Students Urged To Make Pledge To School Creed

The Johnny Appleseed Junior High Creed was completed by a committee made up of Ralph Tykodi, chairman; Evelyn Art, Bill Sweet, Lucille Chesrown and Edward Fisher. This year we are repeating it for the benefit of the seventh graders and to renew its ideals to the rest of us.

We, the students of Johnny Appleseed Junior High School, in order to establish, maintain and preserve a high ranking school, pledge ourselves:

1. To maintain high standards of scholarship through persistent effort.
2. To cultivate relationships of mutual understanding, confidence, and respect among students, faculty, and parents.
3. To display good American sportsmanship, not only in all athletic contests, but also in all other associations.
4. To practice thoughtful and courteous behavior at all times.
5. To be honest, dependable and trustworthy.
6. To support all school activities.
7. To show appreciation of the opportunities given to us by taking care of our school building and grounds.
8. To act at all times and in all places in such a way as to bring honor to our school.

Library Receives Additional Books

This fall the library received two hundred new books. Seventy-six of these books are fiction. The other hundred and twenty-four are non-fiction.

All the new books can be taken out just the same as older books. They are located on the ledge beside the window in back of the desk and are separated from the others.

The books in the library are located this year in the same places as last, with the fiction books on the right group of shelves as you enter. The non-fiction are on the left group of shelves. The magazines can not be taken out because they are the latest ones. Older ones may be checked out.

Large Seventh Grade Joins Enrollment At Appleseed

From the vast number of students who came to Johnny Appleseed Wednesday, September 4, the office has made certain definite classifications for recording purposes. The following information was given about the enrollment:

There are 228 seventh graders, 116 girls and 112 boys; 205 eighth graders, 100 girls and 105 boys, and 236 ninth graders, 117 girls and 119 boys. There were 187 pupils left for Senior High this year.

There are 16 new pupils from cities other than Mansfield. These include transfers from Ganges, Fostoria, Hendersonville, North Carolina; Bucyrus, Sturges, Kentucky, Shiloh, Ohio; Rochester, New York; Willard, Ohio; Farmington, New Hampshire; Portsmouth, Ohio; Ontario, Ohio; Lexington, Ohio; Oak Park, Illinois.

New Teachers Added To Faculty

Four new teachers have come to Johnny Appleseed this year. Miss Edna M. Tucker formerly taught home economics and general science in Van Buren, Ohio. Miss Tucker also taught home economics in Yonkers, New York, before coming here. She obtained her Bachelor of Science degree in Home Economics Education from Ohio State University and also graduated from Columbia University. Columbus is her home town.

Miss Ellen E. Garner is the girls' new physical education adviser. Miss Garner, whose home town is Upper Sandusky, received her Bachelor of Science degree from Ohio State University. Before coming to Johnny Appleseed, she taught physical education in the Bellevue High School, Bellevue, Ohio.

Miss Marjorie F. Gant went to

Scouts Raise Flag Beginning Our Day At Appleseed

By BOB CUPP

In the picture to the left Leonard Wappner and Frank Miller raise the flag at the opening of school, while Jimmie Smith sounds the trumpet. A group of students silently watch the procedure.

The ceremony of flag raising at schools all over the country symbolizes the true spirit of democracy taught us today. In the class rooms this training is given to our students through the medium of home room officers elected by vote, who assume responsibility for various activities of the group. Each committee has student representatives to voice the opinions of the student body. All of our organizations in the numerous departments are planned and conducted by pupils under the guidance of the faculty. The ninth grade class officers will be elected in the auditorium by the entire class. In this way we are receiving a training which will enable us to adjust ourselves toward living in a democracy.

With the world torn by the horrors of war, we consider, perhaps for the first time in our lives, just what our own country really means to us and how thankful we should all be that we are Americans. No other people in the world have the privileges that we enjoy and take so much for granted, because we do not realize what it would mean to live in any other way. Every true American today looks on our flag with greater respect than ever before and hopes that those three priceless treasures (Life, Liberty and the Pursuit of Happiness) may never be taken from us.

New Music Class Pursues Study

The ninth grade music class is not a vocal class. It is a class purely for the study of music appreciation. The music class consists of nineteen members, which are given their choice at the opening of the year to study any phase of music that is of interest to them.

The logical order of the types of music studied are in six units

New System Of Points Adopted To Govern Extra Activities

Certain extra curricular activities have been planned for the third and sixth period each day. These periods when not used for this purpose are used as study periods. For the purpose of limiting some students and encouraging others, a system of points has been established.

The major subjects are counted as six points and are as follows: All interscholastic teams, Orchestra, B and, Mixed Chorus, A Capella Choir, Editorial Staff, Business Staff, and Leaders Club.

The minor activities are counted as three points and are as follows: Clubs meeting twice a month for an hour, intramural teams, G.A.A., Boys' Choir, Drum and Bugle Corps, and Reporter.

For a club meeting once a month for two hours, two points are given.

No pupils are permitted more than eighteen points, four activities, and only two major activities.

A student getting an unsatisfactory grade in any subject will have

five points deducted.

Service Clubs will be based on individual needs. If a student withdraws from an activity, he shall not be permitted to enter any other activity until the first of the next semester. In withdrawing, a student must write a petition stating the reasons for doing so.

Unusual cases and exceptions will be considered individually by the committee.

ARCHERY CLUB FORMED FIRST TIME IN SCHOOL

Mr. Davis announced on September 12, that Miss McIlvaine and Miss Garner and he intended to start an archery club.

About 21 students signed up for the club. The club members expect to put on exhibitions and tournaments.

Bows may be made instead of purchased, and those who already have them and know how to shoot will help some of the others.

Students wishing to join will first need to prove that they have some skill with a bow.

OFFICERS CHOSEN IN 105

Home room 105 elected its officers for the first term. They are as follows: President, Mary Norton; vice president, Katherine Schaller; secretary and treasurer, Carol Hosler. Don Hayne is the chairman of the picture committee.

8B-5 CHOOSES LEADERS

The 8B-5 pupils in room 102 have elected this year's class officers. They are: President, John Stanton; vice president, Anne Ford, secretary-treasurer, Janet Banks.

School Cafeteria Opens First Day

Our school cafeteria opened Wednesday, September 4, the first day of school. This department of our school employs twenty-one students who include Gene Foster, Esther Smith, Nancy Bullock, Dwight Miller, Dick Gibson, Harold Reese, Max Morrison, Tony Korocknay, Normagene Motter, Marjorie Wiltrout, Billy Anderson, Marjorie Carver, David Carver, John Jundt, Nancy Giles, Beverly Reynolds, Jack Spicer, Harold Hill, Earl Bottomly, Glen Wendland and Granville Barker.

A cook, Mrs. Beer, two servers, Mrs. Bender and Mrs. Motson, and a cashier, Mrs. Hauserman, manage the cafeteria and train the student workers.

DANCING CLASSES START

Mrs. Nell Kuhn started her fall dancing classes Saturday evening, September 14, with a number of Appleseed's eighth graders present. She will continue these every Saturday night for ten weeks. They are held at the Y.W.C.A.

CAFETERIA SERVES FOOD AT REASONABLE PRICES

Superintendent Greets Us

We are happy to send greetings through the Appleseed Press to the pupils of Johnny Appleseed Junior High School. Those of you who passed through the dark ages of half-day sessions already know the pleasures of entering your new quarters. Those of you who did not experience these pleasures last year are, I am sure, enjoying the opportunities which the new buildings afford you.

As "new occasions bring new duties," so does a new year in school with new buildings—new types of work—new opportunities bring new obligations. Many of these obligations you already know and are fulfilling to the best of your ability, since you are reaching the age where you recognize and assume responsibilities.

I would like to stress one obligation which is of vital importance to us as well as to many other people in the world today. We must act, think and do as Americans. I do not think we have any Fifth Columnists in Junior High School who would be willing to scuttle the ship of America. But there might be some who just do not stop to think that the privileges and opportunities which we have are so because we are Americans.

In no other place in the world may you have the opportunities for freedom of thought, word or deed which is yours today. While many other pupils of your own age are fleeing from bombs, hiding in bomb shelters or living in fear of

the next raid, you are free to study, play or act as normal human beings should act.

Now these things which we enjoy did not just happen, nor may they always be as they are. They exist because our forefathers believed in them and shed blood that they might become true and continue to be so. But if they continue to be so, it will be because you and I want them and hold them so dearly that we will sacrifice anything to hold them. I pray that we may not need to sacrifice blood to hold these ideals, but we must sacrifice time, thought and effort if we are to retain them.

As a football team charges towards the goal for a touchdown, may we charge toward the goal of Americanism and plant forever between the goal posts of Democracy, our right to hold the ideals of our Country which we love.

W. L. MILLER,
Superintendent of Schools.

Welcome To Our School

By ROBERT MEYER

We, the pupils of the eighth and ninth grades, welcome the seventh graders to Johnny Appleseed. We know you will like it here and enter into the school spirit. You came from different grade schools, but now you are pupils of Johnny Appleseed Junior High.

We hope you will take part in sports and other activities and boost our school.

When you leave Appleseed you can proudly say "we were the first pupils to serve a full year in the seventh grade here."

The merchants of Mansfield have co-operated with our school paper by buying space in our paper for their ads. The money received from these ads help support the buying and printing of our school paper. Therefore, since the merchants are kind enough to support us, I think we'd ought to support them by buying from their stores.

Courtesy Pays Dividends

By ROBERTA LEMLEY

Although it seems that some people do not know the meaning of the word "courtesy," others do. They are the thoughtful ones that open and close doors for others without needing to be told.

Courtesy isn't written in books; it is just the thoughtfulness, or the willingness to help others.

Although a courteous person doesn't expect to be paid for the thing he does, he is—not in money, but friends. You may be courteous in speech as well as actions. Try it once and see how it works.

JUDY GRANT, EDITOR

VERA CONNOLY

By Anne Ford

This is the exciting story of Judy Grant, who has high aspirations and is determined to make good in the literary world.

Judy came from a small college in California across the continent to New York to "land a job" on a woman's magazine. When she arrived in New York with her invalid mother she met young Ed Brooks, a reporter, in Grand Central Station. Ed kindly got them settled in a taxi and they started out to Judy's aunt's apartment.

Several nights later, she went to a party given by Ed's gang. She met Anne Olliver, a Kentuckian with an accent; Litha Swanson, a beautiful Swedish girl; Bill Lattimer, Joe Bevans, and Mary Sheldon. Ed told them all about a story he was covering concerning a smuggling ring. The Shay family, down on the waterfront, was supposed to be smuggling curios.

The crowd suggested that Judy try to get a job with a magazine that was having a contest. She was soon noticed by the make-up editor of the magazine and was hired by him as an assistant. From then on Judy Grant kept advancing.

In the meantime, the investigation of the smuggling ring continued and it was discovered they were sneaking opium instead of curios. Slowly but surely, the net closed in on the lawbreakers until...

Read Judy Grant, Editor, and find out how the band of smugglers were caught.

Nurse Assumes Various Duties

Miss Sibyl Scott, school nurse, when interviewed said that she was a graduate of Huron Road Hospital, Cleveland, Ohio. She has had post graduate work at Ann Arbor, Michigan and is also a naval reserve nurse. She has had eight years' private duty in Mansfield and six years of public health work.

Besides coming to Appleseed to help the children she goes to Hedges, Prospect and Woodland schools. Her job is to prevent spread of contagion, to do first aid work and to help to keep boys and girls physically fit so as to keep up in their classes.

The nurse's bell rings at five minutes after ten every morning. To get Miss Scott's room you enter the door marked "Clinic."

Hyde Marionettes Give Show In Appleseed Auditorium

The Hyde Marionettes were present for the assembly on September 26 in the auditorium. It was performed by Mrs. Hyde and Donald Swift. The title of the show was "Hansel and Gretel," a five-act play thrillingly presented.

Some of the main things in the play were the wicked witch, who was twenty-eight inches tall and had a movable jaw; the gentle sandman, who carried a little bag full of rest and dreams; the beautiful candy house, the fiery oven with coals that looked real, the gloomy forest where the fairies lived, the beautiful castle, and many more interesting things.

The play was presented in five acts in the following settings: Act I. The home of Hansel and Gretel. Act II. The mysterious forest.

Act III. The same forest only transformed. Act IV. The witch's house and the big oven. Act V. Outside the witch's house.

The puppets and artistic settings were made by two well-known artists who make many front-page illustrations for some of the best-known magazines.

Norma Jean Young entertained a group of boys and girls with a trip to Mohican State Park, Saturday, September 1. A corn and wiener roast was enjoyed by everyone.

Those present were Mary Lou Kubic, Janet Perez, Rosey Leonard, Joan Kullman, Dick Haley, Bill Nixon, George Smith, Bob Wittmer, Jack MacDonald and the hostess.

Guests Play Games At Party To Celebrate Friend's Birthday

Friends of Clarinda Wilson, 745 Highland Avenue, helped her to celebrate her birthday, August 19, by assembling at her house on that date.

The evening was passed by playing games and refreshments were served to the guests, who included Joan Scott, Beverly Wentz, Barbara McKinley, Marjorie Eckstein, Marjorie Huber, Betty Fair, and Yvonne Craft.

Girl Scout Group Reorganizes Club

The first meeting of the girl scouts of Troop Seven was held Monday evening, September 16, at the home of its leader, Mrs. William Hauserman.

Different plans for the year were discussed; then three of the girls who attended Camp Ledgewood near Akron told of their camp lives. Songs were sung and a hike was planned for Saturday, September 21.

The girl scouts present were Virginia Shambaugh, Jean and Marjorie Wentz, Carol Ann Spencer, Ann Gilbert, Betty Smart, Jean Brooke, Lucie Davis, Mrs. Robert Bell, assistant leader, and the hostess.

Girl Scouts Cook Chili Dinner Make Plans For Fall Program

The girl scouts of Troop Seven had a chili dinner Monday, September 23, at Middle Park. They cooked the chili over the fireplace. After dinner, they played games and discussed whether to take up the study of theatrical make-up or folk dancing as a major activity for this fall.

Those present were Mary Hauserman and Charlene Bell, their leaders, and Jean Wentz, Marjorie Wentz, Lucie Ann Davis, Ann Gilbert, Carol Ann Spencer, Barbara Shively, Betty Smart, and Virginia Shambaugh.

Girls Spend Week At Lake Erie

The second week in August, Lucille Chesrown invited a group of her girl friends to spend a week with her at her aunt's cottage at Oakvista on Lake Erie. The girls participated in numerous activities.

Those present were Katherine Schaller, Doris Scisinger, Marjorie McClure, Lois Wappner, Shirley Stickler, Naomi Linsenmayer, Betty Smart, Ruth McKee, Elsie Roehm, and the hostess. The chaperons were Mrs. W. H. Barr and Mrs. H. W. Schaller.

Appleseed Girl Gives Party Entertains Guests With Movie

A birthday party was given by Mary Margaret Young at her home, 47 Lexington Avenue, on Monday, July 22. Mr. Young showed the girls moving pictures of the family's trip to New Orleans.

Games were played and refreshments were served by the hostess. Those attending were Virginia White, Ruth Clouse, Beatrice Chapman, and the hostess.

SOME GARDEN

"Have you a garden this summer?"

"Yes, its one of those Peter Pan gardens. Never grew up."

P. T. A. News

On Thursday, September 26, a meeting of the Parent-Teachers' Association of Johnny Appleseed Junior High School was held at the school. No important business was discussed at the meeting as it was just a get-together meeting. The public is invited to all of these meetings and the P.-T.A. wishes that every parent could attend these meetings.

Officers from last year are Mr. E. S. Wendell, president; Mr. F. G. Bushman, vice president; Mrs. George Loesch, secretary, and Mrs. George Berk, treasurer.

Refreshments were served after the meeting.

Seventy-Five Girls Form New Glee Club

Mr. A. Lemoine Derr is starting a girls' glee club this year. There are seventy-five members in this club, and it meets every Friday, the sixth period. Birdie Kevey is the secretary and the librarian of the club is Martha Jean Davison.

The club consists of seventh, eighth, and ninth graders who are seated according to the blending quality of their voices and sense of pitch.

The club is made up of three parts, first soprano, second soprano and alto. All the music rehearsed will be used for public appearances. At the present, they are working on "Dark Eyes."

Orchestra Plans Assembly Programs

This year there are fifty members in the Johnny Appleseed Junior High School Orchestra, twenty-five of which are new members with more training and experience from grade school orchestras than any year before. This training illustrates the co-ordination between the musical departments of the Mansfield public schools.

Mr. S. K. Jorgensen, leader of this orchestra, states that as soon as the group is able to work out a complete program, it will be presented to the Appleseed assembly in the auditorium.

All rehearsals are held the third period in room 109 on Thursday and Friday.

Besides instructing the regular orchestra members on their instruments, Mr. Jorgensen is also conducting a special new class for students wishing to play the 'cello or viola.

"Pioneers" Receive New Uniforms

The above picture shows the members of the Appleseed football squad as they appeared for practice for the first time in their new maroon and gold uniforms. Johnny Appleseed purchased twenty-two new, completely equipped football suits in maroon and gold. They also bought two new footballs. Coach Cameron reported that he has received equipment enough for thirty-three boys to practice in, and a tackling dummy donated by Senior High. He also quotes that the boys "have been working hard in daily practice."

Girls Organize For New Sports

The physical education classes are underway with much activity. The girls are all busy learning rules and techniques for their new sports and have organized in their classes. The fall program is planned to take advantage of the good weather and to use the time for as much outdoor activity as possible.

The seventh grade girls are learning to play kick ball, which will eventually lead into soccer as they learn the game and progress.

The eighth and ninth grade girls are stepping lively up and down the field in their new activity—soccer. The game is new to most the girls and involves the use of the feet rather than the hands, as in most games which they have enjoyed up to now. The game is a team game requiring eleven players on a side and making it necessary for much teamwork and co-operation.

The eleven players are: a goalie, 2 fullbacks, 3 halfbacks, and five players on the forward line. It is an outdoor game, played on a field which is the size of a football field.

Girls' Leaders Club Reorganizes Group

The first meeting of the Girls Leaders Club met in room 115 September 11. The meeting was conducted by Miss Garner, physical education teacher. New members were given their registration blanks to fill out and the recommendation by the teachers will start immediately.

The club is organized for girls in the eighth or ninth grades, who have B grades or above, to help the younger students in their gym classes. The club is limited to twenty-five girls who have the best recommendation from their teachers.

Gymnasium Equipment Exhibited In Case

During the week of September 16 to 20 there was a very interesting exhibit in the gym trophy case here at Johnny Appleseed. It was made up of equipment used in the gymnasium and on the athletic field, such as volley balls, soccer balls, kitten balls, golf balls, footballs, boxing gloves, tennis set, horseshoes, shuffle board equipment, archery and a ping pong and croquet set. All of these are practically like new but are in use most of the time.

Girls' Director Outlines Plan

The G.A.A. membership will be awarded this year by points earned through various activities in athletics.

All members of teams will be awarded 75 points. The members of the Honorary team will get 50 points. The president, secretary and treasurer of the G.A.A. will receive 75 points, while the vice president will receive 50 points.

Officials, such as score keepers, timers, referees and umpires, will also receive 50 points. The committee chairman will receive 50 points and members will receive 25 points.

Various other things will be given credits on the point system.

Football Uniforms Displayed In Case

The first new display in the trophy case this semester, which attracted most boys' attention, was the new football equipment. All the equipment, including helmets, shoulder pads, waist guards, jerseys, pants, socks and shoes has been given to each player chosen for the varsity. There will be about 33 suits of which 22 will be matched with the school colors, maroon and gold.

Boosters' Club Will Be Started

Name For New Team Chosen

Coach Cameron states that he intends to start the organization of a "pep" association for the boys and girls of Appleseed. At games they will sit in a group on the bleachers and, led by cheer leaders, will give school songs and yells, acting as special boosters for our teams.

They will be advised by a member of the faculty and some student officers. Stunts to be given at different times will be worked out by the students.

In order to become a member, one may buy and wear a membership ribbon in the colors of Johnny Appleseed. The money taken in by this club from their activities will be used to buy cheerleaders' uniforms and more gym equipment.

In connection with this, members of a committee have asked for suggestions concerning the naming of the teams. The results of the election will be announced in the next issue of the paper.

Sandlot Football Is Dangerous

By BOB BLACK

Many parents will not let their boys go out for football in Junior or Senior High for they think it is too rough. Yet, they let their sons go over to the vacant field on Saturday and after school to play sandlot football.

They are not in condition and usually have no protective equipment. They are more likely to get hurt by falling on rocks or broken glass and tripping in holes on the ground and breaking their arms.

If parents allow their sons to go out for football, they will get protective equipment and expert supervision and will have the privilege of playing on a regular field. They will also learn to play the right way and will have fun besides.

So, if you think football is too rough, don't let them play "sandlot" football which is twice as unsafe.

Sixty Boys Start Football Practice

Approximately sixty boys reported to Mr. Paul Cameron, our coach, Wednesday, August 4, for football practice. Practice started with all the members doing the "duck walk" and trotting around the field. Then, they grouped into various positions for which they were trying to train.

Intramural Program Planned For Girls

An intramural program in athletics will be opened to any girl wishing to play on teams. It will offer the participants many opportunities to develop further in the games they enjoy and will give to the student opportunities to meet and play against many students other than those within their regular physical education class.

The intramural program for the fall season will include soccer and volley ball. The members of the teams chosen will receive points toward G.A.A. memberships.

Senior High Wins In First Football Game

The first football game of the season was played in Mansfield on Friday, September 13, at night. Mansfield and West Akron were the contestants and the final score was Mansfield 14 and West Akron 13.

A Message From Mr. Rohleder

Another school year has begun. Greetings to all our former pupils. We welcome all the new pupils this year and hope you will find your new school very pleasant and enjoyable. Do each day's work as well as you can, trying, of course, to improve your methods. When you are dissatisfied with your accomplishments, take the positive attitude of determination to improve your study methods. Be sure you are not suffering from any uncorrected physical defects, particularly those of eyes or teeth. If you tire easily, find out why. Prove to yourself that study is for your own benefit and not to accommodate someone else. Try to relate it to your own aims and ambitions in life.

Remember that how you learn is sometimes more important than what you learn. Be systematic about study by making a study schedule for yourself. Habit then comes to your aid. Take part in class work as your teacher wishes. Respect the school property. Be a good observer—look and learn.

Be appreciable of the advantages that are offered you in this school and be thankful that you live today in this great nation—the United States of America.

Miss Prosser Plans New Library Club

All the library assistants of Johnny Appleseed are going to form a club later this year. The purpose is to teach the assistants how to be courteous and learn more about library work. Miss Prosser, the future adviser, hopes to create an interest in library work as a profession.

The group probably will meet some night after school. To become a librarian the girl must have grades averaging B or above.

The librarians selected this year are Naomi Zediker, Olive Wendell, Peggy Sears, Dorothy Jordan, Janice Snider, Ann Gilbert, Doris Plotts, Helen Pecht, Ruth Ann Wolf, Maryalice Spring and four others that have not yet been chosen.

Appleseeds Spend Vacations Traveling And Studying

By MARYALICE SPRING

Katherine Ann Schafer spent her vacation traveling through the eastern states. She visited the Adirondacks and Green Mountains and saw the Old Man of the Mountain and Mount Washington. She traveled along the Hudson River to New York City and visited the World's Fair. She came home through the Blue Ridge Mountains of Virginia.

Miss Edith Beck, geography teacher, took a week's trip through the Smoky Mountains and Shenandoah Valley. She came up through Virginia and stopped at Gettysburg, Pennsylvania, on her return.

Miss Louise Seybold, English and dramatics teacher, spent six weeks at Western Reserve Summer School in Cleveland. She then took a week's trip to Washington, D. C., and New York City.

John Stanton spent a week traveling through Michigan.

Our principal, Mr. Rohleder, spent six weeks at Ohio State University. The following two weeks were spent at Lake Erie.

Miss Margaret Wheeler visited relatives in Chicago for a month. On her return she went into Northern Wisconsin and around the Green Bay District.

Miss Nellie McIlvaine visited in the East this summer. She went through the Blue Ridge Mountains and Green Belt, Virginia, which is a completely new city, built by the government for the government employees. She also was in Washington, D. C.; Annapolis, Maryland, and the Naval Academy. In Pennsylvania she stopped at Gettysburg.

Principal Welcomes All New Students

Friday, September 6, Mr. Rohleder, our school principal, welcomed all new pupils attending Johnny Appleseed Junior High School for the first time this year. The meeting took place in the school auditorium during the E.C.A. period.

Mr. Rohleder explained to the new students the policies of Johnny Appleseed Junior High School. He also thoroughly explained the school locks and lockers, the new point system, manners in the cafeteria and activities planned for the forthcoming year.

Fads And Fashions

By PEGGY FOLTZ

For rainy days this fall you'll want a waterproof raincoat to protect your clothes. They come in natural red, and green, a change from the pastel shades this summer. The newest are gaberdine with an inside zipper panel.

After you've seen the new corduroy dresses and jumpers you won't be satisfied with your fall wardrobe if you don't have one. They are very smart in firebrand red, forest green, or agate blue. A nice combination is a tartan green corduroy jumper with a flannel blouse with long sleeves in yellow.

Young jaunty casual plaid wool dresses of blue, brown, or red zing with personality for the school girl, and of course you must include a topper with a feather to match.

Cutie knit cardigans in capri blue, scarlet, biege, with matching socks are being worn with knee length skirts.

One of the newest costumes is the skirt with detachable "bib" front. Button on the "bib" and you have one of the season's smoothest jumper dresses. Wear the skirt without the top with your favorite sweater.

If you want to be patriotic in your trimmings, do so with military buttons of silver and gold and also sparkling jeweled American flags.

A Capella Choir Begins Practice

The A Capella Choir consists of 122 members which are made up into three parts, soprano, first soprano, and alto. The group leaders are: Soprano, Joan Thrutchley; first soprano, Virginia Shambaugh; alto, Anna Marie Fischer. The librarian is Eleanor Bogner and the secretary is Elaine Miller.

Each group leader has certain duties to perform including taking the attendance, helping to maintain discipline, and helping the secretary at public performances. The above mentioned five girls form a head committee. They appoint all sub-committees and are directly responsible to Mr. Derr, choir director.

The choir sings entirely without any accompaniment. The members are now working on "We Praise Thee" by Lenyakoff. They are also planning to have a "get-acquainted" party soon.

Who is very popular, has brown hair, brown eyes and a stuck-up nose? Last year she was in the Girls Leaders Club, Band, G.A.A., A Capella Choir and the Editorial Staff. She belongs to the Children's Theater in Mansfield and is a pretty good actress. Have you guessed her?

Who is one of the tallest boys in the school, has light hair and blue eyes? He is quite self-conscious about his height, but he is a great help to teachers who want papers tacked up on the high bulletin boards. He had a tall girl friend last year but the people are in doubt about whom he likes this year. When it comes to girls he shuts up like a clam. He is very good among his studies and has a swell personality. Guessed it?

Who is practically the most popular boy in the school? He is medium height, has light hair and blue eyes. He is very active in athletics, especially track and football. He is in a ninth grade. He got his letter in the eighth grade and was the president of the band. All of the teachers like him and he is an excellent dancer. Know who it is?

The plans of the class, for this year include guest vocalists, a study of recording which will be demonstrated in front of the class and participated in by the class, and a careful study of public reaction to popular and classical music. The class is also working toward attending one of the operas in Cleveland next April.

The class will sponsor a program this semester to raise funds for their trip so no member will need to have any expense.

The class meets every Thursday and Friday in the eighth period and is conducted by Mr. Derr.
