Two new girls joined the cheerleaders this year. They are Pat Mengert and Carol Brubaker, both seventh graders. The G.A.A. officers chosen for this year are as followse: President, Linda Hamblin; Vice President, Jody Berkey; Secretary, Sandra Dunn; and Treasurer, Marilyn Powell. Cynthia Bell and Nancy Beal act as the two recorders. These girls were chosen by Mrs. Fritz with the help of last year's officers. Miss Hill and Miss Winget the girls' Physical Education teachers were added to the school staff just this year. I am sure we all want to welcome them and hope they enjoy teaching at Johnny Appleseed. See you next issue.

Ashland Falls To Appleseed, 33-0

Johnny Appleseed romped over the Ashland High reserve squad 33-0 at Arlin Field on September 30.

Halfback Dave Guiher ran 105 yards to return the opening kickoff, for the first touchdown. He trotted the last 35 yards of the longest TD run in the six year history of the Mansfield grid plant.

Guiher scored the second touchdown of the first canto from the six and then ran 33 yards for his third score. He had a 25 yard scoring dash called back because of a clipping penalty.

Jim Hardy ran three yards and Gordie Goettle ran from the 11 to complete the scoring.

Teachers Speak At First Assembly

Miss Margaret Wheeler, Mr. Harry Hostetler and Mr. Edward Kissel gave talks on manners, courtesy, and politeness at Johnny Appleseed's first group assembly on September 22.

The program was opened by Mr. Kissel saying a few words about walking on the sidewalk instead of the grass. He also said that he would be with our students one hundred percent if they would help him and the teachers.

He asked them to respect other peoples property, not to trespass on land that is not theirs, and to only have property that belongs to them in their possession.

He then called on Miss Wheeler. She talked on courtesy and politeness to others.

She asked that students do not throw candy and gum wrappers on the auditorium floor.

Then Mr. Kissel called on Mr. Hostetler. He talked about the reputation of the school. He said it has been good in the past and could be good in the future.

He implied that some of the studentse have tried to take advantage of the new teachers. He asked that they give them a chance to prove themselves all right.

Then a short movie was presented on how to show respect, be friendly, and be polite to each other.

113 News

David Robinson was elected president; Carol Deschner, vice-president; and John Forrest, treasurer for 113's class officers this year.

Nancy Ushel represents 113 for the Red Cross. Hugh McGinty is the Student Council representative. Mrs. Weaver is the home room teacher.

Set Up Program For Home Ec Groups

Johnny Appleseed Home Economics classes are in for an exciting year, according to Miss Hopkins and Miss Tucker, Home Economics teachers.

The ninth grade classes have already participated in a demonstration of electric cooking by Miss Carpenter of the Ohio Edison and have also attended the Westinghouse and Mansfield News-Journal sponsored cooking school at the Ohio Theater.

In discussing the program for the remainder of the year, both Miss Hopkins and Miss Tucker outline an interesting program of events for each the seventh, eighth, and ninth grade classes.

Activity outlined for the ninth grade classes are canning of fruits and vegetables. The proper preparations of jellies will also be discussed.

Eighth grade classes, Miss Hopkins explained, will devote their time to sewing. They will cut and sew aprons and hem towels.

The seventh grade classes will study elementary home economics from next text books, purchased this year. These new books, Miss Hopkins and Miss Tucker said, are the latest books available in this field.

Chili Supper

A chili supper was given by Barbara Baker, September 25 before the Mansfield-Cleveland East football game.

Chili, hot dogs, and potato chips were served. Those who attended were: Claudette Inscore, Bill Hoff-

Dedicate New Appleseed Marker

On September 26, over 200 Mansfielders attended the re-dedication of the Johnny Appleseed Memorial at South Park.

Eight girls chosen from the Johnny Appleseed ninth grade glee club participated by singing "The Lord Is Good To Me" and "The Apple Picken' Song." The girls, led by Mr. Derr, were as follows: Sandra Dunn, Elaine Grosskopf, Carol Neal, Barb Jones, Betsy Salsbury, Pat Driscoll, Shirlene Donley, and Joann Crouse.

Miss Florence E. Wheeler added to the events of the afternoon by transferring a handful of soil from Chapman's birth place to the soil surrounding the monument.

The Boy and Girl Scouts and the Y. M. C. A. joined the highlights by entertaining the spectators with legendary Indians Traditions.

The program was sponsored by the Richland County Historical Society.

Just Plain Gossip

Appleseed Press! Wonder how she got is?—So do the members of the Press!

These are the new nicknames this year, Buff, Cookie, Burpie, Skipper, Boots, Bird, Tummy, Crummy, Stinker, and Fatty-Patty! (can you guess their real names?)

The students of Appleseed welcome and are real thrilled to have the new ninth grade boys. Especially the two OLD ninth grade girls, Darlene Heston and Linda Hattman.

The boys that had to stay in detention hall had a harder job than they expected! (Good thing they knew how to fix a flat tire, huh? Miss Tucker?)

Why doesn't Michey Grubaugh make up her mind? Is it Dave Black or Tim Stevens, Russell, or Bill, head major at Senior? (Man in every port Ay, Grubaugh?)

Why does Sally Hout walk around with a smile on her face

these days?? (Rick!)
The students of Appleseed congratulate Lois Walker, our queen, and also her six attendants, Carol Goodman, Nancy Beal, Judy Long, Linda Hattman, Pat Driscoll and Linda Hambin.

Who says there are too many eighth grade girls? (Answer: the ninth grade girls!)

What did Mary Ellen Sherrer, and Lois Walker, the sleepest girls at Appleseed, do till 3:00 in the morning??

How did Kenny Bogner, the toughest guy at Appleseed, get a black-eye? (Who was the girl that made you run into a door, Kenny?)

Why does everybody stagger out of Mr| Spencer's Algebra classes with a puzzled look on their faces. (Could it be they don't understand or is it he "sprung" a test!
