Supt. Resigns After 19 Years

W. L. Miller, superintendent of the Mansfield Public Schools has resigned effective next August 31. Mr. Miller, who has held the position of superintendent since 1935, has resigned for personal reasons and has stated no immediate plans for the future.

Mr. Miller is active in civic as well as educational affairs, some of those being Civic Music Assn., Red Cross, Community Chest and the Rotary Club. He also is a 32nd degree Mason belonging to the Columbus Consistory and Mansfield Lodge No. 35 F and AM and serves as an elder at the First Presbyterian Church. Mr. Miller also holds membership in the Ohio Education Assn., the Northeastern Ohio Education Assn., and the American Assn. of school administration.

During the nineteen years he has been superintendent, there has been extensive building and modernization in the city schools. John Simpson and Johnny Appleseed were built and also Woodland elementary school in the late thirties and later Roseland was built.

Mr. Miller is married and has one daughter. He graduated from Muskingum College, later received a master's degree from the University of Pittsburgh and he has worked toward his doctorate at Columbia University. Other universities he has attended for special courses in his field of administration have been New York University, Harvard University and the University of Chicago.

Pupils Present Musical Program

A meeting of the Johnny Appleseed P.T.A. was held on Thursday, February 18, at 7:30 p. m. in the Johnny Appleseed auditorium.

A short business meeting was held and entertainment followed.

Miss Ellena Percy, Mr. A. Lemoine Derr, and Mr. R. V. Smith conducted the classes and led the singing groups.

The girls group sang the following songs: *Religion is a Fortune*—A Negro Spiritual, *The Lord's Prayer*—Malotte, accompanist—Rose Marie Spognardi. The following songs were sung by the boys' group: *Prayer*—arr. Malin, and *Sky Anchors*. The combined groups and the mixed Ensemble sang the following songs: *Comin' Thru the Rye*—Waring, *Stydola*—Czechoslovakian Folk Song, *Rock-a-My-Soul*—Traditional Negro Song.

Margaret Scott gave a dramatic monologue followed by the guest speaker for the evening Lt. Rice of the State Patrol. The topic of Lt. Rice's talk was on safety.

The program chairman for the meeting was Mr. Russell Phipps.

Patrol Entertained By Auxiliary Police

On December 22, more than 290 boys and girls of the Mansfield School Patrol Guard reported to Grotto Hall for a party sponsored for them by the Auxiliary Police.

They ate over 960 hot dogs, be-hot dogs, besides baked beans and potato salad. They also had 425 cartons of chocolate milk to drink.

Buses left the square at 5:40 p. m. and 6:15 p. m. The party was over about 8:15. Serving started at 6:30.

Paul Martin, chairman of the entertainment committee, arranged for a Walt Disney movie for entertainment.

Appleseed Girl's Entry Accepted At Regional Scholastic Art Exhibit

High school boys and girls all over northeastern Ohio recently collected their best art pieces to exhibit in the 14th annual Regional Scholastic Art Exhibit held in the Halle Bros. Lounge, in Cleveland, Ohio, Monday, March 8.

Between 4,000 and 5,000 entries are received annually from which a panel of judges selects about 800 for exhibition.

Meredith Miller, who sent two of her small ceramic horses to the exhibition, was very fortunate in receiving a place award, which means that she out of the other 5,000 entrants received the honor of being one of the 800 to have their products exhibited.

This is quite an honor for Meredith as she is competing against 4,000 or 5,000 other students.

Meredith, nicknamed Mimi reports in Home Room 111. She says her favorite pastime is horseback riding and her favorite color blue. She states her hobby is art and looking to the future she intends to continue with art as a hobby and not a profession.

Miss Helen Herring, who supervised Meredith in her art work,

received her diploma from the Booth Bay Art Studio, Booth Bay, Maine. She later received her Master's Degree in Ceramics at Ohio State University. She also had private art lessons from Mr. Felix Payant, editor of Design Magazine.

At the end of this exhibit, all key winning entries will be sent to the Carnegie Institute in Pittsburgh to compete with 150,000 entries from the 48 states and United States possessions. The National honors include 140 tuition scholarships, granted by leading art schools and colleges including the Cleveland Institute of Art, and cash awards of nearly \$16,000.

Williams Takes First In Am. Show

Dennis Williams, saxophone soloist, took first place in the Amateur Show for the second straight year playing *Nola*. Rose Spognardi placed second and Cynthia Craig won third. Rose Marie played the *Sabre Dance* on the piano and Cynthia did a baton twirling routine.

Barbara Jones and Judy Long a vocal duet, singing *My Love, My Love*; Cheryl Riester, tap dancer; and Sandra Dunn, vocalist, singing *No Other Love* were all given honorable mention.

First prize was six dollars, second prize four dollars, and third prize two dollars. One dollar awards were given to those who had an honorable mention rating.

The performers competed each day during the noon hour for the finals. The acts were introduced by Bob Coen, who was the master of ceremonies.

The Amateur Hour is an annual event sponsored by the service crew.

Ninth Graders Take Kuder Pref. Tests

On February 10, 1954, all the ninth graders took a Kuder Preference Record to find their interest in different occupations.

The Kuder Preference Record consists of questions which could be answered by the students reference from one question to another. There are no right or wrong answers and anyone could take the test if they can read. The test also will help to decide what the pupil will take in Senior High school. Mr. Rohleder gave this test.

Also on the 11th and 12th of February the ninth graders took an Iowa Plain Geometry Aptitude Test. The purpose of this test is to find the ability to continue with Plain Geometry in the tenth grade.

The test was given by Mr. Spencer and Mr. Guthrie.

The eighth graders are also taking tests. Theirs are Aptitude Tests to tell whether they can continue on with Algebra. Miss Neer, Mrs. Simpson, and Mr. LaRue supervised these tests.

Council Backs Safety Campaign

A safety campaign is being sponsored by the Student Council of Johnny Appleseed Junior High School from March 8 to April 16. The object of the campaign is to emphasize safety in the school.

Every three weeks a prize of one dollar will be given for the three best posters made by the students. The theme of the posters will be school safety. The members of the Student Council will judge the posters on neatness and originality.

Joe Wharton is the chairman of the safety committee. Others on the committee are Kay Metzger, Marjorie Sharrock, Joyce Critchfield, and Beverly Porter. Margaret F. Wheeler is the advisor of the Student Council.

School Store Is Now Class Project

The business training classes of Appleseed have taken over the store besides the office. The new name for the store is Stop "N" Shop.

The business training classes under the direction of Mr. J. J. Thoms have taken over the store as a regular class project, with the permission of Mr. Kissel and the Student Council, under the direction of Miss Margaret Wheeler.

The business training class has elected Earl Roth as Manager and Pat Peck as Assistant Manager. The Manager was elected by different names being elected in each section and then voting on each. The Assistant Manager, Patty Peck was a previous hold over of the regular organization of the Student Council. Patty is also a member of the General Business Class.

It is the duty of the Manager and Assistant Manager to look after different student salesman, to take inventories of supplies, to determine the wants and needs of the students, to check the finances, to make typewritten reports and recommendations of sales to Mr. Kissel.

Any profits derived from the store is to be turned over to the organization of the school.

Some of the people who have worked so far: Sandra May, Jackie Yoakam, Carol Egner, Ruth Dechner, Jerry Oswalt, Pauline Crocket, Carol Evans, Mary Helling, Georgann Walters, Bill Franta, Gordon Geottle, Sandra Kaug, Mary Ellen Sherrer, Dave Wells, James Bennett, David Slater, Marilyn Brown, Jo Stauffer, Gerald Friend, Dave Carver, Nancy Beal, Phyllis Oney, Anne Day, Paul Workman, Dick Edmond and Mary DeWeese.

9th Grade Sponsors Dance On April 2nd

The ninth grade class is sponsoring a dance April 2 to earn money for the prom which is to be held June 4.

Mr. LaRue, the class advisor, has assigned chairmen to the following committees: Decorations, Mickie Grubaugh; Refreshments, Dave Kafer; Cloak Room, Carol Neal and Elaine Grosskopf; Tickets, Pete Siegenthaler; Clean Up, Paul Workman and Denny Dick.

The music will be furnished by Appleseed's Nine Mad Men.

Boy Hurt As Gun Discharges

Dave Mattox was injured February 21, when a target pistol he was using accidentally discharged.

A bullet jammed in the cylinder and in trying to get it free it exploded burning his left hand. Then another bullet discharged and entered his left leg. Dave was taken to General Hospital where he was operated on to have the bullet removed. He is expected to be in the hospital two weeks to a month.

Dave reports to the shop for homeroom and lives on Millsboro Road.

Sympathy

The students and faculty of Johnny Appleseed extend their deepest sympathy to Alan Gutterman on the death of his father.

MY DUTY TO HOME & COUNTRY

Printed below are the two prize winning essays from Johnny Appleseed which were entered in the American Legion Essay Contest.

The first essay won first prize for the ninth grade and was written by Eldine Taylor. The second essay won third prize for Charles Kochheiser. Both are pupils of Mrs. Hostittler.

I believe that the basis for my duty to my home can be found in the fourth commandment, "Honor thy father and thy mother, that thy days may be long upon the land which the Lord thy God giveth thee."

What is my duty to my home? It is my duty to my brothers, my sisters, and especially my parents. I should love, honor, serve, and obey them.

My love for my parents should be great. Out of this love and affection I should not displease them but earnestly try to please them.

My parents should be honored and respected by me. I should have consideration for their feelings and not always think just of mine.

Serving, helping, and performing cheerfully the duties given to me is another obligation of mine.

I should obey my parents. This especially should be observed while I am young and should be done willingly.

These thoughts cover entirely, I believe, my duty to my home. These duties should not be restricted only to home but should extend to church, school, and all other contacts.

What is my duty to my country? If I love God, out of this will come love, respect, and service to my country. If I love my country, I shall be loyal and patriotic.

I must have a knowledge of the

background of my country and know the functions of the various departments of the government. Unless I have this knowledge I cannot fulfill my duty as a citizen completely.

We should give the government its due such as paying taxes, being loyal, and showing interest in public affairs. Since the government gives us our due such as protection, recreational facilities, and adequate highways, we should return to it that which is its due.

It is the duty of every citizen to contribute his time and talents toward making America a better land. I cannot fulfill my duty as a citizen unless I try to secure and uphold a righteous government.

To do this I should vote intelligently and conscientiously and accept jury duty seriously and willingly. I should pay my taxes, for, as Martin Luther said, "The State poral affairs and to maintain law is God's servant to regulate tem-and order in the land." The State cannot do this unless it has funds with which to do it.

War is also a situation with which the government has much to do. If I am called upon to defend my country, I should do so unless I know the cause is wrong.

These duties apply not only to my country but to my community and state.

The fundamental thought of my entire duty to my home and country is to fear and love God. If I do fear and love God, my duty to my home and country will be much more effective.

The world would be a better place to live in if everyone would practice the Golden Rule. Democracy would then be spread worldwide.

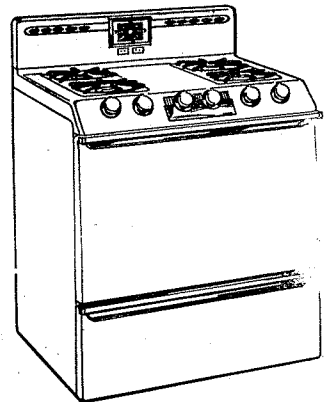

I believe in Doctor Crane's statement, "The best cure for what is the matter with the United States, or any other country for that matter, is the home." I believe htat I may help in my own home by showing respect to my parents. By heeding their advice and being able to profit by the experiences which they have gone through, I can be wiser in my decisions. By assuming responsibilities around the home, I can do my share of work to make my home more orderly and attractive. By understanding the family income, I can try to live within it, not spending my money unreasonably for things which are out of my limit. By working to supplement my allowance, I can save some of my money for future use. I should treat my family and neighbors with courtesy; always be friendly and have a smile for my friends; be clean in thought, word, body and mind. At times, I must let God be the master of my home.

One of the best things I can do for my home, city, community or country is to be a good citizen. To be a good citizen I must have good sound social, honorable, and religious qualities. By being loyal, breaking no laws and doing nothing dishonorable, I can keep up the good name of our city, community and country. Showing respect for other people's property, I can help prevent destruction to these properties. This is especially true around Halloween when I can try to stop other children from doing thoughtless things to others' property. By giving generously to

Johnny Appleseed Band will hold their annual Spring Concert March 25 at 8:00 P. M. under the direction of Charles R. Sickafus. Pieces ranging from Kiss of Fire by A. G. Villoldo and Park Avenue Fantasy by Malneck and Signorelli.

There will be a *Flute Quartet*, Corwin Robinson, Marilyn Jones, Donna Conneway and Mary Jane Hampton. *Clarinet Quartet*, Dave Kern, Pat Russell, Joan Nelson, and Bruce Appleby. *Saxophone Quartet*, Dennis Williams, Pat Laux, Jim Minhinett, and Phil Zimmerman. *Brass Sextet*, Bill Barnhart, Denny Dick, Lowell Kline, Jim Brundage, Pat Fortney, and Bob Morris.

Tickets for the concert will be on sale the week of the concert. Adults seventy-five cents. Students thirty-five cents. The Band has started a contest on the sale of the tickets which are headed by Joan Nelson and Mike Mihalick. Tickets may be purchased from any band member in the Concert Band or Training Band. There are thirty ninth graders that will be playing their last concert.

Prepare Skit In Dramatics Class

Mrs. Weaver's dramatics class will put on a skit called *Marko Goes A-Courtin'* in the near future.

The dramatics class of the ninth grade consists of eighteen students. They are: Pat Driscoll, Darlyne Heston, Sharon Bisbee, Jim Alexander, Pat Adams, Richard Troup, Joan Lucas, Richard Mintz, Phyllis Lapine, Frank Davis, Janet Stash, Cheryl Martin, Judy Long, Karen Devers, Margaret Scott, Carol Lloyd Linda Hattman and Peg Sargent. Miss Weaver is their director.

This class asked Miss Wheeler, the Student Council advisor, and the Student Council if they could have \$50 to buy some equipment for their new plays. The Student Council agreed that they would put on a short skit so they could collect sales tax stamps and earn some of the fifty dollars.

This skit will be put on at noon for the noon activity. In order to see the play you must have at least ten sales tax stamps. There will be four boys at each door to take your stamps.

The skit is called "Marko Goes A-Courtin'" and it consists of six players. Stella and Cibby, the two counselors, and the four camp girls, Ruth, Pat, Jingo and Lucy.

The first group will be: Stella, Carol Lloyd, Cibby, Linda Hattman; Lucy, Janet Stash; Ruth,

Projects Develop In All Art Classes

This term the seventh grade classes under the direction of Miss Virginia Stark and Miss Helen Herring are concentrating on lettering. They are applying this lettering by making safety posters. This is done in co-operation with the Student Council.

The eighth grades are also doing lettering. They are applying it by designing monograms and seals using their own names. They are also fitting these into geometric designs.

The ninth grades are working on clay projects. They design anything they want to and when completed they fire and glaze them. If their products are good enough, they plan to have an exhibit.

Science Classes

Here are just a few paragraphs to let you know what the General Science classes are doing.

Mr. Pival and Mr. Collier's classes are now studying "Life" or "Life Functions." That is in simple words "Plants & Animals" or as Mr. Collier calls it "Planimals." Classes are studying such terms as Osmosis, Assimilation, Photosynthesis, Etc.

Mr. Pival set up an experiment showing osmosis taking place in a pig bladder.

Mr. Collier showed an experiment showing capillary action in a piece of celery.

Last week Mr. Collier gave a test of 100 questions, forty-four statement questions and the remaining true and false.

Give Mom and Dad a Break

To most teen agers, parents are a couple of people that are very old-fashioned, hard to get along with with, and overflowing with stupidity.

Now if you really stop and think this over, you would find that they really aren't quite so stupid and so impossible after all. Your parents are the backbone for your existence, so just thank them that you are even here.

Your parents give you the food you eat (which I'm sure some would have a hard time getting along without), and how about that new sweater or shirt in the window that you just have to have? Guess who usually picks up the bill?

Speaking of picking up, I'll bet your mom and dad make good chauffeurs sometimes, too.

So when you think it is just impossible to get along with your parents, just remember it would be pretty hard to get along without without them, also.

Have You Noticed?

Have you noticed, when you are coming out of the school at the end of the day, how easy it is to get across the street? That's because of two things: Appleseed's wonderful patrol boys and that our parents' are not parking their cars on the crosswalk.

A little while ago we were given slips of paper to take home to our parents. There were instructions about parking in front of the school. In case you are one of the many who stuffed the paper into your pocket and have not yet gotten around to taking it out, this is the new rule. No cars are to be parked near the crosswalk where the patrol boys are standing. This is for your safety and every one else's, too.

March Wind Tries To Uphold Tradition

Whoo! I am the wind! Brother, check that! How corny can you get? Oh, well, gosh, I've got to get to work. Here it is March already and the general idea is, I'm a March wind.

Gee, you've no idea what it's like to be heard and felt but not seen. It's swell. Talking about being seen, you should see some of the things I see! You know, this deal about being seen keeps me pretty well informed.

Just the other day I was circling around the park and heard Mrs. Smith talking to Mrs. Gaundert. Talk about gossip! I'd better be quiet because I mean, I would not want to spread it around.

Boy, I've been having fun today. There is a convention of the N.O.D.A. (The National Order of Dishwashers of America) in town. It seems these guys were all dressed up in their new spring hats, when I come around the corner and gently lifted the hats off each and every one of them. I never saw anyone lose his dignity so fast before! It was really funny

to watch them. They were all so afraid they were going to lose their hats, which they had worked a long time to get. After all, dishwashers don't have a very large income. They soon recovered them alone.

though and I let the poor fellows The cutest thing happened the other day. I was buzzing around the garden and what should I come upon but a baby daffodil. I guess I gave him a scare! I started into a nose dive and when I got within about 2 inches of him, he pulled his little green head under in a flash. He'll have his time later.

Gee, I'll have to work hard and fast. You've heard the old adage "March comes in like a lion and goes out like a lamb." I hope to live up to this tradition.

Why Go To The Encyclopedia? March Facts Are So Very Obvious

The encyclopedia states that March is the third month of the year. That in itself is a silly statement. All that has to done is count January, February, and March. Naturally it comes out as the third month. This is not strange as it has been happening for centuries.

It then says March brings on spring and ends the winter months and also that it is called the windy month. All of these facts are well known to us and certainly do not need repeating. Any person, uneducated as he may be, can see that the snow is melting from the ground and the trees are beginning to get buds.

As for it being the windy month. Well! We all know what it is like to chase around after hats that have departed from our head by what the encyclopedia mildly states as wind. To us it's more like a blizzard or something equally as bad.

March is here and also the time for the ninth graders to choose their courses and what subjects they will be taking at Senior High next year. A preference test, which was given a while back, brought out the things that you are most interested in. That will help you a lot to choose your course.

You will receive, or have already, a Mansfield Senior High registration booklet; however, you must return these to the school. Take them home and look at them with your parents, then if there are any questions talk to one of your teachers. Be sure and take your time and talk it over thoroughly with your parents before you make the decision. Let your parents help you make the proper selection.

The eighth grade will soon be making its decision after the ninth grade is finished. You will have to decide your courses and subjects for your Freshman year. Although you can change some of your subjects after school starts in the fall, it is better to start right out and then you have an idea of what you can expect the rest of the year.

Well, I hope I have given you some suggestions and that you make the right decisions.

Becky

ROVING REPORTER

"What do you think of the book store?"

Ruth Lamneck—I think it's convenient and easier then going to a store.

Lois Walker—It's a great help.

Betty Clemons—I think it's very nice for the school and its about time we had something like that.

Cheryl Martin—I think it's a fine idea because if you run out of something you have a chance to get it without going downtown.

Linda Hattman—I think its a swell idea.

Janet Miller—I think it's real nice and it comes in very handy.

Shirley Young—I think it's nice because you can buy supplies right at school and don't have to go out to buy things.

Joe Miller—They don't sell the right kind of supplies, and they should have cuter girls work there.

Scott Kemp—They should sell pop and milkshakes.

Chip Ballentine—I think it's a great help for the school.

Jay Stephens—It's pretty far gone.

FASHION
FORTUNE
By CYNTHIA BELL

Hey kids, how does an open collar blouse with a choker sound? Pretty snazzy, huh? With the weather the way it is I think that combination should work out quite well.

Spring is on its way and all the pearls are opening the doors of their clam houses and shooting towards the top. If you know what I mean. That is why, pearl chokers and bracelets are especially popular.

Have you thought about Easter? Of course you have and you have probably asked yourself what are the kids going to wear, either to the G.A.A. banquet or Easter Sunday. Nothing much has really been decided around school but the main topic so far is a boxey or fitted suit. Dresses look real nice but you are always dressed for the occasion if you are wearing a suit so in the long run, a suit would be your best bet.

A few of the ninth graders have been thinking over the idea that when it gets real nice and warm that they will wear flats to school since it does get so very hot.

Dresses are becoming more and more popular so you had better wait. They may decide to wear them during the spring like they did last year. Even so, full skirts, a pretty crenolin, and a straw belt look mighty sharp.

A word about your shoes before I quit, if you have a pair of your shoes tinted to match your dress or suit they sure look like a breath of spring.

All for now,
"Ginny"

Tink's Topics

Hi Kids,

Tumbling has again forced its way into the heart of the girl's gym classes. Sometime this spring a gym show including both boys and girls is to be staged. Girls expecting to participate must be among the top tumblers or very willing to learn. A few will be chosen from each class after more practice has been completed.

The ninth grade girls All Star Basketball team took much pride in the winning of their first game which was held in Bucyrus, Ohio. It was the team's first experience of that type while being nothing new to those of the opposing team. The game ended with the final score of 26 to 16.

The completion of the ninth grade girls intermural basketball tournaments is being followed by games containing eight grade teams. They are participating every Tuesday and Wednesday during the noon hour in an elimination tournament much similar to that of the ninth grade.

That's all for now,

Tink.

Appleseed Presents Fourth Gym Circus

Johnny Appleseeders held their fourth annual gym circus on March 18 and 19, in the Appleseed gymnasium. It was under the direction of Paul Snyder, Harry Regula, Miss Dorothy Hill and Miss Kathryn Winget.

The gym circus is presented as a review of the Physical Education activities for the school year.

The exercises, games, relays and gymnastic stunts are all a part of the regular. Physical Education Curriculum.

In addition to tumbling the gym show presented an exhibition of square dancing given by one of the ninth grade gym classes. There was also an exhibition of folk dancing by a group of ninth graders. The Bunny Hop and Hokey Pokey was given by a group of eighth grade girls.

All proceeds from the admission charges will be used to purchase new equipment for use of all Appleseed students in their Physical Education classes.

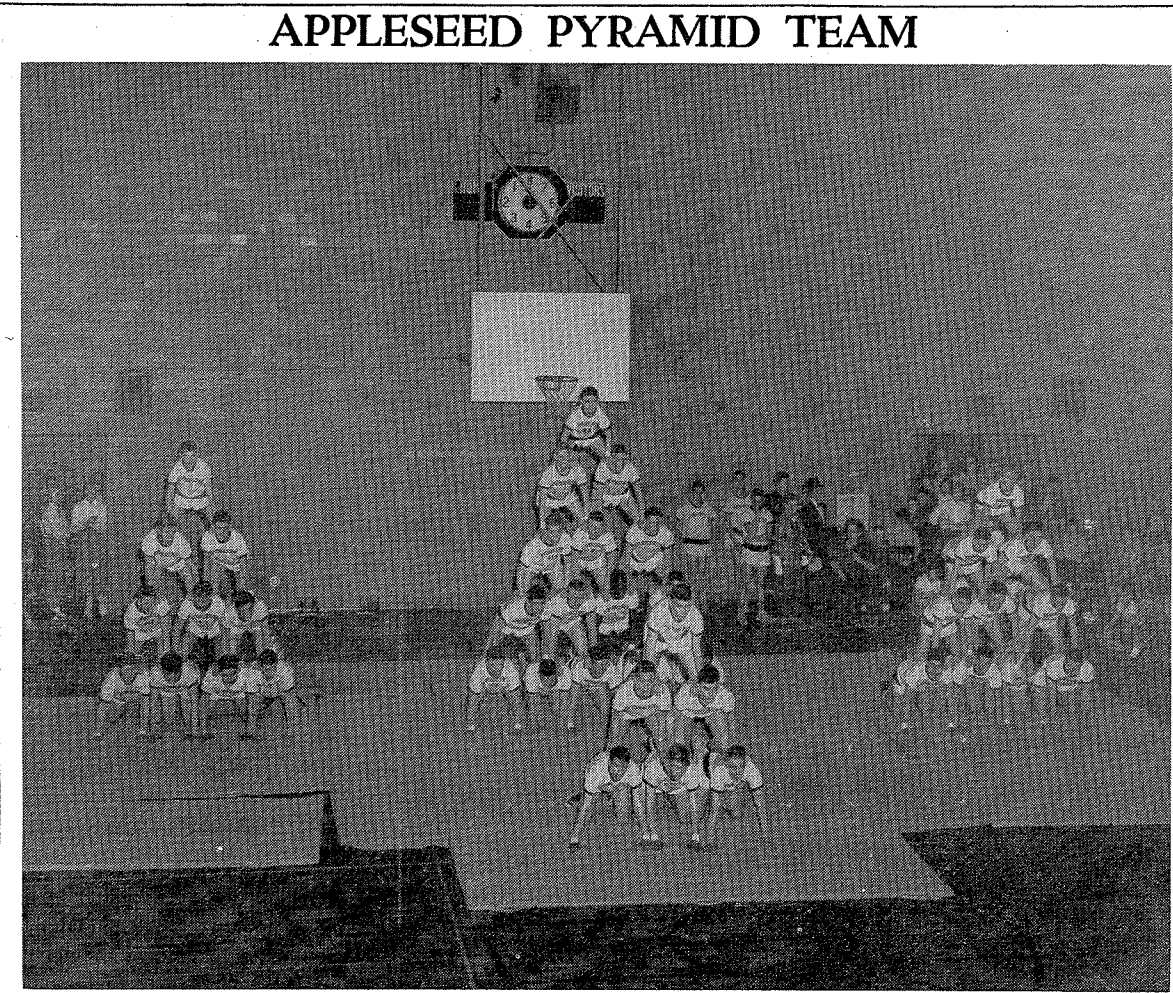

Exams are just like women, This statement is quite right, They ask you silly questions, And keep you up all night.

Sickler Announces Y. M. C. A. Schedule

The explosion at the Y.M.C.A. has changed the schedule of the various activities but none have been discontinued.

The following schedule was announced by Lowell Sickler, boys' work secretary. Gym classes for Junior High boys will be held on Tuesdays and Thursdays from 3:00-5:00 at Grubaugh school and the Swim classes will be held at Senior High pool for Y.M.C.A. members on Mondays from 8:00 P. M. to 10 P. M. and on Saturday afternoon from 1:00 until 4:00 Hi-Y will be held as usual.

Sickler is hoping to see many Appleseed boys participate in these activities.

Girl Athletes

Pat Driscoll has been chosen as athlete of the month from the ninth grade for March.

Pat claims her pastime is talking on the phone and her hobby is "Dave". Eating steak and french fries is her favorite dish and she likes to wear skirts and sweaters most often. She likes the color light blue more than any other color. Pat likes English as her favorite subject and basketball as her favorite sport. She reports to homeroom 106, has brown hair, brown eyes, is 5'6" and claims the weight is too much!

The eighth grade athlete is Sondra Amsbaugh and she reports to 203 for homeroom period. Gym rates as her favorite subject and she likes to wear skirts and sweaters best. Her hobby is roller skating and her pastime is going to shows. She likes to eat chicken and mashed potatoes most of the time while yellow is her favorite color.

Sondra has blonde hair, brown eyes, is 5'2" tall and weighs 97 pounds.

Kay Isaly reports to homeroom 113 and she was chosen as seventh grade athlete. Kay claims swimming as her favorite hobby and as her pastime, it seems, is going to shows. Steak and french fries are her favorite foods and Gym is her best liked subject.

Skirts and sweaters are her favorite combination. Kay claims her weight is ????. Her hair is brown, and eyes brown. She is 5'4" tall.

Simpson Edges Appleseed To Take City Junior High Basketball Crown

John Simpson's two short scoring streaks gave them the needed margin to win the 1954 Mansfield junior high basketball championship from Johnny Appleseed 26-21 at Pete Henry Memorial gymnasium February 8.

The game was nip and tuck all the way with the Pioneer's leading 7 to 4 and 12 to 9 during the first period. The score was tied 7 to 7 at the end of the period and Simpson led at halftime 13-12.

Appleseed led for the last time 14-13 early in the third stanza when Dave Guiher made a foul shot. Art Hammett tied the score with a foul shot—the fifth time the teams were deadlocked. Fount Jones and Butch Carver together made 5 counters to put Simpson in front 19-14. Then Appleseed came back at the start of the last quarter to trail by only 21-19.

A foul shot by Carver and field goals by Larry Kent and Chuck Taylor gave Simpson a lead of 26-19 early in the fourth period.

Willie William's two foul shots were Appleseed's last points.

Dave Shook took the scoring honors with seven counters all made in the first eight minutes of the battle.

Simpson made 10 of 14 tries from the court and six of 20 foul shots. The Pioneer's made only 6 of 40 field goal tries and 9 of 22 fouls.

The Bulldogs won the reserve game 28-19 after leading at the quarterposts 11-7, 18-10 and 25-11. Wetherspoon led Simpson with nine points.

Girls' Team Wins In Bucyrus, 26 — 16

The ninth grade girls All Star Basketball team staged their first out of town game on February 15 in Bucyrus, Ohio. The gym teachers along with several of the girl's parents supplied transportation.

Eight of the team's sixteen were chosen to battle against the opposing sophomores. Those playing were forwards, Marilyn Powell, Pat Driscoll, Nancy Beal, and Nancy Schmidt; guards, Mary Sherrer, Rose Marie Rose, Barbara Baker, and Janet Stash.

Powell, high scorer of the game came through with 1* points helping to defeat their rivals with a final score of 26 to 16.

The All Stars were placed at a disadvantage as they had had no previous experience of this type and were playing against girls a year older than themselves.

Jo Hart participated by acting as Appleseed's referee.

Following the game the players were served cookies and chocolate drinks.

Mr. Weatherman Eyes Job As Difficult One

I am a weather man. You know, one of those weird men who are always fooling around with barometers and funny-looking machines. Let me tell you, it isn't the easiest job in the world. Here is how one of my days goes.

When I wake up in the morning the first thing I do is check my machines to see what the weather is going to be. Just to make sure, I look out the window. Well, just about that time the phone starts to ring. Mothers are calling to see if their husbands and sons should wear rubbers. I'm thankful that when I meet these poor souls on the street they don't know who I am.

(It's also a very dangerous job.) The woman up the street calls to see if she should have her bridge club outside today. But it's worse in the month of April. That's when, as you already know, I'm sure, all the "showers" are. I'm so busy telling everyone whether or not it's all right to go on a picnic, that I never get to go to one myself.

But with all of these problems, none of really so difficult as those mornings when "Mrs. Weatherman" asks me for a personal weather report so that she can invite those wild Indian nephews over. She wants to be sure that the weather is good so that they can play outside.

On the evenings when I can be found working late at the Weather Bureau, rest assured that this weatherman's prediction was off somewhere that day.

So, as you can see, my work is a little unusual — the weather. Everybody talks about it but nobody does anything about it.

city, state or national campaigns like the Community Fund, Red Cross, March of Dimes, Cancer Research and Muscular Dystrophy, I can do my share for the support of character building agencies and for others less fortunate than I. By being brave enough not to follow others when I think they are wrong, and by standing up for my beliefs and telling others what I think is right, I can contribute to high moral standards in my community. I can be of help by trying to be informed about city, national and international matters, which will make me more intelligent in forming my opinions. I will be tolerant and respect the rights of others regardless of race or creed. And above all I must use the opportunities of worship in paying tribute to Good. I shall try to take each step in the direction of making a better country in which to live.

MATH TESTS

Mathematical aptitude tests were given to eight and ninth grade students during the week of February 15-19.

Algebra tests were given to all eighth graders in the math classes. Approximately two periods were taken to complete the test. These tests are given to determine the ability of a student to do algebra and help him make his choice of mathematics course next year.

During the same week plane geometry aptitude tests were also given to determine the students ability in plane geometry and help him with his choice of mathematics courses at Senior High.

Room 106
Home Room 106 has a new student, Robert Weikopolan.
Bob came from Dearborn, Michigan. Previously he went to Roosevelt High School and entered Appleseed January 18.
When Bob gets through with school he wants to join the Air Force.
All Bob has to say is that the school system here is different that at Dearborn.
