Highest Honors Announced From Our 9-A Class

The records of the ninth grade students were inspected this last week and the administration found that several pupils were deserving of special recognition and praise for the splendid records they have earned. From the whole class, five boys and five girls were chosen who had the highest grades in their major subjects during the seventh and eighth years in school and up to the last term of the ninth year.

The girls who have the highest honors thus far in their high school careers are Betty Pfleiderer, Lucille Chesrown, Marjorie McClure, Naomi Linsenmayer, and Evelyn Art.

Highest honors among the boys were achieved by Robert Kochheiser, James Curry, Eugene Miller, Robert Schmahl, and Edward Fisher.

In compiling this list, only boys and girls who have been in the Mansfield school system for their entire junior high school training, including the seventh, eighth, and ninth grades, were included.

Athletic Night Witnessed By Visitors

Athletic Night was a big event at the Johnny Appleseed gymnasium which was held Thursday, May 16, under the direction of Miss Wilma Snider and Mr. Paul Cameron.

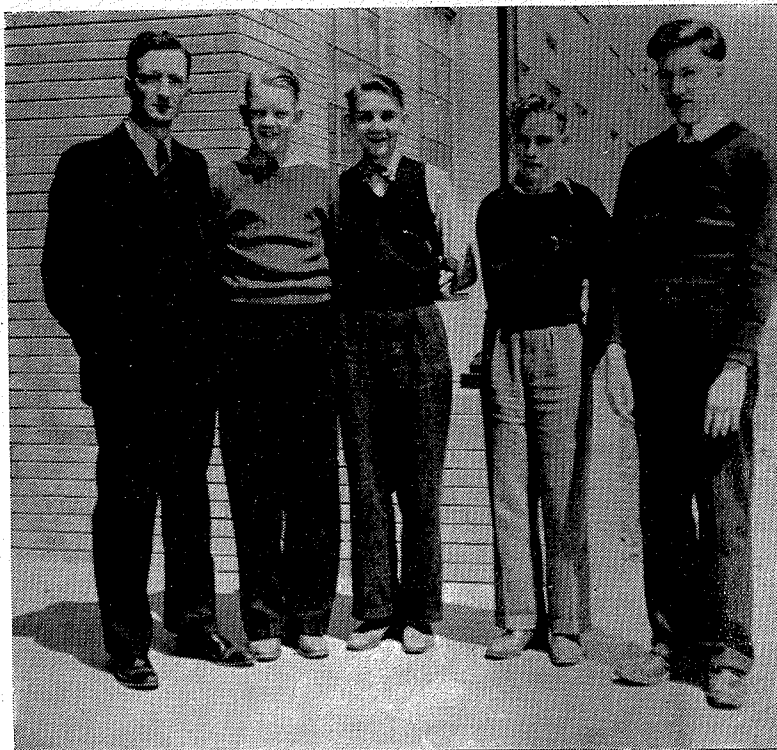

The program consisted of Danish gymnastics for both boys and girls, folk dancing which included Cshebogar-Hungarian, Kanafaska-Czechoslovakian, Highland Schottische-Scotch, and the Irish Lilt-Irish.

The two big exciting events of the evening, wrestling and boxing, were taken by boys.

Fourth on the program came a clever dance known as "Struttin'" by the girls. And last, but not least, "Tumbling," in which both boys and girls took part.

Mimeographed posters advertising the event were made by Carol Hosler and Virginia Palmer and were distributed to the members of the student body.

Ninth Grade Class Officers

The above picture shows the leaders of the 9-A class and their adviser who have so ably managed the closing exercises of the school year. Reading from left to right are: Mr. Harold Ramsey, class adviser; Eddie Fisher, president; Ronald Kern, vice president; James Sheads, treasurer, and Ralph Tykodi, secretary.

Ninth Grade Class Has Roller Skate

Friday evening, April 19, was the time set for a roller skating party sponsored by the 9A class of Appleseed Junior High School. The party was held at the Coliseum at North Lake Park and the proceeds were put in the 9A treasury and used for their class party, May 17.

The class treasurer, James Sheads, was chairman of the ticket committee which included a representative from each ninth grade room. They were as follows: Lucille Chesrown, Room 115; Donald Creedman, 111; William Houk, 101; Emalisa Norton, 203; Joan Overmyer, 103; and Ann Loughridge from 108. Besides selling tickets in his homeroom, each person and the committee was assigned several seventh and eighth grade homerooms to make announcements and to sell tickets.

Mr. Harold Ramsey, class adviser, had charge of arrangements.

Senior Choir Gives Assembly Program

The A Capella Choir, a Senior High School music organization which sings without a piano accompanist, presented musical entertainment to students of Johnny Appleseed Junior High at an assembly held Wednesday, May 1.

The choir consists of 77 voices and is directed by Mr. A. LeMoine Derr, vocal instructor of Mansfield High Schools.

The numbers were "We Praise Thee, Jesus, Our Lord, We Praise Thee," by Will James; "Lost in the Night," featuring Betty Austin, soloist; "Beautiful Savior," soloist, Harriet Johnston; "O Lord Send the Fire" and "Dark Waters," negro spirituals featuring Richard Miller; "Sleep, Holy Babe," with Wanda Hess; "All in an April Evening" and "The Lord Bless You and Keep You."

An A Capella Choir is being formed in this school by Mr. Derr also.

9-A Class Dances In New School For Last Time

After a lot of hard work and preparation, the first ninth grade class of Johnny Appleseed Junior High School has finally had its anticipated "Class Party" on Friday, May 17.

The gym was beautifully decorated by the decoration committee consisting of Lucille Calver, Edward Fisher, William Sweet, Ralph Tykodi, and Ruth LeMunyon, with maroon and gold crepe paper and balloons.

The tickets for the affair were on sale by Ronald Kern, Dorothy Neese, Larry Osborne, Marilyn Gernhardt, Mary Margaret Lake and Eugene Ropp, at 20 cents per single and 35 cents per couple.

Those on the program committee were Evelyn Art, Eleanor Wilging, Betty Smart, John Berger, Bill Houck, and William Beattie. The program, presented during the intermission, included two songs by Marianne Swinehart and two tap dances by John Berger; Ronald Kern, vice president, acted as master of ceremonies.

Those on the refreshment committee, Doris Scisinger, Lucille Chesrown, and Betty Pfleiderer, provided ice cream and cake in the cafeteria during the intermission.

Dancing to the music of George Terry's orchestra was the main reason for one to attend this gala affair.

New Flag Presented School In Memory Of War Veteran

An American flag waved for the first time over Johnny Appleseed Junior High School on Monday, April 29.

The flag, which was raised by Leonard Wappner and Frank Miller to the top of the pole in front of the school while James Smith, a band member, sounded the bugle, was a gift of Mrs. Virginia Schmunk.

Mrs. Schmunk presented the flag in memory of her father, the late Sgt. Major James B. Moore, a Spanish-American War veteran.

The entire student body attended the ceremonies in which the Appleseed Band, under the direction of Mr. J. Merton Holcombe, played "Precision" and "The Star Spangled Banner."

Apollo Entertainers Present Varied Show In Assembly Program Before Student Body

The Apollo Entertainers, who are making a nation-wide tour of leading high schools, churches, and universities, presented their unique costume-music entertainment before the school assembly on Monday, April 22.

The show featured Elsie and Giovanni Sperandeo, Sicilian tenor, who gave a colorful period of music and demonstration before a large attentive audience.

Giovanni Sperandeo, who was born in Sicily, gave a transition of his life which his friends thought would be useless due to the result of a train accident which amputated his left arm and right hand. His friends were wrong because he not only mastered the task of eating, writing and dressing alone, but he worked hard enough to receive a Master of Arts Degree from North Carolina University and a Bachelor of Arts Degree from Illinois University.

The songs sung by Giovanni were illustrated by various costumes and included "The Roman Guitar," "I Shall Not Pass Again This Way," "Mexicali Rose," "Tell Me Tonight," "Ah, Sweet Mystery of

Life," "The Umbrella Man," "Cosi Cosa," and "Ti-Pi-Tin."

Besides singing, Mr. Sperandeo is an accomplished painter. Despite his many handicaps, he has painted two beautiful pictures which illustrate his motto, "Work Wins."

Faculty Member Visits Capital

Miss Anita Strauch, homeroom 103, attended a national Delta Kappa Gamma convention held in Washington, D. C., March 22-23. While there, she saw the Supreme Court Building, the Congressional Library, the White House, Mt. Vernon and other interesting spots.

In the Congressional Library, Miss Strauch and the party she was with noted particularly the Magna Charta which is here for the duration of the war. Also, while in the Supreme Court Building, they saw the Senate in action.

Coming home, they came by New York where they stopped over. They visited Radio City, Music Hall and saw several famous plays. They noticed, too, the Queen Elizabeth and the Normandie which are being closely watched.

From there they visited some friends in Philadelphia and then returned home.

MR. DERR DIRECTS SINGING ASSEMBLY

May 7 in the auditorium a second singing assembly was held. Songs of several types were sung by the students. Singing was directed by Mr. Derr.

Creed Completed

The Creed for Johnny Appleseed Junior High School students is now being presented to the school. This Creed is a product of the thoughts of teachers and students.

The faculty committee, wishing the students to have part in writing the Creed, chose pupils to represent the ninth grade. These were Ralph Tykodi, chairman; Evelyn Art, Bill Sweet, Lucille Chesrown, and Eddie Fisher. These in turn chose Hugh Eyerly and Mary Lou Scanlon as representatives from the eighth grade, and Pearl Daniels and Bob Myers from the seventh grade.

The entire group then met with Mr. Rohleder. In explaining the purpose of a creed for Johnny Appleseed, he remarked, "Everyone believes in something and we should believe in something to better school life and to bring more closely together students and teachers, the school and the public."

After a few of the better known creeds were read, the representatives were asked to submit their ideas they thought should be in the school creed. Some of the ideas submitted by the student committee included suggestions about social life, emphasis on scholarship, good sportsmanship, honesty, relationship between scholars and teachers, citizenship, religion, high standards of conduct, manners, school spirit and many other good suggestions. The Creed finally contains general statements regarding these ideals and contains the purpose of having this creed.

To give future students the feeling that it doesn't just apply to the first students in this new building, the Creed was written to emphasize those principles which are permanent.

The Creed committee will present a radio program explaining their work in order that the entire student body might have a clear understanding of the ideas included and why they were included.

Editorial

By BILL SWEET

Many students would like to know what the Appleseed Creed does to better the conditions in and around this school. This is the meaning of a creed.

If someone says, "I believe that honesty is the best policy," that constitutes his business and social creed.

Creeds are usually associated with religion, but they can just as appropriately deal with a student's idea towards his teachers, friends, school, lessons, parents, and social life.

The Appleseed Creed takes the same part in our school life as the Constitution of the United States takes in our national welfare.

Therefore, students of Johnny Appleseed Junior High School, let's live up to the standards that are set in the Appleseed Creed. It is for our welfare and let us hope that by doing so, we shall create traditions around Johnny Appleseed that will gain for our school the respect of our community.

Piano Arrangements; Voices Recorded

Friday, April 5, Edward Fisher played his arrangements of "Nola," "Careless," a medley of "Kitten on the Keys" and also one other arrangement on the piano in the music room.

These arrangements were recorded on a recording machine and also replayed afterwards to hear how they came out.

Some of the homerooms had their voices recorded earlier in the afternoon.

Students, Make Good Impression!

By BILL SWEET

The ninth grade class, the first class to graduate from Johnny Appleseed Junior High School, will at least try to represent this school in an orderly fashion when we pass to Senior High School.

We will be "tenth graders" next year and at Senior High the 10-B's do not as a rule attend the assemblies, due to the size of the auditorium.

We have gone to school at the Warner Building where we were even deprived of gym facilities and comfortable lighting and now for only about one semester, we are forced to miss the general assemblies which have been given here at our spacious new auditorium.

Ninth Graders, let's make Senior High proud of us next year!

Do You Stay Off The Lawns?

By DOROTHY ARLIN

Not so very long from now, Johnny Appleseed Junior High School is going to have a beautiful lawn. But, we are not going to have one if the pupils do not co-operate and keep off the grass while it is growing. Fertilizer has been put on the lawn so it will grow. So PLEASE be careful and stay off the lawn.

New Tenth Graders Learn To Register For Next Year

"Registration, well that's over and we don't need to worry about what we signed up for until next year!" That is a familiar phrase coming from the lips of ninth graders since Monday, April 30.

That Monday was the day when the Senior High teachers accepted the registration cards of many worried and perplexed future "tenth graders."

Two weeks before, Mr. Jesse Beer, their future principal, introduced several teachers who explained the various courses, "credits," "majors," and "minors" to the nine "A" students.

These teachers were Mr. V. E. Oberlander, Boys' Vocational; Miss Emma Waring, the Classical Course; Mr. John Stout, General Course; Mr. Sherman, Commercial Course, and Miss Grace Essex, Home Economics Course.

A student must have 16½ credits before graduation.

Fads And Fashions

By EMALISA NORTON

Do you own an old hat, still one of your favorites, but which, in your opinion, needs a little brightening up? If so, here is a very new idea known to work wonders on several different hat styles. The idea consists of braiding several of dad's brightest colored ties into a colorful hat band with several inch streamers hanging down the back. Clever, isn't it? But I wonder what dad will think of this!

Even though spring weather is creeping up on us, corduroy, a very popular winter material, seems to still be in fashion headlines, but, of course, in pastel colors. It is even possible to obtain jackets, shirts, skirts and slacks in corduroy in matching or contrasting colors.

It seems that not even a day passes without some one "popping up" with some new piece of jewelry. Pins and brooches, especially the new lapel pins, are constantly gaining on all other forms of jewelry. One pair I saw was a Dutch boy and girl in bright colored clothes and realistic enough almost to walk. One of the faculty owns another interesting piece, which is a huge pin composed of pale pink bubbles in grape-like formation. I might also add that she has a very clever belt of pink leather to match this novel pin.

Well—so much for pins. Now we turn to necklaces and I certainly have seen some unique ones. I wish to describe a few of them. The first one looks good enough to eat, as it is made of artificial cherries and green leaves. Another is a series of tiny glass dew drops in pastel shades which are strung very affectively on a bright chain. The next is a pink and white flower necklace with contrasting leaves and last is one of little yellow bells and has a clever bracelet to match.

History Classes Act In Historical Plays

Students Write and Direct

The eighth grade history classes, under the supervision of Miss Margaret Wheeler and Robert Y. Davis, have presented two plays of historical meaning to the student body.

The first play was named "The Man Who Shot Lincoln" and portrayed the facts concerning how and why Mr. John Wilkes Booth shot Mr. Lincoln while seated at Ford's Theater.

Lloyd Shawber, the writer-director played the part of the doctor; Andy Lamoreaux portrayed Abraham Lincoln; Richard Gibson, John Wilkes Booth; Jane Gibbs, Mrs. Lincoln; Robert Hale, Thomas Payne; Granville Barker, Secretary of State Seward, the bouncer of the cafe and the sentry; Bill Huntsman played David Herald and the bartender; Bill Nixon played the part of a sentry; James Smith took the parts of Azterodt, Fred Seward and Secretary of War Stanton, and David Sweet was John Matthews. Dorothy Arlin presented the musical background.

Second Play Presented April 13

"The Trial of Tom Grayson" was the name of the second play presented at 4:00 p. m. on Tuesday, April 13.

Mary Norton served as narrator for the play which Bob Cupp, as Mr. Lincoln, directed.

Other characters in this play who portrayed Lincoln as a young lawyer were: Tom Grayson by Jack Lautsbaugh, David Lockwood by Albert Asbury, the sheriff by John Porter, the prosecuting attorney by Donald Hahn, the court clerk by Alan Walsh, judge by Robert Soulon, David Souvine by Gene Foster, and David's mother by Katherine Schaller.

These plays are produced in order to bring out the students' dramatic talents, to further creative expression, to motivate an interest in history, and with the hope that a student will never forget these historic incidents once he has enacted them.

"Liquid Air Man" Demonstrates Mysteries To Student Body

On Friday, April 12, Mr. John Sloan, "the Liquid Air Man," gave an incredible demonstration of this gas to an assembly in the auditorium.

This was the second program presented by outside talent in this school of which the first was Dr. Joseph Eliot, who portrayed the wonders of western Africa before an assembly.

Mr. Sloan, who has a decidedly Southern accent, spoke and demonstrated the powers of "liquid air" which is frozen to a temperature of 320 degrees below zero.

Mr. Sloan was able to "freeze" bananas, wieners, rubber balls, cloth and numerous other articles which became so hard that he was

able to drive nails into a one-inch plank.

He also made a bomb from about one-half ounce of "liquid air" and a small amount of T. N. T.

A similar bomb has been perfected by the United States Army, which is able to shake everything within one mile.

The students of Johnny Appleseed wish to express their greatest sympathy to James Smith, a member of our student body, upon the death of his father, May 15.

THESE HATS!

One night, Mrs. Jones' daughter was going out on a date when her mother said, "Darling, don't you think you ought to wear a hat?"

"I am, mother," said the girl, "but it is on the other side."

Previews Of Movie News

The following shows are all recommended for children. They are coming to local theaters this month and we urge all students who can do so to see them.

At the Ohio "Abe Lincoln in Illinois" is coming near the end of the month.

It deals with the period of Lincoln's life never told in such a way before. It is history dramatized in such a vivid, compelling fashion that every person who sees it will put himself in Lincoln's place and feel out his troubles and share his joys. The main characters are Raymond Massey, Ruth Gordon, Gene Lockhart, Mary Howard, Dorothy Tree, Harvey Stevens, Minor Watson and Alan Baxter.

At the Park Theater Jean Parker, James Dunn, Martin Spellman and a strong supporting cast are appearing in "Son of the Navy."

This is the amusing story of a 12-year-old boy who runs away from an orphanage, deciding that if no mother and father will adopt him, he will adopt a mother and father.

"Beware Spooks" is coming to the Majestic Theater. This show is packed with comedy. Joe Brown is a cop who catches cold, not killers. His wedding in a police station, his honeymoon at Coney Island contain elements of riotous laughter.

At the Ritz Theater, "Private Detective" and "Riders of the Frontier" are coming. Tex Ritter is appearing in "Riders of the Frontier" which is a western story. Both shows are new in Mansfield.

At the Madison Theater, Jane Withers and Gene Autry are coming in "Shooting High," a western picture. Also on is "Tear Gas Squad" with John Paine and Gloria Dickson.

Doll Exhibit Shown In Gym Trophy Case

Carol Hosler's doll collection was on exhibition for one week in the trophy case. She has been collecting these dolls for four years. Her first doll came from Chicago and her last one is from Ireland.

Her exhibition included dolls from Mexico, Dixie, China, St. Lucia, and different tribes of Indians, such as Navajo, Cherokee and Seminole.

She also has other dolls from Denmark, Lapland, Sweden, Norway, Russia, Germany, Czechoslovakia, China, Japan and Austria.

COOKING CLASSES SERVING LUNCHES

The 9A home economics classes have been putting their education, as far as cooking is concerned, to a practice by serving luncheons at noon to various guests. They prepare everything themselves, from the main dish to the mayonnaise.

Mrs. Mary E. Hien, instructor of these classes, states that the ninth grade students will soon elaborate their classes by serving complete dinners and that the seventh graders intend to start serving lunches at noon soon.

A Tribute To The Ninth Grade

By ROBERT MEYER

Since this is the ninth grade's last few weeks here, the seventh grade feels it is fitting to pay them tribute. They are in high standing as the honor roll and honorable mention prove. They also have done much to organize this school in the way of entertainment. We believe that you may be proud to say "I was in the first ninth grade at Johnny Appleseed Junior High."

NOON ACTIVITIES PROVE BIG EXTRA ATTRACTION

The committee on planning the noonday activities has in the past month held numerous amusements in the gym. Some of these are wrestling, dancing, basketball, volley ball, and lately, baseball. Championship games are usually at noon, thus enabling more students to witness them.

Cheerleaders Named After Try-Outs

Tryouts were held for cheerleaders in the gymnasium Friday noon, April 12. After each candidate led two cheers, the judges made their decision. Those chosen were Ronald Kern, 9A-1; Lucille Calver, 9A-2; Bill Hallabrin, 9A-1; Shirley Boock, 8A-7; Jean Johnston, 7A-3; and Burton Lorentz, 7A-3.

They are being instructed by Miss Ellena Percy and Miss Wilma Snider.

Mr. Davis Exhibits Picture Hobby at Gym

The exhibit in the trophy case from April 22-26 was by our own Mr. Davis. We've heard from the teachers and from Mr. Davis himself that he does his own taking, developing, enlarging, and tinting of pictures, and he does a very good job of it.

He has certain titles for his pictures such as "Pals" which is of a 14-year-old boy and his dog, Simba. The dog weighs about 187 pounds and when he stands on his hind legs, he is taller than the boy, and it takes as much a day to feed him as it does a full-sized man.

Another is "A Winter's Day," which shows a few scenes of Mansfield in the winter and another, "A Summer's Day," which shows 3 or 4 people boating on a clear blue lake. "Camp Day" and pictures of the 7th, 8th, and 9th grade basketball teams were also shown. There were two comical pictures known as "The Old Swimming Hole" and "The Indian Chief."

Track Team Takes Title

Wins City Championship

A large crowd came out to Stadium Field Wednesday, May 22, to see the track teams of Appleseed and Simpson clash for the city championship.

In the events that took place, Kinkle of Appleseed took first place in the 50-yard dash, 100-yard dash, shot put and a position on the 440 relay team.

Herrick, Meister, Carpenter, and Lamoreaux also took first places. Herrick won first in the 440 dash, Meister in the pole vault, Carpenter in the discus, and Lamoreaux in the high jump.

Appleseed took the meet by a score of 63 1/2 points to Simpson's 45 1/2 points.

7A-2, 8A-2, 9A-2 Win Tournament

The intramural basketball tournament was ended Wednesday, April 17, with the championship games being played before most of the student body during noon periods. Each home room participated in the tournament, and by a process of elimination, 7A-2, 8A-2, and 9A-2 finished victorious.

7A-2 Win Championship

In the 7th grade intramural championship game, 7A-2 took a 9 to 8 decision over 7A-6.

Morrison, of Home Room 102, led the losers by scoring six of the eight points, while the winners of Home Room 204 scored nine, six of which were made by Roland Given and John Shriver. Successful fouls by Myers and Hartig made up the deciding score.

8A-2 Emerge Winners

The 8th grade intramural tournament was won by 8A-2 of Home Room 104, over 8A-8 of Home Room 215, by a score of 26-6.

A splendid performance was shown by Andy Lamoreaux, who scored 16 of the 26 points for the winners. Hale and Gibson, with the rest of the team, also showed loyal support.

9A-2 Are Champs

9A-1 of Home Room 115, was defeated for the first time in a championship game with 9A-2 of Home Room 203.

9A-1 led in the first half with successful shots made by Miller and Seymour. In the second half, 9A-2 pulled ahead by successful shots by Painter, Snyder and Lash, winning the game by one point.

It's All In The State Of Mind

If you think you are beaten, you are,
If you think you dare not, you don't,
If you'd like to win, but you thing you can't
It's almost a cinch you won't
For out in the world you find
Success begins with a fellow's will;
It's all in the state of mind.
—Author Unknown.

Smart's Team Edges Out Holmes' Group

After a volley ball tournament which continued for two weeks, with each team playing at least two games, Smart's 9th grade team came out on top. The game that gave them the championship was played against Holmes' 9th grade team at noon on May 2.

The consolation tournament was won by 7A-3 after an exciting game at noon on April 30 with the score of 34 to 32. They played Grimm's ninth grade team.

Girls' Ping Pong Winners Decided

Ann Loughridge and Nancy Grimm won the girls' ping pong tournament which was held at noon and after school during the latter part of April. The runners-up were Ruth LeMunyon and Lucille Calver.

G. A. A. Sponsors "Spring Hop"

The "Spring Hop," a dance sponsored by the Girls' Athletic Association, was held Friday evening, April 12, in the Appleseed Gym from 8:00 to 11:00.

Eugene Ropp's orchestra furnished music throughout the evening and a short floor show was presented during the intermission. The program was conducted by Juanita Rand, mistress of ceremonies, and consisted of a jitterbug dance, by Leonard and Stella Waddell; two vocal numbers by Marianne Swinehart; a reading by Ronald Kern, and a piano solo by Eddie Fisher.

Chaperons at the affair were Mr. and Mrs. Brooks Huber, Mr. Nelson Neff, Miss Virginia Palmer, Miss Wilma Snider, and Mr. and Mrs. Glenn Rohleder.

The group cleared \$39.40 which was put in the G. A. A. annual banquet fund.

Appleseed Team Greets Simpson In First Game

On the evening of April 15, we had as our guests here at Appleseed our rivals, John Simpson Junior High. They met for our first interscholastic game.

Simpson won two of the three games from the Appleseed players who put up a splendid fight against the spectacular performance of Simpson.

Appleseed 23, Simpson 10 was the final score at the end of the last quarter between the 7th graders after a fair game was played by both teams.

Appleseed was barely beaten as officials decided that the basket that would have tied the game between the two eighth grade teams was made after the actual time of the fourth quarter had lapsed.

In the first row at the top is our principal, Mr. Rohleder, an enthusiastic follower of sports. Below we see the seventh grade eighth grade and ninth grade

basketball winners. The next row includes a natural pose of our coach, Mr. Paul Cameron; an action shot of Kinkle crossing the finish line in the Sandusky,

Simpson, Appleseed track meet, and our girl's physical education instructor, Miss Snider.

At the bottom are: the boys' track team, Betty Smart's champ-

ionship volley ball team, and a group of track boys with Mr. Cameron after a recent track meet at Senior High.

"Fire Prevention" Observed At Assembly Meeting

The "Fire Prevention and Clean-Up Week" that was held from May 5 to 11 aroused keen interest, not only by the men and women of the city of Mansfield, but also the students from every grade in school.

An assembly was held in the auditorium of the school where a group of picked speakers explained how and why to prevent fires.

Mr. Rohleder introduced on this program Mayor Wm. J. Locke, Mayor of Mansfield; Mr. John G. Routzon of the Mansfield Chamber of Commerce, and Mr. Robert Miller, who presented the prize of \$3.00 to Fred Urschel, an eighth grade student, winner of the second prize in the poster contest.

Mr. Taylor, an investigator for a fire insurance company, gave a 15-minute talk to the student body on "How To Prevent Fires."

"In many newspaper articles,"

said Mr. Taylor, "fires are blamed on 'defective' wiring, but it is really caused by the careless use of electrical units."

Two-third of fires are caused in the homes, two-thirds of the fire deaths are in the home, and two-thirds of these casualties are helpless women and children.

Some of the causes of fire are inflammable cleaning fluid, matches and cigarettes, wiring, and gas and kerosene which has been used by many adults who have tried to encourage stove fires to burn more rapidly.

ALL FIRES ARE CAUSED BY CARELESSNESS.

Seventh Grade Has Largest Honor Roll In New Term

With the second six-weeks' term of school over and the third term nearly gone, the students who are behind need to study unless they would like to be in the same grade. However, there are a good many bright students here in Johnny Appleseed Junior High School and here they are.

Those receiving all "A's" are placed on the Honor Roll, while those receiving an "A" and "B" average are entitled to a position in the class of Honorable Mention. Those receiving only one "C" and would have otherwise been on the Honor Roll or Honorable Mention are noted for Special Recognition.

Exchange News

By NAOMI LINSNMAYER

So far, we have received copies of school papers from all over the United States and Hawaii. As I looked them over there are many interesting and educational features in them.

One of our exchanges is with the Washington Hi-Lights, a school paper from Hawaii. It was especially interesting because it had articles in that we wouldn't have in our paper. One which interested me was as follows: "To Launder Shorts Soon."

"Electricians are now working with the electricity connection in the new washing machine building, so it won't be long before we can launder our shorts in school."

Another exchange is with the Horace Mann School of New York City. It has an especially interesting column called "The Return Across the Desk." This column tells about some incidents in history and is very interesting. Also in their paper, is the review of some movies that the editors think are worthwhile seeing.

Roxboro Rocket of Cleveland Heights is another paper with which we exchange. It has many interesting items in it and columns which differ from ours. One of the best ones is the column "Catching up on Customs." It is not similar to our column "Fads and Fashions," however. It tells something about the fashions of yesterday and today. One of the most interesting ones was "Fashions don't change, for the women then as now wore wimples."

One of the school papers we exchange with some distance from us is the "Libby News" from Spokane, Washington. It also has a column of "Confucius Says." One that was clever is, "It is all right for pretty girl to run for Presi-

dent, but not all right for President to run for pretty girl."

In our own city we have another paper with which we exchange, "The John Simpson Times." The students that went to Simpson before coming to Appleseed are well acquainted with their splendid paper. Some columns that are especially interesting are "Ear at Keyhole," "Hobbies," "Styles" and many others.

Also in our city we have a paper published by the Senior High, the "Hyphonerian." One poem I found in it which was interesting because it might pertain to our 9th grade was:

"A timid little freshie
To the Hypho box did come,
Dropped in a little penny
And waited for his gum."

9A Presents Program

May 15 marked the date when the first ninth grade class, under the direction of Edward Fisher, presented an assembly featuring talent from the ninth grade classes.

Marianne Swinehart, Ronald Kern, Elaine Guiher, Eileen Dy-sart, Leonard Waddell and Jacqueline Wiegler presented individual numbers and the dramatics class, supervised by Miss Louise Seybold, presented a comical skit, "Who Gets the Car Tonight?"

Those in the play were Marylyn Kyner as Mrs. Jones, Ralph Tykodi as Mr. Jones, William Sweet as Paul Jones, Eleanor Wilging as Mary Jones, and Ned Painter as Jack.
