Appleseed Blasts Simpson!

SEVENTH GRADE TOPS HONOR ROLL

Again the seventh grade leads the Honor Roll with 9 students listed for high honors. The eighth grade follows with 4 students on the Honor Roll. Honorable Mention lists have 93 seventh grade students and 49 eighth grade students.

Home room 113 deserves special mention-all received A in Spelling on their grade cards.

SEVENTH GRADE:

HONOR ROLL: Bill Zimmerman, Ruth Klingensmith, Joan Ogden, Pauline Baloy, Faith Eberly, Linda Garber, Joan Manring, Sue Tagenhorst, Barbara Wiler.

HONORABLE MENTION

Barbara Ann Conner, Mary Beth Finefrock, Donna Force, Joyce Harris, Resa Nichols, Kathryn Ott, Mary Paxton, Linet Squire, Ronald Klein, Judy Heitz, Cheryl Kaler, Roderick Bogner, Robert Crittenden, Douglas Kenna, Robert Brown, Keith Eberhardt, Rickey Evans, David Thomas, Beth Cousins, Nancy Ford, Cheryl Grosso, Kathy Hantstein, Patty Jackson, Mary Beth McNeal, Susan Mainzer, Elizabeth Shook, Helen Smith, Susan Smith, Susan Stander, Carolyn Hall, Margaret Ingram, Marsha Moore, Beth Shar rock, Linda Jerger, Allen Adair, Richard Harbaugh, Kathy Garriott, Darlene Jarboe, Christie Logan, Karen O'Hara, Vickie Stehle, Julie Wolfe, Roger Bookwalter, David Prueninger, Mary Ellen Gessling, Kay Lynn Jones, Susan Cole, Judy Jones, Linda Nicholls, Jon Hall, Jeffrey Penny, Greg Dalton, Larry Franks, Larry Hepner, Pam McIlyar, Nichola Marion, Holly Page, Patty Rudolph, Ted Fraker, Donald Dopps, Wesley Mayer, Bruce Miller, Cheryl Barnett, Betsy Gottfried, Joanne Jacha, Kathy Meister, Nancy Reisland, Cheryl Swanson, Eileen Urban, Nancy Knight, Ronald Applegate, Freddie Falls, Larry Heichel, Philip Harvath, Gordon Kraus, John Miefent, Carole Bogner, Carolyn Barr, Carlene Ellis, June Jordon, Carol Lewis, Mary Ann Linton, Toni Sauders, Barbara Spreng, Leann Swallen, Barbara Wilging, Janet Wolfe, Sharon Zeigler, Janice Mento, Carolyn Eddetblute, Sharon Kochenour, Carol Michaels, Sedat Shaban.

EIGHTH GRADE:

HONOR ROLL: Kathe Ellison, Jovce Keller, Evelyn Smith, cy Stern.

HONORABLE MENTION:

Gerald Barr, David Beard, Jessie Frietchen, Diane Meister, Linda Roberts, Rose Timan, Suzanne Weikert, Tecca Wilging, Sherry Wilson, Karen Zaugg, Nancy Pifer, Sally Sweet, Larry Bosh, Howard Edelstein, Cheryl Ann Fox, Jeff Hamilton, Nancy Ferris, Marcella Harden, Kathy Kevern, Leslie McGinty, Marilyn Meese, Mary Moffatt, Karen Wareham, Karen Holmes, Adrienne Lev, Meredith McCoy, Nancy Moore, Patricia Rodgers, Mary Wildermuth, Patricia Wilkins, Nancy Beasore, Joanne Dye, Mary Hartman, Susan Keirns, Carol Murphy, Susan Stull, Thomas Getz, Cheryl Adams, Karoline Steger, Melissa Lowrey, Carolyn Haeberlin, Lee Owings, John Roberts, Kay Elliott, John Enderle, Janice Hardy, Laura Kissh, Betty Meredith, Charlotte Rice.

Pupils Take Tests

The week of January 11 was test week for students at Appleseed. The Iowa Tests of Basic Skills were given to all seventh and eighth graders. Four days, with testing covering two periods, were used to complete the series.

These standardized tests were taken to measure the pupils' English, mathematics, reading, vocabulary, and work-study skills.

These tests help your teacher to know how much you have 'grown" during the year since you took the tests the last time. Test results also will be used in helping to decide what type of clash eighth graders may be put in next year.

Test scores will be given to the students. From these, students can compare how they stand among other pupils in their grade. Weak areas can be improved. This should enable students to improve skills and do better school work.

Class Clippings

Girls in Mrs. Shaw's home economics classes are practicing good posture by placing a book on their heads and trying to balance them while walking around the room. They are learning the proper foods, number of hours needed for good sleep, and facts about good grooming.

The girls in cooking class have been discussing proper foods and balanced diet for young and active teen-agers. Each girl is keeping a weekly chart of the foods she eats for breakfast, lunch, and dinner. After the charts are finished, they will be checked with the seven basic food groups. The girls will try to prepare a better and more healthful menu.

Miss Hopkins's sewing classes are learning how to use sewing Appleseeders Watch are learning how to use sewing are making aprons and the eighth Marionette Show grade girls are choosing from a variety of patterns for vests, straight, and full skirts.

Student in Mr. Calvin's, Myers's, and Mr. Bittner's science classes are preparing for the annual science fair to be held here in March. Outstanding entries will be entered in the fair at Senior

Some of the faster speeds in Mrs. Distl's typing classes range from 30 to 39 words per minute on a three minute timed writing. There will be extra projects and the students may type some of their English papers, history pepers, and personal letters if time permits. Students will continue to use the typing books for regular assignments.

Receives Honors

An ex-Appleseeder, Michael Scott, received honors in the 19th Annual Science Talent Search for the Westinghouse Science Scholarships and Awards.

Michael was one of twenty-three Mar. 3 - PTA Meeting students chosen from Ohio. His Mar. 17-18 - Gym Show sister, Susan, attends Appleseed. Mar. 25 - Band Assembly

News Flash

Appleseed Pioneers beat Simpson Bulldogs!

In a thrilling overtime period, the stalwart Appleseed basketball team lead to a hotly contested 52-48 finish. The Pioneers got off to a quick lead in the overtime period and were never overtaken.

The game was a close one all the way. High point of the game was Tom Down's one-handed set shot with three seconds remaining to tie the score at 44-44.

Joe Prats lead the scoring for the Pioneers with 20 points. Larry Kennedy came in second with 11 points while John Wright had 9, and Tom Downs had 8.

Students Attend Art Exhibit

Mrs. Haber and Mrs. Mahaffey, art teachers at Appleseed, took six classes to the art exhibit at Kingwood. Two classes a day were taken on Monday, Tuesday, and Friday, the week of January 18-22.

The art exhibit was entitled, 'A Rationale for Modern Art." Mansfield was one of the first cities to show this unusual exhibition. It is being circulated by the American Federation of Arts. Alfred Frankenstein, art critic, selected the paiintings to be shown. The exhibition points out the trends in art from 1750 to the present day.

The paintings were grouped in ten styles. They were: Critical Realisms, Romantic Realisms, Factual Realisms, Psychological Realisms, Magic Realisms, Romanticism of the Fantastic and Irrational, Romanticism of Ideality and Dreams, Geometric Abstraction, and Abstract Expressionism.

Mrs. Haber and Mrs. Mahaffney explained each picture. The exhibit has historical value. Some of the pictures are for sale.

All of the students seemed to enjoy the exhibit. Quite a few of the classes wrote themes in English, giving their opinions of the

The year 1960 brings a new age in hi-fi and stereophonic sound. Many new homes are being built with stereophonic equipment, movies are being shown with stereophonic sound, records are being made in stereopronic sound, and believe it or not, even marionette shows, keeping up with the times, are being presented in stereophonic sound! The voice of each marionette seems to come directly from its mouth no matter where it moves on the stage.

The Mansfield School System was very fortunate to have been able to see "The Secret", an Ed Johnson Marionette Show of this type. The story proved to be equally as exciting as its title.

by Leslie McGinty

This is the seal of Johnny Appleseed Junior High School. Designed by George Loesch and Bob Cupp, it was introduced and accepted in 1940.

In the lower background we see a representation of our school building. At the time the building was considered modern in design, 'in keeping with the progress of our modern times."

Near the top of our seal we see the date, 1940. This is the year Appleseed was dedicated.

In the center of our seal, we see the Torch of Acknowledge held high by the Grasp of Fundamental Values. The Torch is illuminating the Pages of Life with the enlightening Rays of Wisdom. It is shining with particular brightness on the pages marked "J" and "A" which stand for brief and beautiful experiences at Johnny Appleseed.

At either side of the seal we see an apple tree. These trees were dedicated to Johnny Appleseed after whom our school was named. We have the deepest gratitude for his unselfish service to Humanity.

The original colors of the seal were maroon and gold, our school colors. These represent the mutual understanding and unity which exists in school between teachers and students.

In talking with George Loesch, who is now a medical doctor, about how he and Bob Cupp were chosen to design the seal, I learned that Miss Helen Stark, who was the art teacher, sponsored a contest on designing the seal. The winners were chosen and their ideas combined into what is now the seal of Johnny Appleseed.

Sweetheart Swing

The Student Council dance, Sweetheart Swing, will be held Friday, February 12, in the school gymnasium. It is a closed dance for Appleseed students only.

At the head of the entertain-Ferris. Alex Curchin, Jeff Smalley and Sandra Stoughton will be working with her. The chairman of the decoration committee is Penny Gerber. Helping her are Virginia Sawyer, Kathy Simon. Barbara Spreng, and Joan Manring. Taking care of the refreshments will be Jeff Hamilton, Jack McWilliams, Mike Griffith, Charlotte Rice, Buddy Huber, and Gene Earick.

Pat Butler will be in charge of the coatroom with Sandy Goebel, Gary Harris, Connie Kyle, Cheryl Brion, Sue Elmus, Frank Lusignan, and Chuck Hoadly working with him.

The tickets will be sold by chairman Ronnie Brown, Jack Balcolm, Jimmy Mitroff, Mike Jackson, and Mark Goldman.

Publicity for the dance, will be taken care of by Emma Jones, chairman, with Dotty Grupen, Bill Zimmerman, and Tom Boals helping her.

Reese Mills, chairman, Dotty Grupen, and Ralph Ludwig will take care of the prizes.

Mrs. Lee Speaks

On January 20, Mrs. Virginia Lee, Education and Religion Editor of the News Journal, spoke to home room 113 on journalism. She brought with her an owl to ment committee will be Nancy remind her of the word that the owl says, "Who?"

> This is one of the five questions you ask when you are writing an article for a newspaper. The other questions are: what, when, where, and sometimes why. She explained that you must answer these questions in the first sentence because many people do not read any further.

> Mrs. Lee had originally planned to be an English teacher, but she changed to journalism. She worked for seven years on a paper in Indiana, and then came to Mansfield. She likes to work on smaller papers, she said, because it gives opportunity for more personal contacts and friendships.

"The biggest problem is that everyone is in a hurry," was Mrs. Lee's reply to the question, "How do you get a paper out in one day?" She said that things done in a hurry are usually not so good as those taking a little concentration. But with deadlines to meet, the paper must come out on time.

Happy Valentine's Day!

Everyone Likes to be Liked!

I've never met a man or woman, girl or boy, who didn't want more than anything else to be liked and respected by friends and family.

Valentine's Day, February fourteenth, was intended to be the day devoted to making friends. There is, in my estimation, no nicer way of doing this than by sending valentines. By valentines I do not mean necessarily a 25c card purchased in a stationery store. If your budget does not permit you to send printed cards to all of your friends, a note to each would be quite acceptable.

In fact, the very first valentines were simply handwritten massages of affection.

Just think how happy your geography teacher might be upon receiving a short friendly note from you today. (His happiness might even last until the next report cards come out and your grade could

In making out a valentines list don't only think of your school friends and teachers, however, remember also that the little girl you babysit for, the old lady that lives next door, and even the mean man across the street would be overjoyed if you would send them a

For no matter how gruff a person seems to be, or how overly sweet or how young or old they are, this statement holds true for all people. Everyone likes to be liked!

Hallmark

Everyone Likes to be Liked, But . .

What do you suppose a typical Appleseed girl is spending all her free time doing the day before Valentine's Day? Daydreaming, or should I say "Schooldreaming," about the mail (or male) she hopes will be waiting for her upon reaching home later that afternoon. That evening, you may find her sighing happily for an hour over the valentine HE sent her. A story with a very happy ending. Right, girls?

However, this is seldom the case. More often than not, people only receive valentines that have little or no meaning because they are from the wrong person, too mushy to be honest, or too insulting to be appropriate. Valentine's Day, along with many other holidays, has become commercial. If you receive a card or even candy, you can't be sure if the sender sent it to you because he meant it or because someone else might outdo him or because it is a big fad today.

Have you ever been hurt when all of your good friends were invited to something and you weren't? This is because the person giving the affair had to draw the line somewhere, and that "somewhere" was just before you! I'm sure you wouldn't want anyone to be hurt because "you just couldn't send another Valentine."

> Roses are red Violets are blue Valentines are silly Don't you think so, too?

'Twas A Night

'Twas a night in leap year, And all through the pad, Not a creature was stirring; Not one single lad.

My stocking was hung, Under the chimney so bare, In hopes that some doll, Was hiding in there.

I was just sitting down, Thinking with glee, With visions of Fabian, Belonging to ME!

I in my boatneck, With matching blue skirt, Was drinking a Pepsi, To keep more alert.

When, what to my wondering eyes Should appear, But Kookie spinning platters Loud and clear!

He was dressed in cool threads Fro his head to his toe; This told me immediately -Into action I go!

But then I awoke, And Kookie I see Was gone with a blonde, Leaving nothing for me.

But I won't give up - -For presently you'll see; The bell on my snare trap Will ring merrily.

Newest Thing in Curtains

How many of you girls have stopped complaining long enough to realize how privileged you are to be using the new, up-to-date, shower curtains? They have many advantages over older models such as being: dirt resistant, water resistant, easily adjusted, and most important, transparent. Our only regret is that there are not enough transparent curtains to completely outfit our showers.

We can see doubts rapidly arising in your minds as to the value of these qualities, but we did prove they have qualities.

After talking to students from other schools, our principal, our counselors, and some of our teachers and parents, we have come to the conclusion that we might as well learn to get along without curtains, because the newer school plans do not call for any. All of the students we interviewed seemed quite surprised that we ever had shower curtains! As for the adults, they could not imagine a problem developing from the present situation.

Opinions have been voiced objecting to teachers in the showerroom. It was explained to us by a faculty member that this situation can be compared equally to greeting your friends in the hall; five minutes later you would forget to whom you had spoken. In this same manner the gym instructors don't recall who had just showered.

This problem would be solved certainly if you would forget there ever were curtains, rather than request that they be put back up.

My problem is my girl friend. When I'm alone with her, she's very friendly but whenever her friends come around, she practically ignores me. Aside from that, she's very nice and I don't want to lose her friendship. What should

Wondering

Dear Wondering,

Just about the only thing you can do if you want to keep her friendship is ask her when she plans to be with her other friends and be somewhere else.

Glutton Upp

There were a watermelon, A-growin' on a vine: And there were a little Glutton. A-watchin' it all the time.

And when that watermelon, Were a-ripenin' in the sun; And the stripes upon its jacket, Growin' one by one . . .

The little Glutton hooked it, And toted it away; And ate that WHOLE BIG MEL-ON.

In just one single day!

He ate the rind and pieces, And finished it with vim; But then that watermelon, Just UPPED-and finished him!

FADS - - GADS!!

Hi ya! Have you noticed anything unusual about our eighth grade girls lately? No wonder! It's probably because of that crazy gold-colored hair spray the feminine fatales are sporting. The spray costs one or two dollars. It comes in white, blonde, gold, auburn, black, brown, and party shades. Can you imagine an Appleseed girl coming to school wearing hair to match the bright lavender sweater she's showing off? Or what about an average Appleseed boy spraying his crew-cut to match the snawl-collared piece of knitting his friends are admiring? Horrors! Don't push the idea off' as an idiotic illusion! It actually could and probably will happen in the near future!

How did this fad happen to come about? Well, out of countless stories about the fabulous popularity of this wild creation, this one is the most interesting.

Marilee Mofete, the famous teenage beauty consultant, was approached by a somewhat distress ed thirte-n-year old fugitive. He gave his name as Bave Deard. However, Marilee wasn't fooled by this obvious alias, and recognized him as David Beard, wanted by both Appleseed and Simpson authorities for selling counterfeit

The reason for David's panicy disposition was plain to Miss Mofete. On his valuable head was navy blue hair!

You see, Dave had worn his favorite beret so often the dye had rubbed off on his blonde hair. In desperation he had followed Marilee for almost two days, hoping that she could find a way to restore his hair to its natural

Marilee was very eager to help Dave. She had put all of her famous beauty aids together to make this terrific spray. Her receipe was fascinating! It considered of:

The inside of three bottles of food coloring

Two Lip-Quicks (Lazy Pink) 1/2 Cup of Mrs. Fraker's white

¼ cup of whipped cream

1 spray can of "Windex" When Miss Mofete put her ingredients into the "Windex" can and sprayed it onto David's hair she became very proud of herself indeed! It restored Dave's original hair color perfectly! She immediately put her new creation on the market, selling it for \$35 per oun-

Speak for Yourself

With Valentine's Day just around the corner, it seems only fitting that I devote this column to an appropriate subject, valentines! Here are the opinions of several Appleseed students on these two simple questions:

GIRLS: What do you think of girls sending valentines to boys? BOYS: What's your opinion of oys sending valentines to girls? Jeanne Campbell - "I think the idea is sharp!"

Alan Fliegel — "It's O.K.—girls send them!"

Peg Adams — "Kinda stupid, unless they're sent to Howard! Ralph Ludwig - "The idea is good, it shows appreciation." Kathy Simon - "It's a good idea."

Skip Tschantz — "I think it's all right. Marilyn sends them." Nancy Ferris — "Depends upon who's on the receiving end." Alex Curchin — "I approve!!" Patty Rudolph — "I pass!" Louisa Kay Strock — "The funny ones are NEAT!"

Cupid

Does your heart go pitter-patter? Do your eyes get soft and dewy? If you can't eat or sleep at night-Then Cupid's hit you with all his

- Marla Enderle

Girls Plan to Strike!

During January, February, and March, many of the girls around Appleseed will be talking about the G.A.A. Bowling Tournament which started January 28. The often filled with her favorite 144 girls participating are members of twenty-four bowling teams. Each of the seven games they play costs thirty cents and shoes are furnished free. Buses take girls to Village Lanes and return them to Appleseed at 4:45.

"Hey Sister, can ya SPARE a STRIKE?"

Marilee's temporary hair color spray was widely imitated, but no one could quite match the quality of the first solution.

So you see, in an indirect way, Dave really was responsible for this trend too! And, unlike the "other fad," I think this one will be around quite a while!

Just Wondering . . .

Why Mary hasn't tried blue yet If anyone will ever earn 1200

G.A.A. points . . . How Mr. Canstanian got his nick-

name . . . Why the girls making Welsh Rabbit didn't follow the entire rec-

ipe . . . What an antisesquipedalianist is

If Jeff was caught for smuggling milk and chips . . . Why Jeffery fell in the lake.

If Sandy really has a light in his window . . . Who wrote the note to Ronnie . .

Where Alan got his valentine

New Cheerleader Chosen

If you have been to any of the recent Appleseed basketball games, you have probably noticed our new cheerleader.

Her 5 foot 2 inch frame, topped with a light brown ducktail, is foods: steak and pizza. Blue, the color of her eyes, ranks tops on her list. Talking and boys are her favorite pastimes. (Haven't you heard that somewhere before?) She prefers gym to all of her other subjects, is an active member of G.A.A., and just loves to cheerlead!

Who is she? Nancy Moore, of

Hey man! Let's make the scene together. We'll fly like fowls of a feather!

Hey man, your skin looks like

leather, One look and I'm under the weather!

Danny Boy's arrow hit me like Wow! Let's shag out to Heatsville now!

When you're 'round, the world's like fine,

Doll, won't you be like, my valentine?

When you're around the sun won't

And you want to be my valentine?

Guess Who!

Who is that good looking eighth grade boy that belongs to home room 106? He is five feet eight inches tall and can be distinguished most by his bright red hair and his freckles which cover his face from ear to ear. The record that rates highest with him is Running Bear. Football is the sport he most And if you're lucky, I will shoot enjoys. He states that "having fun" is his pastime. Although he is not on our basketball team, he has much team spirit and attends every game.
