# THE TIMES

All Ninth graders are going to the Prom. Happy dancing!

VOL. XXXI No. 10

JOHN SIMPSON, MANSFIELD, OHIO

MAY 29, 1958

## "Blue Notes" Play for Freshman Prom

As in past years, the students of the Ninth Grade Class of 1958 are planning a Prom. They will assemble on June 5 at 7:30 p.m. in the Simpson cafeteria for the big event, but the theme is a deep, dark secret.

Flowers will be given to the girls at the door and students will dance to the music of "The Blue Notes."

Each ninth grade homeroom teacher has been asked to serve on a Faculty Committee. Mrs. Florence Grabler and Miss Ruth Craig will be in charge of food; Mr. Al Maccioli and Mr. Joe Romano, the door; Mrs. Lucy Gassaway, tickets; Miss Hester Robinson, flowers; Mr. Gilbert Morgan, programs; Mrs. Vivienne Reichard, invitations; Miss Margaret Maul, decorations. Students from the class will serve on the various committees.

## Combine Work and Fun Workshop Attracts 29

Looking forward to attending the Thirteenth Annual Workshop for High School Publications at Ohio University in Athens, Ohio, during the week of June 15 to 21 are 29 members of The Times Staff.

Joe Musial, who draws the Katzenjammer Kids Cartoon, will be one of the main attractions. He's a King Features education director as well as a cartoonist.

There will be special workshop classes for Yearbook, Photography, Radio-TV, Journalism, and Business. Three papers will be published during the week: a regular printed paper, an Offset paper, and a Mimeographed paper.

Picnics, shows, a banquet, and dances should make this a jam-packed week for those who attend.

## Name New Officers

Tonight at the picnic for the Girls' Athletic Association, new officers for next year will be announced. Also, girls who have earned them will get awards. Receiving Susie Simpson will be Iona Gordon, Linda Rauch, Delores Remmer, Pat Shearer, Judy Carrick, and Polly Schillinger. Ten other girls will receive their S's, 13 will get G.A.A. emblems, and 11 will get letters.

Other than the Patrol Boy picnic on June 2, this will bring to a close the picnics for the year where many awards were presented.

On May 20 at the band picnic, awards were presented to ninth grader Gary Forester, for being the most outstanding band student; Darrell Smith and John Wilson as the outstanding orchestra students; Jean Martin and Barbara Garber, for merit in the Dance Band.

Ten eighth and 20 ninth grade monitors received pins at their picnic on May 26. Both cafeteria and hall monitors attended the affair at North Lake Park.

School librarians received 32 Certificates of award at the picnic for the group on May 27.

## Bulletin

Mr. Ray Gerrell has just announced that Terry Bostick, Jean Prior, and Kathy Benson have been elected to permanent membership in the Student Council.

## School Loses to Time Schedule Last Days

On Monday, students will follow Tuesday's schedule. Books will be collected and fines for damages paid. Tuesday will be the day for collecting grades as Monday's schedule is followed.

Wednesday and Thursday there will be no school for students, but the teachers will be busy making out various reports.

Friday morning at ten o'clock all students will report to school for their grade cards. Then no school until September!

## Teeners to Frolic

Grab your beards and hold your bonnets! On June 11, from 6:30 to 9:15 the city is holding the Teenager's Sesquicentennial Dance at Senior High's Pete Henry Gym. This frolic is open to all junior high students. Tickets are 50 cents each.

From Stockades to Satellites is the name used for the theme. Bonnets, derbys, top hats, souvenirs of all kinds, and refreshments will be in the cafeteria. For the Grand March, FREE souvenirs will be given away.

"Specs" Howard from the Cleveland radio station, KYW, will be spinning the records.

In charge of publicity are Mrs. Virginia Kirby and Lynne Erndt from Simpson; Frank Pival and Tom Henry from Appleseed. Mr. Frank Daniels helped with the posters.

Tickets are now on sale at the Simpson book store.

### DON'T WASTE YOUR SUMMER

How are you planning to spend your summer vacation? Maybe you'll just work around the house or, if you're lucky, you might be going away for the summer. Whatever the case may be, don't waste your summer.

For some students, going to summer school will be daily routine for six weeks. Those interested may register at the Board of Education office.

Some boys and girls will be spending many hours of vacation at private pools and lakes. The less fortunate will work week days and have their fun over the week-ends.

Other outside sports that are popular with teenagers are tennis, fishing, water skiing, hiking, and boating. Bowling alleys are another spot to find boys and girls at any time of the year.

With all the worthwhile activities going on, surely you won't waste your summer.

## Board Decision Deserves Support

Students at Simpson wish it known that they are in favor of the decision of the Board of Education concerning the two new junior high schools. Crowded conditions have caused the loss of the eighth period, which limits the number of courses and activities a student may take.

We hope the parents will support the action when it comes to a vote next November.

## Farewell Ninth Graders

During the past three years, it has been my pleasure to work and associate with you. I look upon you as co-workers, since you and I came to Simpson at the same time. We learned many things while working together.

At times you may have been discouraged, but now as you are nearing the time to leave, you can easily recall the many advancements that you have made. Remember when you were a little seventh grader at one time? Now you are ready to start on stage three of this Space Age.

We'll all miss you. Good luck in your high school career!

Your principal,  
W. W. Blausen

## We're Leaving

Jean Martin

We're going to leave  
Old Simpson High,  
But when we do  
Try not to cry.

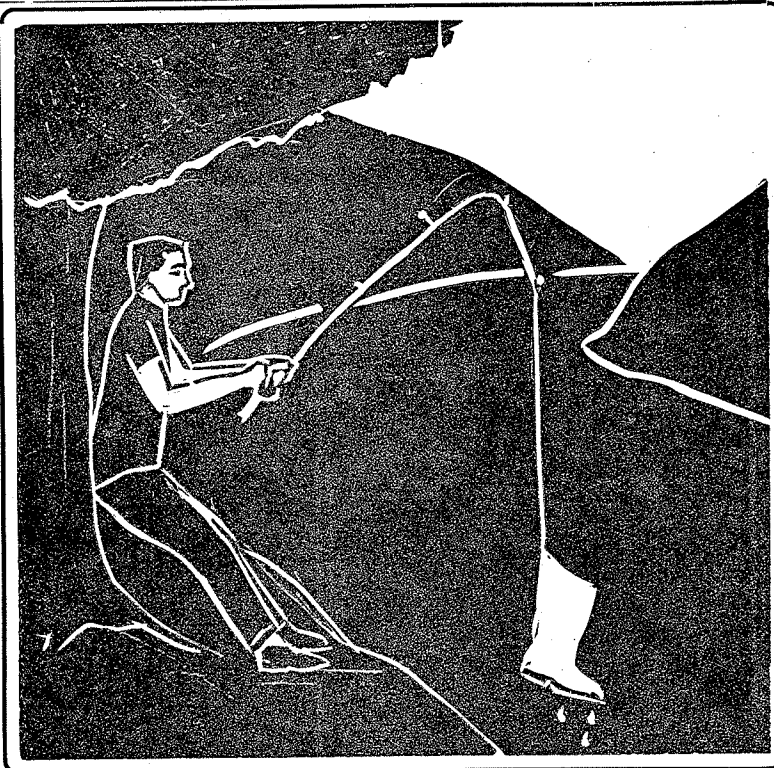

They've jammed and crammed  
Our little brains.  
But Gee! That algebra  
Is still so strange.

We will our books;  
We will our tests  
As we hit the trail  
To M. H. S.

Say "adios"  
To us old dopes  
And turn your heads  
Toward the oncoming mopes.

## Spring Tulips

Diana Rose—106

This morning, heavily laden with books, I entered into my newly painted homeroom. The first object I saw was a vase of lovely tulips. The gay flowers were a bright yellow with soft green leaves. The cup-shaped blossoms were slightly tilted in the breeze coming from the window. Now, as I remember the incident, I casually wondered if the beautiful spring tulips didn't give me a lift for the day.

## The Trombone

Jerrie Cline—106

Said a certain young man from Malone,  
I will learn to play the trombone.  
But a neighbor objected,  
As might be expected.  
Now that trombone will no more be blown.

## Outer Space Will Have to Wait For Becky Sees Classmates in '78

The prophecy for this year takes the form of a letter written in 1978.

Becky Newman and Judy Carrick

May 29, 1978

Dear Judy,

How is married life these days with Tony and all the little Todds? I am still as flighty as ever and haven't hooked anyone as yet. Tom Hoover is still just begging for my hand, but Harvey Welker, who is working on a faster rocket to the moon, is just rolling in dough and you know me when it comes to money. Of course, the competition is stiff with Ruth Hammett, Diana Keffer, and Sharon Swank all swooning over him.

Karen Michener and I just got back from a trip around the world by jet plane and guess whom we saw in Paris? None other than Lynne Erndt, the great ballet star. She is married for the fifth time to Larry Bond, the great stage actor.

### Find Traitors

On we toured to Moscow and, to our surprise, found Nancy Ezzard, Connie Boyd, and Tom Rothe working for the Russian government's space travel aid. The traitors! No wonder Russia's still ahead of us. President Gary Forester should have his secretary, Barbara Au, write and try to bribe them back. We need them badly!

We traveled on to Spain for a very exciting day, which we spent at the bull fights. The matador, Tommy Templeton, was defeated by the ugly bull. Since we couldn't do anything for poor Tom, we ate our supper in a small cafe where we saw Dorothy Hall and Paul Walker doing a Spanish dance.

The Alps in Switzerland were very beautiful and we stayed at a mountain inn for several days. The housemaid, Cherry Nixon, and her husband, Tom Glaze, were most kind to us. They have two charming daughters, Phy-

llis (Boggs) and Gloria (Blumenschein). They took us on a hike up one of the nearby mountains where we met a sheep herder, Bill Culler, and his wife, the former Sherry Ratliff.

The wreckage in Germany left from the bombing when John Jung was president was horrible and uncolorful for sightseers to look at.

The people of Poland have erected a statue of Bob Brandenburg in memory of his being a spy for them. They tell the story that Dick Judt killed Bob when they caught him spying in the American files of the company Jim Cyrus led.

## Uncle Horace Says:

Dear Uncle Horace,

I am in a terrible mess. My boyfriend wears a kind of hair tonic that I'm allergic to. It really smells awfully good, but every time I get near him, I sneeze.

I would like to tell him, but I don't know how to do it without embarrassing him and myself, too. Could you please help me solve this problem?

Sneezy

Dear Sneezy,

Why not buy your friend a present (hair tonic that you aren't allergic to). He can probably take a hint and will use it so as not to hurt your feelings.

Dear Uncle Horace,

When I go swimming my boyfriend says I should wear fingernail polish on my toes. He says that no one has pretty toenails and they should cover them up with polish whenever they will show. Here is the problem. My toenails always split when I use polish and my mother says I am crazy if I use it. What do you think about this?

Split Toenails

Dear Split Toenails,

Simply tell your friend that you cannot use toenail polish and explain why. It is not intended for him to look at your feet. Brighten up your face and I'm sure he will find that much more interesting.

## Organization Heads Speak of Benefits

Judi Edwards, Junior Red Cross President

"Being president of Red Cross means more than holding an office. It makes me feel good to know the help and happiness I have brought to others. We have accomplished such things as helping hospitals and mental institutions."

\* \* \* \* \*

Becky Newman, G.A.A. President

"I came to Simpson at the beginning of my eighth year and found most of my classmates and teachers very friendly. At the end of that year, I was elected the President of G.A.A. and this honor gave me a much greater sense of belonging to something."

"Girls, I have enjoyed being your president and I hope I have helped your organization and its members to become better sports in anything they may do."

\* \* \* \* \*

Gary Owens, President of Student Council

"Coming to Simpson for the first time of my life, I saw a large school which really had me buffaloed. Today, getting ready to leave Simpson, my attitude has changed completely."

Simpson, during the three years I have been here, has provided opportunities I never thought I would have. It has given me an education beyond what you learn in classrooms alone. It has given me an education in citizenship and patriotism toward our school. A school to be proud of, Simpson!"

\* \* \* \* \*

Dawn Doerrer and Karen Michener, Co-editors of the Times

"As editors of The Times we have had a wonderful year. Editing ten issues of our paper has been a great deal of work, but at the same time it has been a worthwhile experience. Our congratulations to next year's editors with the hope that they may have as many good 'Times.'"

\* \* \* \* \*

Nancy Ezzard, President of the Science Club

"Each year I've been at Simpson has been filled to the brim; working with wonderful teachers and students that make up our school spirit. As a member of the Science Club, I have learned that science can be fun and extremely interesting if it is approached in the right way."

\* \* \* \* \*

Darrel Smith, President of the Orchestra

"Being President of the orchestra has been a great honor and privilege. I would like publicly to thank all the orchestra members who voted for me. I feel that having this position has helped me greatly in my relationship with my fellow students and has been very helpful as a general outlook on leadership. I also feel that it has helped me to be more interested in music even so far as to want it as a career."

\* \* \* \* \*

Richard Judt, President of Audio-Visual

"During the three years I've been a member of the Audio-Visual Service of John Simpson, I learned many things. I believe most of us learned to operate such machines as the movie projector, tape recorder, etc. This knowledge might come in handy some day. I've learned to respect all the crew members, and especially, our supervisor Mr. Prior."

\* \* \* \* \*

Randy Leedom, President Ninth Grade Class

"Being President of the Ninth Grade Class has given me a sense of responsibility and leadership. It has taught me things I might not have learned otherwise. I would like to thank all the teachers who help so willingly. Being President of Choir taught me how to work with a group and one of the nicest teachers at Simpson. I would like to thank everyone who voted for me in both offices and I hope I can return the favor some day."

## City Serves People; Mansfield Grows

The last of a series of articles on Mansfield, this deals with the city government, some of the services of the city to its citizens, and a look ahead.

The city of Mansfield gets its authority as a city government from the State Statutes Municipal Code for Cities, which was adopted by the State of Ohio in 1912. It has authority over matters within the boundaries of the city limits and, through the Planning Commission, rule over land use three miles from the limits, as well as city property outside that area.

The city's governing body is the Council, which consists of ten men, seven from the wards and three at large. They are elected for a term of two years.

The top authority in our city government rests with the Mayor with certain checks prescribed by law. He is responsible to the voters, although he may be removed from office by the Governor for various reasons.

Serving the citizens of Mansfield are 53 policemen and 56 firemen. They are no different from others when they apply for their jobs. They have passed the

requirements by taking the Civil Service Examination and served a probation period. Their duties are to protect all the people.

Some other services include regulation of the parking system, garbage service, sewage, airport, streets, and transportation.

Mansfield has advanced much in its first 150 years, growing from a few inhabitants to nearly 50,000, taking in much of the outlying regions. In the next 150 years, if it continues to be as prosperous as it is now, it should become one of the most important cities in the state.

## Girls Devote Time

Thirty-one girls have given up half of their noon hour to help referee at the girls' volleyball intramurals this semester. They are: Seventh grade-Esther Jones, Laura Anderson, Mary Owens, Dorothy Weatherspoon, Christine Johns, Elizabeth Marsh, Cynthia Eldridge, Ann Brown, Gloria Rooks, and Doris Franklin. Eighth grade-Ruby Swarn, Carolyn Garrett, Linda Frizzell, Sandra Lucky, Rena Crawford, Zona Mann, Carolyn Leddy, and Rose Ann Davis.

Ninth grade-Judi Edwards, Linda Rauch, Linda Amsbaugh, Judy Carrick, Gloria Black, Diana Brightwell, Iona Gordon, Joylene Edwards, Judy Friend, Becky Newman, Anice Majors, Karen Michener, and Jean Sheffield.

Some of the things the girls must watch for are out-of-bound balls and knowing what side the ball goes on after certain rules are violated.

## Patrol Boys End Year With Picnic

John Simpson Patrol Boys for the year 1957-58 have found that the job is not all work but has a share of fun. The boys have attended 10 free movies down town; a Christmas Party and a Spring Picnic sponsored by the Mansfield City Police.

Of special help to the boys has been Tom Hempfield from the city police force, who has kept them amply supplied with flag poles, rain coats, and hats, belts, badges, and mittens.

Captain of the Simpson Patrol this year has been Marty Hildebrand, assisted by Lieutenants Jesse Tufts, Lloyd Davis, and Peter Daebel. Lloyd Davis represented the school patrol at the banquet on May 14.

Serving on the patrol have been Raymond Ward, Wallace Thompson, William Cromberg,

Ronald Hollinger, Raymond Bridges, Bob Radabaugh, Harvey Williams, Jesse Tufts, David Mann, Melvin Elliott, Charles Poland, William Stuart, Marty Hildebrand, John Sorrick, Lloyd Davis, Glennard Walters, Bob Sanderfer, Russ Messimer, Don Carson, and Bob Winger. Their advisor is Mr. Dwight Mishey.

Continued from Page Four

charge of all the publicity.

After lunch Karen and I boarded the plane for Alaska. We arrived at sunset when the ice looks the prettiest. Renting an igloo in a small village, we spent the night in complete comfort. Early the next morning, we were awakened by the sound of hammering. On investigation, we found Rose Poland, Anice Majors, Ruth Head, Larry Schaffer, and Joe Gonzales busy building igloos. Small world, isn't it?

Breakfast over, we looked around for someone to show us around the village, and ran into Harry Socea and Kaye Hamilton. They are happily married and had been living in the village about three years. Their four children, Milena (Christoff), Ed (Kiner), Carolyn (Holmes), and John (Pelasky) were very sweet to us. Harry and Kaye showed us around the village and explained the interesting sights.

Crossing into Canada from Alaska, we had to pay the customs man at the border. He was none other than Gary Collins. In Canada, we found the prices sky high because of the great monopoly of trade the Canadians

have under their great leaders Bob Wakeley, Doug Leach, and Larry Frontz.

### Visits Quebec

In Ottawa, we visited the Capitol Building, which they call the House of Parliament. In another part of town we visited a court session where Mike Heinberger was being tried on a manslaughter charge for killing Vada Sue Burd and her husband, Ronnie Blair. Quebec was our next stop. There, in addition to walking about the walled city and seeing the Plains of Abraham, we saw Willie Jefferson and Bob Drye trying to start a translating service. We were their first customers.

After spending a few more days in Quebec, we took a plane for home, arriving in New York at 1:30 yesterday afternoon. My, it's good to get back to the good old United States.

Today we are going to visit some of our friends and tell them about our exciting trip.

Your long-lost friend,

Becky Newman

# Gym Events Gain By Teachers' Efforts

Sally Williams

As the clock ticks off the hours at the finish of a school year, it's time we give praises to Mrs. Mary Berry and Mrs. Jean Porch for their wonderful work.

They started the girls playing speedball. Then they brought in the scooters, having various kinds of races.

These teachers showed school spirit by taking students to the games.

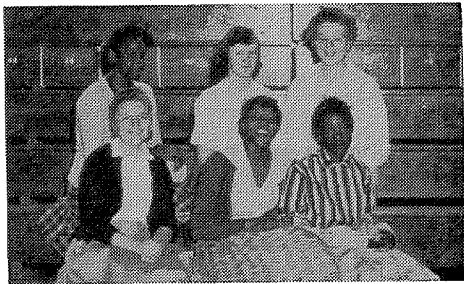

The G.A.A. officers and Mrs. Porch wrote a new constitution, organized a Pep Club, and established an activity party.

Mrs. Berry, a native of Mansfield, attended Appleseed and Senior High. She graduated from Ashland College with a Bachelor of Science Degree with a major in physical education and a minor in speech and sociology. She is married and has four sons. About her teaching job she said, "I just love it! It's a real challenge

working with this age after elementary."

Mrs. Porch, a native of Mansfield, graduated from Senior High School. She attended Battle Creek College in Michigan, graduating with a major in physical education.
