BlaisingREGISTRATION
1973-74

All children that are not in kindergarten this year may register on April 4, 5, 6, 1973.

To register, you must bring your child's birth certificate and immunization record.

There will be a full page in the Mansfield News Journal in March giving the details for registration. Be on the look out for that announcement.

Steve Purvis-5

SCHOOL BAND

Every Wednesday at 2:00, we have a band. Everyone who plays an instrument is in it. We have it in the cafeteria. Now we are playing Tenderfoot. We have 5 flutes, about 15 clarinets, 6 trumpets, 4 saxophones, 1 slide trombone, 5 drummers, 1 cymbal. Mr. Kramer is our leader.

Jennifer Hazen-5

GRUBAUGH
MOTHERS' CLUB

February 21st is the Mothers' Club next meeting in the school auditorium. The kindergarten children will give the program for the mothers.

John Myers - 5

SPRING VACATION

All teachers will be attending N.O.C.T.A. meeting in Ashland, April 16, 1973.

There will be no school April 16 through 20. It will be our spring vacation.

Jennifer Hazen-5

SCHOOL PICTURES

The school pictures were taken in January. Most pictures turned out very well. The school pictures' cost is low. Take advantage-buy all your pictures.

If you do not bring in your money, be sure to return the pictures.

Steve Bailey-5

PTO MEETING

The next PTO Meeting is in April. They will be having home made pie and home made ice cream.

The PTO meeting for the chilli supper was a great success. Best thanks to all of those who baked, helped, and who came to the chilli supper.

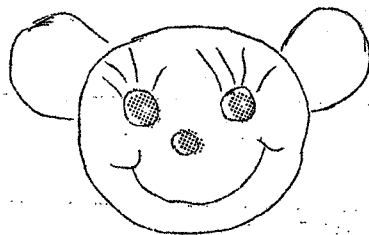

Tebara Blaising-5

SNOW SAFETY

1. You know the rules. Do not throw snowballs.
2. When you go ice skating, make sure the lights are on.
3. When you go snowmobile riding, make sure you have your seatbelts on because you can easily fall out.
4. When you go skiing, make sure you have your goggles on your face.

CLASS NEWS

For the next six weeks our room (6) will have "mini" courses. These are a few courses: News Reporting and Writing, Beginning Algebra, French and Spanish.

We will also be studying Canada in Social Studies. The last six weeks we were studying Brazil.

We are going to have a room newspaper. Our editor is Jay Nipper, and assistant editor is Dawn Bradrick.

Lee Robinson-6

OUR FIRST
& SIXTEENTH PRESIDENTS

George Washington was our first president. He was a very good president. The 22nd of this month is his birthday, so let's try to make the world happy on this day.

President Lincoln's birthday is the 12th of this month. Let's be thankful for what he did about freeing slaves and making the world happy.

MR. HAMILTON'S
SIXTH GRADE

GIRLS BASKETBALL

In this year's basketball team for the girls, we won five games, lost one and tied one. I think we beat last years girls' basketball team. Our players beat the 5th grade boys.

Our good players are; Julie O., Tracy B., Kim B., Kim E., Kay R., Cheryl K., are in the first four quarters. In the fun games the first six are Molly M. Shawn B., Joy K., Benesa C., Kelly D., and Nancy P.. In the second fun game Diane B., Penny J., Karen H. Becky F., Shawn B., and Molly M..

I think that we are pretty good. Even though they are jealous of us. They think that they can beat us, well I got news for them, they're gonna loose.

Molly Martin -6

THE SKY

High in the sky
Where the birds fly,
Can you see why
The sky is so high.

Starla Kareff-6

SCHOOL BASKETBALL

We have won three games, but we lost one. Our starting five are: Jeff Franklin, Greg Malstrom, Todd Dilley, Raymond Bauha, and Steve Ferguson.

We play at Mansfield Christian. We have played Carpenter (25-4). We have played Mansfield Christian (15-9), then we played Raemelton (26-3) and then last week we got beat (14-10) by Springmill. This week we play Ranchwood. We hope we beat them!

Jeffrey Scott-6

WASHINGTON'S BIRTHDAY

George Washington was a general at Valley Forge. He won the war and now he is a great man. His birthday is February 19th, the 50th day in the year. He had a wife and her name was Martha and also a step grand-daughter and step grand-son.

George Washington was born at the Wakefield Estate in Virginia. It is now his birthplace National Monument.

Joy Kareff-6

MISS MILES' FIFTH GRADE

JR. RED CROSS FAVORS

We have made favors for the Red Cross twice this year. Once we made turkeys for Thanksgiving. We just got finished making favors for Valentine's Day. We will also make scratch pads for the hospital. We will have fun making scratch pads.

Suzanne Parker-5

DOLPHINS Vs REDSKINS

Our class is having a spelling tournament. We have a spelling tournament every Thursday. The teams are the Redskins and the Dolphins. The Redskins are winning 119 to 112.

Penny Duffey-5

SKETCHES

In our class, we made sketches of dogs. When we were finished drawing, we used the side of our pencil to shade the dog.

Some dogs were very good and others were pretty good.

Ronnie Robinson-5

SCHOOL BAND

In our school, we have a school band. It has sazaphones, clarinets, flutes, drums, trumpets and cymbals. Every week, we have band at about fifteen till two.

Our conductor is Mr. Kramer. He teaches us at class, too. The people in band practice are good players. I play clarinet and so does Ronnie Robinson, Kim Carrol and Tebera Blaising.

Robert Kareff-5

ESSAY CONTEST

The two fifth grades entered an Essay Contest sponsored by the Sertoma Organization. For the contest, we wrote on the subject "What Freedom Means to Me." The three best essays were written by John Myers, Vanessa Chatman and Penny Duffey. We read them to the class to see which ones were good.

Kim Carroll-5

WHAT FREEDOM MEANS TO ME

Freedom means that when I get old enough, I can vote for the people I want to run our government. Our government is run by more than one person and not like a lot of other countries in the world.

In this country, we can disagree with our government without be-

ing punished, and the government doesn't tell the television, newspapers, radios what they can say.

In the United States, my rights are protected by the Constitution and no one can take my rights away from me.

In this country, I can pick my own job, instead of having the government tell me where to work. I can own my own property. In Communist countries, the government owns everything.

I think the United States is the best and the freest country in the world. That's what freedom means to me.

John Myers- 5th Grade

WHAT FREEDOM MEANS TO ME

Freedom means to be able to be with my Mom and Dad. To be able to trust and love them like they do me. Freedom is to believe in God and Jesus and to be able to forgive and forget. Freedom means to have sisters and brothers and relatives that love and trust you. To have food, water, clothing and shelter.

It doesn't matter if your fat and not pretty. What does matter is what you are, but most of all Freedom means being yourself.

Penny Duffey-5

MRS. RHEINBOLT'S FIFTH GRADE

ESSAY

Our class is doing contest essays. The essay is called "What Freedom Means to Me." They will give a prize to the winner, the class and the school. I think another room is doing it, too.

Carolyn Hilliard-5

GEORGE WASHINGTON

George Washington was our first president. He was born in Virginia February 22, 1732 and died December 14, 1799. He was a surveyor, planter and soldier in the French and Indian Wars.

In 1773, he was chosen to lead the Continental Army in the war for Independence.

He was known as the Father of his Country.

Washington is buried at Mt. Vernon, his home is near the nation's capitol.

Carol Laives-5

ABRAHAM LINCOLN

Abraham Lincoln was our 16th president. He was married to a beautiful woman named Mary Todd Lincoln. They had four sons; Robert Todd, Edward Baker, William Wallace, and Thomas. Only one lived sort of a long

life. He was Robert Todd Lincoln.

Carolyn Hilliard-5

MY PET

I have a pet hamster. His name is Fred. He is only eight weeks old.

Hamsters like to sleep mostly in the daytime, but at night they like to play. Hamsters are very playful and gentle.

A hamster lives about three years. You should not put hamsters together because they will eat each other.

Hamsters like to run on a treadmill, that is how they play and get their exercise.

You must put hamsters in a wire cage because they have very sharp teeth and will gnaw through almost anything.

GREAT BRITAIN

People celebrate Valentine's Day in Great Britain by singing special Valentines Day songs, receiving gifts of money, candy and fruit. Valentines buns contain plums or currents. Many years ago children played something like tag. Valentine suitors leave a basket of gifts on their loved one's door, knock and run.

Wendi Poth - 4

THE TINY PUP

Once there was a tiny pup. He was so little you could hold him in one hand. He was all black so they called him Blacky. He belonged to a boy named Jeff. One day Jeff couldn't find Blacky. They looked all over and they could not find him. They looked everywhere but under the couch. Blacky was so tiny he crawled under the couch and went to sleep. Then Jeff said, "We didn't look under the couch". So they looked under the couch and there he was. Boy was Jeff happy!

Leslie Peppers-4

A VALENTINE STORY

Long ago there lived an old man named Valentine. Nobody liked him, but two girls, Jill and Candy.

Jill and Candy loved to play in the street. One day the king delivered a message to the girls, it said, "If you play in the streets again you will be punished."

So the girls felt sad. Then Jill said, "Let's go and tell Valentine". So they did. He said, "I will let you play in my garden. The girls went and played in the garden."

Then one night when they went to Valentine house he wasn't there. Then they heard what happened. The king has sent him to prison. They were sure they would never go through the garden gate again, but the next day when they were looking out the window they saw a white pigeon. Around the pigeon's neck was a key and a note. The note read, "This key will open the garden gate for the girls I love." Valentine remembered them. As the girls grew older, they learned that Valentine had sent messages of love to all his friends, and this is why people send messages of

love on Valentines birthday. This is why the 14th of February is called St. Valentine's Day.

Angela Schlumberger 4

VALENTINES DAY

Valentine's Day is a special day for boys and girls because we exchange valentines and have a party. Valentine's Day is for sending valentines, to sweethearts and friends. I like Valentines Day. I think it is fun. Valentine's Day comes on February 14th every year. It is a nice day for boys and girls.

Toni Keeton-4

ABRAHAM LINCOLN

There was a man that stood six feet four. He had to duck when coming through a door. His name was Abe Lincoln and he liked jokes. He had a sense of humor. He showed it when he spoke. Everyone he knew, from knowing him, felt taller too.

Lisa Rothrock-4

OUR LIBRARY

I think we have a pretty good library. I think it has almost 600 books. It has books on space, nature, History, fiction and lots of other things. They have books for first grades and teachers too. It does a really good job.

St. VALENTINE'S DAY

There are many different beliefs about St. Valentine's Day. One is that birds choose their mates on February 14th.

Another belief is that if snow drops are brought into the house the girls in that house will never get married. Also if a single girl wanted to find out who she would marry she would write all the names of her boyfriends on a little piece of paper, roll each one up into pieces of clay, drop each one in water. The one that comes to the top is her true love.

Shawnee Bivens-4

THE BASKETBALL TEAM

My sister is on the basketball team. They have won four games. They practice on Wednesday at 8:15 A.M. in the gym. On Saturday they go to Mr. Kinnan's house.

Jayne Oberlin-4

Thomas Edison was a great American inventor. When he first learned to talk he always asked questions. One of his favorite words was "why".

Once he asked his mother why the goose sits on the eggs, and she answered, "She sits on the eggs to keep them warm so they'll hatch." Everyone was looking for Tom one day but no one could find him. Finally they looked in the barn and there was Tom, sitting on the eggs.

His mother said, "What are you doing, Tom?" Tom said he was keeping the eggs warm so they would hatch. "Just look at those smashed eggs, and look at your pants, his mother scolded." That was Thomas Edison's first experiment.

When Tom went to school, the schoolmaster didn't like him because he asked too many questions. The schoolmaster said Tom was dumb so his mother took him out of the school and taught him herself.

When Tom was 12, he got a job on the train selling candy, papers and pop. When he was 15, he didn't like his pay so he bought an old printing press. He couldn't spell too

well because he had only three months of school. People bought his paper because they would always get a laugh out of his spelling. Now Tom had enough money for his experiments but didn't have enough time to do them.

Thomas Edison invented the first light bulb and the motion picture, and the phonograph machine. He was born February 11, 1847 and died October 18, 1931.

Jean Richter-4

PEACE

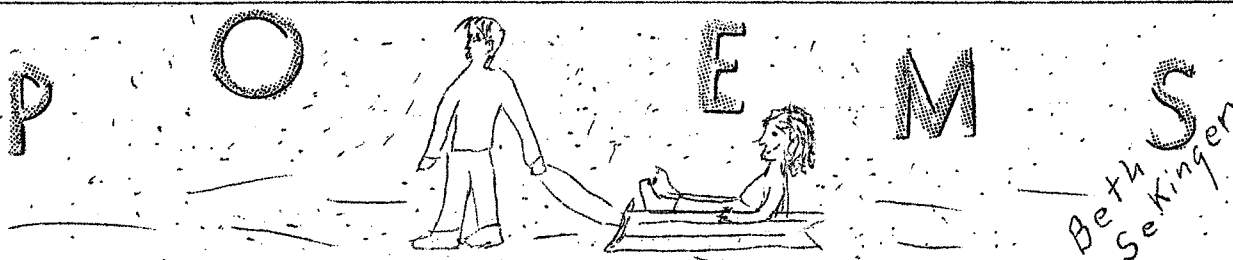

On Saturday night, January 27 at 7:00 p. m., was the time of truth. No more war! The peace talks between Henry Kissinger and Le Duc Tho in Paris worked out fine. I'm sure we all hope that we will never need to fight in war.

Patty Dollish-4

WASHINGTON'S BIRTHDAY

George Washington was born February 22, 1732. He was the first president of the United States. He was president from 1789 to 1797. He died on December 14, 1799 when he was 67. His birthplace is at Pope's Creek in Westrowland County, Virginia. His house was destroyed by fire in 1780.

FOOTBALL

My favorite sport is
football.
Some of the players
are small.
A lot of players are
strong,
And some of them like
to sing a song.
They have to play in
rain,
And they have to play
in snow,
And they almost go
insane.
At the end they shake
hands with the foe.

Steve Purvis-5

BIKES

Bikes, Bikes, are fun
to ride,
But not when you
start to slide.
because you might
fall down,
And you don't want
to break your crown.
Bikes might skid to
a stop.
Just watch your tire
go,
Pop! Pop! Pop!

Beth Sekinger -5

A POEM

SNOW

Snow is white,
Quite a sight.
Whiter than silk.
Whiter than milk.
All around we see,
Little kids playing
with glee.
Snow is fun,
It is not for the
sun.

Rick Randolph-5

SNOW

Snow is falling very
fast.
I hope the snow will
last, last, last.
In the snow, we like
to play.
I hope the snow will
always stay.
When it goes, heaven
knows,
When the snow will
come again.

Kim Evans - 6

VALENTINE'S DAY

Valentine's Day is on
its way.
It is a day for giving
cards and candy,
But most of all, love
and joy.
On this day you
should be happy and
gay.

Stephanie Slick

ABE LINCOLN

Abe Lincoln was very
honest,
He was nice, and very
modest.
He was married to a
wonderful wife.
He lived through a
sad and happy life.
He was our 16th Presi-
dent.

Carolyn Hilliard-5

SPRING

Spring is beautiful,
Spring is nice.
Spring is a great
time,
For little white mice.
Spring I love,
Spring I don't hate.
Spring is a horrible
time,
When you want to ice
skate.

Kathy Myers-5

AMERICA

America is a place
with a pollution race.
The air is smogged
with the river fogged.
Problem is the people
that waste paper.
If they would put it
in cans.
America would have
more fans.

PUZZLES ARE FUN!

I like puzzles because you can put them together. Some are easy to fix and some are hard.

Some puzzles can be picked up and some can't. I picked one of mine up, so did my sister. We did not fix one of them yet. We kept two up for two weeks.

John Norris - 3

LINCOLN

Lincoln's birthday is coming soon. We are going to celebrate it. We are going to California the next day and stay for three weeks. Then we will come home. We will even celebrate at California. We will even go to Florida. Then we will go home.

Paul Burghard-3

MY HOBBY

My hobby is horses. Horses are great animals. They are fast runners. There are many different kinds of horses, like Arabian, Morgan, Quarter-horse, Thoroughbred, Shire, Welsh, All kinds of horses, ponies, too. Have you ever ridden a horse? I have and it is fun

WHY I WANT TO BE A
BABY ANIMAL DOCTOR

To be around them. To be there to help when they need it. To work with them. Why I want to be a animal doctor is to be around animals and because I love to work with them trying to find out in case you find a sick or hurt bunny or a farm animal, etc..

I have a feeling about animals that they are just like people. If a person is hurt or she wants help. I have a strong feeling that every animal is mine. Every time I see a hurt animal I want to go out and help it but I can't because I don't know what to do.

The thing is that I could take them to the Doctor but I don't have the money to spend on them.

So that is why I want to be an animal doctor.

Barbara Kopcial-3

FOOTBALL

I like football because its tough.

I want to be a football player when I grow up. I want to be on the Browns team.

I want to be a receiver, too.

I play all the time with my friends.
Keith Lewis-3

WINTER IS FUN!

On days so nice, I wonder why the snow falls to the ground.

It is so bright and gay. Sometimes it is like a big bright white rag.

If someone gave me a white cap, I think I would have a happy time fill me up.

What do you think of a white rabbit? Do you think it looks like snow, I do?

Well snow is so fun that I think we should say Winter is so fun that I like it!

Gina Marberry-3

FOOTBALL

I like football because it is tough. I want to be a quarterback and I want to be a football player on the Miami Dolphins Team.

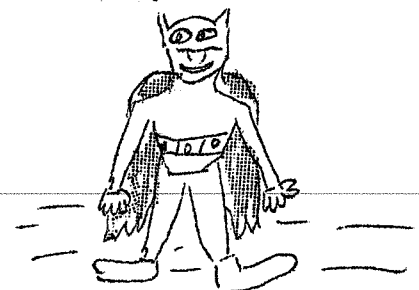

I play football all the time with my friends.

WHAT WE DID IN CLASS

In Social Studies in the beginning, we studied about farms. We learned about animals we can eat and those we can't eat.

Next we are studying about France and we learn how to talk in French.

Kenneth Keisling-3

THIS IS A RECORDING

Yesterday, I brought my tape-recorder to school. We recorded some questions and answers on a science lesson. I rewound it for the kids and played it for them. Some of them said it didn't sound like Mrs. Stull. To me it sounded funny when she said Robby's recording.

Robby Pittman-3

ICE SKATING

You should not go ice skating unless it says in the newspaper that you may. When the lights are on, you know it is safe to go on the ice from six o'clock until ten o'clock. If you do not go when it is safe, you might fall in the cold water.

Rebecca Bauhs-3

NO GUM

We should not chew gum in school because it falls on the floor and people step in it. Then they track it all over the school. It is not polite to chew gum when other people don't have some.

John Campbell-3

SNOOPY VALENTINE
FAVORS

This week, our room made Valentine favors of Snoopy on his dog house holding a heart. Cindy Myers' father made a pattern. He cut out the nose and eyes but we did not. We colored the nose and eyes. These are for people in the hospital.

Michael Shifflet-3

CELEBRATING
VALENTINE'S DAY

Many people celebrate Valentine's Day because it is a day of love and caring.

You should share your toys and care for other people because many, many care, you may even send people Valentine cards.

Herbert Hillard-3

COLLECTING ROCKS

Collecting rocks is fun. We have a rock polisher and we have to let it run four weeks and then we take out the rocks and they are smooth. I can make key chains, earrings, rings, bracelets and necklaces.

John Campbell-3

MY HOBBY

A car model is very hard to make. The hardest part is the engine because it has the most pieces. I have made three models and I am going to make one more. When you put it together, you will have to let it dry for one day. Models are fun to make.

Robert Shea-3

MY FAVORITE SPORT
FOOTBALL

I like football because you have to be quick. It's a hard game to play.

You have to follow instructions and know where to go on the field. It's good exercise for teen-agers and college kids. You have to have poise. Most of all you have to be strong.

Mike: "What did the grass say to the dirt?"

Larry: "You are all covered up."

Julie: "What do you get when you cross a potato chip with a monkey?"

Becky: "A chipmunk."

John: "What's green and has eight eyes?"

Gina: "I don't know, what."

John: "Jolly Green Giant's tennis shoe."

Gina: "Oh."

Shiela: "What do you get when you mix egg yolk with soda?"

Shawn: "Yolk a cola."

Steve: "When is an artist unhappy?"

Billy: "When he draws a long face."
