Appleseed Presents:

Rose Nosed Rudolph Rates Raves in Central Park

Amidst the splendor of Central Square in downtown Mansfield stands a regal seven foot Rudolph--Rudolph the Reindeer from Appleseed, if you please!

Lifting his lofty nose, Rudolph represents the inspirations of students in the art classes taught by Mrs. Esther Sabatini.

Jack Maglott, ninth grader, supervised the project. Eighth graders who assisted were: Maria Buckmaster, Laurel Colby, Susie Douglass, Peggy Harrison, Barb Rader, Barb Wharton, Jean Willard, Tom Millikin, Bob Ransbottom, and Terry Shaw.

Paper, paste, wire, paint, shellac, imagination and inspiration--that's what our Rudolph is made of!

I've been good, so would you bring me a dolly--blond, by golly!--that's five-foot-two with eyes of blue?

Barbara Miefert

Dear Santa,

I only want one thing for Christmas. Please send me a new Betsy Wetsy doll because mine all ran out!

Sherry Posa

Dear Santa,

Please do not miss me this year. My mother said you got mad at me for landing in the fire that I built. I promise not to make it as hot this year. There is one thing I must have this year. Please give me a set of baby blocks. Please keep this a secret because I don't want any of the guys at school teasing me about it.

Ronnie Lantz

Dear Santa,

Please bring a small helicopter for a small boy--me--to get from one class to another.

Don Warga

Dear St. Nick,

Could I have a box of red lollipops to pass out to visitors--like the doctors do?

Mr. Pival

Dear Santa,

Mrs. Sidle needs a new back awfully bad. Could you spare one for her?

Debbie Lewis

Dear S Claus,

I specialize in reindeer overhauling, and I was wondering if I could work on your reindeer. Since you've had your pets for over 1000 years, I thought they would be kind of tired by now.

If you think they need overhauling just call me at SNOWSHOE F-R-E-E-Z-E.

Don Dewald

Dear Santa,

Please send me a "Kissy Doll," because I'm the only one without a date for the Christmas Dance.

Dennis Schreffler

Dear Zanta Claze,

For Christmaz thiz year I want a Zwimming pool and a zwing zet. Alzo zend a zport zhirt.

Dick Adair

Dear Santa,

Please send some bullets so my hair can grow out in bangs.

Chris Dewey

Dear Santa,

Please--a noiseless toy so I can play tennis without raising a racket.

Freddie Bruback

Dear Santa,

Bring 3 socks for my brother. Mother says he's grown another foot since last Christmas.

Joe Keetle

Dear Santa,

Please bring pencils for the boys and girls at Johnny Appleseed so they won't have to "borrow" mine.

Bring mental telepathy sets for the girls. The old-fashioned note method is so time-consuming.

For all the boys, bring mufflers.

And, Santa, when you return to the North Pole, please take a few carefully selected students with you and keep them in cold storage for a while.

Miss Neer

Dear Saint Nick,

I don't really know what I want this year. All of my old toys have been given away, but I don't need any of those any more. If possible I could use a new pair of crutches.

Nick Gerber

Dear Santa,

Bring me an echo so I can speak every language in the world.

Gary Burns

Dearest Santa Claus,

I would like a new dolly for Christmas because I accidentally threw my old one down the clothes chute and the fall made her eyes fall out. Also, I'd like a new baby buggy because my little brother was using mine for a stagecoach and an arrow got shot through it.

Sherry Schoonmaker

Dear Santa,

Would you please put my name on the Appleseed Honor Roll? Somehow it got left off.

Roger Kamen

Dear Santa,

Please bring my science class some live frogs. The ones we have in the science lab don't live long. They croak every night.

Mr. Kirkwood

Dear Santa,

Please bring me a new job, I've been working in a doughnut shop and I'm tired of the hole business.

Pam Wilging

Dear Santa,

Please drop off a Dachshund. My Pa told me to "git along little doggie."
