

Queen Lauri and King David!

Lauri Bolesky was crowned Queen and David Schroeder was proclaimed King at the Ninth Grade party. Selection was made through vote of ninth graders. The vote had been made prior to the party, and the announcement of "royalty" was a surprise to all.

Lynn Apsolon, last year's Queen, placed the shiny crowns on this year's Queen Lauri and King David.

## American Legion Honors Eight Grade Citizenship Winners

Lauri Woerth

Jim Calhoun

Lauri Woerth and Jim Calhoun were made to the selected girl and boy from eighth grade. Awards were presented by representatives from the Daughters of the American Revolution and the Sons of the American Revolution at the Awards Assembly, May 24.

This was the announcement at the Awards Assembly that practically sent them into a tailspin. Lauri turned pale, but managed to make it to the stage to receive her medal and citation. Jim, equally surprised, shook his head and smiled faintly as he, too, received the coveted honor.

## Appleseeders Place in District, State

## Class of '66

June 5 closes the door on three years in the lives of three hundred thirty nine ninth grade students. These three years have seen a great many changes in these students--they have been transformed from something more than children to responsible, self-confident, capable young adults. These three years have been, for them, fun, but also work.

Although the time spent at Appleseed has seemed very important, those 339 ninth graders still have three more years of high school ahead of them. Perhaps the coming years will prove to be the most important. It is time now to look forward to the job that faces them. Within the next three years they must decide whether they are to be successes or failures.
