"COLUMBUS DAY"

Columbus was born at or near Genoa, Italy in 1436. He was married at Lisbon in 1470. Columbus was a poor man.

We celebrate his discovery of our land as a holiday. He discovered America on October 12, 1492. Just think if Columbus had not found America what would have happened to us!

"COURTESY OF CHILDREN"

The courtesy of the children of this school is appreciated by the teachers and the principal.

Please do not run, push, or crowd while having a fire drill. Coming in or going out of the building please be quiet, you can wait till you are outside to talk.

When walking up or down the stairs take only one step at a time. Don't run up or down the stairs, you might run into someone and knock them down, too.

Children playing on the playground can be a little more careful. Don't interrupt a game by quarreling or arguing about the game. It is appreciated if you act kindly.

MAKING PAPER

The fifth grade is making paper. We first took strips of linen and shredded them. Then we cut them into small bits and put them through a meat grinder. These were soaked for several hours. We made a mixture of rag pulp, water and glue and poured it through the deckle. The sheets made were dried between layers of cheese cloth.

Charles Hall - 5

COMPOSES MUSIC

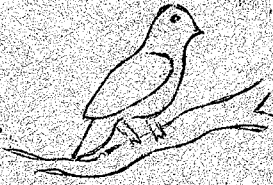

First we thought of poems for fall. Then we put notes to the words. These we put on staff paper. I hope they are all good. We are going to play them on the piano. We did them for English and I think it was a lot of fun. I wish we did not have to stop them so soon.

Phyllis Adams - 5

THE JR. AUDUBON CLUB

We are having a Jr. Audubon Club this year. Every one in the class has brought a dime for it. We get six leaflets for each one in the class. Each leaflet is of a different bird. It tells you all about the bird, its differ-

ent habits , in which state it is found, how it nests and what it eats. We will also get a Jr. Audubon badge which has the picture of a scarlet tanager on it. We also receive for the room a magazine called "Bird Lore" and "News on the Wing", a newspaper about the things other children of other Audubon Clubs are doing to help the birds.

POEMS

34 Ann. Blackstone

A HALLOWE'EN POEM

When Hallowe'en comes the old man's
afire,
For ghosts and goblins are every-
where.

The boys upset his rocking chair,
The poor man came out but no one
was there.

He phoned the police,

To frighten the boys,

But when the cops came,

They heard only a noise.

For the boys had scampered,

To another side street,

To pull the same tricks,

On old Mrs. McKee.

The police inspected the house,

They thought the old man had just
heard a mouse.

But they were mistaken,

For there were the boys,

Playing innocently with their toys.

Carolyn Thompson - 6

THE WITCH

There was an old witch who lived on
an hill,

And she said to herself, "I mustn't
get ill."

For if I don't get to ride my broom
stick this year,

To frighten the people, Ooooh dear!

I'm dressed all in black with a
long crooked nose,

And people from newspapers all want
me to pose.

Barbara Ward - 6

AUTUMN FIRES

In the other gardens
And all up vale
From the autumn bonfires
See the smoke trail.

Pleasant summer is over
And all the summer flowers,
The red fire flowers
The grey smoke flowers.

Barbara Powell - 5

OCTOBER

In October the leaves are falling,
The pumpkins are turning yellow.
Wild geese are calling,
And everything is mellow.

Janet Meyer - 4

THE TRAFFIC LIGHT

Always watch the traffic light
And stop when it is red.
But when it's green you have the
right

To go right straight ahead.

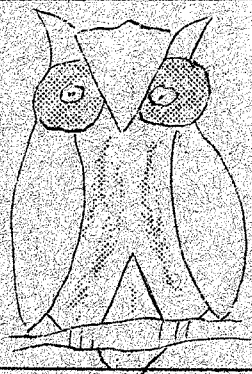

Frank Lee - 2

HALLOWE'EN NIGHT

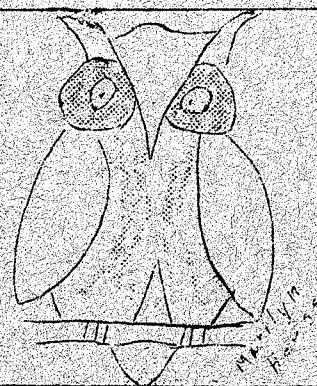

On hallowe'en night
The ghosts think it's fun
To scare all the people
And watch them run.
