

WESTERN WIND-UP

VOL.1. WESTERN AVE. SCHOOL

MANSFIELD, OHIO

APRIL 1, 1936

NO. 2

SPRING VACATION HERE

JUNIOR RED CROSS AIDS FLOOD VICTIMS

The Junior Red Cross at Western collected \$14.82 for the flood relief fund. It will be sent to the flooded area and will be used for clothing, food, and the refurnishing of homes there.

The children were interested in the flood stricken territory and were more than willing to do their part in helping the people. Some of the children have taken clothing to the Red Cross Headquarters where it will be distributed.

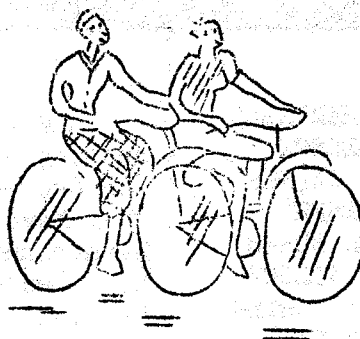

Dorothy Frick - 6A

ADVERTISING CONTEST

WE are planning to have two more issues this year. The last issue will include a "guessing contest" on the preceding advertisements given in our school paper. So everyone watch our "ads." carefully. Further details will be given later.

Jane Nevin - 6A

Are YOU getting ready for our Pet Show?

6A CLASS PLAN BICYCLE HIKE

The 6A group are planning to take a bicycle hike soon after vacation. Miss Miles is helping us to plan the hike.

It will be a ride of about four miles. After we reach our destination we are going to have a roast.

Those who do not have bicycles will be taken in a car. Our destination is being kept as a surprise but we are all looking forward to a good time.

Eloise Harbaugh - 6A

TYPHOID FEVER

We have two cases of typhoid at Western. They are: Norma Dent, 6B and Patty Smith 4A.

Mary Pat Hoffman - 5A

SCHOOLS TO RESUME WORK APRIL 13

School will be suspended for one week for spring vacation. We are looking forward to this vacation when we will close our school books and forget them for one week and take time for fun, play, and trips.

We come back to school again Monday, April 13. We think Western will enjoy the spring vacation.

Anne Lersch - 6A

PARENT* TEACHERS TO HAVE SOCIAL MEETING

The next P.T.A. meeting will be held Friday, April 17, at 7:30 in the school building. This will be a social meeting with bridge and other games as the diversion for the evening. There will also be a candy booth for the benefit of the Junior Red Cross.

All parents are invited to attend.

Phyllis Voyik - 6A

Build a bird house for Arbor Day!

EASTER

Easter has been observed by Christians for many centuries. To the small child Easter brings to his mind baby chicks, rabbits, and bright colored eggs. To the older ones it might mean new suits and dresses, easter bonnets or any other kind of spring apparel.

Easter should mean more than this to everyone. It should bring to mind the beautiful story of the resurrection of Jesus Christ. Easter Day is always the first Sunday after the paschal full moon. That is the full moon which happens upon or next after the 21st of March. Easter Sunday this year will be April twelfth.

OBSERVE ARBOR DAY

The upper grades of Western are going to make bird houses for Arbor Day. They must be the pupil's own work. An exhibit of the houses will be on Arbor Day, April 17. They may be made either at home or at school.

4A GEOGRAPHY

In Mr. Freeman's room we have been reading about the cousins, Grace, Mary, and Dan on their trip around the world. They have been to Greenland, Africa, Netherlands, and Switzerland. While we were learning about Switzerland, Mr. Freeman read a story about "The Little Swiss Wood Carver." We thought it very interesting.

Ralph Finney - 4A

SPELLING CONTEST

The third grade pupils in Miss White's room are having a spelling contest. It is to last for several weeks. The girls make up one team and the boys the other. At the end of the contest, the losing side will give an entertainment for the team that wins.

Virginia Davis - 6A

"OUR STAMP CLUB"

The Stamp Club in Miss Anderson's room has been active for some time. Every Friday afternoon the children bring their stamps. Then they trade in different groups and soak the stamps on the back window sills.

I have a collection of American stamps. They are old and new. I have a packet of them both. They are very interesting to look at. I have a magnifying glass, and I look at them very closely. I see how much they are worth and where they are from.

FIRST GRADE ACTIVITIES

In Miss Grubaugh's room the children are making things with clay and are learning to use scissors. They are making automobiles out of paper. They are keeping scrap books full of pictures which illustrate their interests. They are making pictures of pussy-willows which are very good—much better than what I made when in the first grade.

Donn Horchler - 6A

HOLD COLONIAL TEA

The children of Miss Anderson's room had a Colonial Tea, Monday, March 23 in their room. The waitresses were: Virginia Webber, Doris Palmer, Mary Parker, and Norma Jean Fletcher. All were dressed in old fashioned dresses.

Norma Jean Fletcher - 4A

MY TRIP TO BERMUDA

Wednesday, February 19, we left for Bermuda. Bermuda is a group of coral islands—150 in all, belonging to England.

We were on the boat two days and two nights. Sunday, we arrived in Hamilton, the capital. We then took the train to St. George. After arriving there we got a carriage and went to the hotel.

The next day we looked around the town. St. George is over 400 years old. George Somers discovered it. The next day we visited two caves. These had stalactite and atalagmite formations which were very pretty as they reflected in the ocean water.

Next day, Daddy and I went down under the water in a helmet and saw all kinds of fish. I was really very scared so I didn't stay down as long as Daddy did. That afternoon we went over to St. David's lighthouse and went fishing. We caught ten big fish. Next day we started our journey home.

Anne Loughridge - 5A

"WESTERN PLAYMAKERS"

A dramatic group has been organized from the four upstairs rooms of Western. This is an activity of our english work. We have chosen "Western Playmakers" for the name of our group. This group meets every two weeks on Tuesday after school. A play is given at each meeting by the children that volunteer to be in it. The general chairman is Margery Hegnauer and the assistant chairman is Billy Clark.

The next play is to be given April 14. The name is, Hans and Greta Find a Friend". This was taken from a story in our reading books and made into a play.

The characters for the play are: Miriam Hoff, Louise Walker, Jerome Kaler, Jane Senert, and Virginia Davis. The director will be Billy Clark. The stage hands are: Harold Sipe and Glenn Fatkin. Jane Nevin is in charge of the costuming.

Jane Senert

Margery Hegnauer - 6B

MRS. ROBERTS TALKS TO FOURTH GRADE

Mrs. Roberts, our Primary Supervisor, visited the fourth grade history class. We had been studying about Rome, Italy. Since she had visited Italy and taught school there, Mr. Freeman asked her to come to talk to us about it. She told us that the American children only use three symbols in talking while in Italy they have to use 18 symbols. We liked her talk and hope she will come back again to see us.

Robert Hale

Bud Porter - 4A

OUR ARITHMETIC TEAMS

In Miss Wolf's 4A arithmetic class we have two teams. One is "Red Star" with Carol Anne Spencer as captain. The other is "All Star" with Lloyd Shawber, the captain. "All Star" is ahead by two points.

Helen Buchan - 4A

FIFTH GRADE MAKE DIARIES

In English the 5A class is keeping a diary. We have been keeping it since Tuesday, March 17. The class thinks it's lots of fun. Here are parts of some of the diaries.

March 17

Today we had a health test from the 21 chapter. We had five questions.

Miss Hartmann, our music teacher, was here to hear us sing "Sing A Song of Sixpence."

I went to dramatic club. We saw a play, "Maggie and the Gypsies." After the play, we had our meeting. We decided we would call our club, "The Western Playmakers."

March 18

When I woke up, there was snow on the ground. Later on in the day it rained. After school there was a cub scout meeting which I attended. Every boy passed his Bobcat Test.

March 19

Today the school drinking water was turned off because of the typhoid epidemic. Some of the children brought bottles of boiled water from home.

Thursday afternoon, after recess, the boys in Miss Conn's room went down to the nurse's room to have their eyes and ears examined. Some tested perfect.

James McClure

Virginia Campbell 5A

"OUR FRIEZE"

The fourth grade made a history frieze. These are the names of some of the pictures included in it. A Roman School Boy, The Map of the Roman Empire, A Roman Bath, Gladiators, Street of Pompeii, A Roman Bridge, and Romulus and Remus.

Anna Marie Them 4A

"JOE"

Joe was a little monkey who was always getting into trouble. One day when his master was not home, Joe thought he would have some fun. So first he went to the pantry to get some jam. When he did, he got the jam all over himself. As he came out of the pantry, he left his tracks all along the way. He went up on the table to get some sugar from the bowl. He spilt it all over the floor.

When his master came home, he was very angry with the monkey. He said, "If I catch you, I'll tan your hide."

The monkey went, "Eek--eek--eek." as if to say, "That is if you can catch me."

Then started the race. The man chased the monkey all over the room, turning lamps and other things over till finally Joe saw the door was open. He ran out as fast as he could go, and was never seen by his master again.

Durward Burns - 6A

"SPOT AND BLACKY"

There was once a dog and cat by the name of Spot and Blacky. Their master was a boy ten years of age.

One day the family went for a ride in the automobile, leaving Spot and Blacky at home.

"What shall we do?" asked Blacky in animal talk.

"Let's jump on the table and eat what's left from lunch," said Spot. So Spot and Blacky jumped on the table and ate everything on it.

"Now let's play tag," said Blacky. As they played tag, they knocked over the fish bowl and quarreled over who was to eat the fish. As they jumped over the beds, they left their foot prints on the covers.

When the family came home, they were very angry at Spot and Blacky. So each of them got a good licking.

June Bell - 6A

"SPRING"

Spring is here
With Easter's cheer.
And we have fun
As we play and run.
Running along,
Singing our song.
Spring is here.

Frank Lee - 4A

"MARCH"

March is the month of the great
north wind.
He's strong, and brave, and true.
He carries your kite away up in
the air,
And carries it down for you, too.

Marilyn Larson 4A

"SPRING"

Spring is nearly here
Then we'll have no cold to fear.
We will ride our bikes,
And away we'll go on hikes.

We will fly our kites on high
While the birds go flying by.
Cheer up! cheer up! the robins
sing,
And the air with children's
laughter rings.

The little violets soon will be
out,
Then off to the woods we go with
a shout.
Then every day will be one glad
song,
When we play out doors all day
long.

Marjorie Wentz - 5A

"KITES"

Kites fly high,
Oh! so far in the sky,
How I wish I could be a kite
So I could fly way up in the sky.

Jane Nusboun - 2A
