Fuhrmann

TO THE PARENT TEACHER ASSOCIATION.

The Western Wind-Up Staff wishes to thank you for the stencils and paper you have given to us to make our Western Wind-Up for this year. It was very kind of you and we appreciate it very much.

Debbie Gilbert - 5

SUMMER VACATION

Summer vacation will begin June 8. We come the 8th for report cards. We don't have school the 6th and 7th of June. These are Teachers' Record Days. We don't have school May 30, because of Memorial Day. School starts Wednesday, September 5, next fall.

Jennifer Wolfe - 5

"AWARDS DAY"

Awards Day is June 5. It is a day when some pupils get an award for certain things such as writing or spelling.

We all go to the gym in the morning and we are

called to the stage by grades and rooms.

Jeanette Weaver - 5

PRE-SCHOOL CLINIC

On May 16th, there will be a pre-school clinic for children entering first grade in September. It will start at 8:30 A.M..

Mrs. Feigenbaum, the school nurse will be in charge. There will be other school nurses assisting her. Also helping will be these mothers: Mrs. Pratt, Mrs. Jenny, and Mrs. Roth. There will be a doctor and dentist present also.

Paul Parr - 5

SUMMER SCHOOL

This year they are having summer school. There will be reading, arithmetic, art, music during the morning session. The classes will be from 8:00 A.M. to 12:15 P.M.. The children from our school will attend Carpenter School on June 11, 1962.

Coleen Rein - 5

MANSFIELD SCHOOLS TRACK MEET

The track meet this year will be held at Stadium Field at the Senior High School, May 28, in the morning. It will be held by all elementary schools

JoAnna Rose - 5

POLIO IMMUNIZATION

Polio Immunization for Mansfield will be held on the Sundays of May 7, June 17 and July 15, of 1962. Grubaugh School area will go to Senior High Cafeteria. The time is 10:00 A.M. to 6:00 P.M. You don't get a shot you get medicine. This is an oral vaccine.

Donna Batson-5

ELECTED TO SAFETY COUNCIL

Mike Perkins was elected to Mansfield Safety Council at Mansfield Leland Hotel. Mike will be there on May 16, 1962. Mike will have his dinner there, too.

Duane May
Jacob Schnuerer
Grade 5

CLASS WILLS

6th Grade Wills

LaVonna wills Marcia Rice
washing the boards.

Susie Ungerer wills
Marilyn Yirga her old math
papers.

Bobbie Berry wills JoAnna
Rose excess fat.

Wendy Michener will all her
love notes to Randy Corbin.

Eddie Parr wills his new
bat to Noel Harmony.

Diana Grace wills her
broken pencils to Coleen
Rein.

Debra Hipp wills her name
"shrimpy" to Donna Batson.

Eleanor Wilhelm wills her
blonde hair to Barbara
Constance.

Dennis West wills all his
basketball fame to Terry
Krise.

Ronald Ruley wills all his
last years newspapers to
Robert Todd.

Dianna Martin wills her
bows to Jeannette Weaver.

Harold Thorpe wills to all
lucky 5th graders Mr.
Hamilton for the 6th grade.

Jim Crawford wills his
tallness to Edward Westler.

Ellen Prior wills her torn
gym shoes to Pamela Fava.

Bill Hampton wills his hair
tonic to Stanley Holloway.

Olive Harr wills her pony
tail to Linda Thorpe.

Tonda Blasing wills her
glasses to Billy Fuhrmann.

Bill Hersman wills his rec
hair and freckles to
Beverly Dale.

Barbie Timmer wills her
second hand chewing gum
to Debra Gilbert.

Clark Pittman wills all
his troubles to Larry
Tucker.

Bordon Shreve wills all
his limericks to Gary Holt

Harlan Taylor wills his
locker to Stuart Seibold.

Holly Brown wills her
broken violin string to
Mika Lacy.

Gilbert Lease wills his
second hand glasses to
Tom Schneider.

Charles Cyrus wills his
shot putt arm to Paul Par

Diana Burnett wills to all
5th graders good luck nex
year.

Mike Perkins wills his
brains to Larry Baxter.

Phil Wymer wills his slee
hair to Charles Beard.

Charles Foster wills his
sleek hair to Mark Beard.

Charlene Burnett wills her
height to Margie Bennet.

Chris Herrick wills her
chewed up pencil to Karen
Budea.

Peggy Linn wills her torn
math book to Danny Caton.

Gail Cline wills her beau-
tiful gash to Sondra
Ellington.

Tom Stipe wills his glasses
to Karen Farnsworth.

Bruce Wallace wills his
pigeon toes to Jacque Glaze.

Candace Hampton wills her
spelling ability to Michele
Imhoff.

Cathy Smith wills her high
jumping ability to Jim
Imler.

Randy Snyder wills his
Mrs. Barker to Lynn Jones.

Vanessa Jocha wills her
broken instep to Connie
Maurer.

Tom Reip wills his sprained
ankle to Duane May.

Dick Grupen wills his
ability to sing high notes.

Linda Schmidt wills her
general disposition to Tom
Petan.

Danny Butterball wills his
running ability to Jack
Schnurer.

Terry Bleen wills his goof-
off ability to Jerry Skeese.

Marianne Battisti wills her
excess weight to Shirley
Starnes.

John Imhoff wills his rock
collection to Stoney
Turner.

Sheila Beach wills her
bludhing ability to Susan
Willis.

Sharon Patrick wills her
flute to Jenney Wolfe.

Richard Coleman wills his
desk to Lanny Gay.

Marilyn Garber wills her
grades to Ramona Lukens.

Carolyn Starnes wills her
fractured leg to Larry
Bailey.

VACATION PLANS

MY VAGATEON

This summer I am going to
join the Little League.
Our manager will be Mr.
Hurt. Every year in about
the middle of the summer
we take a trip to watch the
Cleveland Indians play.

Ronald Cunitz - 4

MY VACATION

On my vacation we go to
Georgia. We are going
around in July. We stay
till about the beginning
of August. On your vaca-
tion it should be a happy
time not sad. I hope yours
is a happy one.

Richard Foster-
4

MY TRIP TO HOMESTEAD

This summer for my vaca-
tion I'm going to Home-
stead in Akron. We will
go swimming there and have
a cottage.

Joy Wolfe - 4

TRIP TO MY GRANDMOTHERS

The day before Easter I
went to my grandma's. My
sister and I played all
day. On Easter my mother
and I went to sunrise
service. When we came bac
my mother hid Easter Eggs.
We found ten eggs but one
we could not find. Maybe
it is still there.

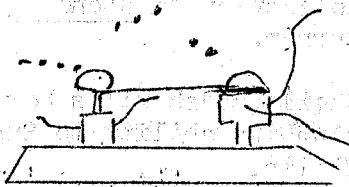

Patty Landis - 4

VACATION PLANS

On our vacation we are
going to Green Field
Village. We are going to
see the many things old
and new. We are going to
my Uncle's house, he lives
in Cleveland. We might se
a baseball game.

Cathy Smith - 6

CLASS NEWS

The sixth grade is going to have it's annual sixth grade party. It will be Friday, June 1st. It will be for sixth grade only. Every year the gym and cafeteria is decorated. Mothers will serve and make the food. There will be dancing 7:00 through 9:00. Mr. Strine, Mr. Secrist, Mr. Hamilton, Mrs. Barker, and Mrs. McKee plan to be there.

Debra Hipp - 6

SCIENCE

We are studying about the planets in our class. It is very interesting. The largest of the planets is Jupiter. There are nine planets in the solar system. We are also studying about the airplane. The airplane has many parts, one of the most important part is the fuselage. We are going to the airport to learn more about the airplane.

Clark Pittman - 6

COMING EVENTS

The sixth grade has many coming events. Some of them are going to John Simpson Junior High School Tuesday, May 15th, visiting the Mansfield Airport, going on our class picnic in the park, and the sixth grade dance which is held every year.

By going to the airport we will be able to see some of the different planes. We have discussed some planes in class such as the passenger planes, the jet planes, and the mono planes. We will also see how the airplane is controlled.

Linda Schmidt - 6

CLASS NEWS

In our room we have three people with casts on. First Phil Wymer and Venessa Jocha both broke their foot over Easter vacation. Later Carolyn Starnes fell and broke her leg while playing in her yard. Luckily Phil and Venessa

THE SIXTH GRADE
SCHOLASTIC TESTS

This past month Mansfield sixth graders have been studying for scholastic tests. These tests were given in Arithmetic, Science, Social Studies, Spelling, and Creative Writing.

First everyone was tested in his own school by his own teacher. These tests determined the top twenty-five per cent of each school in each subject.

Then these people took a second test to separate the top four of each school in each subject. Out of these four there would be two representatives and two alternates.

Then final tests were given at Racemelon School on the week of April 13th to May 4th. These tests would determine the top ten scholars of each subject of Mansfield, Ohio.

Rebecca Brubaugh did very

well in these tests. We placed in four of the five subjects. Tom Stipe placed in Social Studies, and Science. Candace Hampton placed in Spelling, and Bruce Wallace placed in Creative Writing.

I hope Grubaugh does as well or better next year.

Bruce Wallace - 6

MR. AMBACKER'S ROOM REPRESENTATIVES:

Jacque Glaze
Jennifer Wolfe

COLLEGE BOWL SCORES

In College Bowl Miami is in first place with 147 points. Ohio U. is in second with 128. Michigan is in third with 113. Ohio State is in fourth with 79½. Last of all is Kent State with 76½. Jennifer Wolfe is the captain of Miami and Duane May, Connie Maurer, Larry Bailey, and Karen Farnworth are on her team. Jimmy Imler is the captain of Ohio U., Michele Imhoff is captain of Michigan State, Jacque Glaze is captain of Ohio State, and Lynn Jones is captain of Kent State.

Karen Farnworth - 5

FLASH ROOM NEWS

Michele Imhoff said, "Being a librarian gets pretty

tough sometimes." She doesn't think she'll grow up to be a librarian. She thinks most of the people in this room aren't very cooperative.

Jacob Schnuerer plans to get serious about pole-vaulting. He is going for the world's record when he's older. He's just as interested in running as in pole-vaulting.

Jimmy Imler - 5

BOOK REVIEWS

"THE WHISPERING STATUE"

Author: Keene, Characters: Nancy, Bess, George, Miss Morse, Joe Mitza

Nancy is going to Seacliff. She goes to an old estate where she is captured by Miss Morse and Joe Mitza. They tied and gagged her. Joe Mitza lives after finding out that Miss Morse is his mother. All of a sudden the house falls into the stormy sea. Bess and George are Nancy's chums and after waiting and her never showing up they drove for help. They went to get Nancy's father and he got the Coast Guard. They threw a rope to Nancy and she and Miss Morse were saved but a few days after that Miss Morse died in the hospital.

Larry Bailey - 5

MISS MILES' ROOM REPRESENTATIVES:

JoAnna Rose
Robert Todd

OLD FASHIONED SPELL-DOWN

In the past year we have a tournament of two teams in spelling. One was the Yankees the other team was called the Indians. But on May 3rd, 1962, we decided to have an old fashioned spell-down. We used all the words we had this year. The winner was to receive a prize of the school colors which are blue and gold. We had a very exciting spell-down because we didn't know whether we would still be standing or not. Our winner of the school colors was Jeanette Weaver.

Marilyn Yirga - 5

FAMOUS PEOPLE OF OHIO

We have studied about Ohio and here are some famous people. Harriett Beecher Stowe. She wrote Uncle Tom's Cabin. Paul Dunbar was a famous negro poet. Robert Taft was called Mr. Republican. Thomas Edison invented the light bulb and many other things.

Barbara Constance - 5

"THE MOTH"

At the beginning of

school Gary Holt found a moth. The name of it is Giant Cecropia. We saw it get out of the cocoon and in the jar. It got out of the jar and was hanging on the side. It fell and hit the map then hit the floor. The teacher put it on a stem of a geranium. The teacher let it loose after school. Then the next day she told us.

Noel Harmony - 5

TRIP TO KINGWOOD

Two weeks ago we went to the greenhouse at Kingwood. Some of the flowers were tulips, carnations and daffodils. Each room had a definite temperature. They had automatic sprinklers.

Eddie Westler - 5

OUR NEWS-JOURNAL TRIP

Friday, May 4th, my class went through the Mansfield News-Journal. We went through the storage room, in which we found out that each roll of paper may cost \$35.00. They keep some of their paper in Cleveland. Each roll weighs about 1 ton.

We also went through the Editorial room. That is where the editors edit the news.

There is another room called the press room. This is

where the paper is printed. The one press prints, cuts, folds, and counts each paper. After the press room it goes to the circulation room where the papers are sent to different towns by trucks.

We wish to thank Miss Waugh for serving as our guide through the News-Journal.

Jeanette Weaver-5

TOUR THROUGH THE TELEPHONE COMPANY

May 10, 1962, Miss Miles' room went to the telephone company. We learned many interesting things we never knew before.

We went into a room that they checked telephones which had been taken out of houses. First the man checked to see if his voice went through, second he looked at the dial speed, third and fourth he checked the ring and wires.

Then we went in a room which was called the generator room. It had a six cylinder diesel engine.

In the battery room it looked like they had a bank of batteries. One battery cost \$20,000.00 and lasts up to 25 to 30 years.

We also went in a room called the cable vault. Mr. Richie told us many things. One thing which I thought very interesting was that one cable had 800 pairs of wires in it.

In the IBM room we saw a cardpunch. We also saw a collator that finds errors. We saw a tabulator that makes our bills. It can add, subtract, multiply, and divide.

The Telephone Company owns only two of their IBM machines. The rest are rented.

We also learned many things about the toll call. One thing was that there are 36,000 toll calls in one day.

Marilyn Yirga - 5

STANLEY'S TURTLES

A boy in our room brought turtles to school named Lincoln and Washington. We put them in an aquarium. In it we put a big shell so they could climb on it and dive off.

Terry Krise - 5

THE CROCODILE

I got my crocodile from Florida. On a Friday my crocodile got loose and went up by Terry Krise's. He got loose again and went into the bedroom. I got to bring my crocodile to school. He acted like he enjoyed it.

Thomas Metz - 5

LINDA'S TREE TOADS

Linda Thorpe brought in a tree toad. She found it out in the country in a woods on a tree when her family was out hunting mushrooms. She brought it to school in a basket with a blanket over it and some grass, a piece of bark and some cotton.

Then after lunch, she took it outside. It would not move and finally it died.

Marcia Rice - 5

MISS KEOPPEL'S ROOM
REPRESENTATIVES:

Ann Siebold
Ronnie Smith

MOTHER'S DAY PLAQUES

This year for Mother's Day we are making plaques. The plaques were made of clay. After we made them we painted them. Most of them have fruit on them.

Craig Smucker - 4

TITLE CONTEST

The fourth grades had a contest. We were to name a picture of a girl feeding a lamb. The winner of the contest was Roddy Corbin. The title was "An Adopted Lamb." His prize was 50¢. He was from Room 7.

Shirley Peay - 4

OUR CLASS REPORTS AND
PICTURES

In History we read about a state or a city. We read about New York and made reports and drew pictures. You may see some pictures of the Statue of Liberty or a lot of other interesting pictures about New York. Every picture will have a report of New York City, or the state. The same with New Orleans except some of the boys and girls have to draw their pictures or finish their reports. There will also be some pictures by Room 7.

PASSWORD

In our room we are playing password. We take a word from our spelling list and think of a word that is something like the word you use. I'll give you a warning that you do not give contractions. I will give you an example, either boy and girls or two girls and two boys may play. You must not say the word that you are using, you just can use one word. You may see "Password" on channel eight every Tuesday and at eight o'clock P.M.. It also comes on in the morning at two o'clock A.M. every week on Channel eight.

OUR NEW GIRL

In our room, we received a new girl. Her name is Francine Beirnette. She is a very nice girl. Her best subject is History. Her hobby is collecting different kinds of dogs. She comes from Ontario Schools.

MY EXPERIMENT

If you want some pretty flowers this is what you do:

Put some ink in the bottom of a jar, and add some water. Put some white flowers in the ink and water. Watch for an hour or less, see what happens.

SUGAR CANE AND HOW IT
IS MADE INTO SUGAR

This is an article on how sugar cane is made into sugar. First they clean it then the cane is crushed between rollers. The waste is removed from the juice and the water in the juice is evaporated. Next the grains of sugar are separated from the molasses. Then the grains of sugar are put in bags.

MISS WOLF'S ROOM
REPRESENTATIVES:

Gary Ungerer
Joy Wolfe

SPELLING

In spelling the girls are on one side of the room and the boys on the other side. Then we see at the end of the year who won the most. Right now the girls have ten marks and the boys have one mark.

On the chart we mark up how many times we helped our team win. I got my name on the chart. About

ten other people got their names on it.

Joyce Dale - 4

HEALTH

You should have good health.
To have good health you
should brush your teeth,
wash, and keep your hair
clean. I hope everyone
has good health.

Connie Vanasdale - 4

THE SCARY SOUND

Once there was a girl
named Ruth. She was
walking down the street
one dark night when
she heard a soft
scratching sound be-
hind her. She looked
around and saw a huge
round-shaped shadow,
but she couldn't see
anyone. "Who! Who!"
an owl suddenly hoot-
ed. This made her more
afraid and she ran
screaming down the
street.

That night she had a
terrible nightmare a-
bout a red monster
that chased her down
the street. It had a
purple face and a mouth
breathing fire.

The next night she had
to walk through the
dark again, but she
took a friend, Mary,
along.

When they came to the
same house as before
they heard the same
scuttling sound. Mary
forced herself to
look. The large shad-
ow was from a tree
and the scuttling
sound came from a
raccoon who raided
people's garbage cans.

Eleanor Wilhelm - 6

THE CLOUDS

The clouds bring
showers for the thirs-
ty flowers.

They water the trees
and the trees bring
forth leaves.

They sail away to far
distant places,
But never tell of
those far distant
places.

One minute the sky is
full of clouds,
The next minute they
are gone.

The clouds may fade
away,
But they'll never die.

Olive Harr - 6

SUMMER

When summer comes a-
long,
I'll sing a gay little
song.
It will be of flowers
and bees,

And also of birds and
trees,
Also when I will sing
I'll want to sit and
swing.
Then it will be time
to go in,
Then the next day
I'll return and do it
again.

Pam Fava - 5

DO YOU KNOW?

A dam is a big wall.
It holds back water.
A dam is useful for
many things. Some
dams break. They be-
come floods. Most
floods carry things
like homes, farms
and other things.
There are over 55
dams in Ohio. So the

see a dam see how
high it is.

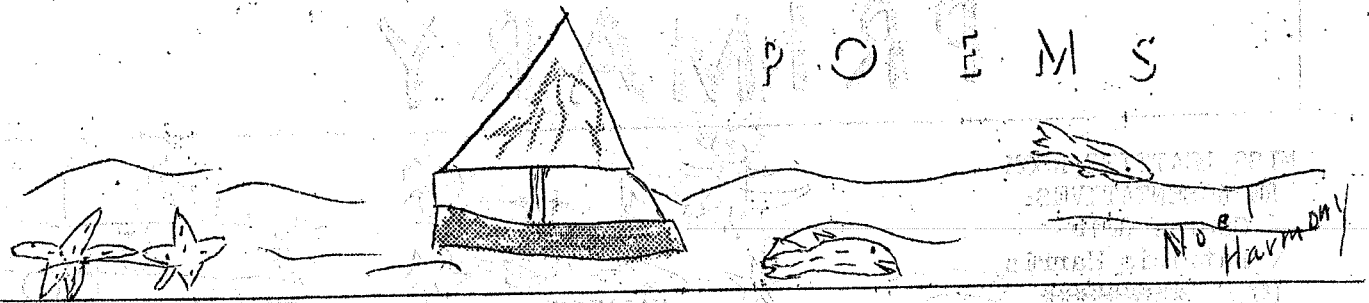

Tom Scherer - 3

NIAGARA FALLS

Niagara Falls is the
gateway city which
most visitors to Can-
ada from the United
States use. Niagara
Falls is situated on
the Niagara River in
front of a nice city

Bonnie Parr -

P O E M S

POEMS

Out in the forest where it
is so dark.
One night I heard a real
loud bark.
While to the others were
all in bed,
I pulled the covers right
over my head.
All of a sudden I heard it
again,
Then I sat up and counted
to ten.
Then I thought I had better
go,
Then it started to follow
me slow.

Barbara Timmer - 6

MR. CROW

I know a little crow
His name is Curley Joe
He has their neighbors
straight in a row.
Because he is a funny crow.

Rebecca Stehle - 3

WHEN SUMMER COMES

Spring is almost over,
Then summer will come along,
The birds will hum and sing
their song.

School will be out,
And you will have fun,

Then you will stay out
And play in the sun.

Your mother will be happy
When you play outdoors
But if you don't watch out
You'll play on the floors.

Billy Fuhrman - 5

MY WIFE

My wife is going shopping
She may be gone all day
At each store she'll be
stopping
And all the bills I'll pay.

Susie Ungerer - 6

SUMMER DAYS

In the summer I like to see
On the flowers the bumble
bee
Butterflys and flowers too,
Come in the summer for me
and you.

In the summer it rains you
know
Wind is stirred and breezes
blow.

In the summer flowers are
bright.
But they close up every
night.

Marilyn Yirga - 5

HEIDE LEE

I have a cat, whose name
is Heide Lee
I play with her but she
doesn't like me
She lays in the sun
After than she runs and
has fun.

Once she didn't go far
But got hit by a car
First she was a "Ma"
But now she is "Grandma".

Marcia Rice - 5

SUMMER

When summer comes along
The birds will hum a song
We all will skip and run
We all will have a lot of
fun.

The boys will probably
play baseball.
The girls will play with
a doll
We'll have a lot of fun
Playing in the sun.

PLAN PROGRAM

Our second grades and third grades are going to have a Mothers Club program. The second grades are doing the Mexican Hat Dance. Both second grades and third grades are going to sing "Down in Mexico." There are going to be some bulls from our room named Charles Crawford and Tarin Blaising. Bob Harris and Robert Spencer are the matadors. Then Mrs. Fehlhaber will play the piano and we will sing "God Bless America".

Lynnelle Perry - 2

TELLS ABOUT COWS

Gail Cline came down to our room before we went to the Dairy Farm. She took time and stayed after school to catch up on her work. She told us about beef cows and dairy cows. She told us

THE DAIRY FARM

After the two second grades ate their lunch we went to the dairy farm. When we got to the farm Mr. Brown told us to sit on the hay and sing. We sang "The Farmer in the Dell". After we got done singing the Farmer in the Dell we went back and sat on the hay and Mr. Brown talked about the farm and cows. Then we went to see the cows and we watched them chew their cud. Some of the children got to milk the cows and some didn't get to, but Mr. Brown said the others would get to also. Then we went to see some calves. Mr. Brown let each of us in with one that was four days old. Then we went to the grain place. Mr. Brown gave us some grain and oats and sunflower seeds. Then we went to see where they put caps on the bottles. He let us go in where he put his milk. Then he showed us where they washed their dishes. He said that one had steam and one lye and one was clear water. Then we went back to the hay and then Mr. Brown said a man was going to take us for a ride and he told the classes that we were going to ride in a wagon. He said not to stand up or hold onto branches. The

Mrs. Skeldon's room went in the wagon. The rest of our class got to milk a cow.

Then we played, "The Farmer in the Dell". When we got finished the other class got back. Then we got a long ride. When we got back we got in the bus.

Joanne McKinley - 2

READ STORIES

Eight of Miss Keoppel's childrent came down to our room. They read two stories to us. They were very good stories, too. We liked them. They were nice readers.

Rosemary Fuhrmann-4

NEW SONGS

Miss Sniff is our singing teacher. She gave us three new songs the names are - Pets, The Little White Duck, My little Puppy's Name is Rags. The song "Pets" was written by Evelyn Rohn. She is a fifth grade teacher in Mansfield schools. In the song "Pets" we sing about a turtle, a puppy, a pretty bunny, and a striped kitty.

Pam Logos - 2

MY VACATION

When I get out of school

we are going to Seattle. I hope we will have fun. We might go to the World's Fair. I hope we can. So I can go on rides.

Tarin Blaising - 2

MY SUMMER VACATION

We are going to Gettysburg this summer. It is going to be fun. Maybe we can see the Battlefield. We sure are going to go a long way.

Robert Spencer-2

MRS. CROOKS' ROOM REPRESENTATIVES:

Mark Sistik
Betty Stehle

GROWING THINGS

Our class is growing things. Jimmy planted an onion. Mike planted a bean. We are going to plant other things. We might plant some tomatoes. I wish we could plant some radishes, and other things, too. I'm going to plant a potato.

Judy Tarnworth-3

BOOK REPORTS

Our room is having a book report contest. So far Mark is ahead by 8 points. It will last till the end of May. I think Mark will

win. He is very good in book reports.

Danny Bleen-3

HOW TO MAKE A MAGNET

First you take a magnet. Then you take a steel knitting needle. You rub the knitting needle on the magnet about 30 times. Then you have another magnet.

Merry Lou Maihle - 3

MEXICO

The third grade and the second grade are going to put on a Mexican show. The children will dress like Mexican people. We are learning a Mexican song. We are learning Mexican or Spanish words. Mamacita means mother, peso means dollar, centovos means cent. Ana, Rafael, Toni are names, serape means blanket or covering, hacienda means plantation. They are very easy words.

Barbie Jones - 3

PAINTING FOR OUR SHOW

Five people are painting a mural for our Mexican play. There are two other rooms also. The mural is about Mexican women selling fruit. The other two rooms are painting something else, too.

Bill Schmidt- 3

MULTIPLICATION OF
THREES

We are learning threes in multiplication. Instead of 3 down 4 times just put $3 \times 4 =$ and put the answer. If you know how to do it, it will be fun.

Marie Longsdorf - 3

SAFETY IN THE WATER

1. Don't duck people.
2. When you go boat riding wear a safety jacket.
3. Don't jump on people's back or they will drown.

Have fun, but play safe.

Rebecca Stehle - 3

CLEAN THE YARD

Cleaning the yard is very important. You should clean up the yard and rake the leaves then burn them. Pick up the sticks and mow the grass.

Alan Taylor - 3

***** 3.
Evaporating
Tank

Purifying salt water from the sea is one answer to the problem of safe drinking water. Here are the stages of doing this:

1. Salt water is taken from the sea.
2. Water

goes into a tank surrounded by heat. 3. Water is evaporated and steam goes into a tube. 4. Steam turns into water as a refrigerator cools the water shown in tank flows around the tube. 5. Fresh water goes into tank. The salt stays in evaporating tank.

Timmy Christman - 3

MY TRIP TO LAKE ERIE

On Friday we went to Lake Erie. When we got there we went to our cottage. The next day we went out on the lake. We have a big boat. When we got out on the lake I caught a big fish.

Kenneth Stewart - 3

MY BICYCLE

I have a bicycle. It's a Shwin. It's a 26 in.. It's blue and white. There is a horn on it. There's a key lock on the bicycle. I can't ride it because it has a flat tire.

This summer I am going to have Daddy pump it up. It's too hard to pedal. I know that because my brother Danny told me.

Rebecca Stehle - 3

REPRESENTATIVES:

Jed Roth
Patricia Wallace

CLASS NEWS

Our class is reading, "If I Were Going". We have three reading groups - 1st, 2nd, 3rd. Each unit we come to, we make a map of the country. We paint or color the people and houses too. We hang our picture on our bulletin board. We have fun making them.

Dana Landis - 3

MOSAIC

Our class is making mosaic. We are not using tile. We are using paper. Mosaic is fun, but it is a long job. We have until May 1, 1962, to finish. When you make mosaic you must put the little pieces in the right place. It is very fun.

Ken Smith - 3

WESTERN WIND-UP

At Rebecca Grubaugh School the second and third grades are putting on a program for Mother's Club. The name of the program is Vacation in Mexico. Some of the girls and boys in room 10 are singing "Down in Mexico."

Vicki May - 3

MY MOSAIC

My class and I made a mosaic. We could make an animal or a design. I made a diamond shape out of yellow, brown and purple paper. I used black for the ground and green for the back ground. We are going to use them for Mother Club. My girl friend made a donkey with a basket on it's back with fruit in it.

Pam Dykstra - 3

MAKING A HOME MADE
TELEPHONE

To make a home-made telephone, you must have two tin cans and about a foot of string. Punch a hole in the bottom of both tin cans. Put the string in the holes and then it is done.

George Barne - 3

SCIENCE

In science we are studying about the stars and the sun. The stars do not have points. They are little round balls. The scientists say that the moon would not be a pleasant place to live. No one has ever been to the sun. It would take two hundred years to get to the sun.

Karen Harr - 3

THE MOON

The moon gets its light from the sun. The moon is our nearest neighbor. It looks like there is a man in the moon but there isn't.

Mary Stipe - 3

SCIENCE EXPERIMENTS

In our class we made some science experiments. On our last unit we had made things about soil.

Some people put rocks in a jar and shook it up to see how the hard parts would soften up. Some other people planted some plants in different kinds of soil. One person put dirt in a fish bowl and put worms in it to see how the worms made tunnels.

Jackie Jones -4

INKIE, MY DOG

Inkie is my dog's name. He is all black. He is about two feet high. He will shake hands with you if you do not laugh. If you make a fist he will paw it open to see what is inside it. Sometimes we take him fishing with us. He eats the

fish along the shore. When you are angry and throw thing at him he will chase them and bring them back. You can't stay cross at my dog because he is so friendly.

Paul Yirga - 3

MY PET

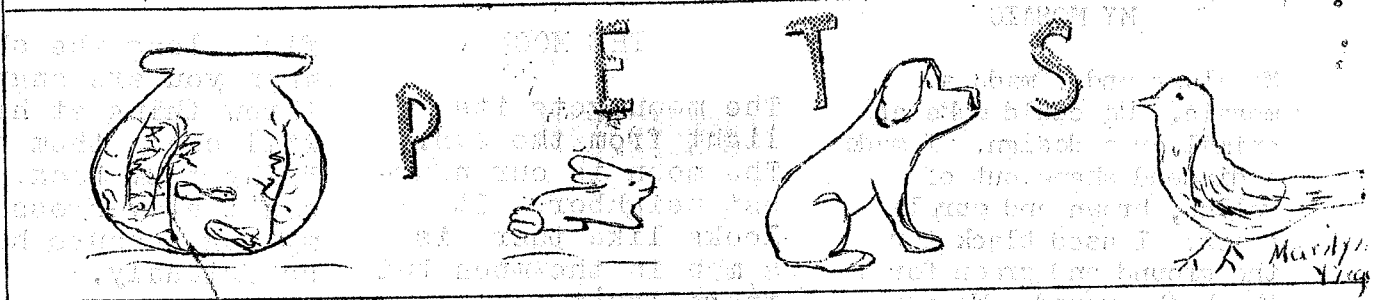

I have a pet cat. Her name is Princess. A few weeks ago she had kittens. We don't have names for them.

We did have three baby kittens but one caught cold and died. We still have the black and gray kitten left.

The black one climbs all over the house. One day we couldn't find him. Then I looked behind the stove and there he was playing with a little ball and he ran after it and fell flat on his face.

The gray one is the one that fell in the bathtub and climbed up my back. She likes to alay on your lap.

Stanley Coe - 4

P E T S

MY CHICKENS

My brother and I got two chicks a few days before Easter. They were just tiny little things when we got them. Now they are getting all of their white feathers. Their names are Charlie and Chirpy. Mine is Chirpy. David's is Charlie. They can fly about three feet. When they get big we will give them to a farm.

Debra Feeman - 4

PUFFY

Puffy is my sister's bird. He is blue with a yellow head.

Puffy eats raw potatoes, potato chips, toast, cereal, raw apples, celery, carrots, cookies, and ice cream. He drinks water, orange juice and milk. Sometimes he drinks coffee, and best of all he likes to drink ice tea.

Puffy has many cute habits. He takes a bath under the kitchen faucet. Puffy likes to sit on your hand and talk to your thumb, and he likes to talk to mirrors.

When my sister's or my mother or I play the piano he likes to sit on the piano keys and talk to your fingers. Sometimes he counts with the music. He can count to four.

Puffy likes to talk. He says many things. Some are: give me a kiss, thank you, pretty birdy, what are you doing, have a Pepsi, hi Ellen, and come here, come on boy.

He does many other amusing things.

Ellen Prior - 6

MY CAT, JINX

My cat's name is Jinx. My grandfather had a cat. His cat had some girl kittens. I got to have one of them. We named her Jinx. We keep her in the house most of the time. Jinx looks very funny when she is playing with a string. Sometimes she sleeps on her head. She plays with our dog. We have lots of fun watching her. When I come home from school she is sleeping on my bed or under it. I have a doll house and Jinx just fits in it.

Patricia Wallace-3

MY PET TURTLE

When I wash my turtle's bowl out, my family and I have so much fun with my turtle. His name is Peewee.

One day I discovered that Peewee could yawn, wink and step on his head.

Recently I saw Peewee eating. When ever there was a piece of food in his wa he would open his mouth and eat it up.

Linda Fifer - 4

MY PET DOG

I had a pet dog, his name was Riky. Every time we blew up a balloon he would burst it all the time. He was a funny dog

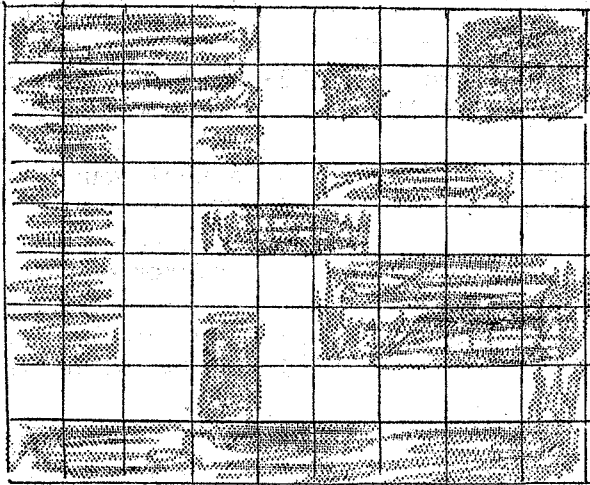

Paul Altstadt - 3

MY CROCODILE

I have a pet crocodile. His name is John. I like John very much. He is only a baby. My brother said he ate his brother and sister. John likes dog food and worms. May 5, John got out of the box

Marie Longsdorf - 3

JUST FOR FUN

ACROSS

1. You wear it on your head.
4. Good to eat.
6. A bird lives in it.
7. You use a shovel for this.
8. A pet.
10. Not well.
11. What childrent drink.

DOWN

1. It keeps you warm.
2. Something to drink.
3. You write with it.
5. A hen lays it.
9. A boy's name.

Jimmy Fraifogl - 3

LET'S MAKE SOME PUPPETS

Here is one way!

Take an old sock. Get two black buttons and sew them on the foot of the sock. Then take some red cloth and sew it up right in the middle of the bottom of the foot. Now you have made a puppet.

Here's another way!

Take some cardboard and roll it up. Paste it up. Before you do that cut two holes, one on each side. Take a sock and cut two holes in it. Make a face on it. Stick some rag in the place you made the face. Take some string or yarn and tie it in a bow under the face. Now you have made another puppet!

Pamela Ferguson-3

COOKS' CORNER

Chicken Soup--Mulligatawny Style

- 1 can Campbell's Chicken with Rice Soup.
- 1 can Campbell's Pepper Pot Soup.
- 2 cans milk (using soup can as a measure)
- Dash of Curry Powder.

Combine soups; add milk and Curry Powder. Heat thoroughly, but do not boil. Makes 6 servings.

Eleanor Wilhelm - 6

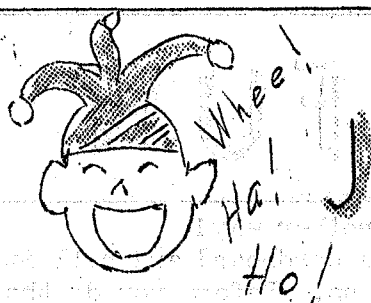

CHEESE CAKE

- 2 cups Graham Cracker crumbs.
- 4 tablespoons of white sugar.
- 1 stick butter - melt it, put in graham crackers and stir well.
- 2 packs cream cheese
- 1 cup sugar
- 2 eggs
- 1 teaspoon vanilla.

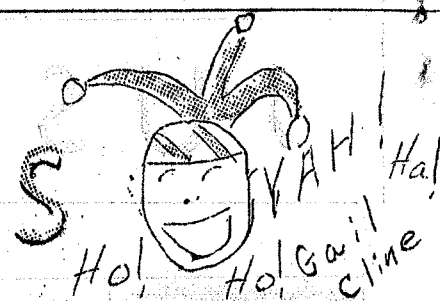

Bake 20 minutes. Cool

- 1 can cherries. Spread cherries on top of the second layer which is the cheese. Graham cracker crumbs should be first layer.

Olive Jean Harr

Q K E S

A lady who was buying a television set noticed some wires sticking out of the back. "Will I get a shock from it?" she asked. "Not until you see some of the programs" replied the salesman.

Bob: Who was the straightest man in the Bible?
Rob: Tell me -- who was it?
Bob: Joseph, because Pharaoh made a ruler out of him.

Larry: How do you like your chimney-sweeping job?
Harry: Oh, it soots me.

Sam: Joe made a fortune in crooked dough.
Sall: Was he a counterfeiter?
Sam: No, a Spretzel manufacturer.

Doctor: What's your average weight?
Patient: I don't know.
Doctor: What's the most you've weighed?
Patient: 180 pounds.
Doctor: And What's the least you've weighed?
Patient: Six pounds, eight ounces.

David: What is always before you but you can't see it.

Ricky: I don't know.

David: The future.

Ellen: What is the proper length for a lady's skirt?

Eddie: A little above two feet.

Eleanor: What asks no questions but requires many answers?

Jim: I don't know.

Eleanor: A doorbell.

Ed: When is a lover like a tailor?

Bill: When he presses his suit.

Edith: Why do chimneys smoke?

Clark: Because they can't chew.

Tod: How did you get that black eye?

Randy: I got hit by a guided muscle.

Bill: What did one casket say to the other casket?

Sue: is that you "coughing"?

Tom: Where are we eating?

Noel: Let's eat up the street.

Tom: Let's not. I hate concrete.

Mike: How was your fishing trip in Texas?

Terry: Well, I caught one and he was too small, but luckily two other fishermen came along in a truck and helped me throw him back in.

Donna: How did you break your arm?

Larry: See those stairs over there?

Donna: Yes.

Larry: Well, I didn't.

Wendy: Why did the moran put corn in his shoes?

Susie: To feed his pigeon toes.
