

SMILE BIG RICHLAND!

Richland Public Health's Pediatric Dental Health Program!

Sponsored by the Richland County Foundation and generous donations from local and national partners, we are offering **FREE** dental health backpacks filled with toothbrushes, toothpaste, floss, fluoride treatment (for ages 6+), and age appropriate educational materials and goodies for Richland County youth between the ages of 0-18!

HOW YOU CAN PARTICIPATE!

- ★ We will be distributing dental health backpacks to the 1st & 3rd grade classes in Mansfield City Schools! To register, use the following link or QR Code to participate in a brief survey about your child's dental health. Richland Public Health will deliver backpacks to your child's classroom in October.
www.surveymonkey.com/r/QR7WDC6

- ★ Be sure to review all materials in the dental health backpack and make sure your child uses their dental health supplies throughout the month. We'll be emailing you a follow up survey by the end of October. Participation in this additional survey will earn you a **FREE** meal gift certificate to one of our local Richland County restaurants! Now that's something we can all smile about! Let's make our youth's smiles big, healthy, and strong!
