## 8th Grade Organizes Science Club

On Friday's at 11:45 during the noon hour, the new Eighth Grade Science Club meets in room 208.

During the first few meetings the members have been studying Mammoth Cave and Carlsbad Caverns.

At the last meeting members were told to draw on the black board their own interpretation of the moon and stars, and reports were assigned for the study of planets, which is the next project for discussion.

The club is under the leadership of Jon Young and the members are: Robert Johnson, Danny Backman, Bill Swartz, Jerry Lorentz, Roberta Hill, Barbara Sziraki, Marlene Tarr, Judy Maxwell, Jo Ann Noel, Carol Gutterman, Barbara McClary, Jean Ann Esben-shade, Dorothy George, Shirley Walters, Charles Cook, Clifford Philips, Ernest Anderson, Judie Bruce, Beverly Seeds, and Paul Haring.

## Concert Band Gives Program at Simpson

February 23, the Ohio State Concert Band presented a concert to a capacity crowd in the John Simpson Auditorium.

The conductor was Manley R. Whitcomb, and the associate was Donald Donald E. McGinnis.

They presented an afternoon preformance to the students of John Simpson.

The program was as follows:

Chorale and Fugue in G minor, Black-Albert; Military Symphony in F, Gossic; Trauersinfonie, Wagner; Overture Solenelle "1812", Tschaikawsky; Cowboy Rhapsody, Gould; Variations in D flat minor, Busser; Rumbalero, Camarata; Pop! Goes the Weasel, Gaillet.

The program ended by presenting the marches played at the games during the football season.

The John Simpson Junior High School Music Department, under the direction of Daniel Baker, sponsored the concert.

## Herbert Receives Trophy at Banquet

Joyanne Herbert, a ninth grader and an outstanding athlete, has been chosen "athlete of the year." "Herbie", as she is more commonly known, reports to homeroom 105. She was chosen captain for the girls' all-star volleyball team earlier in the year and was also a leader.

In answer to a few questions, Herbie claims her favorite food is

a stacked ham sandwich with lots of mayonnaise; thinking about doing her algebra is her favorite pastime, but doing it is another thing, and her favorite color is blue. All sports rank high in Herbie's opinion but she says swimming is the best. Joyanne can usually be seen in the middle of "the gang" telling "corny" jokes, as usual.

## Social Science Classes Visit City Building

On February 23-24 R. Y. Davis and Ensil McNabb ninth grade Social Science teachers took their pupils on a tour of the city buildings.

They first visited the City Building. A policeman escorted them through the building, showing them different types of guns, equipment, the radio room, and the bullpen.

They then visited the county jail. There they were taken through to see the prisoners. After leaving the county jail they went to the court house and while there Judge Stuart Cramer talked to them about juvenile delinquency.

## Scholarship Tests To Be Given April 4

April 4, the annual Preliminary District-State Scholarship Tests will be given for ninth graders. The primary objective of this test is the motivation of the large body of students to greater interest in education and to more intensive application to their studies.

The students in the upper 25% of the classes in each subject-test offered are eligible and students may take from one to four tests in the preliminary tests.

English, Latin, French, General Science, and Algebra are the subject-tests to be offered, and these are under the direction of the Ohio Scholarship Tests of the State Department of Education.

The top three in each subject will go for the final District State Test in Wooster on May 6.

## Court Opens With Diemer as Judge

The Student Council, advised by Miss Margaret Wheeler, open their Student Court Monday, February 27, 1950.

The officers chosen for the Court were:

Bob Diemer—Judge.

George Reece—Assistant.

Bruce Bushnell—Assistant.

Bob Wixon—Alternate.

Tom Bates—Prosecuting Attorney.

Bob Richards—Defense Attorney.

Linda Wilson—Clerk.

Cases will be brought to the Court by the Monitors Association advised by W. B. Lantz.

The cases to be heard will be:

1. Roaming the hall without passes.
2. Entering the building without permission.
3. Running and crowding in cafeteria, auditorium, and gym lines.
4. Defacing school property such as desks, walls, books, etc.

## Crews to Sponsor Contest for Name

The stage and projection crew will sponsor a dance April 28. It will start at 7:45 and end at 10:45. The admission will be 35c and the music will be provided by Bob Hiskey's "Music Makers."

You notice a name was not given for the dance, the reason being that there isn't any. For this reason a contest will be sponsored from March 27 to March 31. Contestants will put their choice, of a name for the dance, on a slip of paper with their name and Home Room, and drop it in a box which will be placed in front of the office. The winner of the contest will be announced April 5 and the decision of the judges is final. The winner will receive two tickets for the dance and a dollar's worth of refreshments. You have as much chance as anyone else so put a name in the box.

## Monitors Check Passes

The Monitors Association which is headed by W. B. Lantz, consists of students which have A's and B's on their grade cards. Each period a monitor is stationed in the hall to check passes. The new project in which the monitors cooperate is the Student Court. If a student does not have a pass, they will have to appear in Student Court.

The leaders of the Monitors are Tom Bates, Terry Gettleman, Robert Black, Nova Parkow and Hannah Hildebrand.

### Ninth Grade to Hold Name Contest for Dance

The ninth grade will hold a dance March 24. A contest will be held to pick a name for the dance. The Cook-Damron orchestra will furnish the music.

The chairmen for the various committees are: tickets, Eddie Vild; refreshments, Jerry Howell.

## Movies Shown On Safety to P.T.A.

Movies "Drunk Driving" and "Reckless Driving" were shown at the P. T. A. meeting February 16. No speech was necessary. Films were supplied by the State Highway Patrol due to the efforts of F. M. Williams.

Frank Vild heads a committee to arrange for better sidewalks in the Appleseed area.

The Band Fund was given \$50 toward new uniforms.

A donation was made to the Council scholarship fund.

A film, to which all parents are invited, will be shown Tuesday evening, March 21. This film concerning the "Family" or Sex Education is made available by the Health Department. Whether it will be shown to the pupils, at a later date, depends upon what the parents decide.

The P. T. A. approved Mayor Wright's anti-gambling stand.

The nominating committee is comprised of Mrs. Louis Jisa, Mrs. W. J. Robbins, Mrs. Roger Gray, Mr. E. Eickhoff, Mrs. W. W. Maxwell. These are to be assisted by G. W. Harmony and Fred LaRue.

Smorgasbord was served by Ralph Schad and Mr. and Mrs. Harold George, assisted by Hutch Stevens, Jim Shambaugh and Jon Young.

## AUDIO-VISUAL INSTITUTE HELD AT WEST FIFTH AND APPLESEED

March 7, 8, and 9 an Audio-Visual Institute was held in West Fifth Street School to show devices teachers use in the elementary schools, and at Johnny Appleseed Jr. High School for all secondary teaching devices used in classrooms.

Each of the secondary schools were encouraged to submit one exhibit typical of the work in the classrooms of each department. It was not a contest to see which group of students could do the most and the best work for display purposes, but a display of aids to learning that teachers have found useful in their own classrooms. The display included flannelgraphs, models, illustrated movies, photography, bug collections, stone collections, photography, etc.

On Tuesday, March 7, from 4:00 to 5:30 p. m. the exhibit was held at West Fifth with demonstrations given for use in primary grades, followed by the serving of tea. At 7:30 p. m. at Applesseed Dr. Norman Woelfel of Ohio State University spoke on the topic "What Are the Best Ways to Learn?"

Demonstration of devices with material suitable for intermediate grades followed by a tea from 4:00 to 5:30 p. m. March 8 at West Fifth Street School followed by the display at Applesseed and a talk "Radio's Role in the School" by Dr. I. Keith Taylor of Ohio State University.

The final day of the display, March 9, the entire program was held at Johnny Applesseed with a

continuous exhibit, and demonstrations of teaching aids used in secondary schools. A buffet dinner was served in the Applesseed Cafeteria from 5:45 to 6:30 p. m. followed by a talk entitled "The Concrete and the Abstract" by Dr. Edgar Dale of Ohio State University.

R. Y. Davis and the projection crew of Applesseed demonstrated the use of movie projectors, slides, etc. while Mrs. Elaine McClellan showed posters, charts, etc. and Mrs. Nellie Dent showed minerals, rocks, etc. she has collected for use in her geography classes.

The exhibits at Applesseed were held in the band and dramatics rooms and the Mansfield Council of Teachers of English acted as hostess for the social affairs.

### Collectors Meet Monthly in 111

The Coin Collectors Club meet in Room 111 once a month.

They are now having a special project which is collecting Lincoln and Indian Head pennies. The main objectives of the club is to collect old and rare coins.

There are about twelve members in this club, and one of the most enthusiastic members is Mr. W. B. Huber, teacher of general science. The adviser is J. J. Thoms.

## Driving Etiquette

For you fellows and gals just beginning to drive Emily Post, the famous authority on etiquette and good manners, thinks it would be a splendid idea to read a book called "Motor Manners," before taking your first lesson.

Motor Manners — which also mean motor safety — are boiled down into this—

1. A well-mannered driver will share the road, never usurping the right-of-way from other vehicles or pedestrians.

2. A well-behaved driver uses his horn as a warning device in emergencies and never as a bad-tempered voice to threaten or scold.

3. An honorable man or woman would no more cheat traffic regulations than cheat at games or sports.

4. Courteous pedestrians will cross busy streets at intersections, respect traffic lights and avoid darting out from behind parked cars.

5. An obliging driver will never fail to dim his lights when meeting other cars in the dark.

6. Well-bred people, whether drivers or passengers, are just as

considerate of each other as are hosts and guests in a drawing room.

7. An accommodating driver parks his car so as not to interfere with the use of other parking spaces or with the movement of other vehicles.

8. Orderly drivers always keep to the right, except when using the proper lane for turning or passing.

9. A courteous driver never fails to signal his intentions to stop, turn or pull out.

10. Considerate persons always drive at speeds which are reasonable and prudent, considering traffic, road and weather conditions.

11. Kindly person never show curiosity at the scene of an accident and always give any assistance that may be possible.

## HOW MUCH SAFETY COUNTS

By Janet Martin

We really don't think much about safety although it really plays an important role in our lives. If we would heed the safety rules and not just memorize them we would all be more happy and less tearful.

Our policemen's job is to protect us and keep us safe. We should help him help us.

If you ride the school bus every morning to and every afternoon from school, you should be careful getting on and off the bus for the person's life you save may be your own. This counts when getting off trollies, public buses, and automobiles in the same way.

I feel that our school could be a happy healthy school and we all could have more fun if we would heed our safety rules.

This counts when going up and down the stairs while changing classes. Why the hurry? The ones that do the most of the shoving usually aren't the ones that are the most anxious to get to their classes anyway.

Also while leaving the gym and auditorium the fewer the bumps and falls the better. I am sure you and all the teachers will agree with me on this.

If there is a sudden fire in the school building (which has never happened to Johnny Appleseed the right thing to do is leave in an orderly fashion and keep yourself under control, after all a fire could break out at any time and day.

I think it also very rude to trip and push. You may think it fun to tease and bother a person but it is not a safe thing to do. In the end it is liable to be too bad for the person who was bothered and you may be very sorry for what you have done.

Let's all do our best and keep our school a safe one.

## CLASSROOM MANNERS

By Barbara Schaefer

This is a subject that should be discussed more often.

We all know that we are required to attend school. Instead of regarding this as a burden in our lives we should try to enjoy ourselves and learn something. After all, schools are provided for an education to each and every one of us.

What I mean by enjoying ourselves is not snapping rubber bands, shooting paper wads, and trying to attract attention to ourselves thus disturbing the class. If we put our mind to our studies we are sure to learn something and enjoy ourselves doing it. Instead of regarding our teachers as witches and law officers, we should regard them as our friends.

It is very impolite to run to the pencil sharpener especially when a teacher is speaking.

Lately many students have wondered why the teachers have warned them of playing with yo-yos. Unless the teacher also has a yo-yo to work it is very disturbing. Moreover, what would we think if teacher played with a yo-yo while in school?

Let's all be on our best behavior while in the classroom. This way we can show our respect for our teacher and ourselves.

## LET'S IMPROVE APPLESEED

By Arlene Christman

Are you guilty of leaving candy wrappers or other paper on the floor in the auditorium, gym, or in the halls? Do you push, shove, or run in the halls? These are only a few of the bad habits some students at Appleseed have. Of course they aren't conscious of them, but other people, visitors, are. Once you've made a bad impression it is hard to erase.

There are containers to put your candy wrappers in just inside the auditorium and gym doors. Containers are also by the drinking fountain in the locker bays. How about giving your locker a good cleanout. Remember when you do this throw the waste paper in the wastebasket and not on the floor.

When there is a game in the gym or a movie in the auditorium take a seat quickly and don't stand around looking to see where everyone else is.

Remember to walk, not run down halls and stairways. Take your time getting out of the gym or auditorium. It's much easier and quicker than pushing and shoving.

Observe these rules and make Appleseed a better school to go to.

## TRAFFIC IN THE SCHOOL

By Phyllis Paulson

You should be more careful when you are in the halls. Are you guilty of running or pushing and shoving? If you do some of these things you should stop because someone might fall and hurt himself.

Here are some easy rules to follow when you are going from one room to another:

Walk carefully, don't run!

Walk slowly going up and down stairs.

Keep on the right side of the hall!

Don't push and shove on crowded stairways or any other crowded place.

If you follow these simple safety rules Appleseed will be a better school with better citizens.

## Basketball Song Tune Of "Johnson Rag"

New words were introduced to the tune of *Johnson Rag* as Appleseed's basketball song, by the Appleseed Cheerleaders before the Appleseed-Simpson game.

"Hep! Hep! Let's make some baskets now.

Hay! Hay! Come on let's show 'em how,

Ho! Ho! Show them what you can do,

Hep! Hep! You know they can't beat you.

Jump! Jump! And get those rebounds do,

Juke! Juke! Look out we're coming thru,

Joop! Joop! Let's make them really sore.

Jump! Jump! Come on boys raise that score.

If you're feelin in the low, We'll root for you you know,

Come on boys don't be a schmoo, Don't you dare fret, don't give up yet.

Zig! Zig! The Pioneers will fight. Zoop! Zoop! We're feelin awful bright,

Zoom! Zoom! We know that you're all right.

Get hep and get happy, Pioneers tonight."

## What Would the March Winds Say?

- If they saw all the low test grades some people have been getting?
- If they knew about all the clothes getting stolen from the girls' locker room.
- If they saw us win the Appleseed-Simpson basketball game. (Proud as ever.)
- If they saw all the pretty dresses and suits at the G.A.A. dance. (Wow!)
- If they knew Dave got sick just before the dance. (Too bad Millie!)
- If they knew Jim Witzky got sick accidentally on purpose just before the G. A. A. dance. (Shame on you!)
- If they saw Joyanne, Betty, Jean and Dolores put on their skit at the banquet. (Laugh, I thought I'd die!)
- If they saw Joanne when the telephone rings. (Maybe it's Darce!)
- If they saw Jack and Nancy in the Saturday afternoon show. (Fight!)
- If they saw Pat when Jim gave his bracelet back to her. (Happy Times!)
- If they saw Judie and Lanny out at North Lake Park, Sunday afternoon. (Was it fun?)
- If they saw Karen and Joe at the dance. (In the cute!)
- If they heard two certain girls laughing in Miss Solt's 7th period Latin class. (What about it Barb and Nan?)
- If they heard all the noise in Coach Snyder's fifth period study hall on Wednesday. (What is the matter with you kids, ya goin' crazy or somethin'?)

## Snooper Snoops

They call me Snooper. I roam through the halls keeping myself well informed in gossip. For instance,

—Why do some certain girls get tears in their eyes when they hear a certain song? I know, do you?

—What four people walked home from a dance keeping themselves well informed about "vampires." What two girls listened to a telephone conversation between Jerry and Shirley about trophies and basketballs?

—Who's looking for speeders?

—Did Darce ever get his chicken sandwiches?

—Why isn't Latin easy????

—Who was Lanny looking for one Monday afternoon?

—Where did Joanne get that shirt? (couldn't have been from Darce's locker?)

—Joyanne wants to know where Shirley, Barb, Sally and Sally H. hid one Saturday afternoon. (Did you find 'em?)

—Who called the radio station and announced, there would be no school?

—Who gave Jerry his black-eye? (Okey Drake).

—Did Barb and Shirley find the wild-goose?

—Why did Harley walk home with Sally and Darce? (Don't you trust 'em?)

—Who made the best pop-corn Sunday night?

—Why did Buzz and Jack get dizzy in Latin Class?

—Does the spearmint lose its flavor over night? Beware of what you say or do because Snooper may be near and who knows who Snooper is?

## WE HOPE SPRING BRINGS

—a gold basketball for Shirley (Jerry's naturally).

—Nancy Peppard a new pair of glasses.

—Pudge Henkel some warm weather.

—better grades for Joanne.

—Mary Pearson better grades in Latin.

—more dances like the G.A.A. dance.

—a baseball team of our own.

—pretty flowers and new clothes.

—Jill a new boyfriend.

—more Friday night dances.

—some boys from Simpson.

—Barb—"her wild goose."

—Dick Bricker his "Susie?"

—Nancy's and Barb's Cleveland Indians a Worud Championship for 1950. (Good luck!)

—Joyanne some new jokes. (We're getting awful tired of these old ones.)

—Miss Voll some 60-word typists.

—Red Hair for Joan Horsman. (Not!)

—Janet Betz Dick Bricker's bracelet.

—Paul Birmelin a "toni."

—Jon Young, more members for his Science Club.

—Mr. Lantz more than two second year Algebra students.

—Margie Vild more A's on her grade card.

—a decision for Bud Chamberlain. (We're all waiting.)

## TARZAN SHOWN AS NOON MOVIE

*Tarzan and the Leopard Woman* was the week long movie which was held at Appleseed February 14-17. It starred Johnny Weissmuller, Brenda Joyce, and Johnny Sheffield.

*Tarzan and the Leopard Woman* was the story of how Tarzan and his family was interrupted by a sinister society of leopard men who wished to control the jungle. They attempted to throw their blame on leopards, but Tarzan was not fooled by this ruse. When a caravan carrying native girls to school was attacked, Tarzan's son, Boy, saw the attack and went to tell Tarzan. Tarzan rescued the girls, but on the chase through the jungle he was captured by the Leopard Men. Tarzan's wife, Jane, and his son were captured also. All were saved when Cheetah, the monkey, untied Tarzan.

## CHICK CHATTER

By SHIRLEY DRAKE

Now that the banquet is over and all those pretty dresses and suits are laid away, our thoughts turn back to school styles.

Spring will soon be well on its way and it's time to start counting your pennies for that spring wardrobe. The first thing to plan for is that all important 'Easter Outfit.' Suits both in checks and plain colors are shown along with bright colored accessories and perky little hats.

For school sleeveless blouses with cotton skirts are hitting a high spot. Cotton dresses are also good this year. Saddle shoes and Loafers rate high. How about wearing a ribbon in that short 'hair do' to match your skirt or dress?

By the way even if you don't come from 'old erin' you can still wear something green on St. Patrick's Day, March 17.

## The American Way—How May We Improve It?

The American way of life has been fully expressed in our Declaration of Independence. It says: "All men are created equal; they are endowed by their Creator with certain unalienable rights, and among these are Life, Liberty and the Pursuit of Happiness."

Many years ago, a small group of people braved the Atlantic to come to this country. These people, whom we know as the Pilgrims, had been persecuted because of their religious beliefs and therefore came here to start life anew. They knew that government must be a servant of the people, and not its master: and they knew that the right of the individual to his freedoms must be protected. They had seen what happened to them in their own country when the government had taken control of the person, and they felt that it must never happen here. These freedom loving people set up the foundation for democracy and the American way of life.

Others, such men as Washington, Jefferson, and Lincoln, also believed that by strengthening the rights of the individual, the country is thereby strengthened. Abraham Lincoln, especially, had his beliefs put to test in the case of slavery. Lincoln proved himself, however, equal to the situation. He said, "No nation can remain half slave and half free." He thereupon proclaimed the slaves free, and by just this one act, is now recognized as one of our truly great presidents. He and others like him made our American heritage what it is to-

day. These men's deeds will never be forgotten.

Now, let us see how well our principles are being carried out today. The majority of us are enjoying our freedoms fully. There are some however, who are still striving toward the fulfillment of these rights. Our system must insure that these privileges are enjoyed by all, not just the majority. Even in our great democracy there are still some who are not being treated equally with their neighbors because of their color or creed. Many are kept from voting by the poll tax which they cannot afford to pay. Some are segregated, must attend separate and in most cases inferior schools, and live apart from their neighbors. Two steps in improving this situation would be: The stopping of segregation, and the abolition of the poll tax. The abolition of the poll tax would give every person the right to vote with no concern as to his race or economic standing. Another step would be to outlaw all subversive organizations; organizations that discriminate against people whom they call 'different.'

Our country needs improving in other ways too. We have made great advances in such things as the building of airplanes and guns, yet we lag behind in making better schools and playgrounds for

The world cannot be kept peaceful with everybody preparing for war. The only way of keeping the world united is by having all the peoples of the earth understanding each other and working in unison.

One way of doing this would be to have a greater exchange plan whereby we would exchange students with other countries. Not only would we get a clearer and unbiased view of the rest of the world, but its people would get to understand us better. Differences could be then settled peacefully.

After all, the students of today will become the leaders of tomorrow.

I again say that I believe we have the best system in the world today; however, in order to preserve and maintain it, trained and qualified persons must be elected to our government, and an ever-watchful eye must be kept against any subversion of our democratic principles.

## Drama Classes To Present Plays

The Monday and Tuesday dramatic class is putting on a play called "Who Murdered Who" by Millard Crosby. The characters are Kit Strapp, who is a gay and eccentric woman that giggles incessantly and is well played by Betty Karsmiski; Carol Schad plays the role of Jennie Marks, the maid, who is extremely nervous and easily frightened; Gould Revor, who receives a threatening note, is played by George Reece; Marlene Remy plays the part of Camilla Foreman, who is engaged to Gould; Roxy Brenner, who is vacationing in Maine and who adds much to the mystery of the play is played by oJan Horseman; Willie Strippitt, a detective, who adds humor to the play with his self important air, is portrayed by Bob all; Vida Arthur an old girlfriend, who shows up at the wrong time is played by Betty Weir; Tommy Bates as Dr. Fravesend, is a fussy man and quite confused.

The action of the play takes place in the living room of wealthy Gould Trevor's summer home in Maine. Trevor receives an anonymous note which reads "be prepared, you are next to go—your time has come."

The excitement begins when a strange young woman frightens the housekeeper out of the house and takes over her position. The excitement increases as a flood of mysterious happenings take place. Lights flash on and off and everybody in the Trevor house is suspected of murder.

The Wednesday and Thursday dramatics class is working on the

play "The Little Red School House" a comedy in one act. The characters are Mary Bronson, the teacher, who is played by Violet Maglott; Ezra Porter a domineering woman is played by Phyllis McFarland; Ezra Porter, her husband, the head of the school board is portrayed by Tommy Bricker; Mayberry Flutter, the sweetest boy in the class is played by Sherry Maxwell; Butch Callahan, the toughest boy in school is Terry Mitchell; Pee-wee Reis, a tall thin boy is Bill Taylor; Midge Reis is Pee-wee's twin sister, and is a short plump girl, portrayed by Jo Anne Kober; Glash Gramham, who sleeps all the time, is Jim Witzky; Tubby Pink, who waddles when he walks, is played by Robert Gordon; Marigold Talbot is the class tattle tale and is played by Pat Long; Clarissa Porter, the richest girl in town is Joy Herbert; Tessie Talant, who giggles all the time, is Nancy Bowman; Elsa Schmidt, a dutch girl, is Betty Lou Stanger; Hildegrade La Verne, who wants to be a movie star is portrayed by Carol Cook.

Mrs. Jeanne Baker directs both of these plays.

## Appleseed Wins 41-27

On the afternoon of February 8, Appleseed traveled to Lexington and took the measure of the Minutemen 41-27. With Mr. LaRue coaching the Pioneers while Coach Snyder was scouting the Bulldogs of Simpson, Appleseed racked up it's third win of the campaign. The Pioneers looked impressive against the Minutemen with Bruce Bushnell leading the way with 18 markers all coming on field goals. Appleseed led throughout the game. As the first quarter ended Appleseed was ahead 13-9 but was held to six points in the second quarter as was Lexington. The score read 19-15 with Appleseed in the lead as the teams left the floor at the intermission.

In the third quarter the Pioneers relied on its fast break as they outscored the Minutemen 11-7 in the third canto. The score read 30-22 as the teams entered the final stanza. The Pioneers took a substantial lead and then Mr. LaRue put in his second team to finish the game. As the final buzzer sounded the score was 41-27.

Bushnell played the backboards well as he stretched his 6 foot 2 inch frame up to get most of the rebounds. Balph and Thomas had Appleseed Reserves made it a 7 points apiece for the losers.

clean sweep for the afternoon as they trounced the Lexington Reserves 31-14. Every Pioneer saw action as eight of the contributed to the scoring. Zartman led the scoring with 14 points. Ford had 6 points for the losers.

## Pioneers Trounced

The Appleseed Pioneer's were the victims of a powerful Mt. Vernon Yellowjackets quintet on the afternoon of February 2nd. It was the fifth defeat for the Pioneers, losing 35-28. The teams were very evenly matched as the game was close all the way, but the Yellowjackets forged ahead in the second stanza and that is where they stayed throughout the game. Shire of Mt. Vernon and Witzky of Appleseed tied for top honors with 15 points. Witzky scored all of Appleseed's points in the final stanza.

Appleseed led at the end of the first quarter 5-4 but lost that lead as Mt. Vernon made 10 points to the Pioneers' 6 to make the score 14-11 as the half ended.

The Yellowjackets again scored 10 points in the third quarter as Appleseed scored 9. As the final canto opened the score read 24-20, the Yellowjackets' edge. Mt. Vernon again outscored Appleseed 11-8 in the final quarter. The final buzzer sounded, the score read 35-28 in favor of Mt. Vernon.

Appleseed made two out of five free throws while Mt. Vernon hit five out of 12.

In the reserve game Mt. Vernon also won 49-38. The halftime score was 23-23 but the Yellowjackets outscored Appleseed by 11 points in the last half. D. Frye of

## Athletes-of-Month

Ronnie Sherrer, who stands 5 feet 5 inches tall and weighs 125 pounds, has been chosen seventh grade athlete of the month. Ronnie plays guards on the eighth grade basketball team and plays on St. Mark's church league basketball team.

He went to Carpenter grade school where he played in all sports, being captain of the football and basketball teams.

As for his biggest thrill, he says it hasn't come yet but thinks it will come in the near future. His favorite sport is football and his hobbies are hunting and fishing. Pancakes top his food list and, like most boys, his favorite subject is gym. Ronnie reports to home room 114.

Bud Chamberlain, who stands 5 feet 11 inches tall and weighs 158 pounds, has been chosen eighth grade athlete of the month. Bud played right guard on the football team for the past two years, being a regular this year. Football is his favorite sport. His biggest thrill, he says, was playing the

# PIONEERS TRIUMPH OVER SIMPSON SECOND CONSECUTIVE YEAR

Jim Witzky shoots as Bruce Bushnell of the Pioneers and Dick Frye of the Bulldogs look on.

On the night of February 15, at Mansfield Senior High gym with less than five seconds to go and the score reading 31-31, Darce Shasky, in desperation, let go a one-hander which swished through the nets and carried with it Appleseed's second city basketball championship in two years. With over 1,500 screaming fans at hand, Appleseed came from a 10-1 deficit to win over a favored Simpson Five 33-31.

Shasky, who led the scoring with thirteen points, ten of them coming in the last half, and Bruce Bushnell, who played the backboards like a cat, led the inspired forces of Coach Paul Snyder to victory. In the action-jammed final stanza the lead changed hands eight times and the game was deadlocked three times.

The first quarter ended with the score reading 6-1 without much action. The Pioneers couldn't find the range for one field goal as their only point was on a free throw by Bob Diemer. The score read 10-1 in favor of Simpson when Bushnell finally found the range and hit a fielder which provided the spark that the Pioneers needed. Appleseed hit the basket fairly regularly from then on and out-scored the Bulldogs 15-9 in the second canto. The score read 16-15, Appleseed having the edge as they

left the floor at the end of the first half. The Appleseed fans went wild and the Simpson fans were a little bewildered.

In the third period each team hit from the field three times but the difference was when McDonald of Simpson sank a free toss to tie the score at 22-22 as the buzzer for the end of the third quarter went off. As the final stanza opened, Simpson was the first to score but then Shasky sank a set shot to tie the score once again. Shasky then sank another fielder but this time to put Appleseed ahead 26-25. With the score reading 31-29 Bushnell was fouled and he calmly stepped to the gratis line and sank two important free throws which set the stage for Shasky's winning bucket as the Appleseed fans cheered madly.

Carbetta who led the Simpson scoring with 8 points was fouled out in the last minute of play as was Truman Jackson for the Pioneers.

The reserve teams of Appleseed and Simpson fought in the preliminary battle which Simpson won by a one-point margin. The preliminary game produced many thrills for the spectators as the game was won in the last seconds when Collins sank a free throw to provide the margin, the final score being 26-25. Zartman had 12 points for the Appleseed quintet.

## SPORTS SLANTS

Well! the Pioneers safely defended their basketball championship against Simpson, eeking out a 33-31 victory when Shasky made the winning bucket with less than 5 seconds to go.

Spring football started March 1, when Mr. Snyder called the boys in for a meeting and the boys started practicing tumbling in the gym. Coach wants another winning team to defend the city football championship for the

Pudge Henkel straight year, so everybody interested in playing football is invited to come out for practice.

Intramural basketball has started in all grades with the teams playing at noon and after school. Over 75 games have been played already.

Mr. Snyder wants to give the boys who weren't on the school basketball teams a chance to play basketball. The schedule of games for the eighth and ninth grade has been almost completely played and Coach hopes to have it done by the second week in March. The ninth graders are playing a round robin tournament, each team playing another home room once. 212 is leading the ninth graders with 5 wins and 0 losses and 113 has 5 wins and 1 loss. The eighth grade and the seventh grade are playing a consolation tournament in which a team has to be defeated twice.

Four teams will play in the semi-finals March 1, when 115 plays 11 and 213 plays 102. 115 and 213 are undefeated in three games. In the seventh grade seven teams are still in the running.

Mr. Snyder says that as soon as the weather gets warm there will be softball tournaments. Coach Snyder got a springboard from Senior High School and the boys gym classes use it.

## Listen, Girls

Weren't the G.A.A. banquet and dance just wonderful? Weren't the decorations of the cafeteria and gym "just precious?" A lot of credit goes to Mrs. Bradley, the chairmen, and the committee members for making the '49-'50 banquet a big success.

*Nancy Peppard* With the end of the basketball season approaching, the gym classes will start practicing their softball. As soon as warm weather comes, the gym classes will go outdoors.

The way it looks now Mrs. Bradley is going to have a difficult job choosing the all-star basketball team. In watching the games being played it seems there are quite a few outstanding players.

Well, the banquet is over and now it won't be long until the picnic. Keep turning those points, girls, so you can receive an award at the picnic.

Congratulations to Joyanne Herbert for being chosen athlete of the year. Joyanne was elected from three other nominees all of whom were ninth graders. She was announced winner at the G.A.A. banquet at which she received an award.

## College Humor

Holidays are over but Christmas stories are still pouring in. Best one we've heard came from Otterbein College campus. It was reported by Monrie Courtright, editor of Public Opinion in Westerville, Ohio. It's supposed to have happened.

In an exam just before the holidays the question was asked: "What is a split infinitive?"

"God knows, I don't—Merry Christmas," the student wrote.

The paper was returned to the student with this notation by the prof. . . "God gets 100. You get zero. Happy New Year."

On February 24, the G.A.A. held its annual banquet and dance for the school year, 49-50. The banquet was held in our cafeteria.

Promptly at 6:00 P. M. the banquet was under way and the girls and their guests sat down to a delicious meal of city chicken, salad, scalloped potatoes and rolls. For dessert they were served ice cream and cookies.

After the meal Mrs. Bradley announced that Joyanne Herbert had been chosen as "athlete of the year" and presented her with a trophy. She then presented the officers with trophies and gave awards to other members. Shirley Drake, president, presented Mr. Harmony and Mrs. Bradley with

gifts from the G.A.A. members.

For the entertainment Reba McFadden sang "Stardust" and "How Deep is the Ocean" accompanied by Barbara Schaeffer on the piano. Barbara then played "Golliwogs Cakewalk" on the piano and Arlene Christman played "Glowworm" and "Twelfth Street Rag" on the accordion. For the finale of the banquet program Joyanne Herbert, Jean Crat, Betty Weir, and Delores Danals put on a humorous skit called

## "Year Ago Tonight."

At about 8:00 P. M. the girls went upstairs to meet their "dates." The gym was decorated with blue and white streamers with glittering stars dangling from them. In the corner of the balcony was a huge quarter moon which reflected dimmed lights. Under the make-believe, star-lit sky, the couples danced to the dreamy music of the Cook-Damron orchestra. At approximately 10:45 the dance came to an end.

Guests for the evening were the teachers and their husbands and wives.

## GYM SIGHTS

- The "darling" decorations at the G.A.A. dance.
- Nancy Peppard and Barb Darling always playing badmitten. (They should be good by summer.)
- All the boys breaking their necks while tumbling.
- Sally Sowers turning Mrs. Bradley's office into a beauty parlor one day.
- Judie Bruce playing basketball so well.
- Butch Brandt always ripping Bob Diemer's tee shirts up. (Cant' you find anything better to do?)
- Rodney Reid's purple shorts and fuchsia shirt. (Egad! Those colors!)

## Saint's Birthday Occurs March 17

Saint Patrick was a patron of Ireland and a saint of the Roman Catholic Church. He was born in a small town called Bannaveum.

The Saint's British name is said to have been Suicat. Patrick is the English form of his Latin name, Patricius.

Saint Patrick had a romantic life, full of adventure. He was captured by pirates from Ireland at the age of 16. They carried him back there and set him to tending flocks of sheep for a chieftain in Ulster. Six years of slavery made him a devoted Christian. He escaped to France where he became a monk. In 423 a vision led him to return to Ireland as a missionary bishop. He worked laborously in various parts of his life. He became so successful that he came to be known as one who "found all Christians."

Many legends grew up about this popular saint. One of the best-known is that he charmed the snakes of Ireland down to the seashore so that they were driven into the water and drowned. Much else that is told of Saint Patrick is little more than legendary. He left a sort of autobiography in his "Confession" which was written in crude Latin.

Many relics of this saint were held sacred for thousands of years, but some of them were destroyed during the Reformation. A four sided iron bell, said to be his is in the Museum of Arts and Sciences in Dublin. An ancient stone chair is another and can be found on the Rock of Cashel. Much study has been given to St. Patrick; but little goes beyond the testimony of his own writings can be accepted as certain.

St. Patrick's feast day is celebrated throughout the world, wherever there are Irish people. It falls on March 17.

## COUNCIL HEARS TALK ON TRENDS

The Mathematics Council had their regular meeting March 1 at the Chamber of Commerce rooms. Mrs. Clarence Hardgroves, instructor at Ohio State University gave a talk on "Modern Trends in Elementary Mathematics."

She pointed out that there ought to be a co-ordinated program in Mathematics from grades one through twelve so that many of the ideas and concepts may be given as a continuous process rather than be disjointed or contradictory. She used many interesting illustrations in explaining the "trends" of Mathematics.

Previous to the regular meeting, several members of the Executive Board, Dr. Edwin Fensh, Mr. L. L. Mishey, the Elementary Supervisor, Mrs. Florence Hardgrove, and Miss Ethel Stalzer both of Ohio State University had dinner at the Sky Club.

Wm. B. Lantz was elected as a delegate from the local council to go to the National Council of Mathematics Teachers being held in Chicago in April 12 to 15.

## Shop News

The eighth grade shop classes have moved into the wood working shop and metal working shop from the drawing room this semester. While in the drawing room the first semester, complete blue prints of the work to be done this semester were made.

Ninth grade vocational classes are in the drawing room this semester learning to read blue prints and sketching.

Architectural drawings of houses is the project of the ninth grade general shop boys. These are to be complete, from the basement to the fully built house.

## English Classes Observe Lincoln's Birthday

To celebrate Lincoln's birthday, Miss Alice Kirkwood's first, second, third, sixth, and seventh period English classes gave programs within their classes.

A play entitled "The Boy Abe" was presented. There were quizzes, poetry, readings, and talks all in accordance with Lincoln's birthday.

Patty Schmidt brought pictures and articles which have been on display recently in Room 105.

## Vacation? Fake Report

FLASH—there will NOT be any school today at Johnny Appleseed, or so the radio said, that clear, crisp, Monday, February 20, 1950.

Doors slammed and "kids" were back in bed in a minute, but mothers moaned at the thought of their kids being home from school all day. Teachers on the other hand had many plans for the day, some of them (Mr. Davis) decided to go out of town, while others stayed in bed.

It was fun while it lasted, but only while it lasted and I mean while it lasted because not more than 15 minutes after they announced there wouldn't be school they said there would be school. Doors opened and "kids" that weren't so happy came out of their rooms fully dressed. Mothers stopped moaning and got to work getting their sleepy, disgusted "kids" on their way to school.

That day in school some 300 students were tardy and 150 absent but they weren't all sick.

Then February 28, the bus pupils got to stay off because it was raining and icy (the lucky "kids"! ) I wonder how they spent the day and how they will get through the world, while the poor city "kids" soaked up all the knowledge!
