A HAPPY
EASTER VACATION
TO YOU

SPRING VACATION

Spring vacation will soon be here. The vacation is so we can enjoy spring. I am going to play baseball. Spring vacation will be April 7. We will come back to school Tuesday April 12.

*** JERRY SHANKS

LAWNS

The lawn last year was very nice. It took a lot of hard work to plant and work on it. Most of you helped work on it. So let's all help in keeping it nice. You can help by staying off and please do not cut corners.

*** CLAY BIXLER

TORNADO RULES

In your room, you have some tornado rules which you should follow. Some of the rules are;

If you are on the street and have no warning that a tornado is coming you should lie flat on the ground, and cover your head or lie a long the curb or in the ditch.

If you are in your house, you should go to the basement and stay away from windows. If windows break glass will fly all over. In the school room, push your desk away from the windows in a group and get under the desk and lie flat. Cover your head with your arms and turn away from the windows.

(cont)

If the boys are in the gym, they are to go to the girls locker room and sit along the lockers and turn away from the windows and cover your face. If you want more information ask your teacher.

DOUGLAS LEACH--6

MR. BRIGHT

Mr. Bright has been a janitor for 17 years. He said he was glad to be back at our school. He said he likes to work with small children. He said he could not get used to working with the bigger boys and girls. We're glad to see him back. Let's show him we are by keeping papers off the floor.

THOMAS MARSHALL--6

GOOD FRIDAY

Good Friday is the Friday before Easter mourned as the anniversary of Christ's death on the cross. It was set apart as a holy day as long ago as 300 in the time of Constantine. In Great Britain and Erie the day is a legal holiday. And in Anglican, Roman Catholic, and some Protestant churches a three hour service is held to recall the agony of Christ on the cross. In some countries of Europe, bells are tied on Good Friday so they can not ring.

MARY POLLER--5

EASTER

Why do we celebrate Easter? We celebrate Easter because Jesus arose from his grave on Easter morning.

The sending of Easter eggs is a custom thought to have began with the Persians. The name Easter comes from the Anglo-Saxon "Eostre!"

What is an Easter lily? It's a fragrant trumpet shaped flower of waxy whiteness. Easter is a happy day for all.

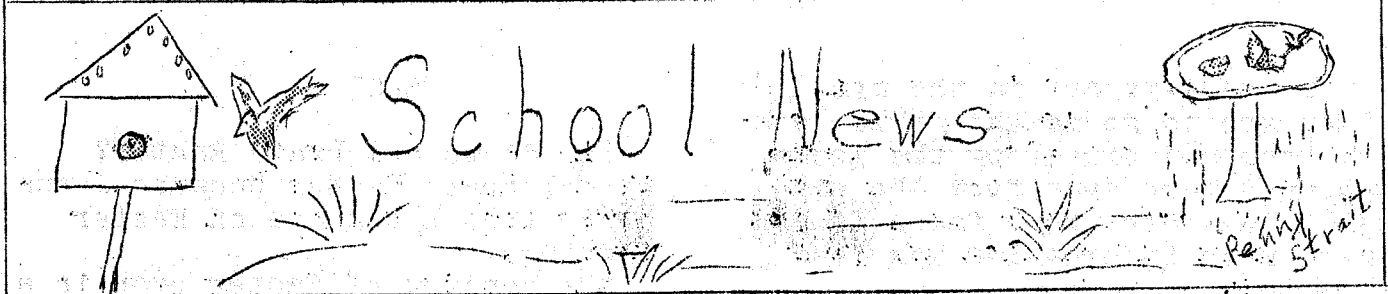

ROBERT KNIGHT--5

ARBOR DAY

Arbor day is a day set apart for the planting of trees. It is observed especially by school children. The first Arbor day was celebrated in Nebraska on April 10, 1872. By that time, settlers had cut down most of the trees in Nebraska. Many had been used in building of homes or for fire wood. Many had been destroyed in order to clear land for farming. All over the western plains, a traveler could go for miles without seeing a tree. Arbor day was the idea of J. Sterling Morton, a newspaper publisher of Neb. City, Nebraska. Some people began celebrating it throughout the country. Birdsey G. Northup of Conn. traveled all over United States, Europe and Asia urging people to plant trees. Every state now celebrates Arbor Day. Many Canadian provinces and the Territory of Hawaii. In the North Arbor day comes late in April or early in May.

Dedication of evergreen trees and awarding of prizes in Ohio schools will mark Arbor Day, April 29.

(Continued on page 19.)

THE MAGICIAN SHOW

The name of the magician is Buhla. He has been a magician for 20 years. The first trick he learned to do is to make a quarter vanish. Try it sometime. He is teaching his son, who is 12. The first trick his son did was to pull the rabbit out of a hat.

Our show lasted about an hour. He did a trick with flowers. He rolled his cane up in a piece of newspaper, and asked a boy to hold it. The paper unrolled and the cane was not there. He made sand change its color. He pulled scarves out of the hat.

There were two tricks I liked the best. One was when Richard Leger had a long spike driven through his neck. There was a red spot when he got finished. Patty Schillinger had to put her head through a hole in the guillotine. The blade came down the first time and stuck on a small door you have to open. The second time he did it.

He talked to us about bicycle safety. He is a magician, lecturer and an escape artist.

TOM MARSHALL--6

OUR NEW DITTO MACHINE

To prepare a Master copy of handwriting, typing, or drawing uses. Place the master sheet on

the top of the carbon side of the carbon sheet. Hold together and insert the typewriter or place on a smooth table or desk. Then type write or draw. The pressure from the type or pencil will make a positive or readable copy on the side of the master paper and negative or reverse the copy on the other side.

KATHLEEN MULLANEY--6

PICTURES

We got our pictures March 16. The children liked them very much. We had two big pictures and 16 little ones. There was a memory book, too. We like to trade pictures with our friends.

PAMELA METHENEY--4

JR. RED CROSS PROJECTS

We made favors for St. Patrick's day. They were sent to Home for Aged.

The 6th grade is working on Cross Word puzzles to be used in hospitals.

Grades 3 and 4 are working on memo pads. Our school is making 200 pads. Mrs. Roberts is our Red Cross representative.

MARY COVER--5

TUMBLING

Mr. Strine has been putting on shows by having the children who tumble down at the gym. They do flips, somersaults, cartwheels and have been using the belt. We have some children who tumble, in our room. They are Paul Chamberlin, Dick Goff, Patty and Polly Schillinger. The children who tumble are from the 1st. to the 6th. grades. The children who eat lunch at school enjoy the programs very much.

CHERYL THEM--5

TUMBLING PROGRAM

April 19, at the P.T.A. meeting there will be a tumbling program. Those taking part include:

Grade 1.

Nancy Theaker
Cheryl Horning
Vickie Forster
Linda Dizonza

Grade 2.

Kathy Simon
Sharry Sowers
Connie Bride
Nancy Wycoff
Nancy Griffith
Cathy Mister

Grade 3.

Pamela Prosser
Cynthia Petan
Sharon Shaul
Susan Benzin
Connie Brown

Grade 4.

Elvinore Volz
Judy Ohler

Grade 5.

Paul Chamberlin
Dick Goff
Joselyn Hunt

Grade 6.

Linda Pfahler
Sharyn Pasheilich
Kathleen Mullaney
Linda Rauch
Dianna Keefer

LINDA PFAHLER--6

BASKETBALL

The girls in the sixth grade have won 4 games and have lost one. They are going to play Carpenter school Thursday March 24, and Roseland March 25.

SHARYN PASHEILICH--6

OUR GYM ACTIVITIES

Our gym activities at noon are ping-pong between the girls and ping-pong between the boys. We have a school basketball team which includes Richard Leger, Darrell Smith, Bob Brandenburg, Paul Chamberlin, Mike Bruback, Harvey Welker, Jerry Shanks and some others. We have basketball teams in our school which play against each other.

GARY OWENS--6

BASKETBALL

The 6th. grade boys beat Carpenter 12 to 5, on Feb. 14, 1955. The 5th. grade boys beat Carpenter 12 to 4 on Feb. 14, 1955. The 6th. grade girls beat Carpenter 8 to 6 on Feb. 24, 1955. The 5th. grade girls beat Carpenter 10 to 6 on Feb. 24, 1955.

(cont)

The 5th. grade boys beat Brinkerhoff 18 to 19 on March 1, 1955.

The 6th. grade boys lost there game with Brinkerhoff 17 to 21 on March 1, 1955.

The 6th. grade boys played Roseland. We got beat 11 to 10 on March 18, 1955.

ROBERT KNIGHT--5

GARDENS

In the garden program this year, we think there will be 3 kinds of gardens. They are vegetable, the salad garden and the flower garden.

Mr. Hartmann has not been advised about the cost of the seeds yet. There probably will be a meeting about this at the end of the year.

SHEILA JEWELL--4

MOTHERS CLUB NEWS

April 20 is the meeting when Mothers Club has the election of officers. The nominating committee is Mrs. Lorin James chairman Mrs. Russell Dykstra, and Mrs Ernest Wycoff.

May 13 is the date the Mothers Club picked for the end of the year banquet, honoring the teachers and at which time awards are given to children who have earned them. All our families are invited.

The Mothers Club voted to sell magazine subscriptions for two weeks. We children will sell them to win prizes.

DIANE GERTEL--5

P.T.A.

The next meeting of P.T.A., there will be a gym show. Among the things to be presented are dancing and tumbling. There will be an election of officers for next year. Lets have a big turnout. Remember the room with the most parents attending, will win the pennant to hang in there room for a month.

J UDY RADICK

GIRL SCOUTS

Girl Scout troop 97 has been very busy this year. We have just finished our skating and sewing badge. Our skating lessons taught us to be graceful on our skates. In sewing we made skirts. We are going to take swimming, games, folk dancing and cooking badges soon. The lessons are all fun.

RUTH HAMMETT--6

BROWNIES ACTIVITIES

Brownie troop #119 elected officers on their first meeting in March. They are:

Vice Pres. Barbi Lashey
Pres. Elinore Volz
Secretary-Miriam McCullough
Treasurer-Virginia Davison

They have been acting out the Girl Scout laws and learning them and preparing for fly-up. They are making plans for a trip next month.

KAY KLIPPEL--4

CLASS NEWS

Penny Strait

FIFTH GRADE MISS MILES

TRANSPORTATION STUDY

In our room, in science, we divided a story between six groups. Three of the groups took Travel on Wheels, Travel in Air, and Travel on Water. We drew pictures of our part, and some brought models, pictures and reports.

In the show case by the office there is a boat, brought by Robert Knight and some airplanes brought by Rickie Heckert and a model car brought by Linda Thomas.

LINDA FLOWERS--5

SCIENCE GROUPS

Our Science group is studying about sparrows. We each drew a picture of a different kind of sparrow. Then we gave a report of the sparrow we drew. Here is one of the reports.

SWAMP SPARROW

For field identification note the Swamp Sparrow's white throat red-brown crown, plain gray breast and rounded tail. Other sparrows with this reddish crown are the Chipping and Tree Sparrow. The Swamp sparrow is a stocky bird. It lives, as its name implies, in swamps and along lake margins.

WALTER NORRIS--5

FRACTION FILM STRIP

In our room we are studying about fractions. We saw a film about them. It told us about like fractions, and improper and proper fractions, and mixed numbers. While we were watching the film, we also did some work with it. We also learned the names of the fractions. The children enjoyed the film very much. It was loaned to us from John Simpson Jr. High.

POLLY SCHILLINGER--5

SEED PLANTING

Our room is planting some seeds. We are having a contest. Each one planted five tomato seeds. We are seeing who has the first sprouts. We planted our seeds Monday 14. Some of them sprouted March 21. We are making a chart that tells us the time it takes seeds to germinate.

When planted

First sprout

First blossom

First green tomato

First red tomato

The girls have a window box with some lettuce and tomato seeds planted in it. We have some lettuce sprouts now.

DIANE GERTEL--5

PLANTING CORN

Dianne Snyder and I have an experiment with corn. I put mine in the light and she put hers in the dark. I have 3 sprouts. Two are two inches high, one is one inch long. I planted them at the first of March.

The one in the light sprouted first. The one in the dark has only one sprout. It should have two sprouts by now.

DIANNE SNYDER--5
MARY COVER--5

OUR BIRD FEEDING STATION

One of the science groups in our room made a bird feeding station. It was made of ply-wood. It was fastened to the building by wire fastened to staples.

We put bread in it for food.

On March 21, 1955 four birds came to feed from it. They were English Sparrows. Here is what it looks like.

BARBARA HINES--5

LUNCH ROOM FRIEZE

Miss Miles' room made a lunch room frieze for the cafeteria. At the ends are two toothbrush soldiers. Two cabbage head girls, two celery girls are in the center. First we drew all the things we were to have on it with white chalk. Then we painted it.

It's up in the cafeteria. We had lots of fun making it.

PATTY SCHILLING ER--5

COLORED CHALK PICTURES

Our room made pictures of famous places in the United States such as Yellowstone National Park and Washington's Monument with colored chalk. First we made our picture with white chalk. Then we colored it with colored chalk. After that we sprayed it with some fixative. When they were dry, we put them up on the wall.

JIMMY CONTRA--5

RESULTS OF
SPELLING DOWN

Do you remember the fifth and sixth grades had a Spelling Down? The results were, we had a tie. The score was nine to nine. It lasted for two days. Each day we took 25 minutes. Many of the children went down on the word gem. Mr. Hartmann pronounced the words to us. The first day we had it, the sixth grade came to our room. The next time we went to their room. We hope to have another one soon.

SHALEEN DICKSON--5

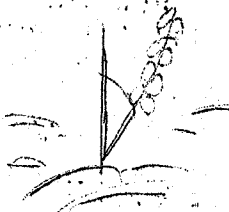

COCOONS

We are collecting cocoons in our room. We have 7 Praying Mantis cocoons and two others. Barbara Hines and I brought in 4 Mantis cocoons and one other cocoon.

(cont)

We found them in a field in back of our house. The praying Mantis cocoons were on rose bushes. They were hard to get. We got them a couple weeks ago.

ELLEN GARRISON--5

COCOONS

Some boys and girls brought in cocoons.

I brought in a cocoon, but I don't know what kind it is.

When I was walking home from school one day I saw a cocoon in a bush. I asked the woman if I may have it. She said "yes." I will draw a picture of it for you.

NAOMI BIDDLE--5

P.T.A. ATTENDANCE BANNER

Miss Miles room and Mrs.

Abbot's room won the P.T.A. attendance banner for March. They will share the banner this month. Each will keep it for two weeks.

MICHAEL BRUBACK--5

SIXTH GRADE
MRS. SHERMAN

OUR PICTURES

We are making pictures in room #12.

We have sketched six pictures concerning Spain. Each row has picked a Spanish scene and drew it. They can color it with anything. Two of these are crayons and chalk. Some of the scenes are a Bullfight, a Spanish Garden Scene, the Rock of Gibraltar, Spanish Armada, Spanish animals and the City on Seven Hills.

I am working on the Spanish Armada. We are making three ships and coloring them with chalk. We are enjoying this very much.

MYRTLE HARR--6

THE SOLVING SIX

The Solving Six is a club we are going to have in our room. We are going to have a Personal Problem box. Each week we have a panel of six. This panel solves any problems we have such as;

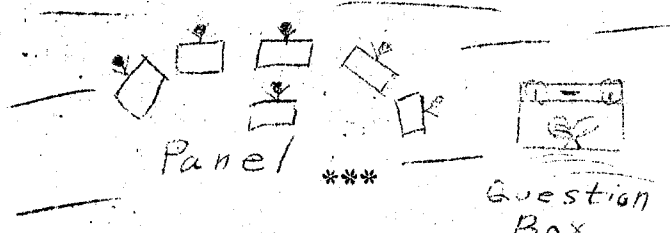

Question: I don't seem to fit into the crowd, what should I do?

Answer: Keep trying and do what the crowd does.

Each week we will change panels.

The Personal Problem box is the box into which we drop our questions. We don't sign our names. You put in any question you have. The panel will meet once a week.

JUDY RADICK--6

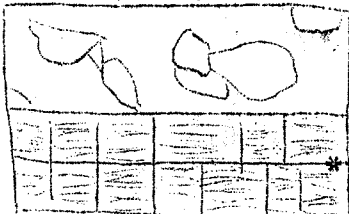

WORLD NEWS REPORTS

In Mrs. Sherman's room each week we get a World News Map. On the map are news reports. The children in the room take a report and learn it. On Thursday or Friday we give them over the microphone in Mr. Hartmann's office to our room.

Mrs. Sherman has asked Mr. Hartmann if he would allow us to give our reports over the microphone to the Mothers Club.

LINDA RAUCH--6

OUR MARBLEX

In our room we made different things with clay. We painted them and then shellacked. We have some of them in the show case. We made things that were in our Geography book. Some are vases, ash trays, and candle holder designs. We are going to make something else but with soap. We enjoy making these things.

SALLY PROCTOR--6

BIRDS

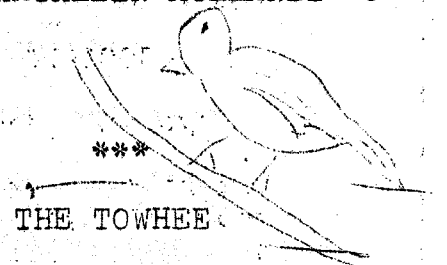

We are reporting on birds in our room. Each person in the class takes a bird to report on. We tell the name of the bird, the size, color, and the food he eats. Then we write a paragraph about the bird.

The name of my bird is the Golden Crowned Kinglet.

The top part of the bird's head is golden colored, his back is a light green, whitish colored breast, gray tail, gray wings, and a black streak over his beak. The names of some of the other birds are Sparrow, Swallow, Crow and the Screech owl.

The birds are very pretty. We have a chart that shows the birds in color. They are very interesting to look at.

KATHLEEN MULLANEY--6

The Towhee is a bird in the Northern part of the United States. From the tip of his bill, to the tip of his tail, it is 8 in. long.

The top part of the Towhee is black. The bottom part of the Towhee is grayish.

If the Towhee is hungry it will eat worms. If the Towhee is not hungry it will eat insects.

EDDIE MARTIN--6

SAN JUAN CAPISTRANO

San Juan Capistrano is in California. It is a church. One day when the people were having church, the earthquake fell in.

Today in the church you will find many Swallows. When you buy your ticket the man or woman will give you a bag of corn for the birds.

(cont)

Some of the birds fall from the roof and hurt themselves. For these birds, they make cages and feed them. There are beautiful gardens inside the walls.

On the day of San Juan Capistrano the birds fly up in the air. It is a pretty scene. They come back in the evening and go to their nest. The birds that fell and hurt themselves do not do this. This happens in October.

RICHARD LEGER--6

LOUIS PASTUER

Louis Pastuer was a French scientist who was one of the greatest of all times. He was born in the city of Dole in France. Louis then moved to Arbois where he was educated. Although his father did not have a large income, he sent Louis to the Ecole Normal in Paris to study Chemistry.

Louis Pastuer discovered the bacteria liquids and foods to change when they become spoiled. Bacteria is also the cause of many diseases. Pastuer learned how to kill many bacteria. He saved many lives by doing this. The word pasteurized comes from Pastuer.

Louis Pastuer has helped to save millions of lives from what he discovered. No wonder he is called one of the worlds greatest men.

JOHN WILSON--6

THE ROBBING SQUIRREL

We are building a club house. We had been working all day on it. In the morning we saw a red squirrel climbing in some trees.

We watched the squirrel for a while, and then we went back to work. While we were working the squirrel started playing.

In the club house everyone was working hard. After a while we heard him on the roof. He climbed through a hole and went to a corner. He started hunting and scratching around a smooth place. A great surprise we had when he found the nuts that he put there last fall.

BOB BRANDENBURG--6

THE MIDDLE AGES

The Middle Age was from the fall of the Roman empire to modern times. When Rome fell barbarian tribes invaded Europe. Men of Europe with power built strong castles. Weaker men went to the strong men called nobles and said, "We will work, fight, and serve you if in return you give us land and protect us." This was called feudalism.

I will tell you about castles. Castles were first built of wood. The reason for castles was to protect the people inside it, so wood wasn't used for very long. Later castles were built of stone with a ditch filled with water called a moat, going around the castle. Inside the castle it was dark and cold.

In the Middle Ages a boy could become a knight. First he would be a page. A page ran errands, served food at the table and did odd jobs. A Page became a Squire. Squires followed their lords or nobles in battles or hunting. The lord said when the boy was ready to become a knight.

Would you have liked to have lived in the Middle Ages?

HARVEY WELKER -6

SECOND GRADE
MISS AMSTUTZ

THE CIRCUS

The circus is coming to town. I like the circus. It is fun to see the funny clowns and the elephants.

Debby Mustin - 2

THE BLUE JAY

I like the blue jay and the redbird. I like to hear them sing a little song. They like to eat food and drink water.

Linda Bybee - 2

6-1-55 ***

BOOTS

My dog jumps on me when I come home from school. My dog's name is Boots.

Gerry Boyd - 2

MY BIRD

I have a bird. My bird likes me. Have you got a bird? I hope you have a bird. If your bird can talk then that will be nice.

David Cook - 2

MY BROTHER

I have a brother. My brother plays all day. He likes to play in the snow. I like to play in the snow, too.

Linda Schindler - 2

A FUN RIDE

Once upon a time there lived a boy whose name was Bobby. Bobby's daddy had a horse. Bobby wanted to go see his grandmother and grandfather. He said, "Please, father."

So his father said, "Yes."

Up the road they went and when they got there, THERE was just what Bobby wanted. It was a puppy.

He went home in the fall but he was not very happy when he got there. So his Dad got him a puppy and he was happy from then on.

Esther Shafer - 2

SECOND GRADE

MRS. ABBOT

JOURNEY THROUGH
BOOKLAND

We have a reading train. We see who can read the most library books. Every time we read another book, a car is added to the train.

Gary Frisbee - 2

OUR CLOCK

We have a clock at school. We can tell time. We have fun telling time. We have a test every day do you?

Richard Wallace - 2

SPELLING BALLOONS

We have some Spelling Balloons. If you get 100 your Balloon will fly to 100. If you miss one, your Balloon will fly to 90. If you miss two, your Balloon will fly to 80. If you miss three your Balloon will fly to 70.

Kay Ann McKee - 2

100 !!!!!
90 !!!!! ***
80 !!!

FINGER PAINTING

We finger painted at school. We had red ones and yellow ones and green ones, too. I made a blue one. It is fun.

Kathy Klippel - 2

ARITHMETIC

We have an arithmetic test every day. Do you have one? If you get 100 every day you will get a certificate in our room.

Shirley Shade - 2

PRIMARY

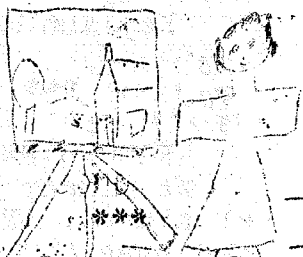

ROOM HELPERS

We have helpers.
They help us a lot.
Some wash blackboards,
or dust. Others water
plants or keep the
Library Corner neat.
Ronnie Sowash -2

OUR EASEL

We have a paint-
ing easel. We got
it with Mothers' Club
prize money. I like
it. I like to paint
on it.

Nancy Wycoff - 2

FRIENDLY VILLAGE

We are reading in
Friendly Village.
Are you? I do not
know if you are.

Jimmy Marshall-2

SUGAR BUSH

We may go to the
Sugar Bush where they
make Maple syrup.

Nancy Griffith-2

NIAGARA FALLS

We went to Niagara
Falls. At night the
falls were all lit up
with colored lights.

Dick Radick - 2

MRS. NAGLE

MY CAT

I have a pet. It
is a cat. Her name is
Patty. Every day I
play with her. Some-
times she scratches
me.

Robert Erndt -2

MY DOG

I have a pet. His
name is Spot. He is
a dog. I love him very
much.

Gary Wade - 2

FRECKLES

My pet is a dog. H
Her name is Freckles.
My daddy named her
Freckles because she
has freckles on her
back.

Karen B. - 2

CALVES

My grandmother has
some little calves.
They lick my finger
all the time.

Karen Berentz -2

MY BIRTHDAY

My birthday was
March the 3rd. I got
a little doll for my
birthday.

Nicole Marston - 2

MY PET

I have a pet. His
name is Ruggie. I
like him very much.
He likes to go swim-
ing.

Barbara Lambert -2

SECOND GRADE

MRS. PEIZER

CIRCUS PICTURES

We drew circus pic-
tures. Some of the
children made circus
cages. Others drew
other things. I drew
a circus actor.

Eileen Urban -2

OUR CIRCUS

We are making clay
animals. We have fin-
ished our animals'
cages.

Susan Snyder -2

OUR WAGON

We made a cardboard wagon with a clay man on top. We have toy horses to pull it.

Kathy Meister -2

NEW READERS

We have new readers. The story is about river boats.

Charles Harpster 2

TORNADO DRILL

A tornado is dangerous. We go into the cloakroom.

Jeff Davis - 2

SCHOOL PICTURES

We got our pictures taken and it was fun.

Mike Sweeny - 2

MY RADIO

About three weeks ago, I got a radio.

Daddy and I made it.

Terry Squire - 2

NEW SET

I got an intercom set. It talks. I set it up room to room. You press a button and the other phone makes a buzz.

David James - 2

MISS LINDBECK

SUGAR CAMP

We went to a sugar camp one day. Mrs. Wachs gave us some sugar water. Thank you, Mrs. Wachs.

Ronnie Reed - 1

WOOLY BEARS

I brought three caterpillars to school. They are brown and black. They are called Wooly Bears. Some children took turns taking them home.

Ruth Boner - 1

OUR TULIP BULBS

We planted some tulip bulbs in school. The leaves started to come up. We are waiting for them to bloom.

Patricia Oakes - 1

OUR FORSYTHIA

Patricia Cook and Marcia Hoffman brought some Forsythia branches for us to watch. Here are two pictures of the branches before and after.

Patricia Oakes -1

SANDSTONE

I brought two sand stones to school and I rubbed them together and made $\frac{1}{4}$ cup of sand.

Barbara Fifer-1

IN THE HOSPITAL

I went to the hospital March 11th to have my tonsils removed and there were three other girls. One girl was named Linda and there were two Judys.

Linda Grumet -1

OUR BIRD

We got a bird a week ago. He will sit on our fingers and will kiss my lips.

Rosine Hollman -1

SUMMER

It will soon be summer and I will be very happy, but it will make me sad when school is out.

Patricia Cook -1

TULIP BULBS

Mommy planted tulip bulbs in a dish filled with pebbles. They have pretty flowers.

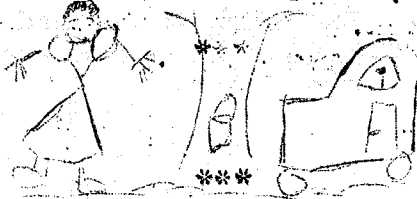

Margaret McGrew-1

FIRST GRADE MISS BEATTIE

SUGAR CAMP

We went to the Sugar Camp. We saw many trees with buckets on. We saw the man collect the sap. We saw the man boil the syrup. We tasted some of the syrup when it was ready to can. My, but it was good!

Barbara Bapka - 1

THANK YOU

We went to the Sugar Camp. Five mothers took us in cars. Thank you mothers. We had a nice time.

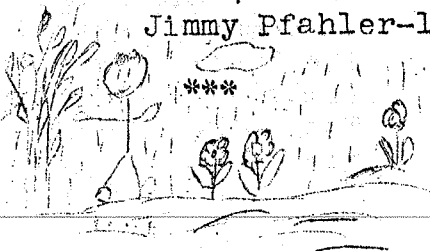

Linda Strauch - 1

SPRING IS HERE

The flowers are coming up. Mother is planting some flowers. The warm rains will make them grow.

Jimmy Pfahler - 1

PRIMARY

NEW DOG

My sister and I have a new dog. We like to play with him. He can run very fast. We run fast, too.

Douglas Sponsler - 1

SPRING IS HERE

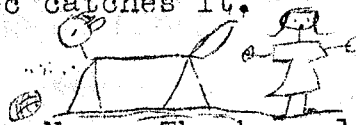

We have new roller skates. It is fun to skate. Susan and I skate every day.

Ricard Willis - 1

MY DOG

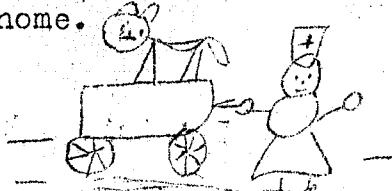

My dog and I like to play. We have fun. I throw a ball and Eric catches it.

Nancy Theaker - 1

MUTT

My sister likes to play with Mutt. Mutt is my new dog. He runs and barks when I come home.

Stephen Glaze - 1

FIRST GRADE MRS. WALDMAN

OUR TRAIN RIDE

March 31 we are going to take a train ride to Galion, Ohio. Some of our mothers are going to take us to the Erie depot. Then they will drive to Galion to bring us back by car. We will buy our own tickets. It will be so much fun!

Gail Bardeen - 2

OUR TRAIN

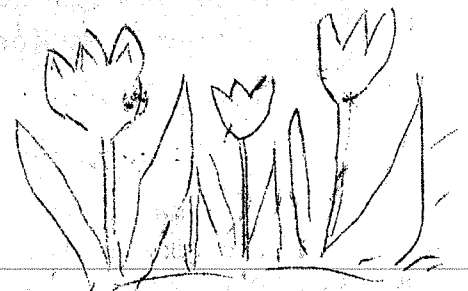

We made a train out of colored art paper. We made tracks for our train. We have many pictures of trains.

Dennis Petersen - 1

DAVY CROCKETT

Mrs. Waldman read a story to us about Davy Crockett. Linda Craven brought a record about him. We enjoyed learning more about Davy Crockett.

Gregory Webster - 1

FIRST GRADE

MRS. WILER

OUR TRIP

We went to a maple sugar camp. Mrs. Wachs let us taste the sugar water. Then we saw the water boil. A man gave us a taste of syrup.

DOLORES ARMSTRONG--I

COCOONS

I went walking. I found 5 cocoons. We are waiting for baby praying mantises.

ARTHUR WYNN--I

OUR PLANTS

Cecil, Stanley and Ronald brought seeds for our greenhouse. We water them every day.

STANLEY POPP--I

OUR CAFETERIA

One day we watched the cooks use the big electric mixer. It made us hungry.

PRIMARY

SUGAR CAMP

Our room took a trip to the sugar camp. Some of the children in our room asked their mothers to take the room out. When we got out there we got to run around and look at the maple trees dripping.

NANCY SAMPSEL--3

FORSYTHIA

Today I brought some forsythia to school. We are going to draw them on paper after they open up. It will be fun to watch them open. Forsythia is an early flower of spring. Also they are a very pretty flower.

JENNIFER HAMILTON--3

PUSSY WILLOWS

We have some pussy willows in our class. They are pretty. David Johnson brought them. They are big and tall. They look like a tree, or a plant. He must of got them in the weeds. I got some at home.

SHEILA HAYSLIP--3

THE CENTIPEDE

One day a centipede got in our room some how.

(cont)

He crawled around for a little while then we caught him. They look like a worm with a lot of legs.

DAVID REICHARD--3

NEW PUPILS

We have two new people in our room. Eileen Horn came from Brinkerhoff school, and Dean Nungesser came from Roseland. They are very nice and we enjoy having them in our school.

DAVID MCGREW--3

A FUNNY FACE

I made a funny face out of a paper plate. I drew a face on it and colored dots on it. It took it home and hung it beside my bed.

DANNY BRAEN--3

MY BIRD

My birds name is Buster. It is a parakeet. Parakeets are playful birds. Once my bird flew up on my mothers drapes. It looked as if he was playing school. Another time I pretended to go to sleep. Buster thought I was asleep, and he went to sleep.

(cont)

Then I said "Boo". Buster was embarrassed when I laughed.

MISS WHITE

AT THE AIRPORT

Yesterday we went to the airport. I saw a passenger plane land in the fields. The airplane landed fast.

INGRID WILHELM--3

SPRING

I like spring. Then the days grow warmer. The flowers bloom. We can play outside. We get more air. That is why I like spring.

INGRID WILHELM--3

TRIP TO THE SUGAR CAMP

First we went into the woods and saw the buckets hanging on the trees. Then Mrs. Wachs showed us how the sap is boiled. She gave us each a taste of the maple syrup.

KAY GRIFFITH--3

SPAIN

Our reading class is reading about Spain. The capital of Spain is Madrid.

(cont)

Spain is a very old country. Our teacher showed us pictures of Spain. I thought they were very interesting.

VIRGINIA SMITH--3

We are learning what to do if a tornado storm should come. We push our desks to the inside wall and hide under them. We wait there until we get a signal that means the danger is over.

DAVID SISTEK--3

AN ACCIDENT

Diana Foutty had an accident in the gym the other day. She is on crutches right now. I hope that she will get well soon. Don't you?

RICKY LOMAX--3

MY FISH

One day my mother bought two fish. One of them belongs to my sister and one them is mine. We take turns feeding them. We have a new fish bowl that my mother bought. One day as I was cleaning the fish bowl I spilled some water.

GARY BAUER--3

ARBOR DAY

Continued from page 3.)

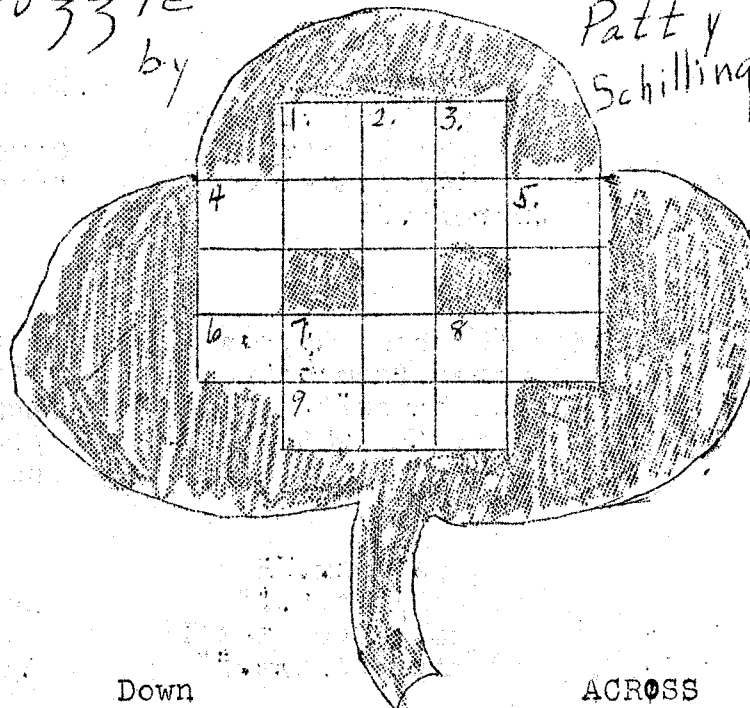

In keeping with Gov. Lausche's emphasis on tree-planting during April, the Ohio Forestry Association and the Ohio Reclamation Association are presenting a tree to each school in the state that wishes to have one.

Prizes are offered to teachers who carry out the most original and appropriate Arbor Day programs.

Jim: Whats small at the top and big at the bottom and has eyes?

Tom: I don't know.

Jim: A mountain because it has mountaineers.

Dad: Well son, how did you get along in school today?

Sam: Not so good. I have to go back tomorrow."

Mary: Whats the best way to keep water from coming into the house?"

Luith: "Don't pay the water bill.

Pat: "I have a pet pig. His name is Ball Point."

Mike: "Is that his given name?"

Pat: "No, its his pen name."

David: Why is a bride like a train?

Bill: Because she has a train, too.

Mary: Why is a baggage car like a forest?

Ann: Because it has lots of trunks.

Bob: "My music teacher says I have a fine voice and should go far."

Ralph: "Splendid, I'll help you pack."

Nancy: "How do we know the cow jumped over the moon?"

Carol: "I don't know. How?"

Nancy: " By the Milky Way of course."

A kindergarten teacher asked a little chap if his father was an Englishman or an American. His prompt reply was, "My father is a switch man.

Mother: "Why are you feeding the cat gold fish food?" I

told you to feed the gold fish.

Junior: We'll I'm doing it. That where the gold fish are.

Joe: "What does a hen always do when she stands on one foot

Jim: "I don't know, what."

Joe: "She holds up the other.
