VOL. 6. WESTERN AVE. SCHOOL - MANSFIELD, OHIO - NOV. 1940 NO. 1

BOOK WEEK

NOV. 13 - 16

Book Week comes again this year for the twenty-second successive time. It was started in 1919 by Franklin Mathews, librarian of the Boy Scout movement. He wanted boys and girls to have a special week to get acquainted with books.

During Book Week this year we would like the children of Western Ave. School to read more books to get acquainted with more book characters.

The Mansfield Library will have a special program for Book Week. It is named, "Good Books, Good Friends". They have books for all ages, young and old. They would like you to visit the library this week.

Billy Young - 6

THANKSGIVING VACATION

All Mansfield children will be dismissed from school on November 21 for Thanksgiving vacation. They will come back again November 25.

Dorothy Speck - 6

P. T. A. MEETING

The next Parents-Teachers meeting will be held Nov. 13, 1940 at 7:30 P.M. in the school.

The two speakers are Miss Myra Lorimore who will speak on "Books for Children" and Mr. Myron Miller will talk on "Training Children to Manage Money".

The music will be directed by Mr. A. L. Derr.

Miss Grubaugh will have charge of the social hour.

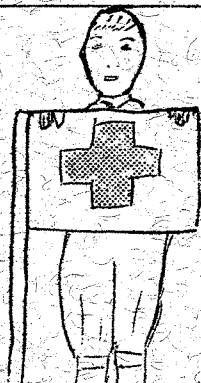

Anne Parsons - 6

"HELP the RED CROSS"

On Nov. 11, the Red Cross had their Roll Call dinner which opened the Annual Red Cross Drive for membership at the senior high school. Six school representatives took part in a five minute play given there.

Last year 63 pairs of glasses costing 517.64 were provided by the Junior Red Cross for those who otherwise could not have had them.

Sewing and knitting classes will meet in the Red Cross sewing rooms at 4 P.M. on Nov. 14 and Nov. 28. Boys as well as girls are urged to attend.

With the need so great this year let us help the Red Cross.

"BE CAREFUL"

As you know Mr. Freeman, our principal, has asked us to "Please walk our bicycles off of the playground". If you want to be a good citizen of Western Ave. School I am sure you will obey his wishes. When you walk your bicycles off of the playground and mount at the curb you have better control of your bike and you will make it safer for the people that are walking on the sidewalk.

"WESTERN'S JUNIOR RED CROSS"

Last year we received \$44.34 from sales tax stamps. Save them this year. Give them to your Junior Red Cross representatives.

Western Juniors made 200 hospital favors for last New Year's Day.

We have just filled 19 Christmas boxes to be sent to children over seas. These contained toys, neckties, wash cloths, soap, hair bows, crayons, paints and other small articles.

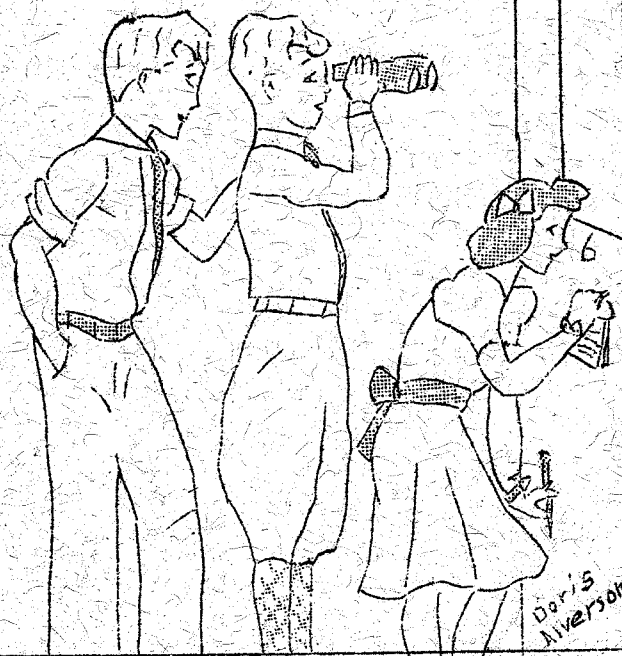

Bring any old toys you may have. These will be refinished and used for the sale to be held just before Christmas.

The officers elected for our group this year are:

President - Bill Werner
 Vice President - Peggy Brook
 Secretary - Mary Kathryn Rust
 Treasurer - David Marks

PEEPS INTO CLASSROOMS

"MISS GRUBAUGH'S ROOM"

"PETS"

My dog sits up when she is hungry. I think she is pretty because she is brown all over. Patty is her name.

Tommy Garrison

I have a little turtle. I call him Jerry Rumps. He is not very big but I can play with him.

John Hill

My dog is black. His name is Sammy. Sammy can do tricks.

Patricia Edmonstone

My dog is spotted- brown and white. I call him Spotsy. He likes to play.

Judith Trost

Stevie is my pet turtle. One evening he ran away, but I found him. His color is green.

Stephen Nichols

I have a little grasshopper. He likes to jump so far. But now he can't do that you see. We put him in a jar.

Frank Lee Daniels

"MY GROCERY"

I made a little grocery store. I used one of Daddy's shoe boxes. I cut pictures out of papers and magazines and pasted them in my store.

This is the advertisement for my store -

Janet Rhoda Smith

GROCERY STORE

Leave your orders on the counter. They will be delivered.

"MISS ENGWILLER'S SECOND GRADE"

We have a cactus garden. The names of the children who brought cactuses are Chloe Snyder, Bobby George, Mary Ellen Wagner, Loyal Bemiller, Kay Donelson, Malcolm Erich, Johnny Fernyak, Evelyn Goettl, Tommy Hoffman.

The cactuses grow in a hot, dry country. Our cactuses are growing in a window box.

Malcolm Erich

We have a new picture. It is the picture of the Race. The picture has two elves driving two rabbits. Some foxes are watching the Race. One fox is laughing. A bird is cross because it had to get out of the way.

Johnny Fernyak

We have new seats in our room. We like them very much. We can move the seats. We put our books in drawers under the seats.

Nancy Jane Smith

"MISS WHITES' ROOM"

"OUR SNAIL"

Our snail is a garden snail. He has only one foot. He has no horns or feelers with which he feels his way. His eyes are on the tips of two stalks. He can stretch these stalks in every direction. The snail needs plenty of water. If he does not get it (Continued on Page 4.)

"PEEPS INTO CLASSROOMS CONTINUED"

he makes a door of mucus across the opening of his shell to keep in the moisture. There is a small hole where his body and shell join. He breathes through this hole. Whenever the snail goes he leaves a shining trail behind.

Third Grade

"MISS VERE'S ROOM"**"OUR TRAIN RIDE"**

I went on a train ride with my school grade.

We went to Ashland on a train.

We saw the dining car, the Pullman, and the kitchen.

We also rode in the day coach.

All the children enjoyed the trip very much.

Beverly Wynn - 3

"OUR FRIEZE"

Room 6 has made a frieze.

We have been studying about trains, boats, cars, airplanes and animals.

We painted a frieze showing these things.

We have it up in our room.

George McNew - 3

"FOURTH GRADE"**"OUR MOVIE"**

Miss Wolf's room has been making a picture show to illustrate what we have been studying in history. We have made pictures for every chapter. The first reel shows two great discoveries that changed man's way of living. The third and fourth reels show the end of the Stone Ages and the beginning of civilization.

Dorothy Aubrey - 4

"MISS STUCKEY'S ROOM"**"OUR TRIP"**

One day we went on a trip. We saw many interesting things. We saw

a woodpecker and little green worms that lived inside leaves. We got a caterpillar cocoon and beech drops, also two caterpillars. One had spun its cocoon already. We have many interesting things in our room. We have a piece of bark which a woodpecker has put holes into to get the worm or insects out. We also have an egg ribbon which used to have eggs in. There were other interesting things, too.

Susan Hansberger - 5

"FIFTH GRADE"**"OUR AUDUBON CLUB"**

In Miss Mile's room we are having an Audubon Junior Club. Each of us has received a robin badge. Each one also gets six printed pamphlets from national headquarters as we study the birds. There will be a colored picture of the bird and a little story that tells where it lives and all about it. We will study the Robin, Rilldeer, Mallard Duck, Mourning Dove, Great Blue Heron, and Downy and Hairy Woodpeckers.

Jack Dickson - 5

Sue Belle Fiddle 5

"OUR LEAF PRINTING"

Our room is making leaf prints of all the tree leaves that are brought in. Two pupils work on them at a time. One person fills the leaves with printer's ink and the other puts them between two papers and rolls them for the print. This shows the top and bottom of the leaf. The prints will be made into a class nature booklet.

chalk. In History we are going to draw early ways of travel. Miss Conn will look the pictures over and then tell nine or ten people to enlarge them.

Marian Gilbert - 6

"SAFETY HONOR ROLL"

Miss Conn's room has a safety chart. It has everybody's name on it. At the end of the week Miss Conn puts a star after every name that hasn't been reported for breaking a safety rule. When one keeps rules for one week he gets a blue star, for two weeks a red star, and for three weeks a gold star. Eight people have broken rules for the first week.

Margaret Hoff - 6

"VOICES RECORDED"

The sixth grade, room ten, had a record of their voices made. Each child brought two cents which paid for the record. Mr. Baumgardner, from Senior High School, brought and operated the machine for us. Each child was to tell his name, favorite sport, hobby or food. This event took place November 7, 1940.

Barbara King - 6

"OUR CONTEST"

Mrs. Baumgardner organized a contest between the boys and the girls. We had one-hundred points to begin with and every morning we had inspection. If somebody was not perfect on the girls' side, they had one point taken off. The same was done for the boys' side.

The contest ended the 25th of Oct. Mrs. Baumgardner added up the points and subtracted them from one hundred. The losing side, the boys, had to give a party for the winning girls. We had the party on the 31st of Oct. Mrs. Baumgardner was not there but we had a nice time.

Dorothy Speck - 6

"WHAT MR. MCELROY IS DOING"

Mr. McElroy is sanding some of the desks in the school. Miss Stuckey's desks were done. The first thing he did was to brush on varnish remover. Then, he waited about one hour. He then scraped it. He had to put more on three times. He scoured it with scouring powder, too. He next took a sanding machine and sanded it. The machine is like a sweeper but much smaller. It makes much more noise. Then he used stain and crack filler. Later he will shellac and varnish them.

Ian Templeton - 5

"SAFETY CLUBS"

The officers of each rooms of the Safety Club meet together each month. At the last meeting, this group elected officers. They are as follows: President - Doris Alverson; Vice President - Richard Parsons; Secretary - Margaret Buger; Treasurer - Tom McNew.

These people are to go to the meeting of the city Safety Club which consists of all the Mansfield school officers.

"BASKETBALL"

Who will be on the basketball team? That is the question going around. I hope we have a good team, don't you? The team will probably be as follows:

Center: Marvin McBride

Forward: Tom Bloor

Guard: Bill Werner

Guard: Paul Hellinger

Forward: Dave Wentz

Louis Burns - 6

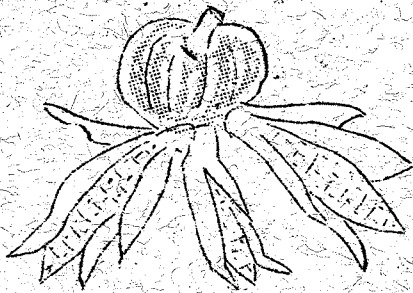

Dick Oliver is moving to Philadelphia about Nov. 15. We are sorry to see him go.

Jack Sterick - 4

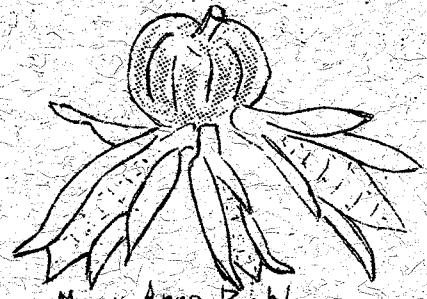

"COMING AND GOING"

Catherine Donley comes from Mt. Vernon. She is in the fifth grade.

POEMS

Mary Anne Bahl

"CLUSTERING LEAVES"

Clustering every-where, every-
where leaves,
From our beautiful orchard of
trees,
The wind howls and growls as it
picks them up,
But then throws them scattering
over Mr. Squirrel's nuts.
Then Mr. Rain takes his part in
this game,
Scattering his drops over the or-
chard lane,
All showing me that Fall is here,
One of our best times of this
happy year.

Richard Oliver - 4

"MY RABBIT"

Snowball is my rabbit
He is all fluffy white
Every time I play with him
I hold him very tight.

"CRICKET"

My poney's name is Cricket
And tho' I've tried and tried
I always fall off of him
Every time I ride.

Joyce Chamberlin - 1

"THE GRASSHOPPER"

Once there was a grasshopper,
His little ole name was Poper,
He would hop and sing all day long
Just any squeaky song.

Portia Schiller - 6

"MY DOG"

I have a little dog,
His name is Jack.
I put him in a barn,
And he jumped through a crack.

Lila Cook - 5

"THANKSGIVING"

Thanksgiving is a jolly day,
We all love to rump and play.
We think of the Mayflower that set
sail,
Or hear a history tale.

We think of a pumpkin pie,
Or the Pilgrims who for us would
die.
The snow as it flickers down,
And hits softly on the ground.

And at last when the dinner bell
is rung,
And all of the thanks is given and
sung,
We eat the turkey as fast as we
can,
And finish the dinner with amen.

Pat Herr - 6

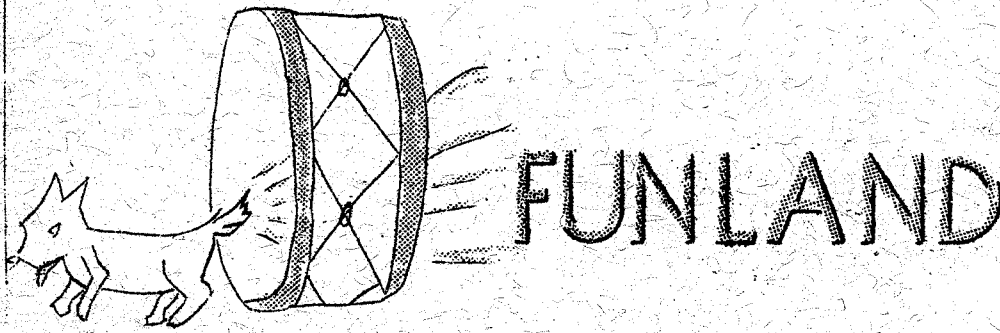

"TURKEY TIME"

Turkey time is coming soon
I think about it night and noon.

"CHICKEN FOX"

Chicken Fox are not so nice
I'd surely hate to have them twice.

Carol Sue Hoffman - 1

"PUZZLE CORNER"

Arrange the letters so they will tell you something about Thanksgiving.

All through the game he had been shouting. Suddenly he said, to his girl friend, "I've lost my voice." The girl said, "Don't worry, you'll find it in my left ear."

Teacher: Jack, why do the Indians have a feather on the back of their head?

Jack: To keep their wig warm.
