CHRISTOPHER COLUMBUS

Christopher Columbus was born in 1446 or 1451, they do not know which it is, and he died in 1506. He was from 55 to 60 years old when he died.

As you know, he discovered our country, America, but he also discovered Genoa.

LET'S PLAY SAFE

Do you want to have a part in building the new section of our school?

This year Western Avenue school has to be especially careful while playing on the playground. The reason is because of the work going on about the school. Your part is to play safe and to avoid going over the boundary or wire that has been put here by some of the workmen.

By doing this, you will help the workmen and also yourself. Come on, Western, let's play safe!

Phyllis Paulson -6

HOW HALLOWE'EN ORIGINATED

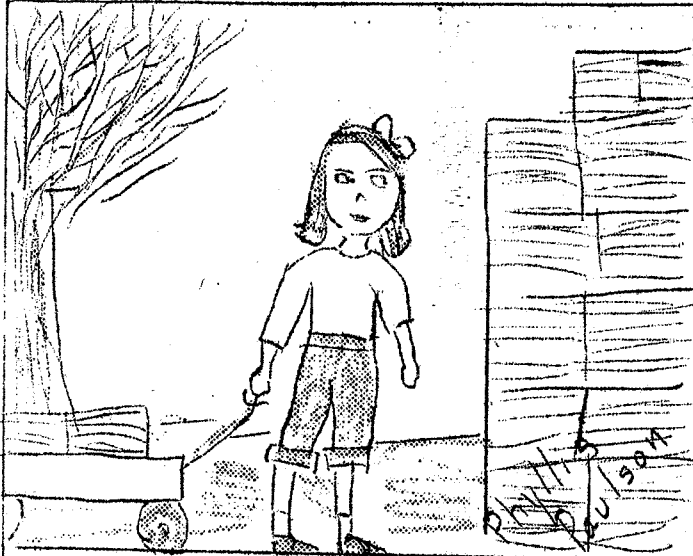

Hallowe'en, or Halloweven, is a night when everyone thinks of ghosts, goblins, pumpkins, black cats, bats, witches, and many other spooky things. It is the eve of the Christian festival of All Saints. The name means Holy Eve, at time originally set apart to honor the memory of all Saints.

The bonfires, cracking nuts, apple bobbing, and telling ghost stories which are now customs, are all relics of paganism.

Hallowe'en is a lot of fun and I hope that everyone enjoys themselves this Hallowe'en.

Nancy Connor -6

OUR PAPER DRIVE

Western Avenue-school is going to have their annual paper and sales tax stamp drive this year on October 15. Everyone has worked hard on the ones we have had before and collected a lot of paper.

Every pupil from the first grade up is asked to collect and save all the paper, magazines and sales tax stamps they can. Our goal this year is three hundred fifty dollars, which means we will have to collect a lot of paper and stamps.

So, if the pupils will get all the paper they can together, but are unable to get it to school some of the older pupils will collect it and bring it to school. Bring your stamps to your teacher. If we reach our goal of three hundred and fifty dollars we will have a movie.

John Oster -5

OUR NEW ADDITION

Western Avenue's building project is coming along very nicely.

The new addition consists of four classrooms, gymnasium, auditorium, book storage room, Principal's office, nurse's room and boy's and girl's rest rooms.

The outside brick was selected to match the old part as near as possible.

The inside walls will be tiled up five feet and cement blocks the

rest of the way up. The floors will be asphalt tile, except in the gymnasium and that will be oak. All rooms will have fluorescent lighting, even in the old part.

A new heating system has been installed, including boiler and stoker.

The old part of the building will be re-decorated. The present boys' rest room will be the girls' locker and shower room. The present girls' rest room will be the locker and shower room of the boys.

The present principal's office is to be a teachers' room. Where the old kitchen used to be a new one will be built.

A new program clock for the ringing of the bells will be installed. A new coal vault has already been built.

All of these nice new conveniences will help the entire Western Avenue community in the following ways:

1. Provide rooms so that every school child may go full time.
2. Provide a place for a full physical education program for everyone.
3. Provide up-to-date rest rooms.
4. Provide a place for all school meetings, such as the P.T.A. and Mothers' Club, etc.

Patricia Robinson-6

WHY DO WE COLLECT SALES TAX STAMPS?

All the balls, bats, footballs, volley balls, softballs and other athletic equipment are bought with sales tax stamps money. Films, pictures, movie projectors, maps, etc. also are bought with money we get from sales tax stamps.

That's why!

WESTERN'S FOOTBALL TEAM

Western started it's football season with a hard-fought game, only to lose when Bowman made a third-quarter touchdown.

The starting line-up for Western

was: left-end, Pataky; left-tackle, Tiviner; left-guard, Forkner; center, Brock; right guard, Gilbert; right tackle, Bowers; right end, Blackstone; quarterback, Mattox; left-half, Lehman; right half-back, Bertook; fullback, Bair.

The winning touchdown was made by Walters of Bowman. Let's hope Western does better against West Fifth.

Gary Conlon -6

THE PATROL BOYS

The patrol boys help keep the children safe at the crossings and on the playground. The patrol boy expects the children to obey him, and the safety rules and to co-operate with him. The patrol boys also expect no freshness or fights at the crossings and when going to and from school. There also should be no fights and such on the playground and the children should play safe and co-operate with each other.

The children expect the patrol boy to watch them safely across the street. They expect the patrol boys to co-operate with them.

We have been trying to be courteous to our school mates and teacher. When we walk in front of someone we say "Pardon me", or "Excuse me". We try not to bump into anyone or tramp on their heels, that is not being courteous.

Since we go a half a day we have lockers. When we go to put our books away, we sometimes bump into others. That is not being courteous. We are learning to be more thoughtful of others.

Gail Conlan-3

COLUMBUS DAY (CONTINUED)

He gradually got the idea that he could find a western passage to Asia. Like others he did not know the distance around the earth and he believed Asia stretched farther east than it does. After he gained support of Queen Isabella of Castile, he started his voyage on Aug. 3, 1492 with three ships, the Nina, Pinta and the Santa Maria.

In October he came to land at the Bahama Islands. There he spent three months but soon after he started home and was greeted very highly by Isabella and Ferdinand.

Columbus, however, didn't know that he had discovered another continent. This month we celebrate Columbus Day and all Americans are very thankful to Christopher Columbus for finding this fine country.

Nancy Connor - 6

MISS GRUBAUGH'S ROOM

I had a little garden this summer, and in it I grew tomatoes, big and red and round.

His hair was light and curly,
And we all called him curly Danny.

In addition to North Lake and Liberty pools in Mansfield, he was in Round and Indian lakes, Ohio; Wolf and Little Wolf lakes, Michigan; Seneca Lake, New York; Lake Mascoma, New Hampshire, and the Atlantic ocean, off the coast of Maine.

MISS LINDBECK'S FIRST GRADE

We have a family of 30 children in our room, and have had lots of fun learning to read. We have already read one book about Alice and Jerry, and liked it a lot.

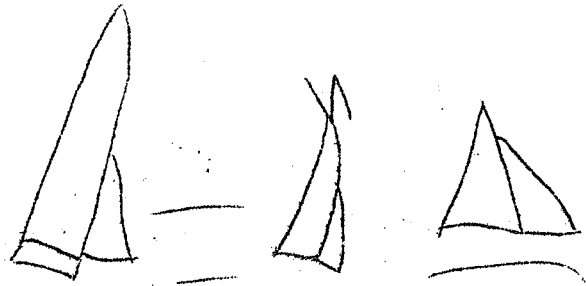

We've had fun watching the men work on the new part of our school house, and even went to our windows and watched them pour the concrete for the thick floor one morning.

We have learned many songs and we voted to see which we like the best. "Jesus Loves Me" was the winner, and "The Rag Doll" was the next one.

We can look out of our windows and see the leaves that are turning pretty colors and we think it looks like a beautiful picture in a picture frame.

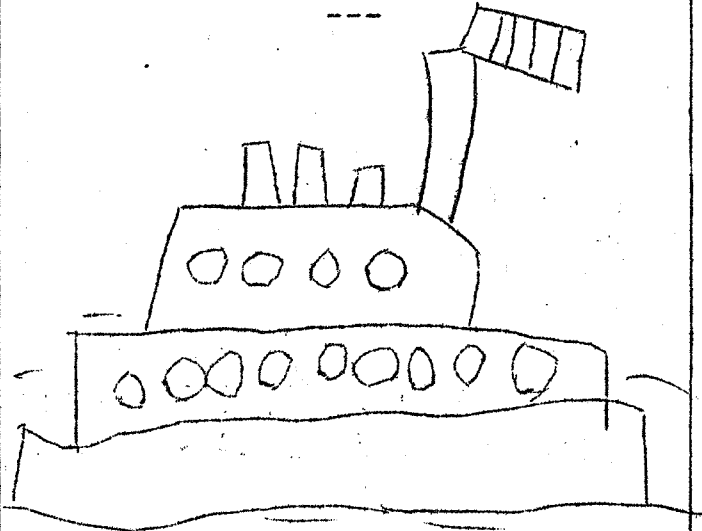

We have found many acorns and buckeyes on the way to school, and we have a funny little poem we all say together about a squirrel.

POEMS

WHO'S SCARED

A goblin once upon a time,
('Twas his first Hallowe'en)
Remarked, "I guess I'll take a walk,
To see what can be seen!"

"There's nothing to be scared about,
For folks as brave as I".
So like a lion, big and bold,
Out of doors went he.

But when a Jack-O-Lantern scowled,
And shook his fiery head,
That goblin ran right home,
And hid beneath his bed.

Nadine Nixon -5

HALLOWE'EN

Hallowe'en is coming soon,
Witches riding on a broom,
Jack-o-lanterns shining bright,
Don't they make a funny sight.

Barbara Edwards-6

WINTER

Winter is coming, the trees will be bare,
The snow will be falling again from the air,
The birds will not sing,
But the bells will still ring,
When winter comes again.

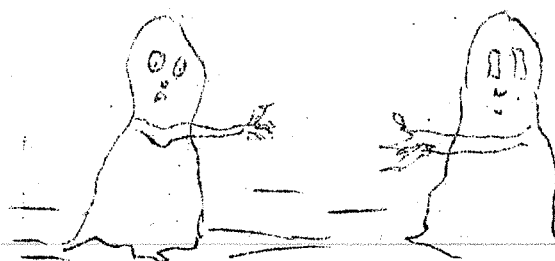

Sandra Weber-6

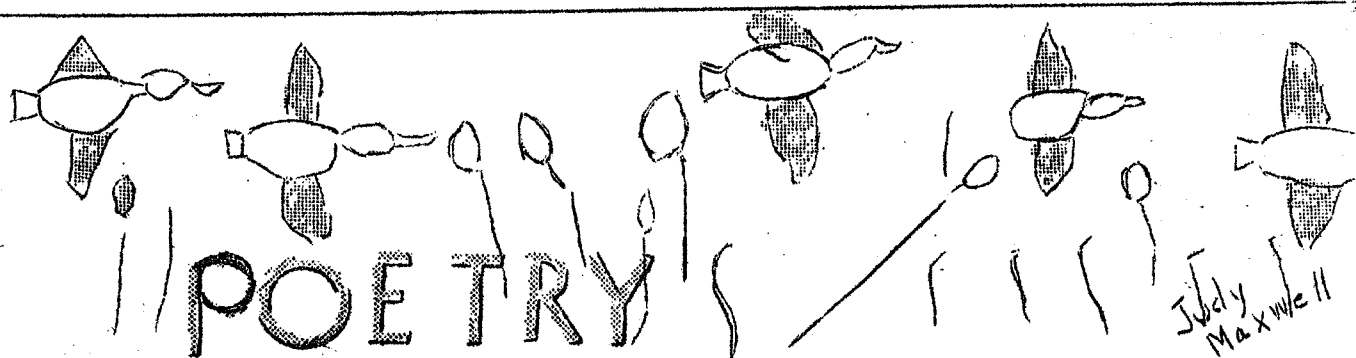

HALLOWE'EN

All is quiet around the town,
The moon is shining big and round,
An old jack-O-lantern is smiling at me,

For it is Hallowe'en, you see.

Helen Eckstrom-6

THE FAIRIES

The fairies dance in the moon-
light,
Until dawn is very near.
And then as quietly as night,
They quickly disappear.

Over the tops of tall swaying
trees,
They dance away with ease.
The moon quietly looked down,
And saw the fairies dancing on
the ground.

Kay Alexander -5

HALLOWE'EN

There are ghosts, goblins and
big black cats,
Pumpkin faces and witches' hats.
Hallowe'en parties with lots of
fun,
Funny costumes for everyone.

Children go begging on the
street,
Looking for a little treat.
Home they go with nuts and candy
Gee, I think Hallowe'en is
dandy!

Phyllis Paulson -6

OUR FLOWERS

We had such pretty flowers
In our garden this year.
But along, came Jack Frost,
And nipped all of their ears.

Mary Jane Gadfield -3

AUTUMN

Autumn comes but once a year,
With all it's colors and it's
cheer.
I love to watch the leaves fall.

And listen to the birds call.
Call goodbye to earth and sky,
I hear the children big and
small,
I know they're having fun this
fall.

Judy Maxwell -6

THE RABBIT

Bunny, with his cotton tail,
Hopping over hill and dale,
Cocked his sleepy eye and said:
"Guess it's a time to go to bed".

Leeann Small-3

THE SQUIRREL

The squirrel in the summertime,
Gathers nuts to eat,
And keeps them snugly in his
nest,
To have a winter treat.

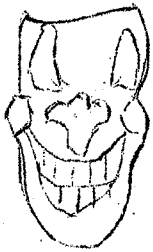

Joyce Shaum -3

Almost time for Hallowe'en,
When witches ride and goblins
scream.

When the corn is thrown on lawn
and street,
And beggars come to your door for
a treat.

Lots of fun, if you're not seen,
I can hardly wait 'til Hallowe'en.
