### "THANK YOU"

Thank you, Mothers, for paying for the lumber for the bookshelves that Mr. Hofacre made for our school.

And a big "Thanks" to Mr. Hofacre for making those bookshelves for us. We really appreciate them. He probably spent his whole vacation making those shelves just for us.

Lori Hughes - 5

### POLLINATION AND THE HONEY BEE

On January 23, 1970 Mr. C. A. Divilbiss from Lexington will come to our school to show us the different stages of a bee.

He will have 100 colored slides. Among them are: a bee's development in its four stages of life, what kind of work the bees do in the hive, the different kinds of bee wax, stings, etc.

The program will last for 45 minutes. It will cost 10 cents.

Brenda Wilson - 6

### GIRLS' BASKETBALL

Girls, come play basketball. We have only about 16 girls. We need more! Mr. Hetler is our coach.

If you are a 4th, 5th, or 6th grader, you may come to girls' recreation nights. We will play basketball against other schools and of course try to win.

Talk to Mr. Hetler if you would like to be on the team.

Beth Osborne - 6

### JUNIOR RED CROSS

#### HOSPITAL SCRATCH PADS

Different rooms have been asked to make Junior Red Cross scratch pads. They are fun to make. A design is colored on the

front cover. Then it is stapled to small papers to form a pad. A pencil at the top completes the pad.

These are sent to our hospitals for the patients to use.

Tammy Hoover - 6

### BASKETBALL TEAM

This year the first string players for Grugaugh's basketball team are: Rick Hollon, forward; Rollie Harper, forward; Dave Lodwig and Sam Kinnan, guards; Tim Donaldson, center.

Mr. Jenkins is our coach. He was our gym teacher last year. At practice every Friday night after school we play each other.

There are about twenty players on the team. Our first game will be a scrimmage against Carpenter. Our first real game will be January 10, 1970.

Tim Donaldson - 6

### FIRE EXIT SIGNS

We would like to thank Mr. Hofacre for the very nice Fire Exit signs which he made and placed in all of the rooms. We all like them very much.

Thank you, Mr. Hofacre.

### ADDITIONAL I. T. A. BOOKS

In our school there is a new supplement of I. T. A. Books for the first grades.

### NEW WORLD ATLAS BOOKS

There will be three new World Atlas books for our school. One will be placed in the library. The other two will be placed on the first and second floors.

Marsha Peppers - 6

## NEW MAPS

Over Christmas vacation we got new wall maps. Mr Hofacre was very nice for getting these maps.

These are the maps that we got: One Visual Relief Map of Latin America, One Physical-Political World Map, Two Visual Relief United States Maps, One Visual Relief Map of Africa, Six Beginner's United States Maps, One Beginner's World Map, Two Political World Maps.

We like the maps very much.

Steve Geib - 5

## SCHOOL PICTURES

On January 9 th the photographer will be at Grubaugh School to take the children's pictures.

Be sure to look your best. When you are in the chair, the photographer tells you to make a big, bright smile.

There will be a class picture taken, too.

Mike Monastra - 6

## FAMOUS PEOPLE AND EVENTS

## JANUARY

More than 150 years before the Christian Era, January was the first month of the year in the Roman calendar. It was named from Janus, the "two-faced" god who in the Roman mythology presided over the beginning of things, and was the doorkeeper (janitor) of heaven. The so-called temple of Janus was simply a gateway in the Roman Forum. It was open in war and closed in peace.

During the Middle Ages the year began at various dates in different times and places. In England it was not until 1715 that January was resorted to its place as first month.

Penny Miller - 6

## LOUISIANA PURCHASE

The Louisiana Purchase was the most important event of Thomas Jefferson's first administration. It gave to the United States a vast

territory between the Mississippi River and the Rocky Mountains, extending from the Gulf of Mexico to the Canadian border.

The reason for the Purchase was that the American pioneers were pushing rapidly into Kentucky, Tennessee and Ohio.

Russell Howell - 5

## NEIL ARMSTRONG - RECEIVED HONOR

Neil Armstrong, first man on the moon, received an honorary doctor of science degree at Wittenberg University at the inauguration of Wittenberg's new president, Dr. Andeen.

Twenty-six hundred people including Mr. and Mrs. Armstrong, watched a procession of pastors, professors and choir in brightly colored robes. Neil Armstrong followed the procession. He gave a speech and talked very slowly and seemed to be nervous, but the people who were privileged to speak to him personally discovered a warm and personable human being with a keen sense of humor.

Gary Simmons - 6

## TWO IMPORTANT BIRTHDAYS

January 27th and 31st are two very important days. On those two days two great music composers were born about 300 years ago. The first one was born on January 27th. His name was Wolfgang Amadeus Mozart. Mozart was born in Salzburg, Austria in 1756. Mozart was the son of a violinist and composer in the employ of the Archbishop at Salzburg.

The second composer's name was Franz Schubert. Schubert was born in Vienna on January 31st in 1797. Schubert was the son of a schoolmaster who was also an amateur cellist. Schubert, before he was sixteen, had studied the violin, piano, organ and theory.

When these two days come, pay some regard to these two great music composers.

Mitzi Williams - 4

## WHAT TO DO IN CASE OF FIRE

1. Call the fire department at once.
2. Warn everyone in the home so they can escape.
3. Leave the building at once.
4. Be sure to close every door you pass through. closed doors slow the speed of fire.
5. Before you leave a closed room in a burning building feel the door with the palm of your hand. Never open a door that feels hot.
6. If you must go through a smoky area crawl on your hands and knees. Smoke is the thinnest near the floor.
7. Do not hastily jump out of the windows above the first floor. The jump might be fatal. Give firemen a chance to arrive and rescue you.

Steve Kopcial - 6

## BENJAMIN FRANKLIN

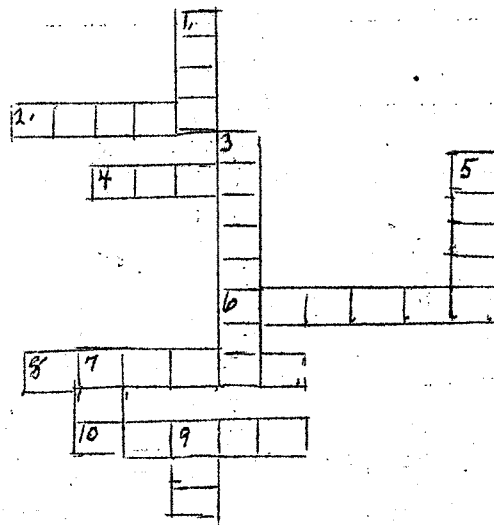

Benjamin Franklin was born in Boston, Massachusetts on January 17, 1706. He was the 15th child and youngest son in a family of 17 children. His parents, Josiah and Abiah Franklin were hard working and God fearing people. His father made soap and candles in the shop which he owned.

Benjamin attended school in Boston for two years. He was excellent in reading and writing but poor in math. His father decided he could not afford education for his youngest son. He kept Benjamin home to help cut wicks and melt tallow in his shop.

Benjamin decided his wisdom must not be wasted so he went to live and work with his brother, James who was a printer.

Later Benjamin discovered electricity when he was flying a kite with a key attached.

## COASTING

On a Bob-sled you will go,  
Faster, faster in the snow.  
Down and up and around,  
Trying to touch the ground.

When you go fast down a hill,  
Be sure you don't hit a bump,  
Or you will have to jump.  
If you don't you'll have a spill.

## PEEPS INTO CLASSROOMS

MR. HAMILTON'S SIXTH GRADE

## A NEW TEACHER

We have a new teacher in our room. Her name is Miss Bissman. She is here to help the class. She is in Mr. Haring's room in the morning and in Mr. Hamilton's room in the afternoon. She graduated from Ohio State University. Miss Bissman will be here until the end of the year. She will take six different children each day that need help in different subjects. She will help you for about an hour each day. We all look forward to learning how to get better grades.

Lynn Augustine - 6

## NEW GIRL

This Monday we have a new girl in our class. Her name is Brenda Schwaderer. She came from Marion, Ohio. She went to Edison School. She said that she likes Grubaugh School very much.

Brenda Sanders - 6

## CHRISTMAS VACATION

I received several nice gifts from my family. But my favorite gift was a Bible which I received from my Grandmother and Grandfather Davis. I was very pleased to get it. I spent a week end down at my uncle's house in Mt. Gilead, Ohio. We went tobogganing. That sure was fun.

MISS MILES' FIFTH AND SIXTH GRADES

## "THANK YOU" MR. HOFACRE

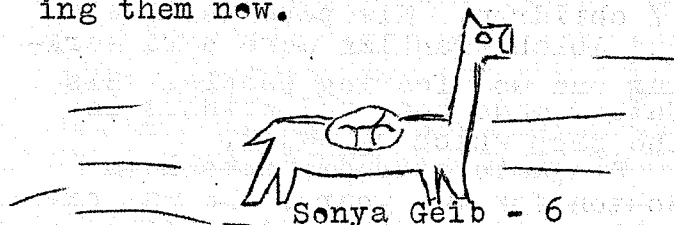

Our room #7 would like to extend their appreciation to Mr. Hofacre for making book shelves for our room. They look nice and help us keep our books in a good and orderly fashion.

Mr. Hofacre spent much of his Christmas vacation in making 14 bookcases for the different rooms. Thank you, Mr. Hofacre.

Valerie Weber - 5

## SOUTH AMERICA - ANCIENT ART

In our room we have studied a lot about South America. Lately we have been studying about art of Peru. We made pictures and put them into a mural. We are painting them now.

Sonya Geib - 6

## CACTUS FLOWER

Over the Christmas vacation I watered the flowers for Grubaugh School. When I got to my room there was this cactus flower. I watered it first. It is a very strange plant to me. Its stem grew out to the side instead of growing straight. While I was watering it the blossoms on it started to bloom. It was a nice sight to see. It had many pink flowers forming an "opened umbrella".

Todd Blaising - 5

# MISS MILES' FIFTH AND SIXTH GRADES (CONTINUED)

## PICTURE OF THE MONTH

In our room we have a picture every month. This is put in a wooden frame. We choose the best picture made in our class.

Tom Altstadt was the first one to have his picture in the frame. Sonya Geib was the second one and Tammy Hoover was the third.

Will you be the next one?

## THE CHRISTMAS CONSPIRACY

Before the holiday vacation, our class gave a play, "The Christmas Conspiracy". Everyone in the class had a part in it.

We gave it two times. The primary grades were the first audience. Then we gave it as a part of the Mothers' Club program.

Janet Kegley - 5

## JUNIOR RED CROSS FRIENDSHIP BOXES

Our room is getting two Friendship boxes from the Red Cross. One is for the girls and the other is for the boys.

We are to bring in things such as a comb, toothbrush or crayons. There are about fifteen things to be brought in. When they are filled the boxes will go to needy boys and girls in other countries.

Our room is having a contest between the boys and girls to see who gets their box filled first.

Tracy Spencer - 6

## SNOW PLAY

Snow is falling to the ground,  
Sticking to things all around,  
But it won't stay there for more  
than a day.  
For the hot sun will be out to melt  
it away.

When the hot sun goes away,  
The little snowflakes begin to play.  
They fall and fall 'til all is white.  
They giggle and laugh through the  
long, dark night.

Tammy Hoover - 6

# MR. HARING'S FIFTH GRADE MAKING MOSAICS

First we made paper snowflakes. Then we took black paper and laid the snowflake on it. We traced around the snowflake. We cut small squares out of colored paper. Last of all we pasted the squares in the lines we traced. These made very nice designs.

Dauphne Wilson - 5

## MISS HELEN BISSMAN

Miss Helen Bissman is our new school teacher. She is pretty and very nice. We all like her. She thinks of art projects. They are fun. She cooperates with us.

Karen - Barber - 5

## OUR NEW BOY

We have a new boy in our room. His name is Scott Hezlip. He is smart. He is from Wooster, Ohio.

Norma Pollard - 5

## MRS' MAYNARD'S ROOM FOURTH GRADE

### DEER HUNTING

My Dad went deer hunting at the opening of the season. He first hunted at a place called Warsaw. For the first four days he said that he saw a deer but it ran off before he could shoot it.

Then he started hunting at Mifflin Lake. There he killed a deer. He said that it weighed 150 pounds and that it was a doe.

He decided to look in the pines. If deer weren't there they would have to be in the woods. So he looked and looked and looked but they weren't in the pines. Then he went into the woods. There was a dead tree on the ground. He stepped over it and broke a twig. Then he froze. He looked out through the woods. There about 50 yards away were two deer. The one standing off seemed to be looking for him.

He shot at the deer. He thought he missed her so he walked down to get his arrow. About one fourth of his arrow was in a puddle of blood

with hair all over it. The deer had moved so quickly he did not see where it went. It was raining so he could not track it by following her blood trails.

He looked and looked for it but could not find it. Then his friend came along and they found the deer.

Jeffery Bradshaw - 4

## MRS. HUBER'S FOURTH GRADE

## RAIN FORESTS

Rain forests are always hot and humid. They still have rainy seasons even though they are rain forests. The storms they have can start and stop so sudden that it seems they are controlled by buttons.

## The Living

The houses they live in are open. In most rain forest regions the houses are on stilts. They do not wear many clothes. The clothes they do wear are very light.

## The People

Most tribes are friendly. Some tribes are ruthless. The friendly tribes use simple weapons. The other tribes tip their spears with poison.

## The Animals

These regions have many dangerous animals such as cobras, tigers, lions and many others. Color protects some of the animals. The claws of the two-toed sloth help him climb in trees. The alligator looks like a log in the water.

Tom Cline - 4

## ICE SKATING

One day my friend, Mitzi Williams and I went ice-skating. This was the first time for both of us to be on skates. It was very funny when Mitzi fell down. Mitzi was always in the snow.

Beth Gaubatz - 4

## FOOTBALL

In the snow we play football. James and Edward Corley play with me. Edward and I play against James and a boy named Mark. We play in the park. We had a lot of fun. We tackled Mark about the 30 yard line. Edward and I didn't get the ball. We lost. It was a hard game.

Mark Mills - 4

## MY VACATION

This Christmas vacation I received a call from a friend of mine to come right to his house to eat lunch with him and to play with him. After lunch the Cable TV man came to hook up their cable.

After he left we went outside. Then we went across the street to Kingwood Center. There is a hill where we did all sorts of funny things. If you had been there you would want to do it again. At least I would!

George Kopcial - 4

## ON CHRISTMAS DAY

On Christmas morning my little sisters, brother and I got up before everyone and looked for our gifts. Then when Mom and Dad came down we opened the gifts. The best thing I got was a doll. Her name is Dancerina. She can dance by a touch of her crown. She is fun to play with.

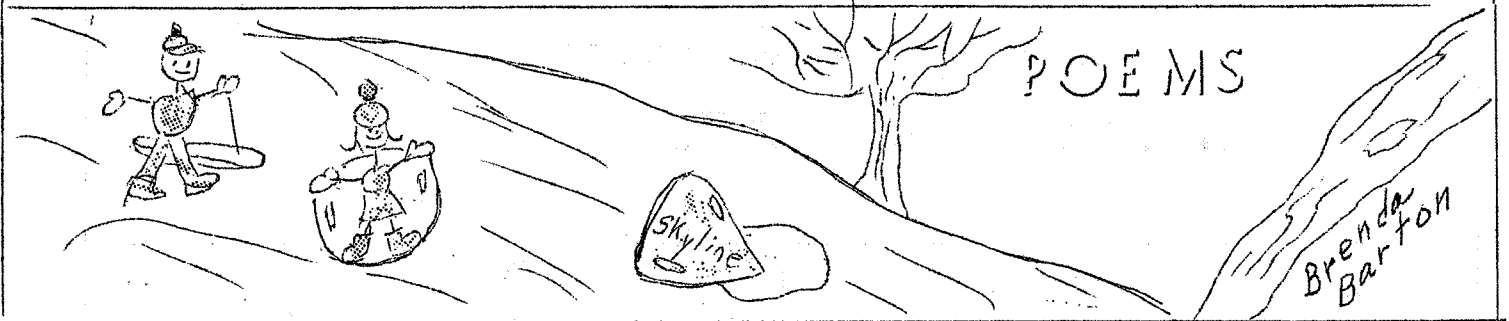

Kathy Jo Erdenberger - 4

## WINTER

Winter is here.  
Winter is near.  
Have some fun,  
When winter is here.

Norma Pollard - 5

## SLEDDING

Down the hills so fast we go.  
Through the bright and gleaming  
snow,  
Around the corner and down the hill,  
This ride certainly gives me a  
thrill.

All of the snow falls gently down,  
Falling until it hits the ground.  
One thing I love is to see it blow,  
And then I hate to see it go.  
Robert Rothrock - 6

## ICE SKATING

Some boys and girls in my class,  
Go down to the park to skate.  
Some go fast, and some go slow,  
Ans some at another rate.

When some of them play, Crack the  
Whip,  
They go fast around and around.  
But when they go so very fast,  
They go a tumbling down.

They get back up and then they cry,  
Oh, No! Oh, No! I'm going to die.  
They skin their knees a little bit,  
And mothers always have a fit.

Valerie Weber - 5

## WINTER

One day in the snow  
On a winter's day,  
A snowman wanted,  
To know what to say.

A bird came along  
And said, "Sing a winter song."  
Then his problem went away  
To stay away.

Robin Sprague - 4

## SKIING

Up the ski lift and down the hill,  
If you go too fast you'll make a big  
spill,  
You can go on the big side or on the  
small,  
It doesn't matter if you don't fall.

You go up and down and it doesn't  
get boring,  
Because you go faster and faster,  
soaring and soaring.  
The big hill gets steeper ans steeper,  
But when you go down you go deeper  
and deeper.

If you sit down on the lift bar,  
You may fall down and fall back far.  
We feel so tired when we get home,  
I hope you've enjoyed this little  
poem.

Chris Linner - 5

## WINTER PICTURES

In winter there are pictures,  
Some sparkle, Oh, so bright!  
There are so many snowflakes,  
They almost glow at night.

And the pretty pictures,  
From little Jack Frost's hand.  
When he paints the pictures,  
It is like Fairyland.

Janet Kegley - 5

## WINTER

One cold snowy day,  
A snowman wanted to say,  
"Is there sun in the sky?  
And if there is,  
I will plan to die."

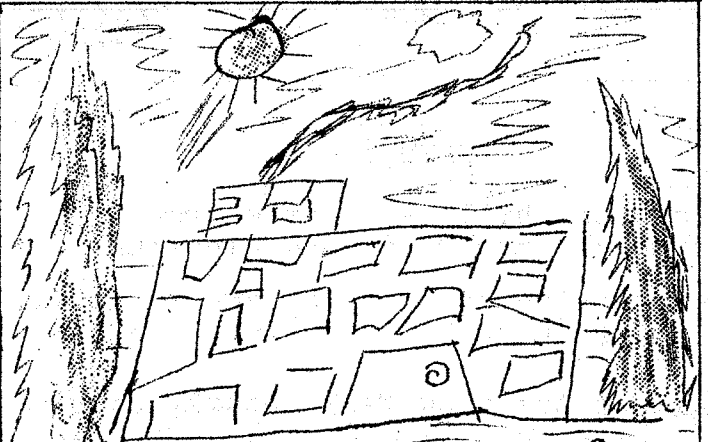

Donald Highman - 4

## THE WEATHER

Wednesday I went sled riding and when I came home my hands were like ice. It was cold as cold! I had to walk backwards. The snow kept going in my face.

Steve Bailey - 2

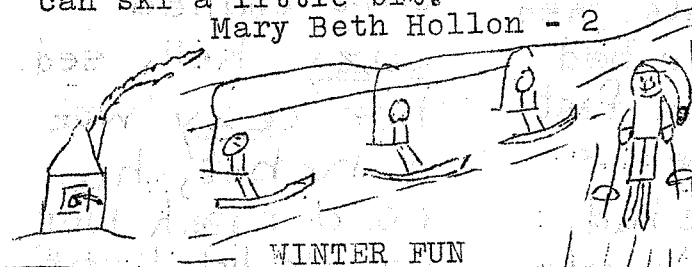

Winter is a fun time to make snowmen. It is fun to have time off but it is more fun to come back to school.

Carol Lawes - 2

On my birthday we went skiing and my dad took me on the J-Bar. My brother can go by himself. I can ski a little bit.

Mary Beth Hollon - 2

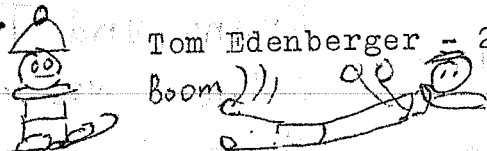

I went sledding. It was fun. I went on innertubes and I flew off of it sometimes and flipped into the snow. I made a snowman, too.

Ricky Randolph - 2

I went skating. It was fun but when some big boys bumped into my skates came off and flew up in the air.

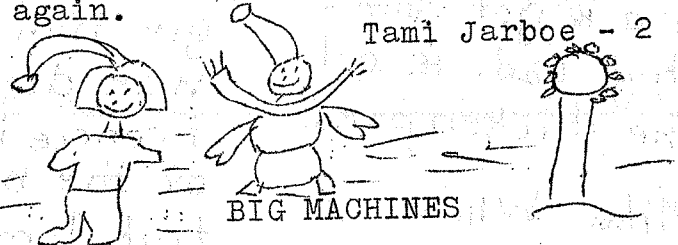

Tom Edenberger - 2

## ROLLER SKATING

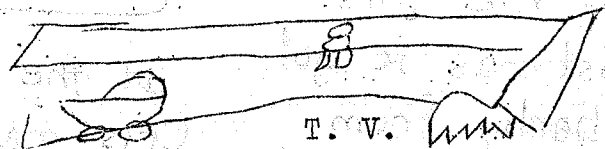

I went roller skating and when I first got up I fell right back down. I tried and tried to roller skate. I tried so much that I got going so fast that I just fell down again.

Tami Jarboe - 2

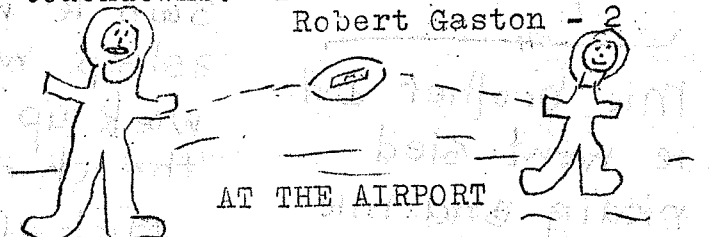

There was a lot of excitement at our house. This week they put a water line through our yard. My dad didn't like it. It was a muddy day. Those machines really did dig into the ground. It was fun to watch the big trucks and big machines.

Steve Purvis - 2

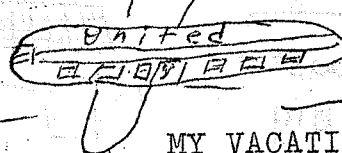

I watched football on T. V. It was fun. The Cleveland Browns threw a thirty yard line. They made six touchdowns. I wished I was there.

Robert Gaston - 2

We took our Mom's nephew named Glenn to the airport. It was fun on the way. At the airport we saw great big planes! Glenn went on United!

Vicky Mills - 2

I went to my grandma's house. She was very, very ill in the hospital so I could not see her. But I could have some fun at her house. We played Monopoly.

Rhonda O'neal - 2

## MISS MECORMICK'S SECOND GRADE

We have two new pupils. Cheryl Hezlep. She came from Woodland School. Brian Schwaderer came from Marion, Ohio.

Martin Owens - 2

## WINTER

Winter is a fun time. You can go sled riding. Every winter I build a snowman. My brother and some friends got with me sled riding at the Health Department. It is fun.

Troy Kidwell - 2

## WINTER SPORTS

This winter I went skating with my mom and my sisters at night. We had fun. I got cold. My mom did not get cold. We went home. I stood on the register. Then I got hot and we ate.

Tina Carroll - 2

## WINTER SPORTS

My brother and I like to go inner tube riding at Middle Park on the snow. We like to slide on the snow.

Mike Howell - 2

## WINTER FUN

My brother and I went ice-skating yesterday at Middle Park. We had fun. Then I started to laugh because my brother fell down on the ice.

Kimmy Carroll - 2

## WINTER SPORTS

I went outside. My brother came outside and we started sled riding. I fell off. My brother kept on going down the hill. He went faster and faster. I ran as fast as I could go. I caught him at last.

Diane Brown - 2

## SLED RIDING

I went sled riding at my grandmother's. I hit my sister right in the back. I could not turn the sled because the snow was too deep. Then I got on my grandfather's skis.

Mike Price - 2

## WINTER SPORTS

My brother and I went sleigh riding on a sidewalk. It was ice. I fell off on the side of the sleigh. It was cold. Snow was on my face.

Ronald Robinson - 2

## WINTER FUN

We went to Middle Park. There were two sheets of ice. We went down on it. We went ice skating. We were just learning. My mother, my sisters, Laura and Elizabeth and I went.

Suzanne Parker - 2

## WINTER SPORTS

I like to go sled riding. I like to ride on a toboggan. My sisters went with us. We went to our aunt's house. She has one girl and one boy. The toboggan is fun to ride on. The first time I rode on it I sat on the front and I got all of the snow. It tipped over.

Brian Place - 2

## SLED RIDING

We went sled riding one afternoon. It was fun. My brother did not go. I have a big sled and a round sled. The round sled you can tip over on it. We have a big hill and a little hill. My round sled is slick.

1. Do not skate where the ice is not hard.
2. Do not ram sleds face to face.
3. Do not close your eyes when you go down hills.
4. Do not run into each other when you are ice skating.

lenore Bradley - 3

## SLEIGH RIDING

My sister and I went sleigh riding. We took our dog with us. When we got down there we hooked him on our swing set. Then we went sleigh riding. The last time I went down our dog jumped on my back and knocked the breath out of me.

Sheila Bradshaw - 3

## A LONG WAY DOWN

My friends and I went sled riding. We saw boys going down Suicide Hill. They always jump in the air. When they are done, I go. When I go down I always land in the creek.

Mike Swinning - 3

## INNERTUBE

I was sled riding in a car innertube. I like it very much. When I do it again I wreck. I like to go in the creek.

Jeffrey Franklin - 3

## WHEN WE WENT SLED RIDING

When I went sled riding, my friends went, too. We made a train. Bob was first and Rick was second. I was last. The first time we went down, we cracked up. Then Steve came. We made it the second time.

John Rothrock - 3

## TIGER

My Mom said that we could go outside. We were getting on our boots. When we went outside we left the door open. Our cat came out and jumped on our boots. I saw him trying to eat the snowflakes.

Becky Fox - 3

## VIRGINIA FOOTBALL

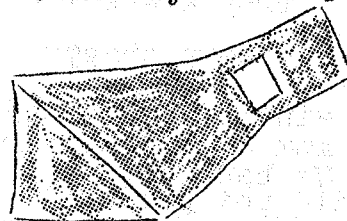

Do you like Football? I do. Down in Virginia all my friends and I would play football for an hour. Our team has never lost. Our team is named the Vikings. One day we played football, and we won 63 to 52.

Scott Ross - 3

## MEN IN SPACE

Lots of men go up to space. We kids don't know what space looks like, but the men do. Here is a capsule.

Chuck Wyrick - 3

## AT LEXINGTON

One day I went to Lexington. Bill went, too. We were sled riding when we heard a gun. We ran down to the fence. A man shot a rabbit. Bill asked, "If we could go hunting?" He said, "No". So we went home.

Todd Dilley - 3

## MY RABBIT

I had a rabbit. It got sick. He had red eyes and a white tail. and a white body. Then my sister's rabbit got sick. He was the same color. They were allergic to the dust and the snow. Their hair came off.

Rebecca Sipe - 3

## CHRISTMAS

The day before Christmas I had very much fun. I shoveled walks and played. I'll never forget the fun of snow.

## MOVING

Kim Evans is moving from Grubbaugh to Hedges School. She doesn't want to leave now. She wants to move in May.

Julie Oberlin - 3

## TRACY'S BIRTHDAY

Tracy Blaising had a birthday party at school. We sang "Happy Birthday" to her. She brought a treat. It was cookies. Her Mom made them and they were good. All the children had lots of fun. Julie and I helped pass out the cookies.

Kim McGraw - 3

## WINTER SPORTS

My dad, brother and I went to Cleveland on January 3, 1970. We saw Cleveland and Baltimore play. Hockey is hard to play because you have to hold a club and skate at the same time. Ane that is not easy. Cleveland won. That was a good game.

Danhy Blair - 3

## SLED RIDING

We went to Columbus for New Year's. The second day we were there I went sled riding with my cousin and my Uncle Jim. We go sled riding down by the river. We were going down a big hill. I was on top of Brian when down the hill we went. Brian was steering and then we ran into a big snowball. A whole bunch of snow came down on us. Pretty soon we weren't people any more. We were snowmen.

Traci Hall - 3

## ICE SKATING

I went ice skating Sunday. It was my first time this year. The first thing I stood on my skates.

Soon I was skating around on the ice. This was the best time of my life. Everybody in our family has ice skates. Kim and I were holding hands skating. It was cold on the way back. When I got home I went right to the register. When I got warmer I had some hot chocolate.

Tracy Blaising - 3

## OUR SNOWMAN

On our vacation my sister, my next door neighbor and I made a snow man. We took a mod hat and three buttons and a party horn to put in his mouth and two sticks for his arms.

We put him on our front porch. He looked funny.

Linda Wilson - 3

## WINTER SAFETY RULES

1. Don't slide in the street.
2. Don't throw snowballs.
3. Don't run on the ice or you may fall.
4. Don't push other people down in the snow.
5. Don't ride your sled in the streets.

Denise Carroll - 3

## MY BOOSTER SHOT

Saturday night we were watching T. V. The doctor called our house. He said that we must go to the Health Department to get our booster shot.

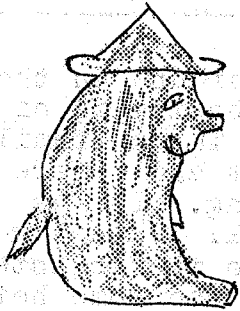

So Monday morning at ten o'clock we went.

Shawn Barrett - 3

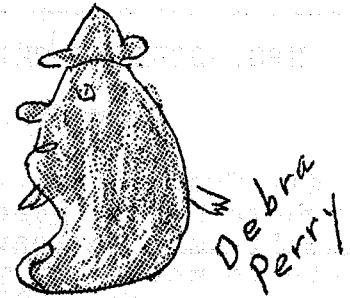

## MY DOG

My dog is a fighter. My dog ate two cans of dog food every day. I got her December 3, 1969. She is playful with me and other people, too. She likes to play in the snow with her nose. I like to play with her.

# JUST FOR FUN

Little Boy: Did you ever fight Indians?

Cowboy: Why, once I made one hundred Indians run!

Little Boy: How did you do it?

Cowboy: I ran and they ran after me.

Lynn: What is dark but is made by light?

Cindy: What?

Lynn: A shadow.

Jeff: Why is a giraffe a good pet to have?

Joe: I don't know.

Jeff: Because it makes a little food go a long way.

Marsha: Why did Silly Sam put his bed under the fireplace and go to sleep?

Tammy: I don't know.

Marsha: He wanted to sleep like a log.

Dude: I found a snake today.

Jack: What kind?

Dude: A baby.

Jack: How do you know it was a baby?

Dude: Because it had a rattle.

Mark: What's the difference between a running man and a running dog?

Bob: The man wears trousers and the dog pants.

Phil: How do you make a slick dollar?

Eddie: Grease it.

Tim: What time is it when the teacher walks in?

Sam: Time to be quiet.

Pete: When is a baseball player like a spider?

Larry: When he catches a fly.

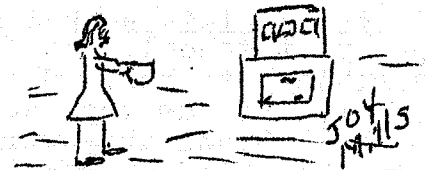

Jane: Why are golfers not using golf clubs any longer?

Chris: Because the clubs are long enough now.

Willie: What is it that a clown does not keep when chased by a lion?

John: His smile.
