## ASSEMBLY-GYM

The boys and girls at Grubaugh are going to see a fine Gymnastic Program at Grubaugh School performed by Otto Schmidt. The program will include a concert of music, humor and gymnastics.

The assembly program will be in the Gym on Tuesday, November 28, at 2:15 P.M..

The cost will be 20¢ per pupil.

Ricky Bachelder-5

## MISS DUNCAN

Miss Duncan was my teacher in the second grade. She is not with us this year because she retired. She taught at Grubaugh for six years.

Every holiday she would decorate the room. She would also do something nice for her students.

The best thing I think that she liked was to teach reading. She always told every boy and girl who had a low average in reading to take his book home and read it

each night.

Everyone missed her this year.

Tebara Blaising-5

## MISS REED

Miss Reed is a new member of our teaching staff this year. She is teaching the second grade.

She graduated from Ashland College. She said that it enhanced her desire to become a teacher.

She likes teaching here because she has met so many friendly and helpful people. She is from Mansfield and enjoys it because it's a nice, little town.

She has six sisters and one brother and none of them teach.

Vanessa Chatman-5

## P.T.O.

The next P.T.O. meeting will be at 7:00 P.M., November 14, 1972. It will be in the school gymnasium. They are going to elect new officers. They will decide if they will continue having this parent and teacher group.

David Studer - 5

38 YEARS  
WESTERN WIND-UP

During this past summer, Miss Miles checked the files of our Western Wind-Up and made a discovery. She found that we have copies for 37 years. Volume 18 was used for two different years, 1952-53 and 1953-54.

Now we are starting our 38th consecutive year of publishing our Western Wind-Up.

We hope this will be the best year of our Western Wind-Up.

Suzanne Parker-5

## CONCERT

The Mansfield Recreation Department is sponsoring the Mansfield Symphony Orchestra Appreciation Concert. This concert will be for the 5th and 6th grades in the Mansfield area. The concert will be held at Malabar High School Auditorium. The bus costs 25¢ and leaves from Grubaugh at 9:45 A.M.

Tebara Blaising-5

## MOTHERS' CLUB

The Grubaugh School Mothers' Club gave each room \$10.00 to buy some things they need.

They meet on the third Wednesday of each month in the school auditorium. Mothers' Club dues are \$1.00 a year.

The purpose of having Mothers' Club shall have as it's object, "The furthering of the understanding between the mothers and the school."

Their next meeting will be on November 15th. There will be an instructor from the Y.M.C.A. who will give a display of women's self-defense.

Vanessa Chatman-5

## OPEN HOUSE

Open house was held at Grubaugh School, October 17, 1972. It started at 7:00 and was over at 9:00. The parents came to see how their children are getting along in school.

My mom said that she enjoyed coming and said she was glad that she could talk with the teacher.

Kim Carroll-5

## KINDERGARTEN

Last year, the Mothers' Club gave Mrs. Strickling, the Kindergarten teacher, one hundred and fifty dollars. With it she bought supplies for her kindergarten room. She bought many different things. Here are some of the things she bought with the money. A rug for the play room. Two tumbling mats, a new table and chairs, storage cabinets.

She painted and re-finished the sink, cabinet, refrigerator and other parts of furniture. She bought story books to read to the boys and girls. A brand new bulletin board, Raggedy Ann and Andy dolls to play with. Many little cars and ringtoss, dolls and creative blocks. These are just some of the items she bought.

Ronnie Robinson-5

CHILDREN'S CONDUCT  
IN HALLS

These are some things that we should do to be good citizens in our school:

1. Walk up and down stairs.
2. Walk single file on the right hand side.
3. Walk-never run-in halls.
4. Talk in a conversational tone.
5. Don't play in halls.
6. Don't squirt water in the hall from the drinking fountain.

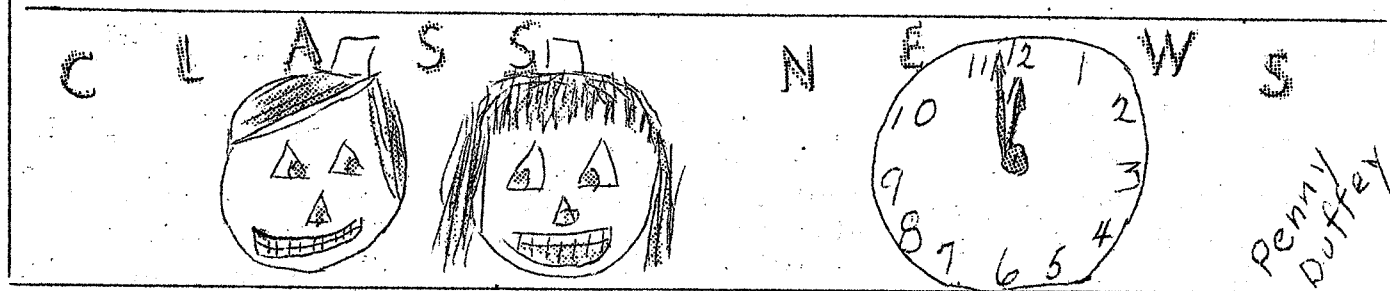

Diane Brown- 5

## HALLOWEEN PARADE

All the boys and girls enjoyed our Halloween Parade and parties. The boys and girls were dressed up in all kinds of costumes and walked across the stage in the gymnasium. By doing this everybody in the school got to see each others costumes.

After the parade the children returned to their rooms and the room mothers served refreshments. Um-m-m-m, were they good!

John Myers - 5

### MRS. CARVER'S SIXTH GRADE

#### STUDYING UNITED NATIONS

This six weeks we studied about the Andean countries. Next six weeks we will be studying about the United Nations.

Greg Morgan - 6

#### TOWN CLEANUP

Last Saturday 10 six grade pupils went to the Town Cleanup. The ones from our room were Kelly Dent, Shawn Barrett, Sheila Bradshaw. We cleaned up Middle Park. We found tennis shoes, shirts, shorts, cans, beer bottles, wine bottles and other things. When we got done we went to the BBF and got a Pepsi, Borden Burger and French Fries.

Sheila Bradshaw-6

#### RICHLAND RURAL LIFE CENTER

The sixth grade went to the Richland Rural Life Center last week. We went bird watching and went trapping, and got one raccoon, four birds, two

squirrels, one opposom, one snake.

We saw a snake eat a frog. We saw trees that had holes in them. We saw mushrooms that you squeeze and green smoke comes out. The last day we had a cookout and went to the pond.

Chuck Wyrick - 6

#### THE PROBLEM BOX

I really like the sixth grade this year. Our teacher thinks of everything. She has this box that if you have a problem you write it on a piece of paper and put it in the box. Then every afternoon she reads them to the class. Then we try to solve the problems.

Greg Morgan -6

#### INSTRUMENTAL MUSIC

Mr. Kramer's music class is really fun. He teaches Clairnets, Saxophones, Trumpets, Drums, Trombones, Flutes every Wednesday. We go at different times. You will enjoy playing anything in 5th and 6th grade and on up. It is a great opportunity.

Tracy Blaising-6

### OUR FLAG FOOTBALL TEAM

Our football team isn't that good this year but we aren't that bad. We have lost only 3 games and won 2 so far. We have 2 more games to go.

Our quarterback is Jeff Franklin who threw one touchdown pass. Greg Malmstrom is a halfback and Steve Ferguson is the other. Dennis Seward and Mike Nichols are our flankers. Jeff Hazen and Steve Paul are the ends.

Defense is Todd Dilley and Troy Kidwell at the ends. Steve Ferguson, Ray Bauhs, Lenail Parker, and Jeff Franklin are tackles. Greg Malmstrom and Greg Morgan are cornerbacks. Jeff Hazen is middle line-backer. Steve Paul and Mike Nichols are backs.

Todd Dilley scored a safety which is 2 points. Greg Malmstrom and Steve scored touchdowns.

Steve Paul - 6

MR. HAMILTON'S  
SIXTH GRADEThe 6th Grade  
Trip

Both 6th Grade classes went on a trip to the Rural Life Center. When we got there Mr. FitzSimmons divided us into three groups called Delaware, Shawnee, Wyandots. All three tribes of Indians lived around there.

There are many different activities each day. Some times we all work together in the lodge. Other times we go in groups and work.

Some of the activities we did were bird watching, trapping, research conservation, nature trail, studied the pond, rock hunt, and the last day we were going to cook out but we couldn't so we cooked in. We used the fireplace.

Molly Martin - 6

## CHEERLEADERS

The cheerleaders for this year are: Traci Hall, Julie Oberlin, Kim Evans, Tracy Blaising, Starla Kareff, Kelly Dent and Tammy Kinnan. Cheryl Caris is our mascot. She tumbles at halftime and at the end of the game.

Mrs. Kareff made our uniforms. They are blue and gold.

Traci Hall - 6

## MY PET

My pet's name is Morris. He is a tom-cat. He looks just like the cat on TV. Everytime a bird comes on he just scratches and scratches at the TV.

Every night we let him outside. At about four o'clock in the morning he comes up the tree in the front yard and comes in our bedroom window. Then I spank him.

Joylene Kareff -6

## MY PET

My dog is a collie. She isn't very big. My brother found her down at the park in the winter. Scott found her when he was ice skating. On his way home he named her Nina. Mother said, "We could keep her." Every time I come home she grins. When she shows her teeth she jumps up on me.

Kim Evans- 6

## GHOSTS

Once there was a ghost. He came to my house. He had a big chain. He had dropped it and I jumped up and ran to my mother's room. I told her that there was a ghost. She told me that I did not see a ghost, but I did.

If she did not see that ghost I am getting out of this house.

Arlisha Rucker-6

MISS MILES  
FIFTH GRADE

## CAFETERIA WORKERS

Eleven 5th grade pupils went down to the cafeteria to substitute for the sixth grade helpers. The sixth grades went to the Rural Life Center for a week. We had a lot of fun. The cooks were real nice. We got to set up chairs for music for Mr. Littal.

Beth Sekinger -5

## SPELLING TOURNAMENT

In our room every Thursday, we have a Tournament in Spelling. The teams in the tournament are Rookies and Tigers. The Tigers are in the lead with 165 points and the Rookies have 132. The Rookies need 24 points to be with the Tigers. We are doing this so the people in our room will have fun and improve their work in spelling. At the end of the tournament, the losers will plan some entertainment for the winners.

Tebara Blaising-5

## NEW PUPILS

We have three new pupils in our room. One of them is David Studer. He came from Central School. Wally England from Roseland School. Those two pupils attended this school before. Keith Young came from Stingle School. S.Parker-5

## TRAYS

Our room is making trays of aluminum. Here's what you need to do. Draw a design. Wash your piece of aluminum. Have your teacher OK it. Black in the design lines. Then you trace it on the metal. Hammering on the design and then crimp the edges up and then you file them.

Here is what you will need:  
A ball-pein hammer.  
Nails that are flat, and one that makes dots.  
Pliers  
A file.

Vanessa Chatman-5

## FIGURE DRAWING

I drew a picture of myself. I had to use chalk and traced pencil over my chalk.

It was hard to draw my picture. I drew it in health class. The teacher showed us how to draw it on the blackboard.

I drew my body sideways. It looked funny when I drew my face. I drew my face crooked. The teacher put it on the blackboard with some others.

Mike Morgan -5

## GIDEAN TESTAMENTS

Monday, October 23, the fifth grades will be given a New Testament by the Gideons. Only the children who brought in their permission slips signed by their parents will receive them. Almost all of the children have returned their slips.

Jennifer Hazen -5

## CLASS OFFICERS

We have four officers in our room. Treasurer is Tom Erdenberger and Secretary is Jennifer Hazen and Vice-President is Steve Purvis. President is Steve Bailey. The president has to be leader if we go on trips. We have a morning program. If it is your turn to lead the program and you are absent then the President has to go do it for you. All of the children volunteer and are responsible to help in some way in the room.

Steve Bailey -5

## SCIENCE PROJECTS

The first science project I would like to do is one of disappearing ink. First cut an onion and jab a clean pen deep into it. This crushes several onion cells. Then write with the juice. To make words appear, heat with a candle. Do this with

your parents supervision.

Tom Erdenberger-5

## NEWS BULLETIN BOARD

Every day almost everyone brings in news articles.

You can bring any number of pieces of news you want, but you can only show and tell about two.

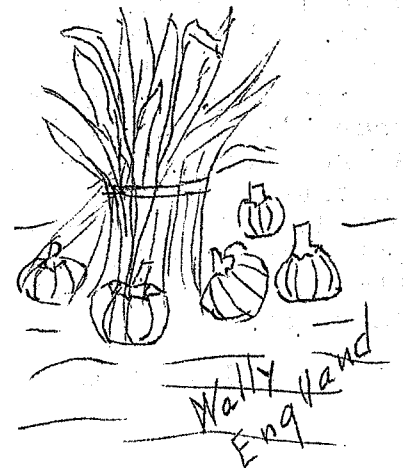

Our bulletin board is in the south side of the room. We have a place for Local news and Worldwide news. It is almost filled up all the time.

Steve Purvis - 5

## FIRE SAFETY

The boys and girls of fifth grade planned a Fire Prevention bulletin board. The house is on fire. The boy and girl are helping each other out. The boys and girls painted this bulletin board.

## THE EARLY WINTER

On October 18, 1972 at about a quarter to eleven it started snowing. All the children in my room thought it was a wonderful sight. At first it came down sorta like one by one then as time went by more and more came down. I really didn't like the early winter, but since everybody else did so I decided I might as well get happy. Later when I went home from school it started to melt. The next day when I went to school I discovered it was snowing again. A wonderful early winter.

Carolyn Hilliard-5

## HALLOWEEN

This year, my brother and I aren't going out for Halloween. People put too many razor blades and dope in candy. This year we're going to have a party in the barn. I'm usually the oldest there. We have lots of games to play and prizes to win. This year I'm going to be a Cheerleader. I have an outfit that my Grandmother made me. It's blue and white. I'm going to have fun this year.

Gwendolyn Rand-5

## DID YOU NOTICE?

Grubaugh's Gwendolyn Rand won 4th place in the Fire Prevention Week poster contest.

Cathy Keller's picture in the News-Journal shows her raking leaves in the snow. Both girls are in Mrs. Rheinbolt's fifth grade.

Todd Dilly and Greg made the front page backwards. We saw them using a telephone in the park. Wonder who they were calling? Todd is in Mr. Hamilton's sixth grade and Greg is in Mrs. Carver's.

Arnold Coleman-5

## MY SPEEDWAY MINIBIKE

My dad was selling his motorcycle and my friend wanted to buy it, but he didn't have enough money. He said that he would trade. He said he would give my his minibike that he had and my dad a hundred and fifty dollars for the motorcycle. My dad said, "Yes". After that my friend and I went out at a place where you are allowed to ride them. He and I stayed till 9 o'clock and had fun.

Ricky Poth - 5

## MY DREAM STORY

One day, as I was out walking down the street, I saw an old house. I knocked at the door, but no one answered. I walked in and there were a pair of stairs. I walked up them but I had to take giant sized steps, because the steps were so big. I was going into the room when I felt my feet sinking. I was looking down and all around the room and everything was made out of packed sand. Suddenly I heard a noise. I looked outside and there was a giant ant on a bike! I went to the other side of the room and hid behind an umbrella. I heard a squeak. The downstairs door opened up. I heard it come upstairs. Then I was awakened by my mother. Boy, that was a good dream!

Gwendolyn Rand-5

## THE LARGEST UMBRELLA

I dreamed of a giant umbrella that could play a musical instrument. Once it tried to ride a bike and fell down. Then it tried to march in a parade but it was too big. Once it was raining and it saw two boys and stopped the rain from raining on them. Then it grew smaller and smaller until it was little again. Ty Kareff-5

# MRS. BROKAW'S FOURTH GRADE

## TRIPS

On our vacation, we went to Mackinaw City. We stayed in a cabin. Just down the highway there was a street that had a whole bunch of stores, but we could not walk down there because it was a highway and didn't have a place to walk.

We started at six-o'clock Wednesday morning and got there about five-o'clock that evening.

When we got to Mackinaw City, we didn't have to drive very far to get to our cabin. Down by the street with the stores is a restaurant called Tahitee. We ate breakfast down there every morning.

On Friday, we took a boat over to Mackinaw Island. I was going to buy a pair of moccasins but I couldn't find any. Instead I bought a hat. The next morning we started home. I was glad to be home.

Leslie Peppers-4

## MY PET

My pet is a white cat. He plays around and he has a mouse. I throw it and he gets it and brings it back. He plays in

the leaves and he likes my other cat. His name is Boots. Boots is old and he fights a lot. Sometimes he fights my other cat.

Danny Kidwell-4

## ON HALLOWEEN NIGHT

On Halloween night ghosts and goblins and witches come out. They scream and holler and yell. The witches are old with a green nose and two dimples sticking up. They have long hair sticking up. They are flying around in the sky on brooms. They might be around on full moon to scare you. The goblins hide every place. They jump out from no place and then disappear.

Don't you ever wonder where they go, I do. On trick or treat don't never ever go out alone. OK.

Wendi Poth - 4

## FLORIDA TRIP

This summer, I went to Vencia, Florida and I stayed at my Grandmother's house. I went swimming everyday. It was fun because the waves were about 6 feet tall and my Grandmother bought me a surf board and sometimes I went surfing. I also went fishing. The next day, I went deep sea fishing and stayed on the boat

for two days. Then I went home.

Jeff Robertson-4

## MY CAT

My cat is a fussy eater. He will only eat three kinds of food. If he does not see you put his food down he thinks you haven't fed him. His name is Pepper Salt Daugherty. We just call him Pepper.

Pepper is always trying to sneak up stairs on my sister's bed. My parents don't want him up stairs because he has fleas.

We have a dining room table which he hides under and when Mom goes by he jumps out and bites her ankles. He is scared of my dad though.

Pepper is a very pretty cat. He is gray and white. He weighs about 25 pounds and is about a foot tall and a foot and a half long. He is nice.

My sister was in a chair and my cat got up on her lap. She got up and my dad sat in that chair. My cat thought my sister was still sitting and jumped up on Dad's lap twice.

Norine Daugherty-4

### MRS. CASSEL'S FOURTH GRADE

#### THE PUMPKIN AND THE CAT

Once there was a pumpkin and a cat. The pumpkin wished he had a little boy that would sit by him in the bedroom window and light the candle every night. The cat wished that he had a little girl to play around with everyday.

One night a fairy came along. The fairy said, "Do you want a little boy pumpkin"? "Oh yes, yes," said the pumpkins. The fairy said to the cat, "Do you want a little girl"? The cat replied, "Oh yes, yes". So the fairy found for the pumpkin a little boy and a little girl for the cat. The pumpkin got lit every night. On the 31st of October, the little boy went to a Halloween party and took the pumpkin with him. The cat went to the party with the little girl and they all had fun. The pumpkin and the little boy had fun. The pumpkin and the cat lived happily ever after.

Debbie Cunningham-4

### OLD MAN'S CAVE

In the summer, we went to Old Mans Cave in Ohio. My family had a lot of fun there. We went over the whole place. There was an upper and lower fall. There was an east rim trail and a west rim trail. I bought a tomahawk and my sister bought a purse. We had a picnic, too. When we were on a east rim trail, we came to a bridge that was only two feet wide and fifty feet from the ground and it had a hole in the middle a foot long. I thought I was going to fall!!

Donald Dixon -4

#### MY CAT PEBBLE'S

I have a cat and her name is Pebble. She plays all the time. She will hide somewhere and when you come by, she will jump out and get your leg and claw you.

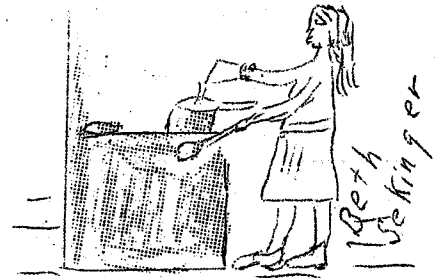

Shawnee Bivens-4

#### HALLOWEEN

I am glad that Halloween is coming up. I like the goblins, witches, and ghosts. I like when we have a Halloween party at school and everybody goes up on the stage and shows their costumes.

## FOOTBALL

Football is my favorite sport,  
They don't play on a basketball court.  
They play on a field a hundred yards long,  
And before the game they sing the National Anthem song.  
Some of them are as light as a feather,  
And most of the teams play in cold weather.  
The offense hits that defense wall,  
And sometimes make them lose the ball.

John Myers--5

## AUTUMN LEAVES

Raking leaves into a pile,  
Playing in them all the while.  
It will be a lot of fun,  
When we have all our work done.

Colored leaves are all around,  
Jack Frost is here on the ground.  
Put on your coat and go out,  
It's so cold you'll want to pout.

Beth Sekinger --5

## HALLOWEEN

Ghost's and goblins all around under my bed and on the ground,  
They will get you Halloween night,  
So be ready for a trickery night.

Troy Miller-6

## FALL

Fall is here,  
The leaves are turning,  
Red and orange and yellow,  
And falling to the ground.

## ON HALLOWEEN

On Halloween night Pumpkins will fight,  
Witches on brooms Laughing all night.  
On Halloween night Witches in flight,  
They'll eat you up In a witches delight.  
Boo!!

Kimberly Brown-6

## HALLOWEEN

Halloween is near,  
Soon it will be here.  
With ghosts and goblins,  
And a witch on a broom.  
Halloween will be here soon.

Dawn Bradrick-6

## AUTUMN LEAVES

I always like to jump in leaves,  
I like to do it, if I please.  
They are so red and partly green.  
I love to jump in raked up leaves.

Robert Kareff-5

## Helen England-6

## AUTUMN

When I am raking, it is fun.  
I always do it in the sun.  
Everyone has their windows down.  
There will soon be snow on the ground.  
Sometime soon it is going to frost,  
And the green, green grass will be lost.  
Many animals will be quite cold,  
And suddenly they will be sold.

Steve Purvis-5

## HALLOWEEN

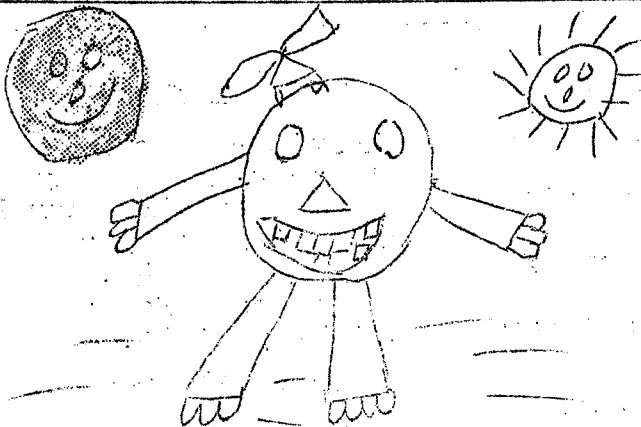

Halloween is a scary time,  
You will have to wait in line,  
Because the monsters are here,  
They are going to act real queer.

Beth Sekinger-5

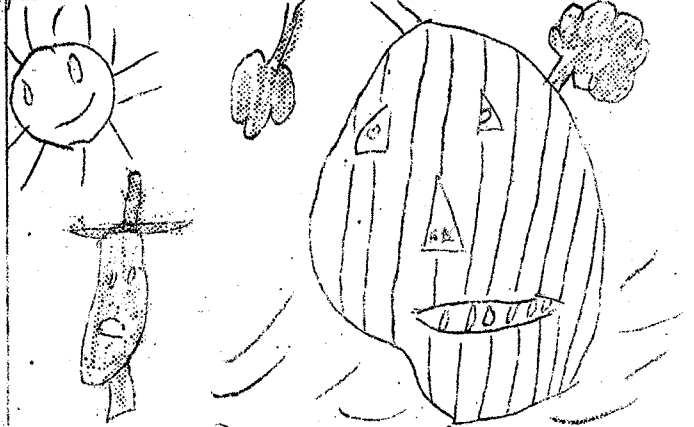

## KINDERGARTEN

We are having fun drawing and making

## SAND DOLLARS

Sand dollars are shaped like circles. People sometimes call these animals sea cookies. Some of them are white, brown and gray when they die. On the underside of this animal, there is a small hole. Some people think that sand dollars are silver dollars but they aren't. Do you like sand dollars? I do. They have no arms or legs. The waves pull them so they move.

## KING'S ISLAND

This summer, we went to Kings Island. My dad, cousin, sister and I went on the giant roller coaster and on the Scoobudoolr-doo Roller Coaster. Soon it was time to eat.

After we had eaten we went on the log ride and at the end we got soaked! Then we went on the old fashion cars. My dad and I drove my cousin and sister. Soon we got to the Wild Cat. When we got to a curve my sister almost fell out. When we went on the Ferris Wheel we got stuck up on the top for a minute. When we got down we went on a boat. It took us into Frontier Land. There we saw bears, Indians and cowboys.

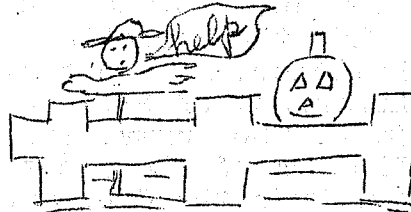

Soon we got near to the end and a boat had sunk and it was on fire. After that we went on the Bug. Then we took my brother to Kiddy Land and he rode on the cars and motorcycles. After that he went on the airplanes. Then we went home. It was fun!
