

Don't forget Summer School starts June 16. Register at the Board of Education office.

# THE TIMES

All Ninth graders are going to the Prom. Happy dancing!

VOLUME XXXIII

MANSFIELD, OHIO, THURSDAY, OCTOBER 16, 1958

NUMBER 1

## Crowded Halls --- We NEED Room!

Photo by Jerry Hurt

### Student Council Announces Plans

"They're sure going to be busy this year! Some of their service jobs are, United Appeal Christmas Baskets, Handbooks, ninth grade class elections, and handling the teenage code. It's the Student Council, of course." They always seem to be doing something worthwhile. This organization was set up to represent the student body and help them in a lot of different ways, such as helping the ninth graders in their class elections and working with the students to establish their teenage code.

Their first meeting was Tuesday, September 23. Shirley Garver President presided over the meeting while other officers, Kathy Michener, Vice President, Carole Weaver, Secretary, Ruth Chronister, Treasurer, and Judy Nolan, Corresponding Secretary. Perma-

nent members Kathy Benson, Jean Prior, and Terry Bostick helped organize different committees. Among these was a dance committee, to plan the first dance (which is bound to be fun so keep that in mind for November 14.) Another committee was formed to help with the Student Council's main money-making project selling Christmas Cards. (You can keep this in back of your mind when you begin to buy Christmas Cards also.)

The new teen-age code was in the middle of being organized when school ended last year. Our code has already been written this year and is being printed up. After this, you will be able to see your code as it awaits your approval or possibly your disapproval.

### Council Proposes Teen-age Code

This year the student council has proposed our new Teen-age Code. It will not be adopted into the school until they find out if pupils have any corrections or suggestions to make. This is why we urge all students to read this. If you have any corrections or suggestions that you think are important, tell your class representative.

#### BASIC RULE

Parents should know where their sons and daughters are while away from home, what they are doing, and with whom they are spending their time. Parents should also know what time their young people return home. Students should likewise know where parents are.

#### PARENT-YOUTH PLANNING

A. An allowance should be planned together, based on a discussion of financial ability, needs and management of money.

B. Family plans should be organized so that: (1) necessary transportation for all members of the family can be provided; and (2) individual members can be reached in case of emergency or change of plans.

#### HOME ENTERTAINING

The home should be the center of young people's social activity. To accomplish this, the cooperation and support of parents is needed. Young people should be encouraged to bring friends. Parents should welcome the opportunity to meet their sons' or daughters' companions and friends.

A. Home entertaining in this age group should be limited to weekends and holidays. It is important that invitations be clear as to type of function (for appropriate dress), the time of beginning and ending of a party. It is the re-

sponsibility of the guests to leave at the designated time. B. It is important that a parent or responsible adult be home and on call at all times when young people entertain. C. Young people and their parents feel more comfortable if some plans for entertainment have been made in advance. Boredom and confusion lead to undesirable results. Well laid plans for a party are disregarded only by a rude guest. A considerate guest will follow the plans of the guest. D. Party crashing is an excusable custom and presents a problem for the host and other guests. Crashers should not be admitted. E. "Lights out" has no place in a well-ordered party. F. Parents should be sure that transportation is provided

not large enough to accommodate many more students than there are now. If the levy is passed a new junior high school will be built in the north end of town and another in the south end. The north one will have twenty-six rooms with eighteen in the south building.

If the levy is not passed, lockers will be shared, sub-standard rooms will be used as classrooms, and classes will be larger than ever. Mansfield is growing and more territory will be annexed to make it even larger in population. The building levy is the way to avoid all this.

Proposed is a pay as you go plan in which the taxes will be used as they are paid in. If the funds were raised through a bond issue, taxpayers would have to

pay so much interest that another junior high school could be built with the savings. The levy will need a 55% majority vote on November 4 to pass. The needed new junior high schools will offer adequate facilities and everything that the present junior high schools have. To save money, the new schools may have a "cafetorium" which is a combination of a cafeteria and an auditorium. Everyone benefits either directly or indirectly from an educated populace. Statistics show that communities with high cultural and educational levels have higher standards of living. It should be remembered that most people received their education from public schools paid for by other citizens in the community.

### Coming Events

Oct. 28 Open House at John Simpson  
Nov. 4 Election for another Junior High  
Nov. 11 NO SCHOOL Veterans Day

### Liquid Air

What is Liquid Air? What is it used for? Is it useful? K. A. Mackenzie will answer these questions for us the students of John Simpson, at our next assembly October 23, 1958. At the assembly you will see a Kerosene Candle, A Mercury Hammer, Frozen Soap Bubbles, and Frozen Alcohol. Mr. Mackenzie will demonstrate, how to drive nails with a banana, and how to fry an egg on ice.

Liquid air exists in our normal atmosphere, at a temperature of about 312 degrees below zero. It is so cold it will freeze mercury in the end of a handle so hard, that you can drive nails into a board with it. Raw beefsteak, the same kind we cook and eat becomes so brittle when it is treated that it shatters like little pieces of glass. The low boiling point of liquid air is clearly demonstrated when a small quantity of it placed in a tea kettle on a cake of ice, boils violently. Here were some of the highlights of the coming assembly. In this assembly there will be a lot more interesting facts and experiments.

While most of us were enjoying our vacation, painters were busy at work improving the appearance of the halls, all three of the shops, the three Home Economics rooms and the boy's and girl's locker rooms. Even the office was given a thorough paint job. The book store had a new door to show when school started. The biggest improvement were the steel window sills and new shades in rooms 111, 112, 113, 114, 212, 213, 214, and 215. On the outside of the building grass was planted and new sidewalks put in. Mr. Brashare's orchestra and band classes had new instruments and music equipment; the instruments were six snare drums, a bass drum, four basses, Tenor saxophone, trumbone, a baritone and a new piano. Three filing cabinets, nine instrument racks and seventy-four new chairs made up the music equipment.

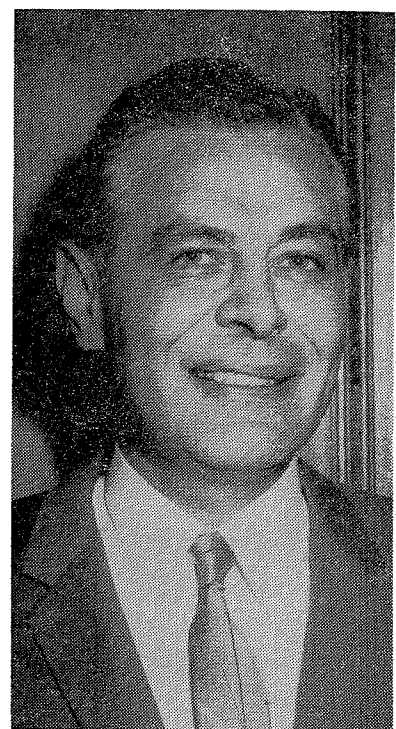

### DR. RINEHART URGES PASSAGE OF LEVY

"When we get four junior high schools depends upon our parents votes in the coming election," was the reply Dr. Rinehart, superintendent of Mansfield Public Schools gave when asked about when the two new schools would be added, "If this bill doesn't pass I am worried about our junior high students," he continued. "They are already overcrowded. I would urge the children to tell their parents about the position they are in now and maybe the parents will pass it."

When asked about the situation concerning children dropping out of school, he said that many students were dropping out, but the number is not as large as it used to be. "The children are now realizing how important schooling in this world is," he continued. "I would like to urge every pupil to continue their schooling as far as possible."

Another point brought up was the problem of young adults get-

ting into trouble. "It is a terrible thing that these peoples names have to be known by the public, but it is imperative that our citizens be informed of who and what. There are much, much better ways of getting their names in the newspaper," he added.

Dr. Rinehart who resides at 578 Coleman Road stated that the people of Mansfield are very friendly. Their friendliness impressed him a great deal.

Our fairly new superintendent has had much experience in the education field. Dr. Rinehart was born on a farm near Findlay, and has spent most of his life in Ohio. Although he was last superintendent of Skokie Illinois Schools, he has also served at Yellow Springs, Antioch College town, and Perrysburg where all his mail was sent to Perrysville. Since moving to Mansfield he has learned where Perrysville (a town near here) is.

Public entertainment puts a strain on a teen-ager's allowance.

B. Dressing according to the occasion makes a person feel more comfortable.  
C. Young people and their parents should agree in advance on a definite time for return from a date. A boy should be given an opportunity to meet the parents of the girl and to discuss expected time of arrival at home.  
D. Group, or double dating, rather than single dating, is to  
Continued on Page Four

### GROUNDS TAKE ON A NEW FACE

for young people at the designated time of return.

#### GENERAL DATING

A. Some eighth and ninth graders "date" in addition to parties and dances. The home should be offered and encouraged as a possible place for dating. Parents should cooperate by providing an agreeable measure of privacy.

## Editorials

To the glory of Youth: Scholarship, Honor, Truth  
Welcome To John Simpson Junior High

Welcome to Simpson! To both old and new students we extend this welcome. More than ever it is necessary for each and every student to work hard to get the best possible education for himself. Simpson offers you this opportunity. Make the most of it!

On November 4 your parents will vote on a very important school building levy. This levy will provide for two new junior high schools, one in the south and one in the north. As you go from class to class you can easily see our crowded conditions here at Simpson. The only way that this situation can be changed is for additional junior high schools to be built.

Urge your parents and neighbors to vote for the SCHOOL BUILDING LEVY, November 4.

W. W. Blauser, Principal

To the Students of Simpson:  
Greetings Studnts,

As the new school year starts I want to welcome all students who previously attended Simpson and those who are new. The summer vacation probably ended to soon for many of you, but I could see by the smiles you had that you were glad to be back.

To the new students the staff and I extend a cordial welcome. If we can be helpful anytime, don't hesitate to contact any of us. The teachers will always listen to your problems also.

Whether your stay at Simpson turns out pleasant, it is entirely up to you. Treat other students like you would want them to treat you.

Editor of the Times,  
Shirley Garver

### Interviewing the Seventh Graders

What were your first impressions of Simpson? Did you get lost? Do you think Simpson should be larger or less students? Do you agree with their improvements? Here, are some of the new seventh graders opinions. Do you agree?

Susie Kistler of 200A replied, "I was lost when I first walked into the building." Susie likes Simpson and is glad she goes here.

"I like the school system just like it is," remarked Vickie Swanger of the Cafeteria. Vickie thinks Simpson needs more rooms.

"It was just huge," remarked Rick Lomax when asked what his impression of Simpson was the first day. Homeroom 216 claims Rick.

Sylvester Morgan thinks Simpson is lovely when asked about Simpson's new paint job. Sylvester reports to 213 every morning.

Donna Donaldson likes Simpson and says, "It's bigger and better than grade school." Donna hails from 213.

"Simpson isn't bad," stated Hank Kopcial of 200A. Hank thought Junior High would be much worse.

Becky Vnasdale who hails from 200A, also agrees with the seventh graders important fact, that Simpson should be bigger!

Johnnie Poller of 105 likes Simpson. Johnnie especially likes the gym and cafeteria.

### Roaming The Halls

How many colors did Linda Swetlic and Kathy Benson's faces turn when they split gigantic holes in their bermudas while doing the splits to far in cheer-leading practice?

SEEN:  
Donna Hoffman throwing shoes at Linda Thomas in cheer-leading.

Kay Klippel's shoes in the middle of the hall.

Pat Osgar opening the boys locker room door.

Paula Green roaming around under the bleachers.

What did Sharon Harrich do when she found the bottom of

her skirt tucked in the back of Wayne Breeze's trousers?

Did a certain "Young" teacher have a happy 29th birthday, September twelfth?

#### A NEW SPORT:

Who invented the new sport water skating, (not skiing)? "Huh, Nick?"

Was Richard Remy too hungry to wait for a afternoon snack when he was eating a door-step in class?

#### QUESTION OF THE DAY:

Is the editor of the paper more interested in the paper or a certain boy named Bill?

### Hula Hoop

"Hula Hoop, hula hoop, everyone can play from three to one hundred and ten. From L.A. to New York." Yes everyone, not forgetting of course our own Mansfield, everywhere you look you see a funny round plastic tub which comes in two sizes and lots of different colors. This is the hula hoop, which has become a raging new fad. It is usually put around the waist and is tried to be kept there by a certain movement of the hips. But you can do many different things with it, like jump rope, and rolling it along the ground like a wheel. Although adults give it a good try, children are usually the experts. There have already been children who have kept the hoop going as long as five or six hours at a time. How about you? Think you'll ever beat that record?

### Friendly House News

Friendly House started out with 300 enthusiastic members. Registration started on September eighth. There are many things students can participate in this year.

Registration fees for six to twelve years olds-\$1.50, thirteen to fifteen-\$1.00, and sixteen to seventeen-\$1.50.

Junior high students have a wide range of things to do. Girls may attend gym, beginner and advanced dressmaking and other various things.

Boys may be interested in many things. Classes like Junior Optimist (Limited), Junior Riflery, Junior Weightlifting, and Junior and Senior Boy's Gym. All students from eighth to twelfth grades may go to the Holiday and Jack and Jill Dances.

Friendly House will have a "Friendly House Showcase" on October 8. It will be made up of various clubs and classes. Be sure to see the comical,joyous "Friendly House Showcase."

\*For more information concerning classes inquire at the Friendly House.

**VOTE FOR  
THE  
BOND LEVY**

### Uncle Horace's Horoscope

Dear Uncle Horace,

I have something troubling me and I wish you'd help me solve this question: I like this boy more than I've ever liked any boy but I'm afraid he's leading me on. The first few weeks we were going together he went to lunch with me, walked me home from school when he could. Now he hardly pays any attention to me! I've talked to several of my friends and they all tell me something different to do, I'd like your opinion.

"All Mixed Up"

Dear Mixed up,

It's only second nature for the love at first sight to die down a little. Maybe that's all your problem is really.

Then on the other hand he might be leading you on. In either case, I advise you to just be yourself, just act natural and wait and see the results. Good Luck!

\* \* \*

Dear Uncle Horace:

My problem is that I am overweight and like to wear full skirts with can-can slips like the majority of the girls at school, but I look like a over-grown ox. I have tried dieting and exercising but I can't for the life of me lose weight. Have you any suggestions to offer me?

Wondering

Dear Wondering,

Why not contact a doctor? I'm sure he can suggest a way to lose weight. Just be patient and follow the doctors orders. P.S. I'm sure there are many more girls in the same boat.

\* \* \*

Dear Uncle Horace,

I'm going with a boy that goes to another school, but I

### New Students

This year Simpson welcomed 1179 students. The enrollment in each grade is as follows: Seventh—437, Eighth—377, and Ninth—365.

The out-of-state students range from various parts of the United States. The following students range from nine different states. Coming from Dania, Florida is Ernest Fuller; Dale Hogle from Roanoke, Indiana; Connie Vierling from St. Mary's, Michigan; Maryse LaFontaine from Johnson Nebraska; James May from New Orleans; Sharon McDevitt from Puerto Rico; Joseph Phillips Jr. from Memphis, Tennessee; Carole Conley and Mary See from Kentucky; Ramona Maynor, Marvin Holbrook, Rosie Maybry, Eugene Crum, Franklin Short, Lucretia Parks, Joyce Conley, and Ethel Wells from West Virginia.

### Y.M.C.A. & Y.W.C. News

Do you like clean fun and experience? Come to the Y.W.C.A. and the Y.M.C.A. For the girls there is swimming, dancing, baby sitting, clubs, a charm course, ball room dancing, and canteen dances.

For only \$4.50 a swimming course of six weeks is taught. Come to the Y.W.C.A. Monday, September 22, to find out about any of the classes.

In dancing an eight week course is being taught in Ballroom Dancing. These classes include boys and girls. The fee is only \$7.50. The instructor from the Arthur Murray Studio will be teaching this course.

Home Safety and baby care are taught in the babysitters training course. Your name will go on the "Y" Babysitters List.

The Charm course will help if you want to be a "model" in walking, wardrobe, make-up, and speech and personality development.

Why not join a "Y" teen club? It starts at 4:00 very Monday.

For boys there is gym, swimming, tumbling, archery, Photography, radio, shop, rifle club, and stamp and coin club.

The Junior Hi-Y basketball teams start in November.

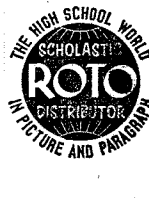

For both boys and girls there is a canteen dance every Friday from 7:30 to 10:00 P.M.

### Eleven New Teachers Join Simpson Faculty

Simpson not only has a new appearance but it also has 11 new teachers on the faculty.

Mrs. Doris Enoch of seventh grade homeroom 205 has lived in Mansfield four and a half years. This is her first year of teaching at Simpson.

She attended Ashland and Bowling Green Colleges for her degree.

She first taught at the Ashland County Schools for eleven years. Then she came to Mansfield and taught the sixth grade at Newman School for four years.

Mrs. Enoch now teaches the seventh and eighth grade English reading, and geography.

Mr. Richard Alzner, who is of German nationality, has been in Mansfield only a short time.

He docked in New York in 1952. From there he went to Ohio State University where he acquired his teaching degree. He has now been in Mansfield about a year.

Mr. Alzner teaches German to twenty-four students. He thinks his students enjoy taking a language and should continue as long as we can secure teachers.

Miss Carol Meyer of seventh grade homeroom 200A is teaching for her first time at Simpson.

She attended Ripon College and Wisconsin State College in Whitewater, Wisconsin from which she received her B.A. degree. Previous to coming to Mansfield, she worked as a group social worker at Neighborhood House in Milwaukee. In addition to teaching English and Geography, she is advisor to the Times editorial staff.

Mr. David Evans of Ninth grade home room 210 is teaching for his first time here at Simpson. Mr. Evans attended Ohio State University and teaches geography, history, and English. He chose teaching as a career because it's a good way to work with geography and history and get some of the students to like it better. He admitted he likes the students at Simpson pretty well and thinks teaching here is alright.

The ninth grade home room teacher of 114 is Mrs. Alice Kinsel. Mrs. Kinsel attended Capital University, then took up teaching for nine years at Shiloh. She says she likes teaching math here and the pupils are average on the whole. She lives near Shiloh and has a little girl two years old.

Miss Janet Lang is our new girls physical education teacher. This is Miss Lang's first year of teaching. Her home is in Willoughby. Miss Lang graduated from Kent State University. Her hobbies are sewing, sports, and especially swimming. She also has a pet dog named Ming. Miss Lang was asked if she liked "rock and roll" music and her answer was "some of it."

Miss Lois Sands is our new Art teacher. Miss Sands is originally from Tiffin. Miss Sands got her degrees at Ohio Univer-

sity, Ohio State University, and Western Reserve University. This is Miss Sands fourteenth year of teaching. She has been a college professor for several years. She has been teaching in public schools for about four years. This is Miss Sands first time of teaching in the Mansfield Schools. Miss Sands has a pet cat who's name is Frances. Miss Sands said she had lots of hobbies, but she has become very interested in ceramics. She has had this about four years.

Mr. Norman Cellini is one of our new English Teachers. This is Mr. Cellini's first year at Simpson. He has attended Ohio State University to get his degree. Mr. Cellini is formerly from Crestline Ohio. His hobbies are collecting records.

Miss Judith Rinehart who is a seventh grade home room teacher of 206 teaches Art and English at Simpson. She attended Ohio State University for four years, then she taught at Thompson Local High. She chose teaching as a career because she enjoys teaching and working with the students. Miss Rinehart has been teaching here since school started this September and said the students are all pretty nice.

### HOMEROOM OFFICERS ELECTED

It is a custom at Simpson to elect homeroom officers every year. This year they are:

#### Room 20

Pres. Rodney Moore  
V. Pres. Philip Rose  
Sec. Treas. Donna Littal

#### Room 22

Pres. Henry Shepard  
V. Pres. Linda Swetic  
Sec. Treas. Stephen Lewis

Sec. Janice Martin

#### Room 208

Treas. Sharon Agin  
Pres. David Lamberton  
V. Pres. Gilbert Ray

#### Room 209

Secv Treas. Polly Schillinger  
Pres. Karen Lang  
Sec. Treas. Judy Hawley

### Charles King Assembly

An assembly starring Charles E. King was held in the auditorium on September 29 called "Music In The Air". Mr. King a baritone singer has filled us with a new experience with his music. He is a citizen of whom Cleveland, Ohio is proud. He received his education at Heidelberg College. Then he had further voice study with John Dickson and Thomas Swansea of California. Mr. King has a remarkable voice that is unbelievable in its richness and joy until experienced.

Mr. King is the former director of "Wings Over Jordan", a C. B. S. network program.

He has played the star role in such movies as: Show Boat; Kiss Me Kate; Lost In The Stars; Porgy; The Maid As Mistress; Toward A Western Sky; Carmen Jones; and The Medium.

In addition to the movie he had appeared on the Ed Sullivan

Show and on Arthur Godfrey's Talent Scouts.

Mr. Charles King appeared at John Simpson Junior High, September 29. He sang several spiritual songs with the audience joining in two of them. He had four of the students to appear on stage to sing a solo.

Mr. King lives in Cleveland with his wife and his adopted son who is in college in California. Mr. King went to school in Cleveland at Collinwood Senior High, and to Heidelberg college in Tiffin, Ohio, in a class of 42.

His first professional job was singing in The Wiggs Over Jordan Choir on a Columbus C.W.S. Broadcast feature heard regularly on a coast to coast network every Sunday. After that he appeared in several movies and plays, such as, Carmen Jones Kiss me Kate, and Showboat. He also appeared on the Ed Sullivan and Arthur Godfrey shows.

During the year he usually performs in over 250 shows. Of all the work he enjoys assemblies the most. He said, "I get good reaction from the students."

## "Sermons From Science"

Perhaps the assembly most enjoyed by the students of John Simpson during the first six weeks term was that presented by Dr. George Speake. Mr. Speake whose program entitled "Sermons From Science" ran for five days in John Simpson Auditorium and not only was view by a large segment of Simpson students but many Mansfielders. Every night of the show's presentation many disappointed people stood outside.

Dr. Speake who received his formal education at the University of Pennsylvania says, "Even in Junior and Senior High School I was interested in this type of work until my hitch in the Navy. After my Navy hitch, I worked with the Moody Institute on these movies."

Mr. Speake now lives with his family in Los Angeles, California when his show is not on the road.

"Sermons From Science" is booked up until 1960. It has

## Student Librarians

Librarians are kept very busy. They are very happy to help fellow students in locating books and checking them in and out for you. Besides this duty they will be busy filing cards in the card catalog, shelving books, and reinforcing the magazines. The following students are working in the library this year: Molly Amis, Kathe Benson, Brenda Cates, Sandy Davis, Karen Echols, Linda Grimm, Linda Hall, Karen Harich, Kathy Michener, Kim Michener, Rosalie Newman, Pat Osgar, Elinore Volz, and Becky Williams.

## Spanish & German Added to Curriculum

This year two new languages, Spanish and German, are being taught in addition to French and Latin. The new languages are also available to eighth and ninth graders.

For the first year, French is being taught to eighth graders in a conversational course. This is recorded on their grade cards

been to the Panama Canal Zone and is going to Europe sometime next year.

When asked to give the price of the instruments Mr. Speake replied, "Our equipment is insured for \$20.00. That is, the parts can be replaced for that amount. The price doesn't include labor."

"Our biggest attraction from the publicity stand point is the giant coil. Most people are curious as to what kind of a show it will be."

So varied were Dr. Speake's exhibits that none were repeated during the entire week.

After Dr. Speake's exhibition in Mansfield he went to West Point Military Academy.

## Honor Roll and Honorable Mention

The ninth grade led the "all A" students at the end of last year with six "A" students. The seventh grade came in second place with four, and the eighth grade had one "all A" student. Having all A's in major subjects, were ninth grade four; eighth grade, two; and the seventh grade, seven.

All A's  
Seventh Grade  
Karen Arbutina, Kathy Ben-

son, Jean Prior, Jeanne Yockey.  
Eighth Grade  
Linda Frizzell.

Ninth Grade  
Connie Boyd, Judy Carrick, Dawn Doerrer, Nancy Ezzard, Judy Radick, and Karen Urschel.

Honor Roll  
Seventh Grade  
Lynn Beal, Larry Bixler, Peggy Friend, Wilma Kitchen, Marion McGee, Sue Stocker, and Patty Watson.

Eighth Grade  
Kathy Michener and Charles Walls.

Ninth Grade  
Karen Michener, Carolyn Pfau, Harvey Welker and Janet Wentz.

Honorable Mention  
Seventh Grade  
Juli Belcher, Betse Bissman, Terry Bostick, James Bradley, Jean Brucato, Jerri Cline, Linda Conrad, Robert Craft, Barbara Crumrine, Janet Diehl, Karen Echols, Janice English, Paula Green, Roger Griebing, Mary Hall, Karen Harich, Sharon Harich, Sue Herrick, Jerry Hunt, John Ickes, Bonnie Jamieson, Beverly Jones, Randy Keith.

## TEEN-AGE CODE

Continued from Page One

be encouraged. Parents can assist in making this attractive to young people by helping to arrange for trips to places of recreation or entertainment.

E. "Going steady" at this age should be discouraged. Young people profit by a variety of contacts.

## SCHOOL DANCES

A. Transportation should be provided by parents. This can be a shared responsibility.

B. Plans should include dances that provide by parents. This can be a shared responsibility.

B. Plans should include dances that provide for an exchange of partners.

C. Parties after dances seem neither necessary nor wise in this age group. Students should go directly home unless parents have approved other plans.

## HOURS

If boys and girls of ninth grade walk home from an early function, a definite time should be set for arrival at home. The following are suggested hours for the termination of functions:

	Grades	7th	8th	9th
Formals			11:30	12:00
Informals		10:00	10:30	11:00
Home Parties		10:00	11:00	11:00
General Dating			10:30	11:00

In as much as formal dances are infrequent in this age group, midnight is considered a reasonable hour, provided that boys and girls are transported directly home.

## DRIVING

Ordinarily young people are not eligible to drive at this age. It is illegal for a parent to permit his or her son or daughter to drive on a public highway when such young person is un-

der the age of 16. If such young person is older, he or she has a driver's license or a learner's permit. A licensed driver must accompany a person with a learner's permit. Teenagers should be alerted to the dangers of riding with inexperienced drivers, reckless drivers, overloading cars and riding with a driver who is under the influence of alcohol.

## DRINKING

This ordinarily is not a problem at this age.

## SMOKING

Ohio law prohibits sale of cigarettes and tobacco to persons under 18 years of age. Smoking should be discouraged because it is not healthful for growing youth.

## ATTIRE

Dress, make-up, cleanliness and neatness have an important influence on behavior. Appropriate dress is a mark of good taste.

## PROFANITY

The use of good clean language is to be encouraged.

## BABY-SITTING

It is not considered proper to have dates while baby-sitting.

## TELEPHONE

The telephone should not be regarded as an instrument of unnecessary communication. Conversations should be limited to eight minutes.

## RED CROSS REPRESENTATIVES ELECTED

Miss Catherine Darling, home-room teacher of 101, is in charge of the Red Cross for John Simpson. Students who will be working with her will be collecting crossword puzzles for use by people confined to the hospitals. Homeroom 22 has taken charge of them this year. Carolyn Garrett from homeroom 212 is helping also.

The representatives for the Junior Red Cross of John Simpson are: Seventh grade, cafeteria, William McGraw, David Hilbard; 20, Delores Lawhorn, Dianna Lawhorn; 101, Inge Dechert, Hilda Randall; 105, Beverly Zwilling, Ralph Holland; 106, Brenda Jacobs, Roger Wilson; 108, Judy Gaver, Ellenna Proto; 112, Virginia Stephenson; 113, Phyllis Brauham, Rebeceah Deals; 200A, Judy Darsey, Donnette Smith; 205, Cora Rhoads, Gary Lozier; 206, Daniel Rabel, Joan Duncan; 207, Martin Brietinger, Michelle Salers; 213, Jim Heads, Fred Caldwell; 214, Lynda Colegrove, Leslie Lynch; 216, Laureen Socea, Christie Scaggs; 200B, Sharon Morgan.

Eighth Grade, 22, Anita Rumery, Ann Brown; 23, Mike Garrett, Gary Heston; T. D., Paula Greene, Sue Herrick; 103, Eloise Garcia, Linda Conrad; 107, Beth Ann Brannon, Janet Diehl; 110, Carol Jeffries, Gladys Lee; 115, Cass Leedom, Earnest Fuller; 201, Cheryl Jones, Christine Johns; 202, Susan Suivek, Dianna Fields; 203, Molly Amos, Roberta Wickers; 204, Mary Jane Meyer, Bill Rumaley; 215, Eva Stephenson, Elizabeth Marsh; Library, Darlene Butts.

Ninth grade, 16, Willa Brooks, Richard Hipp; 17, Mary Lou Lehnhart, Judy Campbell; 18, Robert Remmer; 102, Carolyn Garrett, Garnett Morgan; 104, Sandy McKay, Dorothy Lambert; 119, Tena Adkins, James Black; 111, Betty Beaire, Charlotte Cornell; 114, Ruby Swarn, Heidi Dech; 208, Sally Williams, Pat Thompson; 209, Margie Williams, Pat Thompson; 209, Margie Williams, Gloria Shasky; 210, Mary Cover, Cathy Kleinknecht; 211, Mary Gilbert; 212, Dan Ackerman, Wanda Holbrook.

## Store Workers Serve

How many of you new students know about the school? Not too many of you? The store is located right beside the office and it has a big sign over the doorway saying "Store". They sell anything from notbooks and pencils to Senior High football tickets and sweat shirts. If you need anything for school, stop off and they will most likely have it.

The following students are in the store to serve you day after day during the school year: John Arron, Sheila Bartram, Mike Bishop, Penny Coleman, Sally Conrad, Dennis Estill, Elsa Hotschling, Roger Griebing, Greg Hale, Larry Hursh, Stephanie Harper, Ken Lanthorne, Jay McElvain, Rosalie Newman, John Owens, Larry Proto, Polly Schilling, Gerald Schaefer, Nancy Sqrow, Shirley Etidam, Laurel Thompson, Dennis Traicoff, Sandra Luckie, and Roger Pederson.

## A. V. CREW HAS IMPORTANT JOB

Don't think for one minute that the Audio-Visual Crew have it easy. They don't! They are in charge of the noon movies and setting up the screen for them. During assemblies, the crew must take care of lights, curtains and the public address system.

They also take charge of showing movies in the class room.

The officers for this year are: President: Adam Keller, Vice President: Rickie Heckert, Secretary: James Flood and Assistant Secretary: Paul Diener. The two other ninth grade members are: Jim Berry, Paul Fox, Dale Heimberger, Dick Yarman, Don Edmiston, Randy Keith, Kim Michener, Bill Mitchell, Richard Livensparger, John Saterfield, and Frank Sloboda.

## N. E. O. T. A.

Do you know that while you are sleeping, the teachers will be going to school? Yes, they'll go to the Eighty-ninth Annual Meeting of the N.E.O.T.A. at Cleveland, Ohio, on October 17, 1958. This is the schedule they will follow in the morning. It will take place at the Cleveland Public Auditorium, which will

## 33 Office Workers

The office workers play a very important part at Simpson. These seventh, eighth, and ninth grade students run errands and help the secretarys in the office.

Helping in the office are: Laura Anderson, Stanley Augustis, Barry Binion, Beth Ann Brannon, Darlene Butts, William Claybrook, Jerri Cline, Sally Conrad, Heidi Dech, Howard Erwin, Richard Ezzard, Peggy Friend, Linda Frizzell, Stanley Gleisinger, Elsa Gottschling, Mary Hall, Judy Hawley, Henry Hunsinger, Wendell Hursh, Wilfred Ickert, Bruce Meenach, Pam Mellick, Bruce Konves, Ken Lanthorne, Bonnie Meenach, Vickie Mosey, Sylvia Paul, Harold Payne, Sharon Ramey, Gilbert Ray, John Saterfield, Carol VanRiper, Roberta Vickers, and Leroy Winegardner.

## PATROL BOYS GUARD SAFETY OF STUDENTS

Do you ever stop to think about the outstanding students at Simpson? Well, don't forget the patrol boys, they're outstanding (in all kinds of weather)!

The boys will be able to attend several free movies at the Mansfield theaters and a picnic or banquet.

Under the direction of Mr. Dwight Mishey, the following boys look out for the traffic safety of our school: Captain, Marty Hildebrand, John Tasker, Carl Croft, Melvin Elliott, Harvey Williams, Bob Radabaugh, Roy Teeters, Arthur Renny, Willie White Don Bennett, Roger Wilson, Tom Sellers, Eugene Sergents, Raymond Bridges, David Mann, Leslie Lynch, Sylvester Guyton, William Cromberg, Bill Stuart, Gaennard Walters, Don Carson, Russell Messimer, and Melvin Wingir.

## Gym Shorts with Jerry & Jim

First reviewing the big time. The New York Yankees and Milwaukee Braves have clinched pennants again. The Yankees, despite being no-hit by Baltimore knuckle baller Hoyt Wilhelm still won their flag by a considerable margin. In the National loop the Braves had quite a dogfight with the rookie laden San Francisco Giants and a little trouble with the usually weak Pittsburgh Pirates, but still came out quite a bit ahead.

In football our Tygers have done fairly well against their offense has been ragged. If they are to beat Massilon, Warren, and other foes they will have to improve considerably. Now about our school. By the time this has been published, the bulldogs will have played most of our games but Appleseed still remains. The two squads will clash Saturday, October 25, at Arlin Field. Let's all go out and support the Bulldogs. They need us!

## New Rule Added To Football

This year the first new rule to be added to football since 1906 has been adopted. The rule concerns the point after touchdowns. In years gone by the ball was placed on the two yard line where it could be kicked, run, or passed for one point after the touchdown. This year the ball is placed on the three yard line. It may still be kicked for one point but can also be run or passed across the goal line for two points. This new rule has aroused quite a bit of controversy. It will add a lot of excitement to football.

## Coach Gives Views On Coming Season

"If the boys pick up the fundamentals in a hurry we'll have a good football club," was the reply given by Coach Joe Romano when asked how our season started. Learning to block and tackle are our big problems. We have a good and fast backfield. Remember, when the boys get up to Senior High many of them will be our Tygers."

When quizzed about the team spirit, he answered, "The squad has really good spirit. We go out to win every game. We never have that defeated attitude. Everybody on our six game card is

tough, but Shelby will be particularly rough."

This year the seventh and eighth grade reserve team is being coached by Mr. Pierce. They have a tough five game schedule.

The boys and coaches have put an awful lot of work and time into this years teams. Let's if possible, go to all the remaining games and push the Bulldogs to victory.

## G.A.A. News

This years G.A.A. not only has new officers and new ideas as usual, but it's got a brand new advisor. She is Miss Janet Lang, a new girls physical education teacher. The main purpose of the G.A.A. or in full, Girls Athletic Association is to further girls interests in sports and other athletic recreation. The officers who were voted on last spring are: President, Carole Weaver; Vice President, Vickie Mosey; Secretary, Patsy Thompson; Treasurer Ruth Chronister and Historian, Pat Daugherty.

Miss Lang and G.A.A. officers have tried to cook up an interesting program for this year. Some of the things they have already done are arranging the point system a little differently, getting first meeting and organization of G.A.A. underway and planning a few activity parties. As per usual, this year the G.A.A. will sponsor a dance, plan many interesting activity parties, hold their annual Banquet and Picnic.

It's not too late yet! So those girls who haven't joined G.A.A. yet think about joining. Then if you don't want to miss out on a lot of fun make a point to ask an officer or Miss Lang about joining G.A.A.

## Crawford Scores

By Jim Bradley

Spirited cheerleaders and muddy Simpson Field provided both an exciting and appropriate background for Simpson Varsity's October 8th smashing victory over Ashland. M. D. Crawford, left halfback, backed by Simpson gridgers, first trampled through

the foe's lines during the first quarter, despite Ashland's desperate attempts to hold Simpson back. Crawford came through again to boost the score to 12-0. When the extra point was tried for, a pass by Roy Wright lifted

the score to 14-0.

During the third and fourth quarter Ashland apparently was weakened and Crawford again in the fourth quarter charged through Ashland's line and the game ended at 20-0.

## RAH! RAH! RAH!

The cheerleaders are sweeping the cob-webs from their uniforms and getting set for the victorious year ahead of them.

We thought you would like to know why the girls tried out for cheerleading.

Linda Thomas says, "I've always wanted to be cheerleader to represent Simpson, and I, as well as the rest, consider it a great honor." Donna Hoffman states, "I just thought it would be the greatest. Not many people realize how much it helps the players to know some one is out there rooting for them. I think we would have a much better chance in winning our games if more of the students would come and cheer for the team." Polly Schillinger thinks its loads of fun and you certainly meet a lot of new people. Sally Williams loves excitement and says here is a place where she gets her fill. Pat Schillinger being very brief says, "It's a ball!"

One thing the cheerleaders failed to mention was the fact the cheerleading is not only a lot of fun, but an awful lot of work. Meaning sore muscles! Why not show our appreciation by coming to these games and cheer our team to victory!

## Gym Dandies

Simpsonites, Behold! Many sports are in store for you in the year to come. Mrs. Berry, Miss Lang, and I all hope it will be an active and athletic year.

Keep up the good work, girls. The intramurals are going well. Remember, it is your responsibility to back your home room team.

Girls, let's work real hard in gym and really try to stand on our heads, play volleyball, bring gym clothes and be good sports.

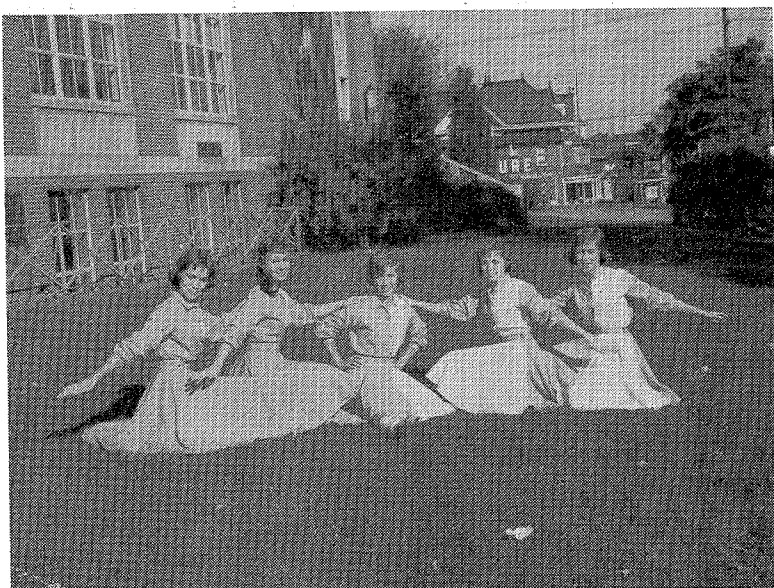

We take off our hats to the new cheerleaders — Linda Thomas, Sally Williams, Polly Schillinger, Pat Schillinger, and Donna Hoffman. Reserve cheerleaders

are Kathy Benson, Pat Bott, Pat Osgar, Linda Swetic, Brenda Rose, Nancy Thompson, Becky Williams, and Maryann Williams. Let's help them out and learn those cheers.

Well I'll be seeing you next issue so until then . . . keep the ball rolling.

## Athlete of the Month:

Homeroom 211 claims our athlete of this month. She is Pat Schillinger. Pat is the captain of the cheerleaders and also co-captain of her homeroom intramurals. Mrs. Berry and Miss Lang think Pat has done real well with the cheerleaders. Congratulations Pat!

## Crawford Big Help In Defeating Plymouth

Two touchdowns by M. D. Crawford gave the Simpson Bulldogs their first win of the year over the Plymouth Reserves by a count of 12-0.

M. D. scored both touchdowns on reverse plays. His first tally came in the second quarter for 25 yards. He capped the scoring with a 35 yard ramble in the third stanza.

The stout Bulldog defense held the Plymouth squad throughout the game. The Simpsonians have yet to be scored on in the first two encounters for the season.
