## The Christmas Tree

*By Cynthia Cretors*

Out in the forest, all covered with snow,  
Stood a small, stately pine, it's boughs bending low.  
Suddenly a voice rang out through the air,  
Look! Oh Look! that's the tree over there.

The blows from the ax having soon felled it down,  
We loaded it up and were again homeward bound.  
Our hearts were all jumping with gladness and glee,  
O'er the fortune of finding such a beautiful tree.

That night through the window what a sight to be seen,  
That same little pine tree glittered and gleamed.  
With twinkling tinsel wound round and round,  
And candle lights sparkling, like jewels in a crown.

The bright star on the top seemed to reflect from the sky,  
It's warm tender glow, reminding all who passed by  
Of the birth of our Savior on Christmas, and when  
"Peace on Earth" was proclaimed with good will to all men.

## Ewers to Head Recreation Program

A recreation program has been set up on Wednesday evenings for the students of Johnny Appleseed. At the first meeting Darrell Ewers was elected president, Harry Carr, vice president and Carol Johns, secretary.

The students get together and play volleyball, have relays and dance. Other games which are more infrequently played depend upon the size of the group which want to participate.

It is hoped that the program will continue to be a success throughout the year.

## Shoe Boxes Filled For European Children

The Student Council sponsored the project of filling shoe boxes for the children of Europe. In the box were shoes in good repair, school pencils, pencil sharpener, star stickers, clips, gummed tape, calendar, comb, soap, ball, jump rope and jacks.

Forty-three boxes were filled, from the home rooms, and were sent to the St. Johns Evangelical Church where consecration services were held on World Community Day, before sending the boxes on their way overseas.

## Students to Learn New Pledge to Flag

G. W. Harmony read the new pledge to the flag at the Armistice Day Assembly November 26 at 10:00 a. m. The following is a copy of it.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands; one nation indivisible with liberty and justice for all. I shall uphold all lawful civic authority honor and obey my parents and teachers, and respect the dignity of every person. I promise to keep my life morally clean and to live honorably so that I may merit the respect of my fellowmen and the approval of God, the Supreme Judge of my conduct."

Mr. Harmony stressed that everyone should memorize these additional lines.

## Christmas Seals

### ... Your Protection Against Tuberculosis

Christmas seals are sold for the purpose of providing funds for the case-finding of tuberculosis.

Emil Bissell, the originator of the Christmas seals, first sold them in Denmark. Christmas seals have been used in the United States for forty-one years.

#### Seals Cost 1c

The seals each cost one penny and are sold in sheets of a hundred. The funds from these seals go for fifteen case-finding clinics a year, health education and school health in the form of motion pictures, conference meetings, supplies and printed material, and special courses for teachers, also for nursing salaries, doctors to interpret the films, rehabilitation programs, administration, organization and filed work, patch testing and x-raying.

#### County Distributes Seals

The Richland County Tuberculosis Association distributes the Christmas seals in Richland county. This year they mailed 19,890 letters in the country. The quota for this year is \$12,500. They are sold each year from Thanksgiving to Christmas.

#### 50,000 Died Of TB

More than fifty thousand people died of tuberculosis in the United States in 1945, most of them were between the ages of fifteen and forty-four. The only way to stamp out tuberculosis is to have all of the people x-rayed or given the patch test, and those who are found to have the disease to be put under treatment at once. The only way to make this possible is through the funds obtained from the Christmas seal sales.

## Ninth Grade Presents Armistice Assembly

Bill Reale, ninth grade class president, opened the Armistice Day assembly, November 10, by leading in the Pledge to the Flag. He introduced Harry S. Hostetler who read parts of two letters, which had been received by his son and wife, from a family in Germany. These letters were in appreciation for packages sent them by the Hostetlers, since young Mr. Hostetler has returned to the states from the army.

A representative from each homeroom gave a report as to the contributions from his room to the "Friendship Train." The total contributions from the rooms, with some outside help, were 21 cases of milk, 9 cases spaghetti, 7 cases macaroni, 5 100 lb. bags of beans and \$8.25 in extra money.

G. W. Harmony gave some remarks on Armistice Day, November 11, 1918, at which time he was stationed in Italy. He then introduced the new Pledge of Allegiance to the Flag, and stated that everyone should memorize the additional sentences.

The program was closed with everyone singing the *Star Spangled Banner*, under direction of Miss Ellena Percy, accompanied by Miss Kathryn Spreng.

## Social Science Essential to Curriculum

There is a course of study listed in the curriculum of Johnny Appleseed School called "Social Science." Many eighth grade students who are planning their high school career in advance often ask the question, "What is social science, and what does the study attempt to accomplish, and what are the materials covered in this course?"

### Aims of Department Give Views

Your social science department aims to give students a normal view of society, a view which should help him to see not only the changing trends but also the order and stability; a view not only of the greivous problems that plague us constantly but also the living, growing, working, normal system which our society is. We recognize that we live in a dynamic age in which we find confusion and mistrust and misinformation on every side. However, we believe that students must be helped to see that many of the principles and laws of human society are as ancient as mankind itself and that every important social organization is deeply rooted in the past.

### Students Taught to Be Critical Thinkers

Students in this department are taught to be critical thinkers, to question, to doubt, to investigate, to be alive with interest in public affairs, and to practice discrimination in reading. They are taught that our institutions call for the support of well informed and understanding citizens. They learn to approach any problem with an open mind and to make decisions and judgments on the basis of reliable evidence. They learn to sift evidence, to determine the reliability of so-called facts, and to free their minds of prejudice in order that intelligent conclusions may be reached.

In short, your social science department is interested primarily in promoting the democratic way of life so that the glorious heritage of freedom, equality, and justice which is ours may not go the way so many similar ventures have gone in the past.

## Christmas Greetings

Throughout the centuries since the birth of Christ it has been the custom of Christian people to celebrate the birth of our Savior. One of the way in which we can celebrate is by helping someone in

need, thus exhibiting the Christian characteristic of sharing. This year, especially, when uncertainties and conflicts are occurring in the world, when many people are in want, we should joy in giving to others and especially those in need. If you do this, certainly a measure of the Christmas joy and spirit will descend upon you.

That all of you may have a happy and joyous Christmas is the wish of your principal.

G. W. Harmony

## What a Queer World This Would Be, If—

Florence were sisters instead of Brothers.

Lois were green instead of Brown.

Norma were a river instead of Falls.

Bob were a hershey instead of Klein.

Diane were English instead of French.

John were a mountain instead of a Hill.

Gwen were a cook instead of a Baker.

James were a rider instead of a Walker.

Patsy were short instead of Long.

Wilbur were a prince instead of a King.

Shirley were a pine instead of a Bertsch.

Doris were a necklace instead of a Broach.

Edna were a blacksmith instead of a Tanner.

Christmas, December 25th, is celebrated as the anniversary of the birth of Christ. On this day there are special religious services, the giving of gifts, and the rejoicing of people. The spirit of Christmas is the spirit of giving and the sprit of helping.

In many communities, lights and decorations are set up in the central part of town where the families come to sing hymns and carols connected with the birth of Christ. Often the real meaning of Christmas is forgotten by the commercial attitudes of the people who are more interested in receiving of gifts than the birth of Christ.

The first Christttmas Tree was part of the annual festivities of the Christians of Northern Europe. The evergreen or pine trees were decorated with fruits, nuts and imitation stars. It is said that about twelve centuries ago, Winfred, an Englishman, went to Germany to spread the teachings of Jesus. He cut down the "blood" oak and as it well a young fir tree appeared which was declared the tree of life or the Tree of Christ.

By Mary Bogner

### Originality of Santa Belongs to Ages

What would Christmas be without Santa Claus—that fat, jolly man who makes Christmas for millions of children all over the world?

Originally he was St. Nicholas of which Santa Claus is a contraction. He was a saint whose feast day is December 6. Children in Belgium received their gifts on this date for that reason.

#### Nicholas Famed for Kind Heart

Nicholas was born at the close of the 3rd century in Lycia, Asia Minor. He later became Bishop of Myra and was famed for his kind heart. A story is told of his helping three maidens who were without suitors. It is said he filled three purses with gold and threw them into the homes of the young women and soon after with such dowries, they were married. After that, any unexpected gift was attributed to Nicholas.

#### Buried In Bari, Italy

In the town of Bari, Italy, where he is buried, they do not associate him with Christmas. His day is celebrated May 7, because that is the day in 1807 on which his remains were brought from Asia Minor and buried at Bari.

The legend that Santa Claus comes down the chimney belongs to the Norsemen. They had a goddess *Hertha* appearing in the fireplace to bring good fortune to the house and of course that is Santa's purpose today.

### Don't Blame Us

- Because the girls are interested in boys' basketball.
- Because Louie's phone is always busy.
- Because Judy has a new boy every day.
- Because Don Hart has that irresistible charm around girls.
- If Francis Krise goes out of 111 with one girl and comes back with another.
- If Johns and Gerhardt have never heard of buses.
- Because Mary Bogner is such a good editor-in-chief.
- If no one wants to start back to school on Mondays.
- Because everyone's grades came down 2nd term.
- Because algebra is a tough subject.
- Because Pat Mosberg can't decide on a "Jim."
- Because Reale won't decide.
- Because Sally Hart has to stay in three weeks (grades, you know!)
- Because Appleseed girls turn to Simpson for the boys!
- If you come late to study hall.
- If there isn't snow for Christmas.

### Phonetic Translation

A student in a New England school had flunked in Latin. In the quiz the student was called upon to give a written translation of the verse below. There are Latin scholars reading this who will be moved to tears:

"Isabilli, Heres ago,  
Fortibus es in aro.  
Noces, Mari Thebi trux  
Vatis in em pax a dux."

After weeks of effort, the student came forth with the following:—

"I say, Billie, here's a go.  
Forty buses in a row."  
"No," says Mary, "they be trucks."  
"What is in 'em?" "Packs o' ducks."

*Twas the Night Before Christmas*, as we trudged home from church. It was late and the *Silent Night* was cold and bitter it made us shiver. We had wished for a *White Christmas*, and our wish came true for the snow glistened brightly as it lay on the cold winter ground. We could hear the carollers sing *Away In the Manger*.

Suddenly as we neared our home we heard the sound of *Jingle Bells*. Reindeer were *Dashing Through the Snow* and then *Up On the House Top*. I knew at once that it must be *Jolly Old Saint Nicholas* because I heard people saying *Santa Claus Is Coming to Town*. He slid down the chimney so we ran to the window to see him arrive as he made his entrance through the fireplace. He shouted *God Rest You Merry Gentlemen*, and then went to work filling our stockings. He wished all of us a *Joyous Christmas* eve and a *Happy New Year*.

**MERT'S MEMO**

Just think! Christmas is coming around again. It seems like it was just not so long ago except that most of the people need clothes or something.

The new Recreation Center is just the thing. I think its really going to be swell, especially if we can dance and play basketball. The only thing is that it seems like it is over too soon but they probably think we need more time for studying. I wonder why?

Lately it seems that a certain group of girls haven't been down to the gym singing anymore. I heard they were caught and got into quite a lot of trouble. I bet that if we would have monitors in the halls every period that it would stop a lot of people from getting into trouble. It's really tough to sit in home room every third period, isn't it?

Another event that was quite a success was the Football Banquet. It was sure swell to see "Howdy" back in school again and also having Rich Harmon get the football.

That's about all that's been going on around at school, so when something ahppens that's real exciting, I'll write again.

Love,  
Mert

## GRANDMA'S BEST!

Grandma's dinner on Christmas Day  
 Is oh so nice in every way;  
 With chicken, 'tatoes and gravey too,  
 And good plum pudding with lots of goo.  
 But Grandma is the best of all,  
 Her cheerfulness and joy,  
 Her cheerful ness she brings to all,  
 Every girl and boy.  
 You better go to Grandma's house  
 And have a lot of fun.  
 You never will regret it  
 'Cause she's best of all, by gum.

## SALES & SERVICE

SWISHER CADILLAC CO.

Everyone is talking about the "New Look." Most girls (and boys), in Applesseed are against it, but have you really thought about it? Tall girls really look quite well in longer skirts, while short girls might like them a little shorter. Which do you look best in? What-ever the length, the one that looks best on you is better than "keeping with the fashion."

Those new (or should we say "old") Gibson Girl blouses are really "cute" and go very well with plain black circular skirts and ballet shoes.

Snow will soon be here and so will boots. Stadium boots are still very stylish and whether they're rubber or leather, really keep those feet warm. Did you know that the rubber ones come in red and other colors?

"Everyone is wearing bows on their blouses," is a familiar phrase these days. If you have a plain white blouse that you don't care for, a big bright bow will sure brighten it up.

## Book Week Observed With Library Classes

During Book Week the seventh, eighth and ninth grades went to the library during their English classes. The ninth and seventh reported twice and the eighth once during the week.

Miss Ruth Carnahan told the ninth grade about the encyclopedia and the information in them. She also told them the meanings of several words. She showed them how to look up various subjects in many different books and also explained the Dewey Decimal System.

She told the eighth grade how to look up things in the reference books. She explained many words and their meanings also.

The seventh grades being new in the school were given more general information such as how to use encyclopedias and told them how the library was arranged so that they would know where to go to look for a certain book. She explained the cataloging system to both the seventh and the eighth graders.

An interesting display of books was posted on the bulletin board by Miss Carnahan.

## To My Best Friend

I wish that I could have a friend.

A friend that's really true.

Someone to walk and talk with

And tell my troubles to.

If I could have a friend like that,

I'd pay the highest price,

Anything from money

To the richest sacrifice.

Now I gaze around me

And look my friends all o'er,

I wonder if I'll ever see

The one I'm searching for.

At last I've found the one I seek,

The friend so kind and true,

Yes I've really found her—

And she, my dear, is you.

## Listen Girls

Well, football season is over for another year and the boys have started basketball. How about cheering for the cheerleaders as you did at the football games!

February 6, is the date of the G.A.A. banquet your points must have been in by December 8, so Mrs. Bradley could order the awards. Keep on working for points, though; the picnic is coming up soon. Leaders collect the points every third period. Be sure you have your name on the paper so you get the credit that is due.

The ninth grade girls gym classes have been playing volleyball games as a noon activity.

Girls, do you have your G.A.A. dues paid yet? If you haven't, better get them to Carol Johnson in room 213. If you have paid and haven't gotten your card ask Carol for it. Remember, you won't be able to go to the banquet if you don't pay.

Mrs. A. Lemoine Doerr was back at Appleseed for a week substituting for Mrs. Bradley. It seemed like old times for the eighth and ninth graders. Mrs. Doerr taught physical education here last year.

Well yes I guess:

## Athletes of the Month Chosen by Leaders

Mrs. E. V. Bradley has announced that the Leaders will elect the athletes of the month. Three girls are nominated and then voted on. The qualification are good sportsmanship and athletic ability.

The G.A.A. officers are getting together committees to plan for the banquet to be held later in the winter.

## Athletes of Month

Lois Reichert is the ninth grade athlete of the month. She loves to eat spaghetti and steak and declares gym is her favorite subject (or is it Jim??). Collecting pendants seems to interest her and blue is her favorite color. Lois is a member of G. A. A. Leaders, and secretary of Girl Scouts.

Nancy Clark, the eighth grade athlete of the month, loves to watch football, because its so exciting. Her hobby is eating and since she likes to eat tuna fish salad rates first. She prefers math as her favorite subject because it is the easiest subject for her. Pigtails seem to be her main dislike, but she loves to see girls wear suits. Besides being a member of G. A. A., Nancy is in Girl Scouts and Leaders. She reports to 114.

Patty Jo White was chosen for the seventh grade athlete of the month. Swimming and horse back riding seem to interest Patty Jo. She also likes math, and spaghetti is her favorite food. She is a member of G. A. A., Girl Scouts. Patty Jo likes to see girls wear short-sleeved sweaters and suits.

## Girls Choose Captains

Ninth and eighth grade gym classes have chosen captains and teams. The ninth grade teams have been playing at noon. The seventh grades didn't choose captains because they are just learning how to play. Captains for the ninth and eighth grade are as follows—Frannie Draffan, Carol Blust, Dolores Hurley, Linda Skelton, Lois Reichert, Carol Johns, Pat Mosberg, Doris Schaaf, Marge Hardin, Cynthia Ackerman, Nelaora Orr, Nancy Roth, Diana Hale, Dorothy Elsasser, Sally Ritzenthaler, and Nancilee Clark.

## Swing Your Partner

Ouch! Don't touch me! I'm so sore. Why? Because I went to a square dance last night. Of course I had a lot of fun but our dances at school are so calm according to a square dance."

You are sitting there day-dreaming when a boy you have never seen before, grabs you and pulls you to the middle of the floor. Before long three other couples join in your group. There are several other groups being formed also. Then all of a sudden the music starts to play and a man at the microphone starts calling the square dance. "Swing your partner," and that's when it begins. Your partner grabs and starts swinging you around everytime getting faster. Then the man says take your neighbor's partner, and swing her to-an-fro." All of a sudden a great, big, tall boy grabs you and whirls you off your feet. The next time you change partner some short fellow grabs you, and the next time some old man who can barely move. The man then says "promenade, then home again." You start walking around and weave in and out taking every other hand you come to. When you meet your partner you take his hand and go back where you started. You go through this several times and many things like it too. By the time the dance is over you stagger over to the nearest chair and fall into it. You feel as if you want to stay there the rest of the evening, but when the music starts again somebody grabs you and you go through the same thing.

### Pioneers Sink Union In First of Season

Johnny Appleseed's basketball Pioneers won their first start of the season, December 4, beating the Union Reserves 27-22.

The Pioneers were not sure of victory until the final minute, when they stalled, so that Union could not get the ball to make another score.

Rich Harmon, scoring 12 points, led the Appleseed lads as they showed that they will be hard to beat.

Going into the second quarter, the Pioneers led by a scant three points, but had that cut by Union. When the half ended, Appleseed led 11-10.

In the third quarter Dick Condon quickly sank two of his five charity tosses to put more spirit into the Pioneers.

As the two teams went into the final quarter, Appleseed led Union 21-18.

Union was not to give up, but the pioneers were too much for them, and although Appleseed only scored six points in the quarter, Union scored but four. Union's top scorer was right forward Skeen, with seven points.

The Appleseed Reserves won their game by a huge margin, 35-9. Freddy Zahn led the scoring by sinking seven field goals for 14 points.

### Little Known Facts

Maybe you never noticed, but the statues of generals on horseback scattered in parks around the world all tell what happened to the rider just by the way the horse is posed.

- (a) Horse with two feet up means rider was killed in action.
- (b) One foot up, wounded in action.
- (c) Four feet down, rider was safe.

## Coach Lymper Has Varied Career

Coach Jimmy Lymper has already had a more varied career than most of the pupils at Appleseed realize. He has coached in five different towns.

When Lymper was graduated from college he started playing pro ball with the St. Louis Cardinals. He stayed with the Cards for three years.

His coaching career began when he coached for two years in Chicago, Illinois. From there he went to Ohio State to obtain his master's degree, and he did some coaching.

While he was there. From Ohio State, he went to Versailles, Ohio, and stayed there for five years. Galion, Ohio, was next and Lymper had three years of coaching there. Mansfield came after Galion, and Coach has had three complete years in Mansfield, but this is his first at Appleseed.

Lmper has four daughters ranging from twelve to five years old. Agren is the eldest, being 12 years old. Next comes Elaine, age nine. Georgia, the third, is seven years old and five-year-old Janie winds up the list.

## Davis Coaches 8th Graders

A team which plays as a preliminary to the regular varsity in reserve games, is coached by R. Y. Davis, a teacher who has volunteered to help Coach Lymper with the eighth graders.

The team won its first two games of the season by defeating Union, 35 to 8, and Baptist church team 28 to 9.

## Senior High Reserves Demolish Pioneers

Mansfield Senior High's basketball Reserves handed the Johnny Appleseed Pioneers their first loss of the season, Tuesday, December 9, 47-22 on the Senior High gym floor.

The Reserves got off to an early first quarter lead, and all the Pioneers could score were three lonely points, while the Reserves hung up 16.

In the second stanza it was a different story, but the Reserves still managed to get by with a 10-9 margin for the quarter.

Two former Appleseeders, Jim Rubino and Charles Marchant, did all the scoring for Senior High in the third quarter, each making three field goals for six points apiece. The Pioneers scored only two points.

Again in the fourth quarter the Reserves only scored one more point than the Pioneers, 9-8.

Nine of ten Reserves scored, while five of eight Appleseeders swished the net.

The parade started on Park Avenue and marched around Central Park down Main Street to Fourth Street, proceeded to Mulberry Street where the parade was disbanded.

## Party Rewards Ticket Salesmen

Ticket Salesman Party was held in the January Appleseed Gym from 7:30 to 10:00 on November 13. In order to be admitted to this party you had to sell \$5.00 or more worth of tickets. There were prizes given to the pupils who sold the most tickets. The first prize went to Richard Esbenshade, who received \$5.00. Sally Hassinger received the second prize of \$3.50 and \$1.00 went to Russell Keck for third prize. G. W. Harmony presented these pupils with their checks at the party.

The teachers present were Miss Alice Kirkwood, Miss Ellena Percy, Miss Margaret Wheeler, Miss Jeanne Worley, and Mr. G. W. Harmony.

Refreshments of sandwiches and punch were served.

## Sympathy Extended

Students and faculty members regret the sudden death of Garry A. Clouse, boys metal and woodshop instructor, and sympathy is extended to his family, by all, in this great loss.

The members of the Appleseed faculty who served as pallbearers were W. B. Huber, J. J. Thoms, E. D. McNabb, R. Y. Davis, H. S. Hostetler and W. B. Lantz.

### BEWARE! Broken Windows Cause Much Trouble

The janitors have been very busy fixing all the broken windows found around Johnny Applesseed. We hope it isn't anyone from this school and hope we don't find any more. It's really a lot of work putting in new windows all the time and especially when you have to climb about fifty feet in order to reach one.

If you know who is doing it, tell them that they wouldn't like it if they had to replace the windows. So remember, let's all cooperate and help Applesseed to become a better school so that any one would be proud to say they go to Applesseed.

### Truth or Consequences Held

During the intermission the entertainment committee took over. Beverly Mertler, the announcer, introduced their product "Sme-e-r" made by the Eh-Eh-Oh Company who were supposedly sponsoring the "truth or consequence" program. The "Smeer" quintet, made up of Louann Mosberg, Sally Hart, Carol Johns, Betty Brown and Carol Blust sang a commercial to the tune of "Clementine."

Joyce Cowger served as the Mistress of Ceremonies. She called the people from the audience, asked the questions and told the con-

sequences. The contestants on the program were Carol Hartnett, Tom Goodhardt, J. J. Thoms, Fred Stahlheber, Margie Hardin, Courtney Bournes and Miss Bernice Henry. After the contestants performed their consequences they were given a silly little prize and a small orange box with "Smeer" written on it. Mary Kinsey and Nancy Crall awarded the prizes.

# RAMBLINGS ABOUT NATIONAL PRESS CONFERENCE AT CLEVELAND

By Jackie Fisher

"Ho Hum! My, why am I getting up so early—it's only 5:45? Oh, I know (ohooo-o-o my, I'm sleepy!) we're going to the press convention. I'll have to hurry to get to Mary's house on time. Daddy, are you going to take me, I hope!

At last I'm here! I wonder if I'm late? Hello, Miss Henry, are you the only one here? Hi Mary, here comes Cynthia. Well, everyone is here except Adeline. Oh, here she comes—my goodness she hasn't her hair combed yet.

Adeline, Mary and I will sit in back, if it's all right with you as we want to sleep. Miss Henry says we are supposed to meet Mr. Thoms at nine o'clock at the Cleveland Hotel, but I'm wondering if the roads are icy!

We're almost at Medina! Gee, I wish we could get out from behind that truck. I hope the roads are better the rest of the way.

*Strongville, Here We Come!*

Strongville, here we come and what time is it, Evelyn? Nine o'clock and it's fifteen miles from here to Cleveland.

\* \* \*

BANG! What hit us? We're swerving all over the road. Miss Henry's trying to pull us to the right. I hope we don't go over that embankment! Oh! We're going to hit that telephone pole! CRASH! (That stopped us). Thank heavens no one is hurt. Won't Miss Henry's door open? Here, we can get out on this side. That must be the man that hit us! Is that his car turned around up there?

Evelyn, Mary and Miss Henry

are going back to Strongville after the 'tower' with Mr. Carpenter. We're going to wait here. You might as well finish combing your hair, Betz!

*What Happens Now?*

Why, here come some men already from the garage and they are just in a car. I wonder what those two men are doing? Whoops, they're jacking the car up. I guess they're just going to change the tire. The one says he is going to drive us back to Strongville.

\* \* \*

Miss Henry says these men are going to drive us on into Cleveland. Goodness, how are nine of us going to get in that car? That man who is driving says his name is Mr. Patterson—he must be a salesman for that garage. Now Miss Henry is trying to order a car from him. After a look at her dad's car she better get him a new one. Mary, does that man in the middle ever say anything? The other one wouldn't be classed as the silent type. Well here we are and thank you very much for the ride.

Well, shall we eat now, we can't see Mr. Thoms 'till one o'clock? I guess we're going to eat at "Stouffer's." My, what shall I have to eat? Yum, yum they're having ham, but I guess I'll order chow mein.

*Can We Make It?*

Miss Henry has to call Mr. Car-

penter to find out when we can get the car and whether we will be able to drive it back to Mansfield? We have to get the car by six o'clock or we can't get it 'till tomorrow morning.

How about going and looking at a replica of Princess Elizabeth's wedding gown? I suppose we should start heading for the hotel.

who just said, "Hello Mansfield?" Why, it's Mr. Thoms! Wait 'till we tell him about our wreck! He's going down to the Statler to register so we won't have to go.

Here's a program of this afternoon's meetings. How about Betz, Cynthia and I going to see "Feature That?"

The speaker is from Hanibal, Mo. She says a paper should have less gossip and more human interest. My it was hot there! Miss Henry said we could go shopping 'till four o'clock. We have to catch the bus then.

\* \* \*

Four fifteen, oh good, she's still waiting!

*Where, Oh Where Is the Bus?*

At last we're at the bus station! We've been told our bus is

coming in at so many places we'll never be able to find it. Gee it's smokey in here! There's the bus now and is it late? I hope they wait for us at the garage.

They were just getting ready to leave. It does seem so good to be able to sit, after standing all the way on the bus.

We're on our way! Gee, we're almost in Medina—let's get something to eat, I'm starved!

Spaghetti, how I love spaghetti, but they didn't have to serve sardines with it.

Almost home—thanks for taking me, Miss Henry. Bye, everybody. Won't Mom be surprised when I tell her about our trip?

### Santa's Visit

By Louann Mosberg

Well! Here I am at Appleseed. It seems to be such a friendly school. I mean, all the people are always talking! My, the halls are awfully crowded. I sure do wish they had an elevator. I'm positive all the kids could get to class on time then because the stairs are terribly crowded.

I think I'll take a peek into this room. Gee, there seems to be some trouble. That must be the teacher, Mrs. Brune, I believe, arguing with some boy. Gosh, I wish I could hear better. Maybe if I put my ear to the door I can understand all the mumbling. (There that's better. It seems that they're arguing about something called an answer book. Mrs. Brune says she knows she loaned the boy one but he claims he doesn't have it. Say, what about that little book of answers written on the front of it sticking out of the boy's pocket? Something wrong here! Oh well, we'll let it go. I'm sure Mrs. Brune is capable of taking care of the problem pupils. I'll wander a little way down the hall.

Well, what on earth do we have here? That teacher (Mr. Huber) in there seems to be squirting his pupils with some sort of a strange object. Oh, I understand now. This is the general science room and the teacher is demonstrating how a lift pump works—just so he doesn't try to demonstrate how a revolver works. I guess I'll take a chance at going downstairs. Maybe I can make it before the bell rings to change classes.

I guess I'll take a peek in 102. That must be Miss Henry. She is the advisor of the Editorial part

of the press. Although she gets a few extra gray hairs every time she is working on a press, she still does a swell job.

I may as well wonder into the gym as long as I'm here. Gee, what a cute office and that good looking man that must be Coach Lymper. I hear he has more trouble keeping the girls out of the gym 3rd period than he does training the boys for the various sports.

Oh joy! I'm right in time to visit a girl's gym class. Well "hubba, hubba" who's that pretty blonde the girls are calling Mrs. Bradley? That can't be the girl's gym teacher or can it? I see where I'm going to school again if that's the kind of teachers these lucky kids have nowadays.

I've had such a swell time snooping around I just plum' forgot the time of day, but I learned just what I wanted to know. Well, so long!

- Dick Condon for not getting caught skipping classes.
- the big crowd that will be in Detention Hall when it starts.
- JoAnn Brunn and her secretary job.

- Mrs. Bradley's study halls.
- Jo Anne Bruce's bracelet (it's pretty, Fritz!)
- Nancilee Clark and a certain boy in her math class (Well, Tom!)

### INTRODUCING

Mary Eglesberg also came from St. Peters and she also likes the many interesting activities. Her red hair can usually be seen at a good football game and she would rather go to business training than any other class. Her favorite color is blue and she "loves" baked ham and pineapple sause.

### The Question Is—

- Will Carol ever succeed in teaching Ed to dance?
- Does Diane really hate Jim?
- Did Sandy really have fun on the hayride? (ask Dick)
- Why Sally winks at Bob Lynch in study hall? (he's one of Daves' friends)
- Why Bill Huber has so many girl admirers?
- Will Doris ever hook Jack?
- Will Louann and Carol ever succeed in jitterbugging?
- Which Tom will Sue Schwab decide on?
- Who does Ken Berkey really like?

## How I Saw the NSPA Conference

By Fred Pryor

Blinding snow and a howling blizzard greeted my face as I stumbled out of the Hotel Carter. I didn't feel the cold because I was so sleepy. At 2:00 a. m. a person's senses are not too keen. The party started at 7:30 and after six and a half hours, plus five bottles of pepsi cola, later the party ended. Walking back with my companions, Jim Endriss, Jack Pierce, Jack Welsh and Millard Pryor we sang The Applesed Fight song for four blocks. We reached the Hotel Cleveland and went to bed.

The next morning at 7:00 I jumped out of bed and attended two lectures. Previously I had attended two lectures in the afternoon before the party. The lectures were about all of phases of press work — editorial, feature, sports, etc. During the morning lectures I made up for my lost

sleep and was all set for some Christmas shopping. After visiting three different Santa Claus's and riding the escalators with Jack Welsh I attended two more lectures.

Then came the banquet—a delicious meal with beautiful girls and a well received talk, Roscoe Drummond of the Christian Science Monitor, talked about the coming election.
