SPRING VACATION

APRIL 12-16

On Good Friday, April 12, we will start our spring vacation. We will have the following Monday and Tuesday. Then on Wednesday, April 17 we will appear back at school. John Todd - 5

Easter's Meaning We celebrate Easter as, "Coloring Egg Time." But do you know the real meaning? Easter is not a time for coloring eggs, but is a time to go to church and worship.

The story of Easter is a. long one. It is the time of the resurrection, or rising from the dead of Jesus. Easter comes from an English word, that of an Anglo-Saxon goddess, "Eastre" who represented light. This tribe of Indians held a festival in her honor every April. just stepping in the mud Holy Week is a time of, religious feeling and worship.

Good Friday It is the time of Jesus! death. In Catholic Churches they have 3 hours knows it is hard work. of service. In Europe all bells are tied so they can not ring.

Gary Ungerer-5

Spring Spring is a season of the year, it is between winter and summer. In the Northen Hemisphere Spring starts on the 21 of March and ends June 21. When Spring begins the sun crosses the equator and moves northward. When it travels its rays hit the northen countries more directly and the weather gets warmer.

When spring is here birds come back, trees start getting buds and flowers start blooming.

Farmers plant their crops. When spring began I was glad because we had such a bad winter that I wanted to see some more green things, flowers, and birds.

> Jackie Jones-5 ****

Keeping The Building Clean

At Grubaugh School we are trying to make progress at keeping the mud out of the hall, but some people aren't helping much. Some of them are on purpose. Mr. Miller tries to keep the building clean. You do not know how hard it is to keep the school clean after so many girls and boys. But Mr. Miller Please help us keep the school clean by walking on the sidewalk and the blacktop.

Terry Sprague-3

Repairing Books Mrs Baker is repairing our books, including our library books. Our library books have to look good, too, you know. I'm sure, we all appreciate it. Mrs, Baker puts her time into it, and does a real, real fine job.

Kim Pittman-3

Spring Spring came March 21. The end of a long, cold winter of snow, ice and days of no school. hope it warms up quick! because who wants to go sledding on their birtl day in April. Surely ? wouldn't.

> Larry Barnes-6 ****

Signs of Spring Spring is coming. It even smells like spring. Most of the birds are coming back. You can even get your bikes and wagons and ride them.

> Jill Jeffries -2 ****

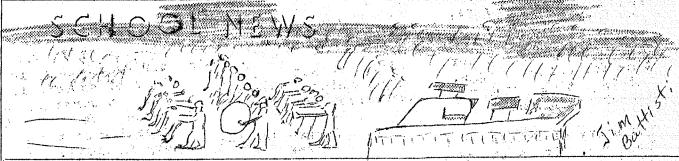

Signs of Spring The days are nice and warm. The flowers bloom in Spring. $\mathtt{Th}\epsilon$ days are not cold any more.

> George Geib - 2 *****

Signs of Spring In spring I like to fly kites. But when I fly kites my kite always gets stuck in a tree. Does yours?

> Betsy Dopps -2 ****

Spring Vacation One sunny day I went out to play. It was a very warm day. saw a bird. It was a sparrow. It fell out of its nest. Nancy Augustine- 4

Califorinia
Achievement Tests
Children who read fast
and do good work also
get good grades. For
those of you who want to
know how many fast readers there are in different rooms. Here they
care:

Grade 3-19 Grade 5-20 Grade 4-25 Grade 6-18 Improve your reading.

Cora Lozier-5

"Beautiful Birds Of Ohio"

Beautiful Birds of Ohio,
is a film strip. It will
be showed to all grades
including the kindergarten. It will be in
our school the 19th of
April. It will be in
technicolor.

Spring Festival
On May 10, we are he
city wide. The prowill include vocal
instrumental music.
rehearsals are set

Do you know why birds are important to us? Every year birds eat millions of insects. If our birds were destroyed our earth would be destroyed by insects. The birds help man by destroying insects.

Do you know the answers to these Questions? If you can't you may find the answers in the film. 1. What is the name of 2. What birds wear snow shoes in the winter?

#. What bird is a real acrobat?

Grubaugh Band
April 9, the Grubaugh
Band played for the P.T.A.
They played the Corn Dance
Merry-go-round, Flashing
Batons, and Westmer Chimes.
The beginning clarinets
played Go Down Moses and
Flighty Row.

Danette Pratt-5

Spring Festival
On May 10, we are having a Spring Music Festival city wide. The program will include vocal and instrumental music. The rehearsals are set for April 26 at Appleseed auditorium for the 6th grade Music Festival.
May 4th, Sat. A.M. rehearsal at Sr. High gym. The program will be on May 10th, Friday at the Senior High Gym.

The state of the s

The final screening for
the sixth grade scholas
tic test is April 29 to
May 3. The test is cit
wide. It will be given
at Raemelton School.
The second screening
will be the week of
April 1st.

Kim Hersman-5

our .state bird?

Sixth Grades
Go To Simpson
The sixth grades are going to Simpson Jr. High early in May. They will meet the principal and the counselors. Then they will be shown about the building. This will be their new school next year.

Gina Cox-5

Pre-School Clinic
The school clinic will
open for Grubaugh, May
8, at 8:30 A.M. just for
those entering first
grade next year. This
clinic is not for Kindergarten pupils.
Thank You.

Pam Lawhorn-5

School Saftey Patrol
Margie Bennet was chosen
the outstanding member
of the school safety
patrol. She will attend
a luncheon at the Leland
Hotel. She will attend
it on Friday, May 10.

Jackie Jones-5

Shirley Peay-5

P.T.A. Meeting
Grubaugh P.T.A. meeting
will be held May 14.
The program includes a
panel on Elementary
Guidance.
Mr. Gallagher-Elementary
Conselor
Mr. Miller-Psychologist
Mr. White- Health Dept.
Mrs. Sevenburger-Parent.

Stadiom Uses Our Gym
On May 10th Staduim
School will use our gym
for their gym show. They
are using our gym because
theirs is too small for
all of the parent audience and for the childrens' performances.

Jerry Duckworth-5

Saftey Town
The Saftey Town is held
on the 15th of July
through the 25 of July.
This is for children
who will be in the first
grade next year.

Becky Gaubatz-5

The Kodak
George Eastman was the
inventor of the first
Kodak camera and film.
By 1880 he had invented a machine for coating glass plates used
in cameras. Four
years later he perfecte
ed flexible roll films.

Joe Dopps - 5

The Cash Register
The cash register is
a machine to keep accurate sales records.
It prints a strip of
paper which is a record of every transaction of business.
A meter tells the total sales made. This
machine was invented
in 1879 by James Ritty
from Dayton, Ohio.

Wayne Tait - 5

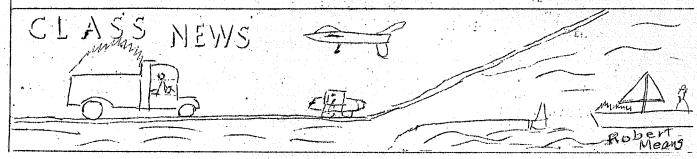

Hummingbirds
Hummingbirds are the
smallest birds in the
world. They are the
only birds that can
hover. There is one
bird, the Fairy Hummingbird that is only
two inches long.

There is another bird called Swordbearer that is three inches long with a beak that five inches long. When the mother lays eggs it takes them two weeks to hatch. The babies are blind and helpless and very They have alugly. most no feathers at all. In about three weeks the babies can fly like the mother and father.

The mother Hummingbird will fight anything if she thinks it will hurt her babies. She uses her beak just like a dagger. For her size she's the bravest bird of all. Most of the time they fly about 50 miles an hour But they have been known to fly about 75 miles an hour.

The Rubythroat can be seen mostly around the eastern part of the United States.

Robert Spencer 3

Willie Bookworm
Willie Bookworm has 176
circles so far. We have
it about half way around
the room. We hope to
get him around the room
one or two times before
school is out.

Mary Stipe-4

Miniture Village
We are making a miniture
village of Hastings Mill:
We got the idea from our
reader Singing Wheels.
We made the ground out
of sawdust, wheatpaste
and water. We are making old fashioned bridges
by using twigs. We are
making houses, mills,
stores and lots of other
things. If you wish to
see it come to Room 7.

Jed Roth-4

Maple Sugar Time
March was a time for
maple sugar. The first
warm days the sap would
rise up into the branches
and into the leaves.
when sap rises trees are
taped. On sugar farms
where there are maple
trees, men drill holes
in the trees and hang

buckets under the holes. On larger trees they can hang up to four buckets.

When there is enough sap collected they put it in a vat. Then they boil it until it turns into maple sugar.

Beckie Stehle-4

MISS WOLF'S ROOM REPRESENTATIVES Cheryl Hermes Kenneth Smith

Art

Friday the 15th we had art. We were supposed to tear an animal out of paper. When it was finished we raised our hand and showed it to the class. I made a giraffe and a rabbit. Then our teacher gave us white paper to make something and color it. I made a rabbit with a basket of eggs. All of us had fun.

Paul Yirga-4

Our New Spelling Game
We have a new spelling
game. The teacher pronounces the word and we
spell it. If we miss we
have to go to the end.
The one who is at the beginning of the line when
the teacher stops pro-

nouncing the words is the winner.

Bill Schmidt-4

The Elf And The Ogre Once there was an Elf named Tooter. He did not like living in the forest. He wanted to live in a castle. Toot thought he would trick an ogre into giving him a castle. He told an ogre he could jump off a cliff. The ogre tries to jump off a cliff and that was the end of him. So Tooter lived happily ever after.

MISS WOLFE'S ROOM REPRESENTATIVES Roddy Corbin Joy Wolfe

The Ear Friday, March 8, Miss Schuler, the speech teach-teen on Friday, Feb. 8, er, came to talk to us about the ear. She showedcafeteria and a boy got has the sudiometer and then showed us how it worked. She told us there are two different kinds of ear phones. One you put on the bone in back of your ear. The other one you put in your ear. She told us that the ear drum is just cells of skin. Another thing she told us was that some times when you lose part of your eardrum, they can scrape skin from another part of made some bread and we your body and put it in for your eardrum. We en- for science. So we had joyed the talk.

Our Butter Tale One day during geography lesson we got to talking about dairy products and who was born in northern we wondered if we could make any of them. A boy ortant because he attack- brought a recipe for but ter so we got our mater-Then ials and plans ready.

The state of the s Our first try we took turns mixing the cream. made with the Indians. if it would go back down into sour cream by putting it in a warm place, by the heater, but it still didn't work.

> The second try is when w got in luck. Mr. Secris brought us a bottle of cream and we let it set for a few days so it would get ripe and the butter fat separate from the liquid. At one-fifwe took it down to the to beat it because he brought in the beater. Finnaly Mrs. Stough brou ght out the electric beater and she beat it for a while, suddenly it started to look like yel low cottage cheese. The she took it out of the bowl and squeezed all th buttermilk out of it. She poured water ofer it and washed more out. Then we had butter, tasted good. Miss Wolfe had jelly that we made bread, butter and jelly.

> > Richard Foster-5

Joy Wolfe-5

MISS WOLFE'S CONT.

Jam In Science just before Christmas Miss Wolfe's students were studing how to make jam. One day Miss Wolfe said we could make the jam. So then the next day we were to bring hair nets to put over our hair so it would not get into the The next day every one forgot to bring a net. Some of us had a big piece of cloth in our desks so we put them on our hair and started to make the jam. We got a big spoon, two pans, some sugar, and some canned cherries. It kept getting thicker all the time. We kept stirring it for Finally about two hours. it turned into jam. a couple of weeks our class ate the jam on some home made bread Miss Wolfe made. It was sweet and oh -- so sticky.

> Denise Lentz-5 ****

Stars We are studing the stars. The stars groups we have studied so far are Cassiopeia, Big Dipper, Little Dipper, and Orion, We are making star maps and star finders. The sun is a star, too-a hot star. The moon is a cold star. The north star is on the end of the Little Dip-There are per's handle. seven stars in the Big Dipper, seven in the Little Dipper and eight in Orion.

Our Reports In geography we had reports on the Middle Western States. Two or three people had a state. They brought things on their states. I had Indiana. After we chose our state, we went to the library. We got some books on our states. My state had a great big beach called the Dunes. We drew pictures of the state bird, state flag, and the state seal. Indiana's state bird is the cardinal. We had real fun giving our reports.

> Diana Habecker-5 ****

Dates Of The Past We have something in our room like dates of the past. These dates aren't any old dates -- they're famous dates such a 1000, 1492, 1500, 1607, etc. Each of these dates stand for some important event such as 1000 stands for when Erie the Red or Leif Ericson landed on the New World's shore. 1492 is when Christopher Columbus discovered America. is when the colony of Jamestown was begun. first strung a wire across the front of the room. Then we hung paper clips on it and fastened up small cardboard squares with these dates on them. We drew pictures representing the colonies or something about the dates. These are to be hung on the front wall. Richard Foster is in charge of this project.

Our Colonial Village People in our room have been making colonial houses out of milk cartons. Some people brought in plastic animals. In the center of the village will be where the animals graze. is called a COMMON. Kathy Noblet and Robert White are in charge of the village.

> Debra Feeman-5 ****

Guess Who He was a leader of the first colony. He was captured by the Indians. If he hadn't made a certain rule, the colony would not have been successful. Before he was picked as leader, he was in chains. He was----. (HTIMS NHOJ NIATPAC)

> Steve Campbell-5 ****

A Famous American This man I chose lived with the Indians and learned their language. He made his living by trading. He said that each person should have the right to worship as he pleased, or even to stay away from church i: he wanted to. He said that the white men shoul buy the land from the Indians. He met some other white people that believed as he did. The group bought land from the Indians. They began their own colony. Who was this ma**n?** (SMAILLIW REGOR).

MISS WOLF'S CONT.

A Very Unusual Article Our teacher brought in an article that was most unusual. It told about a man who weighed seven hundred forty pounds. He said that the doctors said there was nothing cept over eating. He said that for breakfast he has two steaks and a gallon of milk. Fordinner he has a whole ham. Guess what he ate. for supper? Well, he had two chickens and four gallons of milk and three ham sandwiches.

Sarah Todd-5

My Spring Vacation On my spring vacation my family is going to join Walton Lake. It is in Crestline. At one part of the lake you can fish. At the other part you can swim, lay on the beach, and on the other side you can eat. This year they are going to make the beach bigger and build a bigger rest room. No dogs are allowed there unless they on a leash. We are going to go there almost covery day, The only meason my brother likes to go there is because there are toads, frogs, tadpoles, and fish. My sister goes to sit in the The trip was not only incar and eat cookies. I go to swim. It is very much fun there.

Spring is here. We can play out of doors. We will fly our kites. We will have fun.

Brian Ling-1

REPRÈSENTATIVES Joni Wells

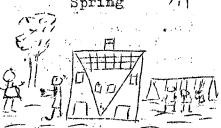

David Wittmer

Our Class

We all made ducks. But we took them down. And Some then we made fish. of the fish are happy. Some of the fish are pretty. Some fish are red. Some of the fish are yellow. I like them. I like Jimmy Willis. I like Carla Bell. I like bells.

> Karen Sprague-1 ****

Spring is coming March 21. Boys and girls will be playing outside.

> Larry Callahan-1 *****

Melody

I have a wiggley doll. Her name is Melody and when I hold her she wiggles. She makes me happy.

Susie Foster-1

Spring Spring is the nicest season of all. The gra is getting green and th flowers will soon be blooming. Best of all Easter will soon be her I like spring.

Tersa Martinelli-1

Spring I like spring, with the flowers and the birds that sing.

Carla Bell-1

Spring Spring starts in March. I like Spring because i is so warm and there are buds on the trees.

Easter It will soon be Easter and I will go to church for an early service. My Mother and Father wi: go too. We will all stay and have breakfast I love Easter.

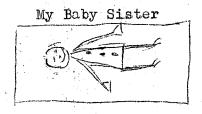

Keith Christman-1

MISS LINDBECK'S CONT.

I like Barbie. She is pretty. I love her.

Judy Broach-1

I have a new baby sister. Her name is Sandra Kay. She is only two weeks old.

Cathy Ann Ellsworth-1

My Family
I have three sisters.
Their names are Terry,
Joni, and Robin. I have
a Mother. I have a grandmother, too. I have
two birds, their names
are Homer and Petey. I
never missed a day of
school or of Sunday
School.
Be kind to one another.
A new commandment I give
to you that you love one
another.

Karen Sprague-1

An Accident
My dad travels. Last week
a boy was playing tag
and ran out in the street
between two parked cars.
The boy hit our truck,
He was 7 years old. Dad
was going 25 miles per
hour. The Police said it
wasn't my dad's fault.

Jimmy Willis-1

The Deer
Have you ever seen all
the deer at the Mansfield
Pumping Station? We go
there very often. They
have baby deer.

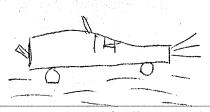

Keith Christman-1

Summer
I love summer. Summer is
fun. I play baseball
and I play with my
brother and sisters.

A Car I made a car. It is a Police car. It is a blue car, too.

David Wittmer-1

MRS. MEISTER'S ROOM REPRESENTATIVES Patsy Dopps George Geib

New Student
We just got a new student last Tuesday. His name is Ricky Simones.
He came from another school. He is our sixth student.

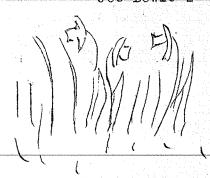

Jill Jeffries-2

The Woods
I like the woods. I can see the animals, the rabbits, squirrels, chi; munks, and the birds.
In the water I can see the fish. I can see foxes and bears, but they do not hurt me. I like the woods, and I like the animals, too. So if you come out some time you can see them with me.

Ricky Gaubatz-2

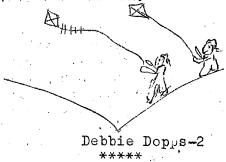

In The Summer
This summer our family
might go to California.
We might go fishing in
the ocean. And we
might go swimming. Our
dog might go, too.

Joe Bowie-2

MISS GRAY'S ROOM REPRESENTATIVES Joy Rothe Jeff Mosey

In March
I like to fly kites in
the spring time. I go
up the hill. And I go
down the hill. Jeantte
Batson likes to fly kites
with me. So we both
have fun in the windy
month of March.

Easter Bunny
The Easter Bunny will
soon be here. And when
he comes we will have a
lot of fun. Easter
comes on April 14, 1963,
Sunday.

Sharon Johnson-2

Our Hamsters
I have two hamsters.
One got away so we bought one more. Now we found the other one. So now we have two.

Jenny Seibold-2

My Dog
A day ago my dog saw a
cat. He ran after him.
The cat ran up a house
and then he ran down.
He ran away.

Gary Ruley-2

Roller Skating
Once I went to my Grandma's. I took my roller
skates. I roller skated.
Then I fell down and
hurt myself. I hurt my
arm and my leg.

Jeanette Batson-2

Summer Fun
Every Saturday or Sunday
my father and mother and
I and one of my friends
go for a boat ride. We
go swimming then we have
a little picnic.

Jeffrey Mosey-2

MISS McCORMICK'S ROOM REPRESENTATIVES Tarin Blaising Suzann Terman

Our Mystery!
Tarin Blaising brought a sponge and bowl with some birdseed in it. He filled it with water. A week or two ago we saw that green blades that looked like grass and clover were growning. We were very surprised to see it grow.

Phyllis Stentz-3

Our True Stories We wrote true stories. Some of them were funny The funniest was Rosemary Fuhrman's. She wrote about walking in her sleep. Rosemary's was the best.

Dana Rubush-3

Arithmetic Contest
In room ten we are hav
ing an Arithmetic Contest. Suzann Terman is
in the lead. Philip
Michner is in second
place. The contest will
end March 28. That day
Miss McCormick will giv
a big surprise to the
winner.

Bonnie Hedrick-3

Cactus Plant
We have a Christmas
Cactus plant. It is
blooming in March. Thi
is unusual for this kir
of plant. These plant,
are to bloom at Christmas. It may bloom a
long time. It has pinl
flowers and dark green
leaves. The plant is
very, very pretty. It
hangs over like a fountain.

Laura Martin-3

A True Story
For five years I lived
on a farm. I had a big
dog called Puff. One
afternoon Puff was bark
ing in the field. I ca
ed him to come to the
house, but Puff did not
come and kept on barking
I went to see what he

MISS McCORMICK'S CONT.

was barking at. I saw a black and white ball. I called my two brothers to see the cute little thing. I picked it up by the tail and Mike said he couldn't see the face so I pulled its head up. Then bang! It sprayed us all. The dog got hit too. I dropped it and we ran home. Mom didn't have to ask what happened. She could smell it.

So if you see a cute black and white ball of fur don't pick it up. It is a skunk.

Bruce Weirick-3

Camels
Camels can travel miles
on the desert because
they have water in their
numps. Some camels have
one hump. You can tell
how old a camel is by
their teeth.

Nature made the camels feet so they would not sink in to the sand. Camels make a crying sound that can make some ome hard of hearing. Camels are three colors, white, brown and black.

Bill Coe-3

MRS. CROOKS! ROOM REPRESENTATIVES Terry Sprague Robert Spencer

Joanne McKinley was the winner in Room 11 for Western Wind Up articles. She handed in eight. Perhaps someday she will be a newspaper reporter.

Room 11 Grade 3

We had a proof reading committee in Room 11. These boys and girls checked all the articles handed in. They are Lynn Packer, Robert Spencer, Terry Sprague, and Barry Bailey.

Mrs. Crooks

Experiments In school we have been reading our science books. There have been experime ments for us to do. One of them is to get one magnet. The poles have a north and south on them. Then put the knitting needle to some pins. They do not attract the pins. So put the knitting needle at the south side of the magnet. Then you put the knitting needle to the pins and it will attract the pins and you will have a magnet. · CAR No. TENDERS

Our Portraits
We made portraits of o
selves, in the same
clothes we were wearin
I think Joe Leaf's was
the best in boys. I
think Pamala Lawlas'es
was the best in girls.

Spelling
Last week we had 21
people on our Honor
Roll. Their names were
Craig, Sandy, Joanne,
Pam P., Pam L., Michell
Charles, Joe, Lynn, Joe
Barry, Linda, Joyce,
Robert R., Mickey, Terl
Debbie, Chris, Randy,
Robert S., and Kim.

Honor Roll
We have an arithmetic honor roll. Terry
Sprague, Sandy Peay and Lynn Packer got their name on it because they got A's. Chris, Bobby Debbie and I got put on the Honorable Mention.

Joanne McKinley-3

John Stanley
John Stanley came from
Kentucky to Grubaugh
School. When it is tim
to play he does not pla
rough. He draws nice
pictures, too. John
Stanley is a nice boy.

Mickey Shaull-3

MRS. CROOK'S CONT.

The Human Body The human body has thirty-three back bones and twenty-four rih bones that hold up the chest. There's a breast-bone in front. It is part of the chest, too. You. have many, many, bones in your body. There are bones in legs, knees, ears and toes.

You have many organs in your body, too. Each organ does a special thing. Your heart is an organ. It is working all the time when you're eating, when you're resting, When you:r running or when you're playing.

Barry Bailey-3

Spring The other day I saw a robin. He was big and fat and seemed very happy. It was chirping and was probably calling to other birds. There is a smell of Spring in the air. All of the snow is melting and the grass is getting green. The days are getting lenger and the sun is shining brighter. The temperature is reaching 50 degrees where it used only reach 30. The water from the melted snow is evaporating. Children are playing outside almost every day. They are riding their bikes and playing 4.8g.

Our Trip We went to West Virginia, Friday. We had fun. Thereblind people. Dogs pull was a flood in West Virginia. It was lucky that we weren't in it. We saw houses that were flooded. We got to go in a flooded house. We saw a gas station fall over the hill. Our grandmother brought some hens. They laid eggs 1 in. long. Then we came home from ourself. trip. 4 5 25.

Robert Robertson Rodney Robertson-3 ****

My Sister My sister name is Laurie. She is 6 months old. She has blue eyes. She has long hair. Mom said she was going to put her hair in a Toni. I hold her a lot. She sleeps most of the time. Laurie is cute. She pulls my hair a lot: She pulls Timmy's hair, too. But he does not have much hair. She pulls my mom's hair too.

My Brother My brother's name is Timmy. He is two years old. Timmy and I fight a lot. Most of the time I win. But sometimes he wins. One time I cut my gum. It was Sunday, March 17. I told mom and he had to sit in a chair.

Linda Hooks-3

Helpful Dogs Seeing Eye dogs help sleds up North. Some dogs help find lost people. Dogs scare burg lars away from your home. Dogs do Police work, too. Some dogs do farm work. Some dogs chase the cows and sheep into the pasture or the barn yard. Some dogs like Army dogs carry messages in war. Dogs have two sets of teeth. They are milk teeth nad permanent ones.

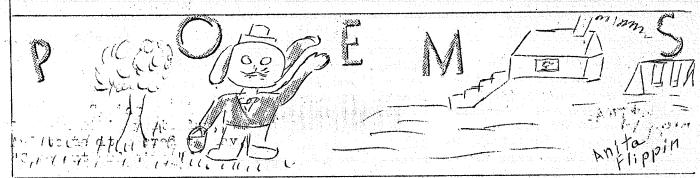

> Joyce Sheetz-3 ****

My Dog A dog is a very nice pet. I have a pet. Her name is Bootsie. She is six years old. She is small but smart, She is a pug. She does not like cats at all. She was in a fight once and she is: bad when she does that.

Pam Patterson-3

Seeing Eye Dogs A seeing eye dog is a German Shepherd As seeing eye dog is trained by a dog school He helps the blind people find their way through dife. They will not obey a command that would be dangerous. They obey only their master. Joe Leaf - 3

Spring I saw a robin yesterday, To me it seemed to say. "Come out and sing." "It's so near to Spring."

Spring's so gay, Come out and play. The grass is green, The sky is blue. I will come out, And play with you.

Spring Spring is a season of the year, When people gather round To tell about the winter queer, Or when they were snow bound. And when they thought spring was here, Snow just tumbled to the ground, But now at last spring is here.

> Paul Yirga-4 ***

A Poem When I'm on the merry-go- GGone is winter round. I go round and round h With a frown, with a frown. To be found on the merry go-round.

> Jill Jeffries-2 ****

Let's take a ride beyond the moon. I hope we get there soon. We will go in a rocket ship. And get there in a zip. We will go past the stars That look like little cars. Spring is here. Let's take a ride beyond

Outer Space

the moon.

Jerry Duckworth-5 ****

My Teacher My teacher is like a creature. She likes to dance and prance. Her teeth are white, What is her height? I don't know, But that's the show.

> Debbie Steverson-3 ****

Spring Now it's spring When you hear the churc! bells rin And the birds that sing When its spring the flo ers bloom Then the days no longer gloom.

Debbie Gilbert-6 **** Spring Winter is gone, The birds are singing a song. The weather is clear, That's the sign that

> Bill Schmidt-4 ****

Easter comes in April, Flowers come in May, But you can come every In the month of May.

> Judy Oberlin-2 ***

The Beach I like to go the beach We play, We're all gay, We usually go in May And stay More than a day.

Spring Some day Spring will come, Spring is here And everyone will have some fun. To see the sun every day, And run outside to play. Every little child will sell, Water from the big gray well. The birds will chirp so cheerfully, And children will laugh Happily.

Gay Longshore-5

I run and run my bicycle, My bicycle, my bicycle. I walk and walk and walk My bicycle, my bicycle, All around the town.

Deborah Kindinger-2

Spring. Spring-spring You can see Birds will sing Like you and me. . Flowers will grow, In their garden beds, And soon they'll be lifting, Their beautiful heads.

Spring I'll give a cheer The birds will sing Because it's spring.

It's spring today Watch the children play. Watch the kites fly high. Way up in the sky.

Gina Cox-5

I saw a mouse That lived in a house. I saw a cat That had a rat. The cat was standing on a mat. Oh! the cat had on a red hat.

> Susan Stentz-2 ****

Spring Spring will soon be on its way. That will be a happy day. The children will sing • and shout While the mothers work · about. Snow will melt into water. Then the days will be

Spring Is Here When spring comes around the corne: And the weather gets warmer, When the flowers sprout: up around the lawn And in the park swimmin are the swans.

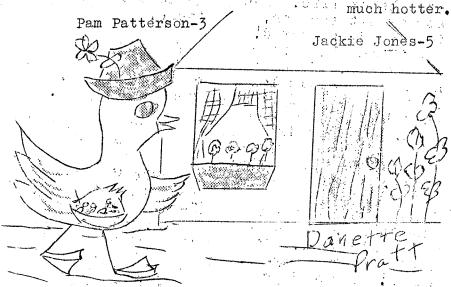

In the spring when my friends come out. We run, and hop and ski and shou While we run an skip about We play games as we shout

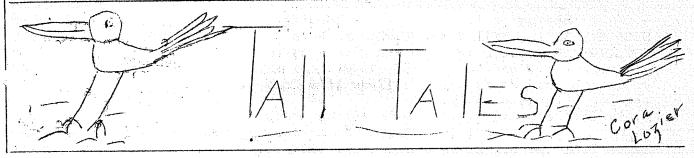

Spring is a wonderful time of the yea When little children . play and cheer. In the yard the flowers smell sweet, In the dark we play hid and seek.

The breezes are so very cool, Just like swimming in a pool. In the Fall trees leave fall down, But in the spring they get a new go

I love spring because I get spring. And the birds songs are so ringy. Oh, yes the spring is very nice, It's better than skatin on the ice.

Marilyn Yirga-6

Tall Tales
I know a boy who
found a nickel. He
went to a store called Joe's. The boy
bought a lollipop.
The man said that
will last for three
days or more. The
lollipop did last for
five days.

The boy got fatter and fatter and fatter. The next day at school he took the lollipop with him and it got heavier and fatter and fatter and soon it was so big that he couldn't eat it any more.

Patsy Dopps - 2

A Make-Believe Story
Once upon a time in
a far away land there
lived a princess
named Lynn. She
laughed all the time.
One night she was
reading a book about
Santa Claus. While
she was reading a
burglar came.

He said, "I want your money."

Lynn said, "Hi, Santa Claus" and started to sing "Jingle Bells".

Then she gave him the money.

Terry Sprague - 3

The Deadly Thing
"help, fire"! yelled
the scientists of the
Bomb Co. Boom!!! went
a part of the building.
"Help, carbon monox-

ide" yelled someone suddenly there was a flash of light. The heat was burning hot! The Bomb Co. was gone!

I ran for help, I saw streaks of fire. One streak hit the car, the car disappeared. I saw something black in the sky. It must have been a mile long. It flew away. I might as well tell you who I am. My name is Dodger. I am a spaceman. I went home that night.

I met a man who said
the thing was made of
sulphuric acid. It
could destroy anything! A few days
later, I blew up my
lab. I saw something
glowing. I had invented something that
killed "The Thing"!

Timmy Christman - 4

Charley Cold
One day a cold germ
was born. His name
was Charlie Cold. H
found a home in me.
As he got bigger he
went down farther in
me.

One day when he was an adult he sneezed and he made me sneez That's when my cold started.

Day after day it got worse. Then one day I had to go to the doctor. Oh my! He said I would have to go to bed and stay there.

A few days later Charlie died and my cold went away. I was really glad.

Kathy Noblet 5

Who Was He
He's the man who sai
"He who will not
work shall not eat,
but the sick shall
eat, but everyone
else must gather
food." He was captured by some redskins and taken to
their chief, His lif
was spared.

By Susan Willis
Find the spoon, music note,
toothbrush, boot, and ski.

6 tbsp. butter
3 well beaten eggs
1 tsp. milk
2 cups sifted flour
1/3 tsp. salt

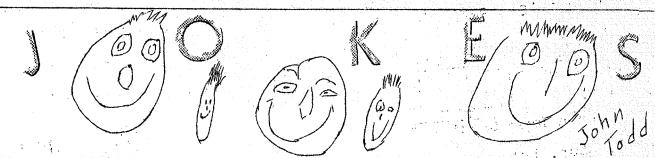

3 tbsp. cocoa
½ tsp. salt
2 tsp. baking powder
2 tsp. vanilla

Cream butter, slowly beat in and blend sugar and cocoa. Add well beaten eggs. Add sifted dry ingredients alternately with milk and vanilla. Blend well. Drop by teaspoon on an oiled baking sheet, allow room to spread.

Bake about 12 minutes in a 375 degree F. oven.

Joyce Dale - 5
