WESTERN WIND-UP

VOL. 5. WESTERN AVE. SCHOOL - MANSFIELD, OHIO - OCT. 1939 No. 1

RENEW SCHOOL LEVY

"JUNIOR RED CROSS"

The Junior Red Cross has again started its work in our school. The first meeting of representatives from each room was held Oct. 5.

There were three important projects arranged for at that meeting. The first was the membership roll. To become a member one must do a good deed or service for others.

Then all the rooms were urged to save sales tax stamps for the Junior Red Cross.

The last was that a program by Charlotte Chamberlain would be given Oct. 19. Her program was of rapid sketching, music, and bird warbling. The money gotten from this was to be used for purchasing glasses for poor children.

Marilee Webber - 6

"BOOK WEEK"

Book Week is from November 12 - 18. Be sure to read as many books as you can. ---
THE MORE YOU READ, THE MORE YOU KNOW.

3 MILL LEVY

"SAFETY CLUB"

The first meeting of Western's Safety Council was held in Miss Verba's room Sept. 27.

Officers of the club elected were: Pres. David Hurley, Vice Pres. Tommy Bloor, Sec. Woneta Bellevue, Treas. Margaret VanTilburg.

This year the Safety Club badges throughout the city are supposed to be alike. Mr. Roals has ordered the badges but they have not come yet. We hope they will be here soon.

Meetings will be held at the last of each month.

James Day - 6

"THE THREE MILL LEVY"

Everyone in Western Ave. School is now interested in the vote on the three mill levy. If the levy is again renewed our schools will run steadily for the next five years.

The levy is not a new or an additional tax, but has been in effect for the last 15 years. It needs to be renewed at this November election.

We all hope the vote is passed for none of us want our schools to close. So don't forget to tell your parents to vote YES, November 7.

Anne Tracy - 6

"WHO WILL WIN?"

In the lower hall we have a cardboard chart with two football players on it, one throwing the ball and the other ready to catch it.

The 10, 20, 30, yard lines etc. are the percentages for each class which has brought in its P.T.A. membership dues.

"FIRE DRILLS"

When we have a fire drill each room should follow its leader. Everyone should walk and not talk during a fire drill. In case there is a real fire everyone should act quickly but should not get excited. If you are alert at all times everything would be done in order.

"HALLOWEEN"

Halloween is a time for fun but not for destruction of other people's property. You can have fun and Halloween but do not do anything that you wouldn't want somebody to do to you or your property. Go to Halloween parties and try to do something nice for some-

one. Then people will like you much more.

Anne Tracy.- 6

"MISS HENRY'S ROOM"

We have twenty-one people in our room this year. Twelve in the fourth grade and nine in the third.

The fourth grade is having an interesting arithmetic contest between the Cleveland Indians and the Detroit Tigers. The Indians are ahead.

Dear Julia,

In our school room we made color charts. Some made moons, apples, airplanes, scissors, and other nice things.

We are making log books to put some of our school work in until the end of the year.

We have a football team in arithmetic. There are two sides. Miss Wolf gives us problems and we write the answers. The side that gets the most right at the end of the week wins.

With love,
Joan Meihack
Grade - 4

"HOBBIES - GRADE 5"

In Miss Miles' room we are having hobbies on Friday afternoons. Among the hobbies are soap-carving, whittling, stone, stamp, and match cover collections, scrapbooks, making airplanes, and sewing. On Nov. 3 Miss Miles will check over our hobbies and ribbon awards will be given to the three people who have done the most with their hobby since school started.

"MAKING 3 MILL LEVY POSTERS"

The sixth grade of Miss Conns room is making 3 mill levy posters. We are making them for our parents. Copies of the three best ones will be made for the children of the lower grades. We each hope ours will be chosen as the best one.

Ruth Copeland - 6

"STUDYING NEWSPAPERS
IN ENGLISH"

Mr. Freeman's sixth grade English class has just finished studying the topic, "Writing For The School Paper". The following topics have been discussed:

1. Ways of Spreading News.

On this topic we discussed many ways in which news could be carried.

2. Studying Modern Papers.

We brought copies of newspapers to school and studied what they contained. Then we clipped the interesting parts of the newspaper. After that we wrote the names of many big newspapers that we knew.

3. Making a Newspaper "Dummy".

This topic was very interesting because we were to clip parts from a big newspaper and then put these in order on smaller sheets of paper. Bob Oliver, Ray Eisaman and Jerry Wilder asked permission to do this. Later some other boys, James Morgan and Lewis Snively helped us.

There was a man in our town,
His name was Doctor Wise
Who wanted folks to keep quite well.

Fresh air, good food, and plenty

With merry times each day,
And all the folks who followed
him

Were happy, well, and gay.

The Second Cowboy: "Well, I figured that if one side of the horse started the other side would, too."

 "Don't cry, Sonny, Grandpa will play Indian with you."

"B-But y-you won't do, you're scalped already."

 "Does the foreman know that the trench has fallen in there?"

"Well Sir, we're digging him out to tell him."

 Uncle: (Showing three year old niece a dollar bill and a penny.)
 "Jean, which do you want?"

Jean: "The Penny."

Uncle: "Why?"

Jean: "Because the other is just paper."
