The 2020-2021 school year is just around the corner! It is my honor to serve as the Superintendent for Mansfield City Schools. My passion continues to be helping young people reach their highest potential. The pandemic of COVID-19 has presented the challenge of re-imagining how learning is executed. Still, the goal remains the same: **Every Student, Every day**. Whether you are joining us in-person, as a student of CTE or through Tyger Digital Academy, we are excited about the opportunities for learning that will be possible this year.

The unity of Tyger pride is more important than ever. Every student, teacher, staff member, administrator, family, business and resident plays a vital role in making the success of this school year possible. The history of Tyger pride is alive and well. Supporting our students' success is one of the greatest investments we can make.

#TygersRoarTogether!

Let's work hard and work together to make this school year one of the best! **Go Tygers!**
