SNOWBALLING

Boys and girls, do you know that snowballs are dangerous? If you throw one, it may hit someone's eye and hurt them.

On the playground, do not throw snowballs, for your own good.

PLEASE BE CAREFUL.

NEW PATROL

The new patrol includes Richard Livensparger, Jack Carson, Richard Romy, Mike Bishop, Tommy Boyd, Dennis Tricolf, Derik Kent, Jack Hountz, and George Nickles.

The lieutenants are Ricky Heckert and Ellen Garrison. The Captain is Barbara Hines.

We hope the new patrol people like their job.

GROUND HOG DAY

On the second of February is Ground Hog Day. The ground hog is an animal that hibernates during the winter months.

On February second, he rouses from his sleep to see if spring has come. If the sun is shining and he sees his shadow he gets scared and goes back in his hole. If he does go back in his hole, it usually means six more weeks of winter. This is really an old Indian legend.

THOMAS ALVA EDISON

Thomas A. Edison (1847-1931) is generally recognized as the greatest inventor in history because his inventions have had so great an effect on our lives.

His electric light bulb, phonograph, the motion picture machine became known in every inhabited part of the earth.

His success as an inventor started during the Reconstruction period that followed the war between the States. This was an especially favorable time for his inventions. The theory of electricity had been developed enough to make people realize that it could be useful. There was a need for mechanical improvements. During that period industry and commerce had plenty of resources and money to put into new ventures.

"HONEST ABE" LINCOLN.

Lincoln was born on February 12, 1809, in what is now Hodgenville, Kentucky. In 1813, he moved to Knob Creek, Kentucky. He had to split logs, plant corn, and pumpkins when he was only 10 years old.

This poem was found in his copy book:

Abraham Lincoln, his hand and pen
He will be good, but God knows
when.

At 22, he ran a ferry boat. He was very delighted when he earned a dollar. Once he worked in a store and he short changed a woman. He walked 11 miles to give the woman her right change. That is how he got his nickname "Honest Abe". Soon after, the store went bankrupt.

Lincoln had no place to go so he studied to be a lawyer. He was in love with Ann Rutledge but she died, he was very sad. After that he married Mary Todd.

In 1860, he was elected president. Lincoln tried desperately to keep the slavery issue from splitting the country but on April 12, 1861, southern troops took Fort Sumter. In 1863, Lincoln issued the Emancipation Proclamation. Months later in Gettysburg he gave his Gettysburg Address.

One evening he went to the Ford Theater. He was sitting in a box when John Wilkes Booth shot him. The next day he died. Everyong was sad at his death.

A STORY OF GEORGE WASHINGTON

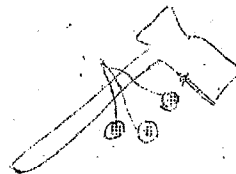

George Washington was born on February 22, 1732, at a farm in Virginia called Wakefield. Washington's birth date is figured by the new or Gregorian Calendar which Great Britain adopted for itself and its colonies in 1752.

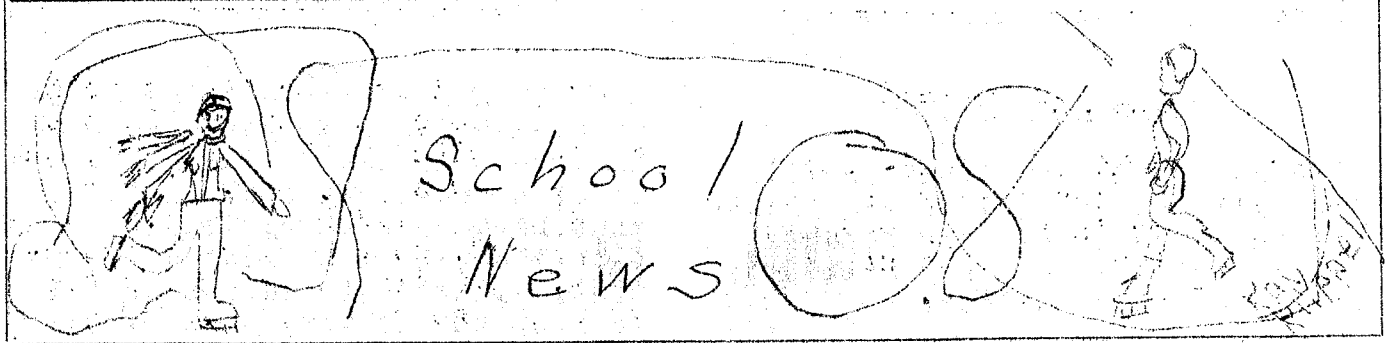

George was the son of Augustine Washington and Mary Ball Washington. The Washington family was large.

Augustine Washington had a family of three sons and a daughter. Not long before Washington was born, his family moved to the Terry Farm on the Rappahannock River.

Washington became President in 1789 to 1797.

TUMBLERS GO TO ASHLAND

January 26, Mr. Strino took some of the tumblers to Ashland High School at 2:00.

They are also going to Portsmouth February 15th. They are going to tumble here in Mansfield February 27th.

SPRING MUSIC PROGRAMS

On March 14th, the violin classes will play for our Mothers' Club.

All of our players will play different parts in the program.

On May 16th, the combined Spring Orchestra and the Band program will be given at Applesced.

-Pam Ziehm - 5.

THE CAFETERIA

Mrs. Stough and Mrs. Bradrick are cafeteria cooks.

The helpers are in the fifth and sixth grade. The ones from the fifth grades are Bobby Lewis, Sheila Jewell, Miriam McCullough, Sandra Boenau, Lester Vnasdale, Jimmy Lewis, Paul Theaker.

The ones from the sixth grade are Patty Schillinger, Polly Schillinger, Timmy Weldey, Naomi Biddle, and Donna Huffman.

-Sandra Boenau - 5.

THE MAGIC SWORD

The PTA Council sponsored a Marionette Show, "The Magic Sword," down in our school auditorium. The whole school came down and watched it.

The Magic Sword was about a prince who was afraid, afraid of everything - even a little bee that flew into the throne room. The prince's name was Michael. His father had died and he was supposed to be king and marry the princess but he was afraid.

One day a knight came riding to the gate. He said his name was Sir Sealwag. He was here to take the throne away from Michael and be king.

The show ended very happily for the prince and princess.

Barbara Crumrine-5.

THE MARCH OF DIMES

Every year thousands of men, women, and children are stricken with polio.

Then the March of Dimes goes to work. Mothers' march at night to get dimes and dollars. There are banks and coin slots to put your dimes in.

I know what it is to have polio because I had it for 18 weeks. Even a minor case of the disease is dangerous and will bring many sorrows and tears.

So, give to the March of Dimes and help helpless men, women, and children that are in the iron lung and hospital beds.

SPECIAL STUDIES

Every Monday at 1:15, I go down to the stock room.

There I learn more about these following things from Mr. Divelbiss:

Microscopes

Magnetism

Musical instruments

Famous people

Dinosaurs,

Flowers

The Stone Age

Glass

Iron and Steel

Sculpture

Many other things.

Mr. Divelbiss teaches fourth, fifth, and sixth grades. He has nine pupils in Grubaugh. I made a slide of a piece of grass to look at under the microscope. It looks like this:

PTA FISH FRY

The Annual PTA Fish Fry will be held Tuesday evening, the 14th of February on Valentine's Day.

Promptly at 6:00 P.M. the following menu will be ready to serve:

Fried Fish

Chips

Cole Slaw

Pie

The meal is free, all you have to do is come to the school to get it. Stay for the program after the Fish Fry, if you can.

The Program will be a talk by Judge G.E. Kalbfloisch, Richland County Common Pleas Court about

THE NEW DOMESTIC RELATIONS COURT.

Time: 7:30 in the Auditorium.

-Juli Belcher - 5.

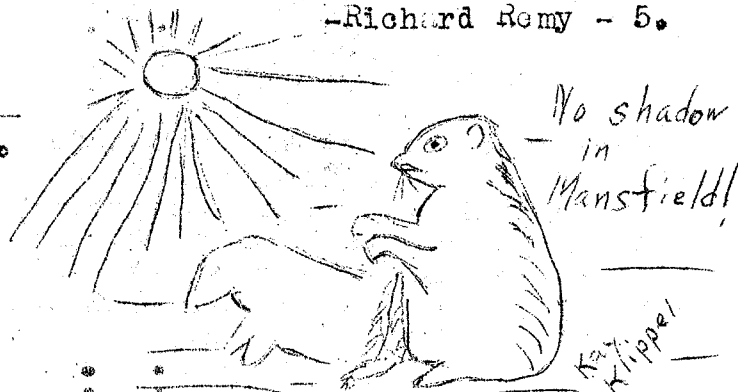

GRUBAUGH MOTHERS' CLUB

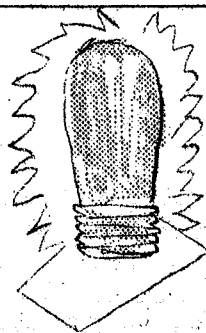

February 15th, 1:30 P.M., Wednesday afternoon in the Gym there will be a brief business meeting before the program.

The program is on Feminine Hygiene. A film to be shown under the direction of Mrs. Feigenbaum, our school nurse, titled "Molly Grows Up".

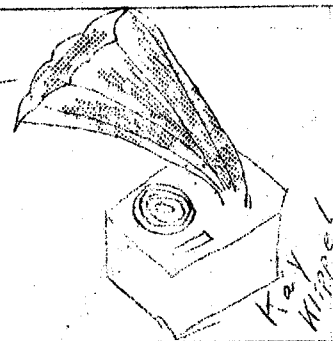

Refreshments are to be served by Third grade mothers.

PRODUCT MAPS

We are making product maps in Mrs. Sherman's Room. A product map is a map that you put products of the place that you have drawn on your map.

Each row has to make a map of a Canadian Province and furnish them with the products of that province. My row did British Columbia. We put copper, lead, oil, pine cones, pictures of trees, logs, pictures of fish, dairy products, paper, fruit, potatoes, vegetables, flour, lumber, newsprint, and coal on our map.

We also put rubber sheep, cattle, hogs, and chickens on our map. Meat, the words zinc and gold, clay products, wheat, oats, hay, and silver are on the map, too.

Ellen Garrison - 6.

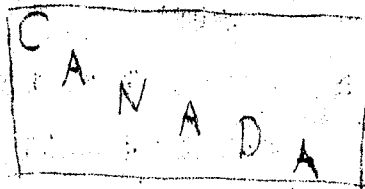

FOLDERS OF CANADA

Mrs. Sherman's sixth grade made folders of Canada for Geography.

We were given a list of important things to look up about Canada. Each one of us wrote our reports in ink. Then we made folders with the word "Canada" on the front.

Karen Lang - 6.

LATIN AMERICA

In Geography, we have been studying about Latin America. It includes Central America and South America.

We have talked about some explorers. Some are José de San Martín, Simón Bolívar, Cortez, Bernardo O'Higgins, and Pizarro. They are all interesting.

We enjoy studying them.

Patty Schillinger-6.

SCIENCE MAPS

In our class, the boys were to make some tests of soil.

Two of the boys made two trays that would hold soil and water. A screen was placed in the front of them to let the water out. There are two pans to hold the water when it comes out of the tray.

We now are waiting for the snow to melt to get the soil.

-Ronnie Minard - 6

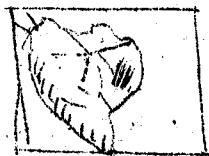

SALT MAPS

In Mrs. Sherman's room we are making salt maps. The maps are of South America.

To make a salt map or picture, you first draw your outline. Then you put two coats of shellac over your cardboard which your drawing is on. After that, you put

Mrs. Shorman's Room cont'd.

a little over 1/2 cup of flour, some alum, and 2 teaspoons of salt in a coffee can with some water. You mix it until it is stiff. Then you put it on your map about 1/2" thick. You then build up your mountains and plateaus. After it is dry and hard, paint the rivers, mountains, etc. Here is something of what it might look like:

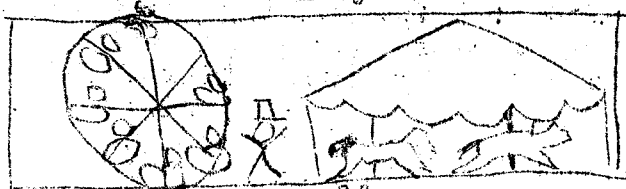

AT A FAIR

In our room I'm drawing a frieze of a fair. It has a ferris wheel and a merry-go-round. We are not done but we want to put in everything a fair has.

In our reading book, the Hardings need some money so they work at a fair. They have fun and adventures. This is where we got the idea.

Mary Cover - 6.

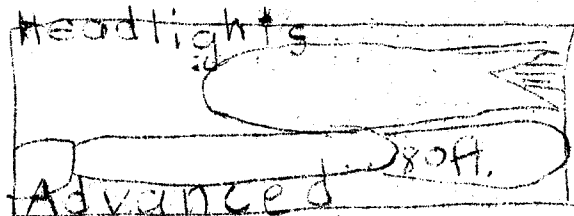

WORLD NEWS MAP

Every week we have a World News Map.

There are many interesting notices on it. This week the very most important one is on car safety. It tells about the new safety belts, headlights farther advanced, new steering wheel, different kind of locks, and padded visors. These are all for safety.

In 1955, 38,500 people died. This is far too many.

Diano Gertel - 6

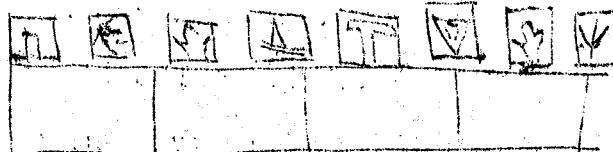

COLORED CHALK PICTURES

Our room made colored chalk pictures.

First, we drew a picture that we read about in our reader. Then we picked different colored chalk to color our pictures. We dipped the chalk in water.

When the pictures were finished, we hung them above the black board. They looked very nice. Mrs. McGready said that we might dip our chalk in buttermilk the next time rather than water.

-Jimmy Contral-6.

FORWARD, COMMANDOS!

This book was written by Margery Bianco.

The most important characters were Red, Jimmy, Tommy, Kit, Banty, and Pop.

I liked the book because it was interesting. The part I liked best is when the boys were playing Commandos in the woods. They had put dark mud on their faces and were ready to go. They got into the rowboat and started on their way. They got out of the boat and climbed up the bank. Then they bumped into a soldier.

If you want to know what happens, you will have to read the book. You can get it in Room 12's Library.

A TRIP TO THE FURNACE ROOM

Not too long ago, Miss Miles' Class took a trip to the furnace room.

We learned about the gas motor there. Also, we learned about the water heater.

In the furnace room is a big tank that holds 700 gallons of water for the water heater. Mr. Bright opened the two small doors to let us see the fire. It was hot! He also told us about the stoker and how it worked.

Mr. Bright told us what would happen if a fire broke out.

-Jon Shafer - 5.

TAPE RECORDINGS

The children in our room have been saying poems on the tape recorder.

After we say the poems on the tape recorder, we listen to them and then correct our mistakes.

-Pam Ziehm - 5.

TRIP TO KINGWOOD

On Friday, January 6th, our Class went to Kingwood Center. We went to see the Art Exhibit.

My favorite picture was Number 8, called "Symbols." In the picture, it showed two children standing by a church with a windmill and flag in their hands.

After we had finished looking at the pictures, we sat down and discussed them.

When we started to come back to school, the lady that showed us around asked us what picture we liked best. When we told her, she marked it down on a piece of paper.

-Julia Belcher - 5.

MY LETTER ABOUT FIRE

PREVENTION.

In our room, we are studying about letters to write.

I went home and sent my letter to Washington, D.C., about fire prevention. They sent me back a few books and pictures about fire prevention. I took my books and pictures to school and showed them to my Class.

-Bobby Lewis - 5.

OUR LIBRARY RECORDS

Miss Miles' Class is keeping records of the Library books.

We have sheets of paper with a place to write the name of the book, the name of the author, and the date you finished reading the book.

So far this year, I've read fifty-six Library books. My favorite book I've read is Little Women by Louisa May Alcott. It is about four old-fashioned girls that lived in the 1800th century. They were Margaret, age 16; Jo-15; Beth, 13; and Amy, 12.

The character I like best is Jo because her personality fits me.

-Kay Klippel-5.

BARBARA FROM AUSTRIA

Barbara Weidlo came by boat. She likes school very much.

She lives at 26 Western Ave. She has a sister in Canada, and in Austria. Her Mother and Father and two sisters are here in America. She came to America two weeks before Christmas.

-Miriam McCullough-5.

ICE SKATERS' FRIEZE.

In our room we made a frieze. All the children in the room drew themselves on the frieze and then painted their figure.

MISS MILES' ROOM cont'd.

We got 32 children on the frieze. We made them in many sizes. If they were little, they were far off in the background.

-LINDA GRIMM-5.

SUET FEEDER

Our room has a suet feeder.

A suet feeder is a piece of log with two big holes in it. We filled it with fat and different seeds. It is hanging outside our window. It is there to feed the birds.

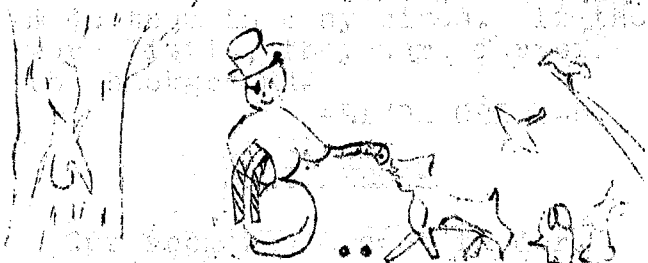

Stephen Hobson - 5.

SNOWMAN FRIEZE

We have a snow man frieze. The girls in our room made it.

There is a big white snowman with a yellow scarf, a big black hat, and two candy canes. There is a little fawn, a wise old owl, four red birds, six rabbits, and two brown squirrels.

-Sheila Jewell-5.

OUR SPELLING TOURNAMENT.

We have a spelling tournament in our room.

Judy Porter and I are the captains. Judy's team is the Ohio Champs. My team is the Busy Beavers. We are ahead by 27 points. They have 132 points and we have 159 points. We count up points at the end of the quarter then the losers have to put on a play or entertainment for the winners.

HOW TO BRUSH YOUR TEETH

Be sure to brush your teeth in the way they grow, downward from the gums on the upper jaw, and upward from the gums on the lower jaw.

Remember that you brush your teeth to get out the bits of food which may be between the teeth and in the wrinkles on the tops of the crowns. This helps to keep your teeth safe from decay.

-Rebecca Vinsdale-4.

SLED RIDING

One day my Dad and I were over at Middle Park.

We went down the hill and were headed for the creek. I was on his back. We went down the hill and could not turn. We both fell off. The sled went into the creek. We were not hurt.

INDIAN SCHOOL

On my vacation to North Dakota, I went to my Uncle's school.

He taught first, second, and third grades. I was only in the third grade and I wanted to see how the Indians learned. My Uncle knew Indian signs. He put me in third with the Indians.

I could not read History. I could not read the reader. I could not read any of the books.

TOMHAWK HEAD

Friday Jimmy LeMonyon and I were hunting tomhawk heads along the creek.

When we were hunting, Jimmy found an arrowhead. About 30 minutes later Jimmy found a tomhawk head. When we were about to go home I found a tomhawk head.

SEVEN DAYS OF BAD LUCK

Monday, the sewer went bad. Tuesday, the dryer broke. Wednesday, the record player broke. Thursday, my father sprained his shoulder. Friday, my mother pulled a muscle. Saturday, my brother fell down the stairs. Sunday, the dog got sick.

Sharon Ann Shaul-4.

OUR TRIP TO TEXAS

We started out Thursday night. Then our muffler and our motor went bad. We had them fixed.

It took us six days to get there. When we got there, we saw a real big star on a mountain.

We had friends in Texas that we would stay with. Then we found their house. The next day their boy and I played with his boy friends.

We saw Carlsbad Caverns.

MIMI

I have a cat named Mimi. We like him very much. He was born in August. I don't know exactly which day he was born. He is half a year old now.

He likes to run and play. Sometimes he bites us a little and scratches us but it doesn't hurt us because we like him. Sometimes he jumps up in the air very high. We laugh at him when he does funny things.

He is a cute little kitten.

CHALK PICTURES

We made snow scenes with white chalk. Some of the scenes were snowmen, pine trees, houses, children skiing, sled riding, and Santa in his sleigh.

SPOT PICTURES

First, we put a spoonful of black paint on a piece of paper. Then we folded the paper and pressed it down. When the paint was dry, we made a design around it with crayons.

MISS WOLF'S ROOM cont'd.

SPELLING CONTEST

We stand up and spell orally. The person who can stand the longest is the winner for this day. We try to see how many times we can be a winner.

A TASTE OF COCONUT

Ricky Owen's Father went to Florida. When he came back, he brought us a coconut. When Miss Wolf got it cracked, we all had a taste.

Some of us thought it was good and some did not like it. Ricky went back to Florida with his Father in a plane. He is going to school down there now.

IN A BAD SPOT

Once I was out to my Uncle's house on my vacation. I was getting some corn for the pigs to eat. The door on the corn crib had a latch on it so you could lock the door. Then all of a sudden the latch fell. I was locked in the corn crib!

I couldn't open it so I called for help. No one came. By that time it was getting dark. I called for help once more. Then my Uncle came and got me out.

I never went after corn for the pigs again.

Vicki Lynn Zartman-4.

MY TRIP TO THE RAILROAD STATION

Early one morning I jumped out of bed and got dressed very quickly. Then I went down to breakfast. I was going this morning to a rail-

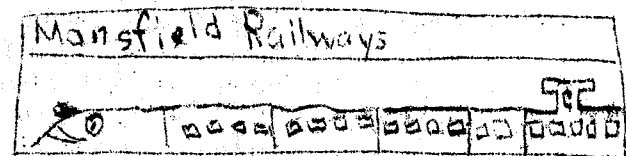

road station to see my Aunt and Uncle off for California. I ate my breakfast quickly.

Soon it was time to go. My family and I got into the car. In a few minutes we got there. I saw my aunt and uncle in a railroad shelter. I said "Hello" to them and then my cousins (who had come along, too) and I decided that we would have some fun.

We went in an under-ground tunnel and came out on the other side. Just then a train started down the tracks. Decided we would count the cars. There were 103 cars on that train.

Just as we finished counting the cars on one train, another train came. We were so frightened that we almost fell on the track. I wonder what happened if we would have?

Joan Bryner-4.

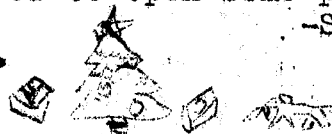

MY DOG'S LOVELY CHRISTMAS.

The night before Christmas I was so excited I forgot to wrap my dog Blondie's Christmas gift.

I was dancing all around when I suddenly thought about my dog's present. I hurried as quickly as I could. I ran to the kitchen to get the gift. I wrapped it all up and set it under the Christmas tree.

The next morning when I woke up I heard all sorts of noises. I got up to see what it was. I saw that Blondie had smelled the Dog candy which I had gotten her. She had torn the paper off of almost all the presents. We did not spank her, though. After all, she wanted to open some presents.

MY PET COON

I have a pet coon.
We call him Feller.
He is very playful.
He plays hide and
seek with me. What
he likes to eat best
is cookies.

-Daniel Sipe-2.

FUNNY CLOWN

Once I saw a clown.
He was funny. He fell
down. The dog helped
the clown up.

Then the clown tried
to ride a donkey and
the clown fell off the
donkey.

The clown tried to
ride a pig. He got
in to everything.

And that is all of
the story.

THE CIRCUS

Once upon a time I
went to a circus and I
saw a little pony and
I saw a monkey and he
was doing tricks. I
saw a clown and a pig
and I saw a horse.

NORWAY

We are reading about
Norway.

There are mountains
in Norway, too. Some
mountains are so high
that they go past the
clouds! Waterfalls
sometimes tumble down
into the lakes.

WASTEPAPER BASKETS

Our class made waste-
paper baskets for our
mothers' Christmas
present.

It was fun to make
them. Mr. Radick gave
us ice cream boxes to
use to make them. We
colored big pieces of
paper. We pasted them
on the wastepaper
basket and painted over
them with black paint.

They were very pretty.

-Gary Wade - 3.

MEMO PADS

We made some memo
pads for the Red Cross.

We received a letter
from Miss Schiller.
They liked the memo

pads very much. We
made 100 memo pads
for hospitals. We
made Christmas memo
pads and Valentine
memo pads.

Patty Boner - 3.

WINTER FUN

I made a snowman
the other day. He
was a funny one.

I also took care
of a little girl. Her
name was Sally. She
is four years old.
She liked the sled
ride I gave her. We
went up and down the
hill.

SNOWFLAKES

Our class made some
snowflakes out of
paper.

We folded the paper
about five times. They
were all very pretty.
There are no two snow
flakes alike in the
world. Some time if
the snow doesn't fall
hard, you can see the
shape of the snow
flakes.

GEOGRAPHY MAGAZINES

We have some Geography Magazines.

They have some colored pictures in them. I like the pictures about the flowers. We like the magazines very much.

Kay Stinehour-3.

GOING TO KINGWOOD

We went to Kingwood to see the pictures. We saw pretty pictures, funny pictures, sad pictures, and many other kinds of pictures.

The one I liked was named 'Flowers' In A Vase'. It was a picture of flowers in a vase. It looked real.

Linda Lothamer-3.

NEW SONGS

We have learned some new songs.

They are Where Do All The Daisies Go?, Old Molly Harp, Skating, The Crooked Gun, Mrs. Ducky Daddle, and The Days of the Months.

OUR RED CROSS BOXES

When we filled our Red Cross boxes, we had a lot of things in the boxes.

We had little cars, combs, little dolls, tooth brushes, a yo-yo, and a lot of other things, too.

I think the children over seas will like these things very much.

Billy Simmons-3.

NEW BOY

We have a new boy in our room. His name is Wolfgang Hoidrich.

He came from Germany. We like him very much and we hope he likes our school.

BOOK CORNER

BEN AND ME

This book is my favorite. One scene in it is when Benjamin Franklin is in France. The little mouse that lives with him goes along.

They find a lady mouse in distress and try to save her. They gather an army and try to fight the palace mice. They finally overpower the palace mice.

YONIE WONDERNOSE

Yonie Wondernose is a very good book written by Marguerite De Angeli.

Yonie is a little boy of seven. He lives on a Pennsylvania Dutch Farm.

Yonie was a very curious boy. He would stick his nose in a pot of food. Even if he burnt his nose he would sniff again. That's why his father called him Yonie "Wondernose."

It was in the night that the barn caught afire. Yonie raced outside.---

Read the book if you would like to know the outcome of the story.

Dear Diary,

Wednesday our Brownie troop went to the Coliseum. We skated from 3:20 to 5:30 P. M. Some of us could not skate very well. When we left we could skate pretty well. A few of us got our knees banged up.

Kay Griffith - 4

Tom: What has a "pane" but
cannot feel it?

Fred: A window pane.

**

Jim: Father, can you change
a 25¢ piece?

Father: Yes.

Jim: Then will you change it
for a dollar?

**

A CHEMISTRY LESSON.

Pam: One day in olden times a
man brought to the King a
small bottle which he said
contained a chemical so
powerful that it would dis-
solve anything it touched.
How did the King know the
man was lying?

Kathy: If the chemical dissolved
anything it touched, it
would have dissolved the
bottle.

**

Now, Toddy," asked Miss Ames, "To
what family does the whale belong?"

"I don't know," replied Toddy. "No-
body in our neighborhood has a
whale."

**

Saundra: I heard you are a
magician.

Eddie: The only thing I can make
disappear is money.

Penny: Why are the soldiers tired
on the first of April?

Barbara: Because they just had
a long "March".

**

Joe: Why did the men take the
ladder to the baseball game?

Fred: Because the giants were
playing.

**

Mother: Johnny, I hear that in-
stead of going to Sunday
School this morning you play-
ed baseball.

Johnny: That's not true, Mother,
and I have a string of fish to
prove it!

**

Mary: When is a clock dangerous?
Anne: When it strikes one.

**

Larry: Why is Sunday the strong-
est day in the week?

Eddie: All the rest are week
days.

**

Janet: Why is a cake like a
baseball game?

Juli: Because they both need
batters.

**

Elinor: How many soft boiled
eggs could Goliath eat
on an empty stomach?

Sue: One. Because after he ate
the first one his stomach
wouldn't be empty.
